8 April 1964

Dear Carlos,

Trasancos and I are writing this letter since we have not.

received an answer to the previous one.

As I told you in the first letter, I was in Spain for about

10 days but am back here again.

As I told you on my arrival, I have several things to talk over with you; and if I stay on in Paris now, it's solely because I'm waiting for you; the cost of living here is very high indeed so, please, if it's possible I would like to have you "hop" over here, because I am not able to settle several matters until I discuss them with you; I will explain them.

Furthermore, Rolando wrote to ask me whether I had spoken to you and I don't want to answer him until after we talk.

I don't know whether you are aware that the "old one" (Trasamco's) father) has left Cuba and is now in Madrid trying to obtain permission to go to the United States. My ex-wife and the children are in Barcelona with one of my uncles who lives there. They are also trying to get permission to go to the USA.

I wrote "ex-wife" above, but I don't know whether you have heard that I am getting a divorce and remarrying, possibly here in Paris but if not then in Spain. The woman whom I am going to marry is here in Paris with me. You know her -- Sonia Perla (Gil) from the Rivera Do you remember?

After getting married, I am thinking of going back to Cuba with her, but this depends on several factors that I will discuss with you.

As I told you when we last spoke, the message I have for you is not urgent but, I repeat, it is very important; two months have already gone by, and there will be some additional delay (in sending the answer) even after we do talk, so I think it would be best to settle this matter as soon as possible.

Well, Carlos, without anything further, and in the hope of seeing you soon.

Un Suerte abrazo (a big hug) from your friend ("El Mago" ]06

P.S. Trasancos doesn't live in the Cindad Universitario (University City) any longer. He moved to an apartment at

(5 Rue Bellart)(3eme etage)

Paris 7, France of Telephone: BRE 1175

I hope that when you answer you will be able to tell me the date of your arrival.
