<p>1. References deal with a report on the Tri-Continental Conference (dated January 1966) by the Movimiento Insurreccional de Recuperacion Revolucionaria (MIRR), a Cuban exile group. This report, published in the form of a 10-page booklet, purports to be based on tape recordings made by the MIRR of the actual proceedings of the various working committees set up at the conference. The report is a complete fabrication and Orlando BOSCH, the head of the MIRR, volunteered this admission to AMHIM-2.</p> <p>2. JMWAVE does not plan any local exploitation as the fabricated origin of the report is as well known in the local exile community as is MIRR's reputation as an irresponsible group that has frequently resorted to fabrications in the past. The document is definitely not suitable for passage to liaison nor for any exploitation that would require the slightest degree of authenticity. Exploitation of the booklet could unnecessarily enhance the prestige of the MIRR; it would not be in KUBARK's best interest to do this. We are forwarding selected portions of this booklet to pertinent Stations for possible exploitation by press or radio assets, with the caveat that exploitation be done without giving undue publicity to the MIRR. Attached for Headquarters only is a copy of the complete booklet.</p>
