MEMORANDUM FOR THE FILES

October 24, 1960

Subject: Representative of Manuel RAY to Professional Groups

Today I was introduced to Enrique Miras (Enrique y Rodriguez) by a person whom I have known for several years and is close to Manuel Ray. Enrique Miras (dob May 20, 1911, Habana) is a member of an architectural firm with interests in Puerto Rico. He makes frequent business trips to Puerto Rico. (His passport bears out frequent entries to the United States at Miami.) My subject explained that Enrique is a member of the Ray organization and is functioning as the representative of the group to various professional organizations in Havana. He also indicated that Enrique serves as a courier to Miami. He recently took the text of the manifesto which Ray will shortly put out to Manuel GILLES in Miami and returned with his observations.
