- 1. SICARDO - reflected in WAVE 8948
- 2. WAVE 8947 which is scheduled for 19th.
- 3. WAVE 8987 - operation BRAZIL
- 4. Operation VILLA AMOUR - WAVE 8937

With this group we are planning operations for Flear, Matanzas and Las Villas within next six weeks. Leaders of this ~~GROUP~~ AMJAVA-4 and RA... will be infiltrated within next six weeks. We are training three radio operators for this group plus two instructors weapons and sabotage. This training will be by the first of December.

15th of November Group

This covered in WAVE 8749 should all take place by 30th of November. Following that the group will continue in organization and operations. Training of personnel is the same for this group as previous group and applies to all groups.

United Revolucionaria

Plan establishment of three emergency landing stations. WAVE 8355, stations will be placed on off-shore reefs and receive supplies whenever weather... weather turning bad so must be able to send boats when weather good with requirements for reception committee set up. First one in Comagay...

...read and fix this boat. This group has not joined the C.F.C.

Comandante Revolucionario del Pueblo - CRP ✓

These people are lagging behind other groups. We don't have a qualified military type to deal with. We are dealing through _____.

We intend to get four people of their's by 15th of December. We did support any operation where our requirements re reception points etc. would permit.

~~XXXXXXXXXXXX~~ We turned them down last week because they had a bad boat.

Recruits

This group proposed to put in a team to establish contact with internal assets. Group without communications to inside and have operators who refuse to go in blind. This group has not been effective since AMDIP-3 left. This operation could go within six weeks if we had case officer time.

AMHRE Group

WAVE 8659 - Following this we are planning one in the Santa Clara region - copper mine there extreme west end of island. Critical communications.

Independent Eysillo DUQUE

Train five men for group 15th November. Training of operator will proceed currently. Interested in GW and revise plans to meet present policy requirements. First three men of this group into Sierra Cristal ca or about 20 December.

MI Operations

Four operations were submitted by the AMCT3 -- COCHISE, APACHE, GERANIMO and one additional without name. First three are all in progress and will be implemented within six weeks. Fourth plan is being studied and can also be implemented within six weeks. CHOCUISE is operations where team going in North coast and they are to set up the dispatch and reception points. Hqs. has details for COCHISE, APACHE, AND GERANIMO. The pending operation which can go in six weeks is a team of about three people and they will go in 45 miles east of the CHOCUISE point.

SAUTA

Sabotage plan submitted by the FORD on the Sauta radio station sent up north already. Sent one man in AXMC AMICE-10 for collection of the necessary information on the area. Plan still in effect.

Plan submitted by the BRE - Assault SOMIATC prison. Only considered as possible within general plan of overall liberation but still under consideration. Not implemented.

Plan for support of clandestine guerrilla forces in volume within the area submitted North. WAVA had no indication from up north re approval or not.

981

Plan which was set up for the defection of three naval units of Santiago de Cuba with main objective of continued action along coast before retreating to nearest port submitted to DFL have not considered it and have not sent up north.

It would be better to return to general terms, but can start over again in next few weeks. There is a possibility of a...

All of these people we are planning general sabotage missions - attack electric power, communication, transportation and material delivery equipment wherever and whenever possible. All are being trained along these lines.

Maritime

Motor vessel XI VILARO next six weeks this vessel will begin with unit commercial training. After at least one cover voyage used operationally. Can be used with other vessels to supply long range craft. Very slow and we use cautiously. We don't have vessel capability for reaching south coast. TEJANA could do this within four weeks. Processing purchase of boat from other side. (Referring to Scotland).

CDI Team

Team of four people presently capable of maritime recon and operations.

Communications

Presently have six people in training two people will become instructors and four operational operators. Will have three radios in three weeks, one in three months. ~~XXXXXXXXXXXX~~

For ~~SKK~~ the future we have 13 candidates all of them have had some training as others move out they will be moved in. Spotted 7 basic candidates primarily from these groups. With our present staff capable of training six people at one time observing compartmentation. With additional indigenous instructors 10 at any one time with observing compartmentation.

The proposals have not received the necessary support because of shortage of staff. From AMT, MRC, MRC OR, AMBABLE, and Peacale, AMT, and GPC. Groups have come to use offering no boats. There are few boats but they are not very good on basis they are unoperational although we are interested. More than 5% of these independent operations that were successful. They will send their boats out in any weather and then want us to pay for repairs. Security problem of loading boats. It is in the realm of possibility they would be supported in future, but not until capable crews and good boats.

Next tentative operation proposed by AMT-CUTLER-1 - Five to six fishermen who use boats here (Miami), Cuban vessels, which can go in and out. We are investigating this. We have run one operation with this group. It looks good and we are going to develop.

Another independent, AMT-CUTLER-1, he has contact with OSVALDO RAMIREZ in Macaribray who desires support. We have given him guidelines for operations. Claims he has 8-10 men with training and have infiltrated several staff people. We are trying to bring him back to group from which he came.

GARCIA ERITO - This group has tested radio operation here and forty men in Las Villas. Question of time and lack of communications with internal assets.

14-00000
... , former AMCLATTER, wonderful man, experienced
along Comagney coast. Good idea on establishment of mangrove caching
facility. similar to proposal of UR. They are good group so we're looking
into use his know how.

20th of May Group - Have made request for support. Off-shoot of 30th of
November Group. As a splinter of this group, being advised to rejoin their
parent group. Exploring possibility of supporting them if they cannot rejoin
parent. Their plans come to us through AMCLATTER-1.

MRPC - Requests are same as from other groups, and this is splinter of
MRR. We have told them to rejoin parent and provide them general guidelines.

... who want.
Independent group of camp trainers - 40 men ~~xxx~~ supplies and transportation
to Oriente. No communications and willing to sacrifice themselves in GW.
Given guidelines to forget about GW and get resistance plan. Their spokesman
is Fred Gaudle.

Independent Group of JUAN MESA - formerly of MDC. Generally collected about
four independent boats which he operates as coordinator. Running rescue operations
and wants support. For instance, wants support operation to exfiltrate eight
children from west coast. Seeking support for an Oriente infiltration
team headed by PMPN LOPEZ and 13 men. Turned him down. ~~xxx~~ Don't
have capability to deliver.

Independent sub group headed by ALDO VERA SERAFIN wants training and support of formal sub group. Claims he will hit targets in Havana area. We have not even talked to him on basis of poor CI background. Spokesman is Conte Aguero.

Independent sub group of OSCAR DIAZ wants ^{same} as previous group. Claim they can hit all targets throughout Cuba. Also associated with Conte Aguero. WAVE experience with this man is such that we don't look kindly on this request. As member of FDR military he made things difficult.

Independent group - JULIAN DIAZ FERNANDEZ - Claims to have 300 constitutional army men inside. Radio out here. Willing to go back. WAVE exploring this. Will try to tie him to another group, but if unsuccessful and find his claims valid plan to support him.

• ORLANDO SOUTO - proposes to harass a CTC rally in Guanquillo Stadium in Miramar tonight by firing 75 mm high-velocity explosive shells into stadium from off shore. Told him no dice.

In addition, the CTC plan at Headquarters hand carried by Bob Davis and given to ^{13 dice} [redacted] should be included in report. We would like to have it back soon.

One other operation - AMBANTY-1 - This man has 500 people in Finca del Rio. He is being trained and should go back in December

Above is sampling of operations in this category. All above have training W/T, other support facilities, provided or closely supervised by CIA.

II. POORLY CONCEIVED BUT HARMLESS

- A. Rescats -- This group proposed to put in a team to establish contact with internal assets. Group without communications to inside and have operators who refuse to go in blind.
- ✓ B. MRP -- Good intentions but their direct proposals, as opposed to those under our direct supervision, repeatedly turned down by us because of bad boats, no W/T, etc.
- C. MDC -- Good plans, good intentions, ^{almost} all assets outside, lack militant group inside.

III. POORLY CONCEIVED BUT LETHAL

- A. ORLANDO SOUTO - Proposed to harass a CTC rally in Quaque Stadium in Miramar tonight by firing 75 mm high-explosives into stadium from off shore. Told him no dice.
- B. DRE -- Plan to assault BCNATO prison. No specifics. Would be of general interest only under plan of overall liberation.
- C. White Cross -- Anarchistic approach. ^{under} Prepare to make any smash and grab operation. High risk factor, high losses.
