The Station appreciates the information forwarded under reference. We doubt however that we will have any particular need for Identity, inasmuch as the Station already maintains fairly close contact with all of the individuals mentioned in his report. We are also aware of the radio idea (which has TV overtones), discussed same with COS Panama during the recent Station Chiefs conference in Buenos Aires, and hope to put NEBOT in contact with Panama assets who may be able to help in this field. We do not feel that an individual KUBARK effort is warranted at this time.
