Small talk...as a matter of fact, mostly baby talk, with the children.

Then, there is also the children's homework...Garcia Otero helps them and initiates them to the mysteries of the decimal system.

Later on, Garcia Otero mentions that he is going to go to the Embassy; a certain NOVO arrived or is about to arrive, coming from Switzerland; he also wants to see HART who's supposed to be in Paris.

They talk about AMERICA FISSOLO and mention that she's just back from Cuba; they mention that she is slightly off her rocker and comment favourably on her husband who's a locomotive technician; Garcia Otero would like to send him to Cuba on a one year contract. America is supposed to have seen FAUVE CHOACONT and ^{see photo} CUBELA while in Cuba.

They also talk about ESTRELLA DEL PINO; they mostly talk about her name, how old she is etc...Some gossip about people they used to know in Cuba; in this case, PANCHITO CUERVO who fled the island a while ago.

They mention that they are going to ask ^{Haydee} (Hart's wife) for dinner.
