

3 Sept - 65

1. On 3 September 1965 at about 1030 AM, A/1 called to (as "Mr. Willis") from New York to say that he had had a call from "Name" saying that IDLESIAS was leaving for Europe "next Sunday" (4 Sept) and would like to see A/1 in Europe. He said there was no indication what IDLESIAS wished to see him about.

2. A/1 added that KARANJO was also going to Europe at the same time. He thought KARANJO ~~was~~ would go to Italy but had no other details nor did he know whether ~~was~~ his trip was connected with that of IDLESIAS.

3. A/1 also mentioned that "Marzo" said that the "man at the hospital" (AKLASH/1) was well—no elaboration.

4. In reply to a query about any further conversations with AKLASH/2 in Madrid, A/1 said he had talked to "a woman who lives with him" and that AKLASH/1 was interested in "the same old thing"—i.e. getting money from A/1.

5. A/1 said he now plans to leave for Puerto Rico on business about 4 September and that he will call me on his return during the week of 5 September. He still plans to depart for Europe about 15 September.
