Re: [redacted] June 1, 1965 to August 31, 1965.

For the past few months [redacted] has had many complaints. He has complained of blackouts associated with convulsions. He claims that he has felt so depressed that he thought of killing himself. He believes that his wife's relatives and friends treat him as if he were an idiot or an imbecile. They do not take into consideration anything he says and practically make fun of him etc. However, in my opinion, it is my opinion that he is improving slowly. I therefore feel that he should continue in treatment.
