Subject item of interest to you is set forth below.

**2. Sabotage Program, Cuba**

In connection with the new Cuba sabotage program approved yesterday, Mr. McCone suggested that CIA make a report to the Special Group every two weeks. The Group agreed with this procedure. They felt that such a report need not be in written form nor very elaborate, and that it should consist of a briefing on activities during the preceding period and those planned for the next one. Mr. Bundy commented that keeping the Group informed in this way constitutes protection to the operators, since all agencies concerned are thereby given a continuing feeling of just what is going on.
