Re: ARRB Request for Additional Information and Records No. CIA-8

Dear John:

Barry Harrelson has asked that we request in writing your assistance in helping us obtain access to records from the Intelligence Community Staff for the period from June 1963 through December 1964. Although our ultimate interest will be determining whether there are any assassination records included among ICS holdings, we would at this time appreciate obtaining a more general idea of its indices and holdings, particularly with respect to: (a) identifiable assassination records; (b) staff activities during the month following the assassination, (c) Cuba, (d) Mexico, and (e) the Soviet Union.

We would be pleased to discuss with you ways in which we might better refine this request.

Thank you for your assistance.

Sincerely,

2. Satisfactory response to Lee Strickland's concerns re this action setting a precedent. I will call Lee

Re: Status of Assassination Records Review Board Requests to CIA for
 Additional Information and Records

Dear Barry:

I am writing to memorialize our conversation of October 1 regarding the status of Assassination Records Review Board requests for information and records from the CIA.

We discussed the following formal requests:

CIA-1 (Organization materials)

CIA has made records available to the Review Board. The Review Board staff will continue its review and make recommendations to the Board and will request further information, if necessary, from CIA. CIA needs to do nothing further at this time.

CIA-2-5 Complete

CIA-6 (Cables and dispatches)

CIA originally informed the Review Board staff that these materials could be made available by December, 1995. CIA now agrees to make the records available (or to have a response) by the first of November, 1996.

CIA-7 (Histories)

Mexico City. CIA has shown the Mexico City history to Gunn. CIA will compile the portion of the history that was shown to G. Robert Blakey,

Mr. Barry Harrelson
October 7, 1996
Page 2

which will be processed as an assassination record. Gunn will then determine whether there are any additional portions of the history that should be added to the Blakey version. CIA will compile the "Blakey version" as soon as possible and Gunn will promptly thereafter review the documents.

Index. CIA has made an index available to Review Board staff and the staff has identified certain histories that may be appropriate for review. CIA will make available those histories that are of obvious relevance, and will raise with Review Board staff any questions regarding the requests where the basis for the request is unclear. CIA will begin to make histories available on a rolling basis. Review Board has agreed to review histories promptly once they are made available. Although it was not discussed at our meeting, we would very much appreciate it if you would, within the next two weeks, identify which histories you are prepared to make available and those that CIA believes should be subject to further discussions.

Cram's multi-volume counterintelligence history. Although Cram's history was not specifically discussed at our meeting, the Review Board staff understands that the history has been located and the Review Board staff awaits its being made available.

CIA-8 (Intelligence community staff)

CIA will provide a report to the Review Board staff within two weeks.

CIA-9 (Publications and analytical materials)

The Review Board staff provided CIA with a list of certain publications as they appear in an LBJ Library finding aid. CIA will report back on recommended action to the Review Board promptly.

CIA-10 (Interagency source register)

CIA has compiled information responsive to the request. CIA will make records available within two weeks.

CIA-11 (Duran's original statement)
