~~CONFIDENTIAL~~
DRAFT

(IR 15 & 18 topics for discussion at
July 29 review session)

CIA-IR-14 Breckinridge files.

CIA (OGC) will determine the disposition of the files of Scott D. Breckinridge.

**CIA-IR-15 Electronic "take" from Mexico City Station.

The Review Board has for some time been attempting to determine whether it has had access to all of CIA's surveillance "take" from the Cuban and Soviet facilities in Mexico City at the time of the Oswald visit and in the immediate wake of the assassination. On numerous occasions, the Review Board has asked whether there was any surveillance take in addition to what is currently in the collection.

On March 18, 1997, the Review Board provided additional leads to CIA to assist it in answering these questions. The DO has agreed to check Headquarters records for the file referenced in HMMW 12454, to search for the crypts cited in this document, and to search for HMMA 20307 and other cables or dispatches cited in this document. The DS&T will query its offices for possible records on Mexico City and Cuba and for the present location of Staff D records. Regardless of the outcome of these particular searches, the Review Board continues to seek a full accounting for all surveillance conducted during the relevant time periods.

CIA-IR-16 U-2 files.

DS&T will provide a folder title print out of U-2 materials for Review Board examination, check for records filed under Richard Bissell's name, and search for OSP files. DS&T has also contacted Lockheed for assistance.

CIA-IR-17 DS&T Records on Castro assassination plots.

HRG will furnish the 1967 IG Report to provide possible search query suggestions for DS&T follow-up.

CIA-IR-18 DO Office.

The Review Board has requested orally information about a particular DO office. We understand that you are collecting the relevant information.

Re: Status of CIA Responses to Assassination Records Review Board's Requests for
 Additional Information and Records

Dear John:

I am writing to follow-up on our telephone call earlier today and to convey my serious concern about the status of CIA's responses to the Review Board's requests for additional information and records. Although CIA has completed its responses to several requests, and many others have been answered in part, a significant number of requests have not been answered — including some that were made more than two years ago. On many occasions we have been assured that responses would be forthcoming, only to have promised dates come and go without answers. It is now extremely important that these requests be answered promptly so that we may conduct a proper follow-up if necessary. The issues that we can now identify as being of the highest priority are identified in the text below by double asterisks (**)¹ and we request that they be answered within the next month. We request that the remaining requests be answered by April 1, 1998.

The remainder of this letter is divided into two parts: first, a listing of the formal requests for information and records, and second, a listing of the informal requests for information and records. Please let me know if your understanding of any of the following points differs from ours so that we can resolve any potential discrepancies.

¹As identified more fully below, the issues are: CIA-1 Organizational Material, CIA-6 Cables and Dispatches, CIA-13 Backchannel Communications, CIA-IR-03 HTLINGUAL Documents, CIA-IR-04 Disposition of Angleton Files, CIA-IR-07 Claude Barnes Capehart, CIA-IR-15 Electronic "take" from Mexico City, CIA-IR-21 DRE Monthly Operational Reports, CIA-IR-22 "A" Files on Clay Shaw and Jim Garrison.

outcome of these particular searches, the Review Board continues to seek a full accounting for all surveillance conducted during the relevant time periods.

CIA-IR-16 U-2 Files.

DS&T has provided a folder title printout of U-2 materials for Review Board examination and has checked for records filed under Richard Bissell's name. The Review Board staff continues to review these indexes. The DS&T should continue to search for OSP files.

CIA-IR-17 DS&T Records on Castro Assassination Plots.

The DS&T records should be searched for any records on Castro assassination plots. The Review Board will provide possible search query suggestions from the 1967 IG Report.

~~CIA-IR-18 DO Office:~~

The Review Board has requested orally information about a particular DO office. Since January 1997, CIA has had no response and no time frame for a response.

CIA-IR-19 Computer Searches.

The Review Board has requested that full computer searches be conducted on all of the following people and organizations. The results of the searches should be documented. Once formal documentation of the completed searches has been provided, the request is complete.
