Headquarters will note from the above that three lines were disconnected in order to cover three Yugoslav lines. Two of the lines which were disconnected were Cuban Embassy lines, both were not in use by the Cubans. One was in the apartment which had been vacated by Ramon Sinobas and not occupied by other Cubans. The other was a telephone in the Cuban Embassy which was never answered. The Cubans are trying to get Sinobas' line moved to the Embassy. They have also asked for the telephone company to repair 14-92-14. As soon as these lines are working again, coverage of two of the Yugoslav Embassy lines will be dropped in order to pick up all the Cuban lines which are presumed to have a much higher priority.

### 3. Processing of LIENVOY Information

The Station continues to receive full transcripts in Spanish on the Cuban lines (three), the Soviet Embassy lines (five), and as of 18 and 23 September the Yugoslav lines (three). These transcripts are received each morning for the day before. During September, the LIENVOY monitors transcribed 1396 pages in addition to the daily resumen.

The outside translators now working on LIENVOY transcripts are Orville HORSFALL, staff agent, who is used for almost any backlog which begins to occur.

David B. SCHLAGETER, field contract agent, who transcribes the Czech take.

Victor W. OBOLD, career agent, who transcribes the Yugoslav portion of the Yugoslav take.

Douglas J. FEINGLASS, staff agent, who continues to transcribe the Russian language portion of the Soviet take.

### 4. Exploitation of LIENVOY Information

Two leads from LIENVOY of operational interest in September 1963 were:

a. On 2 September 1963 a Russian speaking female contacted the Soviet Embassy and asked for Svyatoslav Fedorovich KUZNETSOV, KGB. She identified herself by name and as a professor from New Orleans. She gave the address of her apartment and asked for a meeting. This lead was promptly followed up by station investigative assets who identified the woman and learned that she was attending a philosophers' conference at the University of Mexico. She returned to the United States on 17 September. All available information was forwarded to Headquarters for passing to ODENVY.

b. MEXI-6135 reported the contact between an unidentified Czech woman and the Czech Embassy.

5. Liaison

On 18 September 1963 Oliver G. GALBOND and Willard C. CURTIS met with LIELEGANT and LIERGO. They also saw LIELEGANT on 20 September.

6. Security

There were no security problems during this month.

7. Technical

There were no technical problems which AREHART could not handle.

8. Personnel

Robert B. RIGGS continues to meet Arnold AREHART each morning before 0800 hours to receive all LIENVOY tapes and transcripts from the previous day. The daily meetings with Victor W. OBOLD and David B. SCHLAGETER, the two EE translators, ~~was~~ transferred on 18 September 1963 from the Station EE case officer to the KURIOT technician, Gregory D. PARMUTH who delivers and receives reels and transcripts from them each day. PARMUTH also acts as a cutout for Douglas J. FEINGLASS.

Paul V. LEVISTER, Headquarters KUTUBE officer, visited the Station from 22 September to 1 October to consult with LIENVOY and LIFEAT case officers in preparation for a report to be written on the two projects as examples of tap operations which produce both positive intelligence and operational leads.

9. Production

There is attached a list of reports, cables and dispatches forwarded to Headquarters during this month.
