Action Required: As stated in paragraph 3.

1. As reported in Reference A, paragraph 1, the medical/vocational rehabilitation program has reduced the number of individuals receiving monthly medical dependency payments to six "hard core" cases. One of this number, a serious medical case who resides locally, [redacted] is funded by Garcia Lines. The background of the cases and previous correspondence with Headquarters regarding resolution of the problem is contained in References B through I. Being forwarded Under Separate Cover are Attachments A, E and F, the case histories for (HERNANDEZ) PEREZ, [redacted] and [redacted] of special interest, Reference C which forwarded case histories on [redacted] and POZO for analysis and comment by the Medical Staff. Medical reports originated subsequent to the submission of the Reference C report and are being forwarded Under Separate Cover as Attachments C, D and E.

2. The current status of each of the remaining cases is summarized as follows:

- a. (HERNANDEZ Hernandez, Raul) (201-290405)
EPILEPSY
Receiving outpatient treatment from Dade County Department of Public Health Anti-Convulsive Clinic. A Clinic report dated 31 May 1966 states that (HERNANDEZ) continues to have seizures which the Clinic is attempting to control by medication. (Attachment A.) (U/S/C)

MENTAL
Continuing to receive treatment from Dr. Mora who wrote on 11 August 1966 that Subject has shown signs of real improvement which may result in his becoming self-supporting. (Attachment E) (U/S/C)
- f. 201 not available)

3. ⁶It is requested that the Headquarters reviewing ⁸action ⁶ described in Reference C for handling the cases of and (POZO) be expanded to include all the remaining cases and that JMWAVE be informed of the conclusions reached concerning the ultimate disposition of these cases.

4. FYI. An amount of \$250,000 was originally authorized for the medial phase of the AMBUD Program. Expenditures under this program have reached a level of approximately \$245,000 with bills outstanding at the present time of \$3,250. It is evident that the cases remaining which require medical treatment as outlined above will necessitate the expenditure of sums in excess of this amount.
