Mr. Dan H. Fenn, Jr.  
Director  
John F. Kennedy Library  
380 Trapelo Road  
Waltham, Massachusetts 02154

Dear Mr. Fenn:

This letter will confirm a telephone conversation between Peter Fenn of our staff and Bill Moss. Gregory Treverton, who will carry this letter with him, is coming to the Library to review Kennedy tape recordings. This is a continuation of the review other members of our staff conducted several weeks ago. It pertains to our inquiry into the assassination issue. The primary purpose of this visit is to verify the authenticity of a particular quotation.

Thank you for your consideration and your continuing assistance to the Committee.

Sincerely,

William G. Miller

OFFICIAL AND CONFIDENTIAL

Robert Q. Marston, President  
University of Florida  
226 Tigert Hall  
Gainesville, Florida

Dear President Marston:

In the course of the inquiry of the Senate Select Committee on Intelligence Activities, a question has arisen concerning the date of a conversation between former Senator George Smathers and President Kennedy. Senator Smathers cannot recall the date, but he does remember preparing a memorandum for the President at that time.

Senator Smathers has authorized the Committee to receive from the University of Florida a copy of this memorandum. Please phone Senator Smathers at his Washington office (202/785-5300) if you wish to verify this.

Senator Smathers said that the memorandum was among his official papers which he donated to the University of Florida upon his retirement from the U. S. Senate. The memorandum should be dated sometime in 1961. It deals with a proposal for precipitating an attack on Guantanamo Bay in order to lead to a United States invasion of Cuba.

We would greatly appreciate it if you could arrange for the retrieval of this memorandum from your collection as soon as possible in a confidential manner.

Thank you very much for your cooperation.

Sincerely,

Frederick D. Baron  
Special Assistant to the  
Chief Counsel

MEMORANDUM

TO: Bill Bader  
FROM: Frederick Baron  
DATE: August 4, 1975  
SUBJECT: Contact with CIA

EXECUTIVE ACTION

This morning I made a request to Walt Elder over the phone to have the opportunity to review two files tomorrow morning -- Project ZRRIFLE and Agent QJWIN. Elder indicated that this would be no problem.

CUBA ASSASSINATION STUDY

I also made an arrangement with Seymour Bolten last week to review the AMLASH file tomorrow morning along with Gordon Rhea. Bolten made arrangements for this. He said there would be a need to wait several days to ready the file for review -- I presume he intended to sanitize it in some fashion. He agreed to allow us to select documents for xeroxing and delivery to the Committee offices.

ALIAS TESTIMONY

Several past and present CIA personnel have testified before the Committee in the past two weeks under alias. I made an arrangement with George Clark, of the CIA General Counsel's office, to have each such person sign a statement indicating his true identity. The statement is to be on file at the CIA, available for Committee verification. The Committee will receive a sanitized copy of each statement for attachment to the pertinent transcript. Seymour Bolten approved this arrangement and promised to supply sanitized copies of the handwritten statements that were signed and filed at CIA before the arrangement was made. I am to supply him with a list of names tomorrow of all witnesses who testified under alias.

MEMORANDUM

TO: Bill Bader  
FROM: Frederick Baron *FDB*  
DATE: August 5, 1975  
SUBJECT: REVIEW OF CIA FILES: AMLASH, ZRRIFLE, and QJWIN

I spoke with Seymour Bolten at noon. We confirmed the following arrangement for review of the AMLASH file:

1. This is to be treated as a non-precedential case.
2. Only Gordon Rhea and myself are to review the file. (Seymour readily agreed to include Gordon.)
3. The review will take place in 2-E-45, with an Agency representative present.
4. We will see all of the AMLASH files (approximately fourteen folders).
5. The files will be available in unsanitized form.
6. We will take no notes that involve any names which they might want to sanitize. We will be permitted to make a checklist of the documents we wish copied. (Seymour said he did not mean to exclude all notes, but simply sensitive names. We will limit ourselves to making a checklist, however, to avoid any possible misinterpretation of our lofty motives.)
7. After reviewing the unsanitized files, we will indicate the documents that we wish copied. The Agency will sanitize those documents and will provide us with copies of the sanitized version.

Note: No mention was made of the procedures we will follow in checking sanitized copies against the original.

Bolten was aware that Elder had no objection to my review of the ZRRIFLE and QJWIN files in unsanitized form.

cc: Fritz Schwarz  
Gordon Rhea
