only"

(a) Newsweek 4/28/75 issue - pg. 36-37
article "Dallas: New Questions + Answers"

(b) 5 typewritten pages found inside above
article re analysis of photos of E.H. Hunt
with those of "two detained men in
the Dallas scene" - concluded neither
is E.H.H. Referred to hatless man as
stocky, with blocky face and one
with hat as flaccid, atrophied, passive
Photo of Sturgis less conclusive - only
snapshot from Newsweek available.

Steps taken in visual comparison -
(1) all subjects magnified to same scale
using distance between eyes + mouth
as standard, (2) contrast + texture
differences between images minimized during
the scaling process (continuous tone
photo. were employed where possible),

SECRET

✓ (3) angular compensations made to offset errors incident w/ different head angles & tilts. Concluded neither of 2 men Hunt or Sturgis from visual comparison (using only Newsweek's snapshot of Sturgis)
