A confidential source abroad has advised that Calgary, Alberta, Canada, telephone number 263-8700 is listed to Pembina Pipe Line Ltd., third floor, Petro-Chemical Building, 805 Eighth Avenue, S. W., Calgary. The president of this firm, Mr. E. Connelly, advised on June 17, 1964, that no one by the name of Henry Atchison is on their payroll but that for the last three years one Henry William Acteson, approximately thirty-nine years of age and of English birth, has been employed as production manager of Pembina Pipe Line Ltd. Prior to immigrating to Canada, Acteson was employed by the British Petroleum Company in the Middle East and was a resident of Regina, Saskatchewan, Canada, before being employed by Pembina Pipe Line Ltd. in Calgary, Alberta.

A check of the records of the Alberta Government telephones revealed that Henry William Acteson has resided at 4412 Coronation Drive since March 20, 1964. His current telephone number is 243-7405. Prior thereto, he resided at 1301 Prospect Avenue, Calgary, Alberta, telephone number CH 4-0451. A check of long distance toll slips for the June, 1964, billing period on Acteson's present telephone revealed that nine long distance calls were made to other Canadian points. No calls were placed to the United States. A check of long distance toll slips billed to Pembina Pipe Line Ltd. for the same period reflects numerous calls to both Canadian and U. S. points; however, it was noted that on April 6, 1964, a person named Hall placed a call from Winnipeg, Manitoba, Canada, telephone WH 2-9972, to Acteson at 263-8700, Pembina Pipe Line, Ltd., in Calgary. Long distance toll slips for the November, 1963, period have been destroyed by the telephone company.

ACTESON, approximately 39 years of age and of English birth, has been employed as Production Manager of PEMBINA PIPE LINE LTD.
