MISCELLANEOUS INFORMATION CONCERNING

On 10/7/68, PCI ANN WHLICH furnished the following information concerning captioned subject:

PCI who presently works at a bar frequented mostly by Cuban and Spanish speaking seamen, advised that subject has been known to her for approximately one year. He usually works as a draftsman or seaman and is from Texas. PCI laste observed him approximately six months ago at some unrecalled bar on Decatur St. PCI stated that the last time she saw SANCHEZ he had been drinking quite heavily and was speaking concerning Cuba. However, PCI stated she did not know whether he was pro or anti Castro, but indicated he was dissatisfied with the present situation in Cuba.

In addition, PCI recalled that SANCHEZ claimed to have figured in the Kennedy Assassination investigation being handled by District Attorney GARRISON. PCI recalled SANCHEZ claiming that he allegedly furnished some type of map to the Times Picayune newspaper, but he did not elaborate further on this.

PCI advised that at the time SANCHEZ was discussing Cuba and the Kennedy Assassination investigation he was under the influence of liquor and had been drinking quite heavily. Consequently, she advised that she did not pay much attention to what he had to say and feels he might have been talking only because of his heavy drinking. However, she advised she was making known to the FBI the identity of this person in the event they had any future interest in him. PCI furnished the following descriptive data and information concerning SANCHEZ:
