RE: CHARLES CAVALLARO BOMBING

JOSEPH BLUMETTI, a Teamsters Union representative was recontacted, however no information was developed concerning the bombing. BLUMETTI stated Mrs. CAVALLARO had called his office several times, so he recently stopped by to see her and stated she is still in mourning, dresses in black, and talks as though the bombing only occurred "yesterday". She advised him the boy that was injured received psychiatric treatment, and has become a problem to her. She stated she called BLUMETTI for a job for her oldest son, as he was only earning 90¢ per hour, and he was able to get the boy's probation period in his current employment waived, and is now on the union scale of \$1.95 per hour. She further advised BLUMETTI that there is a threatened foreclosure of her home, as she is behind in her bank payments, and the undertaker and the doctors have filed liens on the home, for which she is very worried.

The Kansas City Office advised on 6/12/64, regarding information reported by DE-919-C\* on 3/5/64, NICK DITTA, arson and bombing suspect of Detroit, commented, "Boy! Were we happy after we put the charge in the car.".... He said, "Sh-h, sh-h! A car is coming!" said, "It did nothing! So I slipped into the garage. I saw CHARLIE, CHARLIE with the boy. So I hid in the car. S.O.B.!" At this point an unknown male said, "CHARLIE CAVALLARO. A nice guy." DITTA then stated, "The bus passed. CHARLIE came from the right. He got the flashlight and I; I went to the wire. OK?"

"I ground it. Boom! While I was putting on the handle - Whew!! I went blind with the bunch of \_\_\_\_\_."....."The circuit was open. Right?"....."So, \_\_\_\_\_, I slipped into the car.

\_\_\_\_\_ said, "You see that house? 422 DeGraw (or possible DeBraw). \_\_\_\_\_, he went from 87; from 55 \_\_\_\_\_ children from here \_\_\_\_\_." In the meantime, at 6:00 o'clock there were people coming home from work."

It is to be noted the CAVALLARO bombing took place at about 11:20 AM, 11/23/62. The bomb was placed in CAVALLARO's 1956 Ford which was parked in the private garage at the rear of the CAVALLARO home at 164 Roslyn Dr., Youngstown, where CAVALLARO had parked the car at about 5:00 PM, 11/21/62. It is further to be noted the highest point of the rubble which remained from the car and the brick garage, was not higher than three feet from the level of the ground in any place, as all was completely demolished. The blast also blew a hole in the concrete floor of the garage to a depth of two feet.

Had DITTA been in the car or in the garage as he stated, he too would have been blown up with the victims. DITTA also mentioned CAVALLARO coming from the right, which would have been true, however he mentioned CAVALLARO with a flashlight, which would not have been necessary at that time in the morning. It is true, people would have been coming home from work at 6:00 o'clock, and it would have been dark at that time, should he have set the bomb on the night of 11/21/62, however, the bombing would not have occurred at that time. DITTA also mentioned a bus passing, and it is to be noted that Roslyn Drive is a rather narrow residential street, and buses do not use this street for travel.

Summarizing the above, even though the name of CHARLIE CAVALLARO was mentioned, it does not appear that they were talking of the CAVALLARO bombing; or DITTA is purposely boasting, or changing the facts for purpose of conversation.

RE: PAUL HOLOVATICH, aka. "PINTO", suspect in CAVBOMB

On June 15, 1964, ANN GARMAN, PCI advised that JOAN HAMILTON, girlfriend of HOLOVATICH, is pregnant, and was going to

CV 157-127

have an abortion performed by Dr. ABRAM ARMSTEAD, Youngstown, sometime on 6/16/64. On 6/16/64, PCI advised JOAN HAMILTON was planning to go to Dr. ARMSTEAD's residence about 2:00 PM that day for the abortion. A photographic surveillance was set up in the neighborhood of the ARMSTEAD residence, where he also does his work, and at about 3:05 PM, HOLOVATICH appeared in his auto, accompanied by HAMILTON, and photographs were taken of their entering ARMSTEAD's residence. Just 14 minutes later, they were observed and photographed leaving the residence. Later that afternoon PCI advised HOLOVATICH and HAMILTON visited at her home, and HAMILTON told PCI of her "treatment" administered by Dr. ARMSTEAD. PCI stated HAMILTON looked very pale, and HAMILTON told her she was very weak when she left ARMSTEAD's and her orders were to go home and stay in bed for three days to prevent excessive hemorrhaging, and HOLOVATICH was going to spend this time with her to look after her.

It is expected that with these photographs and after JOAN HAMILTON has aborted, we will be able to use this as a wedge to induce her to cooperate and provide information of interest to the Bureau. This same information can also be used in future interviews with Dr. ARMSTEAD.

RE: SICILIAN ORGANIZATION

CV-989-C\* advised on 6/10/64, ANTHONY DELSANTER placed a long-distance telephone call to JOE (LNU) at Detroit, phone LUDworth 1-9158. DELSANTER indicated he intended to visit Detroit on Friday, no time mentioned. DELSANTER mentioned he had been talking to BAUGIA (phonetic) and mentioned something about "They wanted to settle \_\_\_\_\_ for maybe ---- to cop a plea, but he may turn out all right."

On 6/12/64, PCI CHARLES F. CLARK advised that DELSANTER's 1963 light brown Oldsmobile bearing 1964 Ohio license G-1091-L, was at the residence of JAMES LICAVOLI in Cleveland, and later PCI CLARK advised that LICAVOLI had placed several suitcases and a set of gold clubs in the car, and left his residence in company of the driver of this car.

CV-989-C\* also advised that on 6/12/64, DELSANTER called the residence of JASPER JOSEPH AIELLO, JR., aka. "FATS" in Youngstown, and advised AIELLO's wife, ROSE, when he ascertained AIELLO was not at home, that he was going to be out of town for about a week, and in this conversation indicated he was going to Montana because of his rheumatism.

Regarding DELSANTER's travel on 6/12/64, it is to be noted that DELSANTER's car was observed entering the Ohio Turnpike on 6/12/64, and headed west toward Toledo. The Detroit Office was notified of the above travel, and the car was observed in Detroit, following an auto registered to ANTHONY JOSEPH "WHITEY"
