A memorandum from T. J. McAndrews to Mr. Gale dated 11/22/65 advised that Gus Alex, a Chicago hoodlum who has been banned as an undesirable from entering Switzerland, has made efforts to have the ban lifted. Swiss authorities have requested the Bureau, through Legat, Bern, to furnish them with verification of Alex's identity.

Enclosed for examination by the Laboratory were documents obtained from sources in Switzerland, which were designated Qc1 through Qc7, and documents obtained from sources in this country which were designated Kc1 through Kc7.

Examination of these documents, further described on page 2 disclosed that the Alex signatures on specimens Qc1, Qc3, Qc4, Qc6, and Qc7 had been prepared by Gus Alex, FBI#4244200, the writer of specimen Kc1 and signatures on fingerprint cards in his identification record. Significant similarities indicate that the Alex signatures on specimens Qc2 and Qc5 may also have been prepared by Gus Alex.

RECOMMENDATION: That the enclosed documents and the result of the Laboratory examination be sent to the Criminal Intelligence and Organized Crime Section of the Special Investigative Division, which will forward them to the Legat, Bern.
