RE: ANTI-CASTRO ACTIVITIES

Reference is made to your communication dated July 15, 1965.

On July 21, 1965, the Immigration and Naturalization Service (INS) provided a current list of individuals concerning whom notices of prevention of departure to Cuba are still in effect, a copy of which is attached.

Information of the nature contained in the attachment was published for a time in the "Airman's Information Manual," a publication of the Federal Aviation Agency, which is subscribed to by airplane pilots. However, this information is no longer published in the above-mentioned manual and the attached list was current as of July 21, 1965.

At that time it was indicated that additions would be periodically made and published in a periodical of the Pilot's Association.

MI-5 has now requested an up-to-date list and MI-5 representative requested some information about the Pilot's Association item. (S)

With reference to the attached list, Carl Burrows of INS headquarters on 7-21-65, advised SA B. F. Rose that INS data could be furnished [MI-5]. The data concerning the "Airman's [S] Information Manual," set forth above, was furnished to SA Rose by Donald R. Coppock, INS headquarters, 7-25-65. Coppock advised this data could be furnished [MI-5] List furnished [MI-5] captioned [S] "The Following Notices of Prevention of Departure are Still in Effect."

ANTI-CASTRO ACTIVITIES.

*109-584-2813*

Please refer to your 13330 of 4th January, 1961, to which you attached a copy of a list of persons who had been served with a notice of prevention of departure up to the 20th December, 1960. You added that the list was made available to us, through you, by the Immigration and Naturalisation Service and that additions would be periodically made and published in "Air Guide", a periodical of the Pilot's Association.

2. I have been asked by the Bahamas whether it would be possible to get a copy of an up-to-date list. I am tempted to refer them to "Air Guide", but not having been here at the time, and not having a copy of the original list in our records, I am somewhat at a loss as to the length of the list or the status of either "Air Guide" or the Pilot's Association.

3. I quite appreciate that you may not be able to supply another list but I should be glad to know more about the Pilot's Association before I return to the charge with the Bahamas.
