MARTIN LUTHER KING  
RACIAL INTELLIGENCE

ReBuTelCall to me 3/12/68, and BuRad 3/21/68.

I have considered this matter, discussed it with appropriate agent and supervisory personnel of the Mobile Office and the following is proposed as a counterintelligence move on KING's Washington Spring Project.

KING has quite a following in and around the Selma, Ala. area and has appeared recently in Selma on one occasion at the church of Reverend L. L. ANDERSON, who, at the time of KING's appearance, was running for mayor of Selma. ANDERSON was tentatively endorsed by KING and was subsequently defeated in his race for mayor of Selma.

Reverend FREDERICK DOUGLAS REESE, who is head of the Dallas County Voters League and is quite influential among the Negro community in the Selma area, did not endorse ANDERSON for mayor and informed sources indicate he more or less contributed to the defeat of ANDERSON. REESE has been known to make derogatory remarks concerning KING and was allegedly miffed that KING did not advise him, REESE, of his, KING's, contemplated visit to Selma.

In view of the above, it is felt that if some method can be devised whereby REESE can be advised of certain items relative to the Washington Spring Project, he would take action to discourage individuals from participating therein.

ENCLOSURE

62-117270-813

It is not believed that REESE could be contacted by a Bureau Agent, although he has on occasion furnished us information which has proven to be reliable.

It is, therefore, proposed that an anonymous letter be directed to REESE at his home address, 1566 Range, Selma, Alabama 36701, wherein it is called to the attention of REESE that KING is merely using the Negroes of the Selma area for his own personal aggrandizement; that he is not genuinely interested in their welfare, but only in their donations; that in all probability the individuals going to Washington for the Spring Project will be left stranded without suitable housing or food. The letter should also play up the possibility of violence, particularly the fact that although CARMICHAEL and BROWN of SNCC have a so-called gentlemen's agreement with KING not to take over this action, there exists a strong possibility that such will occur. There is also the possibility of RAM and NOI taking over the project since it lacks organization and direction. The letter should also point out that KING was in Alabama on about 3/21/68, and did not make his schedule in the Selma and adjoining counties area, which was another indication that KING was talking out of both sides of his mouth.

It is felt that this letter should be mailed from either Washington or Baltimore since, if the letter is mailed from anywhere in the south, REESE may feel it is the work of the Klan or some other racist group. It is felt that Baltimore would probably be the best since a letter from Washington would indicate the possibility of the government doing this.

Simultaneous with mailing the letter from Baltimore, it is proposed that a copy of the letter to REESE, together with a cover letter, be mailed to ROSWELL FALKENBERRY, Editor and Publisher, Selma Times-Journal, Selma, Alabama. The cover letter should indicate that attached was a letter directed to REESE and that he, FALKENBERRY, might want to contact REESE relative to REESE's receipt of the letter and what it said.

The thought behind this is to give FALKENBERRY a chance to interview REESE concerning receipt of the letter and thereby create a news story which could legitimately be published and read by the Negro community in the Selma area. It is known that the Selma Times-Journal has a large circulation among the Negro community in Dallas and adjoining counties and has taken a rather liberal attitude in connection with civil rights movements.

By handling as above, we would eliminate the possibility of these rumors being attributed to the FBI.

Consideration has been given to some method of discouraging ALBERT TURNER, who is Field Secretary for KING's project, and is spear-heading the recruitment throughout our territory and other portions of Alabama. From our contact with TURNER, who is a liaison source, it is the opinion of contacting agents that he is so sold on the project that it is almost impossible to disillusion him.

It is also felt that some method of getting an article in the "Southern Courier" along the lines of the above would have a discouraging effect on the Negro community in and around Montgomery, Ala., since the Courier is very widely read. Consideration is being given to the method of accomplishing this.

The Bureau is requested to consider the proposal set forth above and advise.

COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS  
RACIAL INTELLIGENCE

Reference is made to Bureau airtel to Albany,  
3/4/68.

SA JOSEPH T. BOSTON has been designated to  
coordinate this program in the Mobile Division.

As the Bureau has been separately advised, in-  
vestigation has not been developed that any militant Black  
Nationalist group has been in existence in the Mobile  
territory. There has been no activity of The Revolutionary  
Action Movement (RAM), Congress of Racial Equality (CORE),  
or Nation of Islam (NOI). The Southern Christian Leadership  
Conference (SCLC) has representatives in this division, but  
no organizational headquarters or office. The Student  
Nonviolent Coordinating Committee (SNCC) has representatives  
coming to the Mobile Division periodically, particularly  
coming to Selma, Tuskegee or Montgomery, Ala, but investi-  
gation has not shown that SNCC has any office in this territory.

The Lowndes County Freedom Organization (LCFO),  
which is also known as the Lowndes County Freedom Party and  
the Black Panther Party, is a Negro civil rights organization  
established in Alabama November, 1965. It is a political  
party, designed to run candidates for public office. It has  
received publicity as the Black Panther Party, but is not  
affiliated with the Black Panther Party established in New  
York City during 1966. In the organization of LCFO, assistance  
was granted by STOKELY CARMICHAEL of SNCC. JOHN HULETT,  
President of LCFO, is a source of the Mobile Division.

There has been no information developed to show that violence is intended or expected by persons active in the racial and civil rights matters.

There is only one person on the agitator index who might be the subject of future counterintelligence by this office. This individual is JOHN EDWIN JACKSON, Route 1, Box 191, Hayneville, Alabama. He is a Negro male, born 2/17/48, and is employed as a farmer. Much of the militant civil rights activity in Lowndes County, Ala., is believed traceable to JACKSON, and he is a contact of STOKELY CARMICHAEL when CARMICHAEL comes to Lowndes County.

Investigation is being conducted at the present time to determine if SNCC reopens an office at Selma, Ala., which was maintained by SNCC in the past. If this office is reopened to direct SNCC activities, then that office would be a logical target for counterintelligence activities.

Concerning suggestions for the over all counter-intelligence action, it is felt that the Bureau might consider the creation of a paper Negro nationalist group for the purpose of drawing together militant leaders and militant groups in order to plant seeds of dissension among such leaders. It also should be considered that counterintelligence action could be aimed against radical racial leaders in any organization by the use of reliable press contacts being given information which would serve to discredit these leaders. Such information, indicating that leaders are using the civil rights movement for their own gain and are not instituting programs aimed at encouraging a Negro to help himself, could be used through reliable press contacts or responsible national Negro leaders. This type of action might serve to bring about a feeling of distrust among radical Negro leaders.

Specific suggestions, as may be developed for possible use in the counterintelligence field, will be sent to the Bureau by separate letter. Quarterly letters will be submitted as suggested.

COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS  
RACIAL INTELLIGENCE

Re Mobile letter to Bureau, 3/27/68.

1. Operations Under Consideration

Since submission of referenced letter, a new organization has developed at Montgomery, Alabama, which could be a primary target of counterintelligence action. The Young Mens Progressive Committee (the organization is in the process of changing its name to Youth Progressive Committee), was started at Montgomery, with about 15 members at the present time and is reliably reported as an affiliate of SNCC. It is opening a bookstore as a memorial to Dr. MARTIN LUTHER KING and is setting up a bar, both of which are reportedly means to raise money for SNCC. It is contemplated that action against this group can be taken through local police authorities and state liquor authorities concerning the operation of the bar and concerning reported information that some members of this group carry firearms.

RE: COUNTERINTELLIGENCE PROGRAM  
100-448006

The Bureau authorized furnishing the source data on a confidential basis and the show appeared 7/7/68. A great deal of research was done by Miami Agents and it resulted in an excellent program. The show, which ended with quotes from the Director on the nature of the New Left, was so well received that the television station received requests for a film of the show by local civic groups.

As you are aware publicity about New Left and black nationalist groups, especially television coverage, sometimes enhances the stature of these groups. At the same time, Miami has demonstrated that a carefully planned television show can be extremely effective in showing these extremists for what they are. Local New Left and black nationalist leaders were interviewed on the show and seemed to have been chosen for either their inability to articulate or their simpering and stupid appearance.

Miami furnished a film of this show for Bureau review and it was apparent that the television source used the very best judgment in editing comments by these extremists. He brought out that they were in favor of violent revolution without their explaining why. But he also brought out that they, personally, would be afraid to lead a violent revolution, making them appear to be cowards. The interview of black nationalist leaders on the show had the leaders seated, ill at ease, in hard chairs. Full-length camera shots showed each movement as they squirmed about in their chairs, resembling rats trapped under scientific observation.

Each counterintelligence office should be alert to exploit this technique both for black nationalists and New Left types. Miami learned from sources that those who appeared on the show realized that it presented them in a most unfavorable light. One even complained to the television station about it. This counterintelligence operation will be of great value in the South Florida area

and the Bureau hopes these results can be duplicated in other offices. Success in this case resulted from hard work and acumen on the part of the Agents who handled the matter. Especially important was the choice of individuals interviewed as they did not have the ability to stand up to a professional newsman. The fine job of interviewing and editing done by the news people involved was also most important.

Each office should be alert to the possibility of using this technique. No counterintelligence action should be taken without Bureau authority. For your information operations of this type must be handled through reliable, established sources and must be set up so that the FBI is not revealed as the source.
