February 26, 1963

Dear Charles:

Thanks for your letter of February 22. How we hope you are alive. I could only imagine that you were out of town or that the phone company was having a party.

We all had a wonderful time at Tucson, but the plane is fairly stupid. Physically the hotel is utterly beautiful, but the help are all surly and the service is inadequate. Such things as the waiter's continually coming up to remind you that he does not share in the tips of the waiter. Big attraction is the gambling casino, and the plane shuttle back and forth from Miami to gamble. The last plane back to Miami leaves each morning at 3:00 A. M. There is a tremendous amount of construction, hotels, apartments, highways, etc. on Grand Bahama Isle. It is a flat island with scrub pine and there is no local color whatsoever. The water is much cooler than Haiti, but Ethel and I did finally learn how to smoke leisurely. The reef was clearer and prettier than at Haiti.

As you probably know I received a wire from Boyer, but never did hear from Charles. I am much relieved that my failure to jump at Boyer's wire did not embarrass you.

Ethel's folks are now down here visiting us, but I am sorry to say that her father has a bad heart condition and cannot meet himself, even to the point of speaking more than 5 minutes at a time. Under the circumstances we are lucky to have them visiting.

Forest, oil and gas concession, refining, etc. all add up to the same thing. If I can find a way to do something constructive rather than silly, I would much prefer to do it in Haiti rather than Vink, Texas.

Give Paul Boston our best wishes and urge him to drop by here for a visit if he goes back to Canada through Dallas.

There was a rerun of Dr. Strangelove here this week and I forced Ethel to see it. She agrees with me it is a work of pure genius.

teaching here as the road to

Page No. 2

I will make every effort to the next 4 - 6 weeks
to return to Haiti, but I sure hope that the ground rules will
not be equalized.

Best to you and Anne from all of us.

Sincerely,

Allen

standing here as the most

Fri. Feb. 2

Dear Joan & George:

I'm getting a little worried. I hope you got back from your Southern trip all right?

Perhaps our last letter of some week ago arrived in the mail. Well, I didn't come about the teaching job at U.S.A. because I'm sure it's the one down so much. I could hardly ever go around with you. I would be interested in some other job (or other place) teaching in some school, if there was not one with you - which I would prefer - Co. tutoring of Richard, ~~if~~ if Oct. 11. I really think he needs some help. Also have the prospects and for your staying on there through summer & fall? This is not important, but if you're not to be there I would come down.

Please try to find me some work all this or so much as you can. Soon as possible, because otherwise very soon I may have to get signed up on some college teaching here as the next best thing.

Mr. George de Mohrenschildt
c/o American Embassy
Port-au-Prince, Haiti

Dear Mr. Mohrenschildt:

I appreciate your letter of February 19 calling
our attention to the possibility of other potential bauxite
deposits on the island of Haiti.

Should we be interested in developing additional
reserves, I will take the opportunity of getting in touch
with you.

Yours very truly,

HARVEY ALUMINUM

March 9, 1945

Mr George de Mohrenschildt
American Embassy
Port au Prince, Haiti,

Dear George,

Your letter of Febr. 17 is on hand.

In the meantime Haiti has been receiving further rather disturbing writings in the papers here, mainly by the New York Times and the name of Barnes. This does not contribute to business.

The summary of the mineral situation, contained in your letter of the 17th, has now been given to two members of the new group. The preliminary reaction and advice given me on the subject is that the matter may become of interest in due course, but not immediately for political reasons, and also, due to the fact that the new group needs time to start. Also, that I should do well in keeping in touch with you and you with me, so that we can tackle it when both sides feel the time more propitious for it. One of the members is familiar with some of the developments in Haiti in the past.

So I will keep in touch with you and suggest that you keep me posted on developments at your end.

Re:
The fact that they have
been a member
of the club

16 June 1964

[illegible][illegible]

Le tige est un bon lit,
J'ai eu beaucoup de plaisir à lire la dernière lettre, et que malgre
le d'ail en marche plus si bien, que tout va pour le mieux et que vous arriverez
bien en temps.

Je s'aperçoit que vous n'avez de bonnes nouvelles de Ray... ne tenez pas
à le revoir là-bas, mais si le vent qui j'aurais voulu qu'il soit à l'abri de la forêt et
à l'aise qu'il s'écrit.

Je suis dans New York jusqu'en avril et je reviens.
 C'est bien possible que tu sois marié et que tu aies une belle femme.
 Mais tu n'as écrit de Boston Vancouver, c'est fort intéressant et cela me réconforte.
 Il est ainsi, car il est très gentil et se profession de l'air et du papier et du
 papier. Si tu le vois, dis-lui le bien de ma part et je pense venir vous voir, à mon retour.
 Très vite. avec le mois de mai et un amour.

Cela sera plus facile pour moi, j'ai plus de temps. Cette fois-ci je pourrai constater que c'est à jour, j'aurai pu faire quelque chose pour réaliser jusqu'à la fin la promesse.

[illegible]
