SUBJECT: December 1946 Report

TO : Mr. E. D. Echols,
Chief, Special Funds Division

1. Herewith Financial Report of this Mission for period 1-31 December 1946, together with supporting schedules.
2. Schedules A to E are included to support those items shown on the trial balance sheet. We did not include a schedule for Exchange Equalization since the figure of \$ 9,067.35 is made up in most part by the \$ 9,067.20 realized by the transaction wherein 4,000 Swiss Francs were expended in the purchase of Rms. 100,000. The remaining \$ 0.15 is the result of odd cent differences occurring in miscellaneous transactions during the period.
3. Forwarded with the report and schedules are supporting vouchers and papers of each transaction reflected within the report. Because of usual delays in pouch and mail deliveries, a number of individual pay vouchers have not been received back from field units and therefore could not be included in this transmittal. As soon as received they will be forwarded for inclusion with those vouchers submitted herewith. Rather than hold the report awaiting their receipt, it is suggested that if necessary, these items could be held in suspense in your accounts of this Mission until such time as we forward them to you.
4. It will be noticed the Advance Account shows an appreciable increase over last month's closing balances. This is accounted for in most part by (a) Berlin's increased activities requiring larger cash balances and (b) non-receipt of Pragues accounting since date of 20 October 1946.
5. Believe no further explanation is required in support of transactions indicated on the different schedules however, should clarification of any items be in order, please advise.

18 December, 1946

TO: Frank H. Mangum, Finance Officer

FROM: F. V. Richards, Auditor, Special Funds, FT

SUBJECT: Shortage in Roses

1. This memorandum will confirm our conversations in regard to subject.

2. My count of Roses effected as of the close of business 20 November, 1946 in connection with my audit of your accounts revealed a shortage of 40 Roses. In confirmation of my count, the offending packages, which were two in number with two notes short of 100 notes in each, were handed to you for verification. You have said that your findings agreed with mine.

3. Research into the correspondence relative to Roses discloses that on 20 September, 1945 MacPherson advised Col. Rehm that he had not made a complete physical count of the group of notes of which the packages in which we found a shortage are a part. You also have said that your count which you formalized in your letter of 6 September, 1945 to Nichols did not extend to physically verifying the round packages of 100 notes each. Since, therefore, it cannot be established that a complete count of every note was ever made and, therefore, we cannot establish that the packages in question were not short before they were 'liberated' and assumed by this organization in June, 1945, we have agreed that the only course is to write off this shortage, which in U. S. value amounts to \$7.55.

4. In view of the overage in your shipment to Washington of 5 notes of 10 Roses each which Bigelow reports in his letter of 29 October, 1946, the question naturally arises as to whether the notes forming this overage are identical with those which are missing from the cash you have on hand. According to your letter of 9 October, 1946 to Bigelow your Envelope No. 3 contained 100 notes of the 10-unit denomination. You further stated that the latter were identical with those of the same value in Envelope No. 1 containing the invalid and obsolete notes in which envelope Bigelow found the overage. The invalid and obsolete notes which you sent you have said were those of 1922 and 1926 issue of a different color than the black and white of the notes in the short packages, and Bigelow confirms that the extra notes were of the 1922 issue whereas the black and white variety are of a 1937 issue. Hence there would seem to be no possibility that the missing notes have, by inadvertence, been forwarded to Washington. Under these circumstances, we need not hesitate in making a disposition of the shortage in your cash.

MEMORANDUM

TO : Special Funds Officer

SUBJECT: Rental of Parking Area

1. Due to the acquisition of additional motor vehicles and to add to the security of our present installation, it has become necessary to obtain additional parking area.

2. As indicated in the attached copy of lease, we have arranged for the rental of a piece of property at 22 Steubenstrasse, Handschuhshelm, for the ridiculous sum of \$5.00 a month. That area adjoins our present headquarters property and can be adequately guarded day and night.

3. It was not feasible at this time to go through normal army requisitioning channels for this property, as time was of the essence and it would require three or four weeks to procure the necessary authorization to utilize it as a parking area and it would also come under the charge of the Area Command.

between: WAR DEPT. DETACHMENT as a tenant and the carrier's business Friedr. Heiss propr. M. Vanoni in Heidelberg Office, 20 Neckarstaden Telephone 2707, as the lessor.

- 1.) The lessor allows to the tenant the vacant place on his premises, 22 Steubenstrasse, which is situated beside the garage, the size being 5 metres by 24, altogether 120 square metres, for the parking of vehicles.
- 2.) The garage and the backside of the place remain to the disposal of the lessor, M. Vanoni, for the practice of his carrier's business.
- 3.) To keep open the entrance to the backside of the place, the tenant receives two keys and he is asked to return same when giving up the place. For precautionary measures and especially with regard to the safety of the parking vehicles, it would be commendable as far as possible to shut the door during the day and to lock up same with the beginning of darkness and during the night.
- 4.) The rent for the allowed place amounts to 50.-- (fifty Reichsmark) per month, payable till to the 3rd of every month for the current month.
- 5.) The lessor cannot assume the responsibility for the parking vehicles and their contents.

Heidelberg, 16th December, 1946.
