By letter dated 10/28/75 addressed to Michael E. Shaheen, Jr., Special Counsel for Intelligence Coordination in the Department (copy attached), captioned Committee requested that SAs William Tucker and Terry O'Connor be made available for Staff interview concerning their dealings with Earl Robert Merritt, Jr. Merritt has been identified as a Bureau informant in the past.

On 10/29/75, SA Paul V. Daly of this Division telephonically contacted Steven Blackhurst, Assistant Special Counsel for Intelligence Coordination in the Department, and advised him the topic of the aforementioned interview of SAs Tucker and O'Connor was currently in litigation and that the litigation was being handled by Benjamin Flannagan of the Department. This suit involved the Institute for Policy Studies in Washington, D. C. It was also pointed out that previously the Department had indicated they would furnish legal representation in instances where the topic of interview by Congressional committee members was in civil litigation. Blackhurst acknowledged this and stated he would contact Flannagan of the Department in an attempt to make arrangements for legal representation to be available.

In view of the House Select Committee request, the employment agreement and the provisions of the Code of Federal Regulations for both SAs Tucker and O'Connor should be waived for purposes of this interview. Blackhurst advised the Department was waiving the provisions of the Code of Federal Regulations for purposes of this interview.

PURPOSE:

To recommend that Legal Counsel Division consult with the Department to seek guidance as to the manner in which the Bureau should respond to HSC requests for materials in Bureau files relating to organizations and individuals currently involved in civil litigation with the Bureau, and to ascertain how Bureau personnel should respond to similar inquiries while giving testimony in either Executive or public sessions.

DETAILS:

In September and October, 1975, the HSC requested among other items, information from Bureau files concerning a number of individuals associated with the Socialist Workers Party (SWP) and information from the file on the Institute for Policy Studies (IPS), as well as the file of former Bureau informant Earl Robert Merritt, Jr.

On 11/5/75, Bureau representatives Mr. W. R. Wannall, Mr. R. L. Shackelford, and Mr. D. Ryan furnished depositions to the HSC concerning numerous matters including Bureau investigations of 5 individuals affiliated with the SWP and this Bureau's investigation of the IPS. HSC representatives indicated at that time, that these topics will be the subject of testimony scheduled for public session 11/18/75. With regard to HSC inquiries concerning the 5 SWP individuals, the thrust of the inquiries centered around this Bureau's authority to investigate the SWP and its members, which is one of the main issues to be resolved in a pending civil suit which the SWP has brought against the Bureau. With regard to the IPS, HSC inquiries centered around this Bureau's authority to investigate this organization, as well as public charges made against this Bureau by

Earl Robert Merritt, Jr., a former Bureau informant who furnished information concerning the IPS. Charges by Merritt have been publicly refuted by this Bureau. It is noted that the IPS is also currently involved in civil litigation with this Bureau charging illegal wiretapping and breaking and entering.

Additionally, on 11/5/75, 2 Bureau Agents, against whom Merritt has levied his unfounded charges, were deposed by HSC members at which time the Agents were accompanied by the Departmental Attorney who is handling this litigation.

OBSERVATIONS:

In view of the pending HSC request for material relating to IPS, as well as information pertaining to Earl Robert Merritt, Jr., who is to be a principal witness in the IPS civil litigation, and because the HSC representatives have indicated that the questioning of Bureau officials scheduled for the HSC public hearing on 11/18/75 will involve matters directly related to the Government's actions in the defense of the civil suits regarding both the IPS and SWP, it is felt that Departmental advice should be sought prior to this Bureau responding to or engaging in further response to the HSC in these areas.

RECOMMENDATIONS:

1) That Legal Counsel Division consult with the Department to obtain advice as to how the Bureau should respond to HSC requests for materials concerning IPS and Merritt, and advise the Intelligence Division by memorandum of the results.

2) Legal Counsel Division should determine from the Department, the parameters to which Bureau representatives should confine their testimony in either Executive or public sessions concerning IPS and SWP and advise the Intelligence Division by memorandum.

The questioning opened with Mr. Wannall being asked if he had knowledge of any electronic surveillance coverage of Congressmen. It was subsequently determined the HSC staff had specific reference to our microphone coverage of a hotel room in New York City in the 1960's wherein Congressman Cooley, who was associated with a sugar lobby, was monitored. It also became apparent the question was based upon information recently furnished to the Committee by former Assistant to the Director William C. Sullivan. Thereafter a wide range of responsibilities, activities and operations of the INTD were discussed in what can only be described as a "shotgun" manner. Some of the topics discussed, which the Committee staff members indicated would probably be discussed again in public were: security index; informant procedures; electronic surveillance matters and approval procedures; jurisdiction; surreptitious entries; Cointelpro history, philosophy and techniques; the Socialist Workers Party (SWP); the Vietnam Veterans Against the War; the Institute for Policy Studies (IPS) investigation; trash covers; former informant Robert Merritt, Jr.; number of arrests of "Soviet illegal agents" and U. S. citizens engaged in espionage; persona non grata matters; retention of FBI records policy; etc. Specifically, it was indicated the following individuals who have been affiliated with the SWP and about whom there are allegations of improper investigation would be discussed at public hearings: Kathye Zahrie, Norma Lodico, Bruce Bloy, Mark Rich, Matilde Zimmerman. On November 4, 1975, Inspector Thomas Leavitt and I briefed Emily Sheketoff of the House Select Committee on Intelligence with respect to our counterintelligence responsibilities. At the close of the briefing, Emily Sheketoff asked if she could be furnished with data concerning infiltration of Congressional staffs. *BRANIGAN*

On November 5, 1975, Emily Sheketoff called, at which time I referred her to a letter directed to Mr. Kelley dated October 22, 1975, from Mr. Aaron B. Donner, Counsel to the Select Committee. I noted that Mr. Donner specifically would like to know the extent with which "Russian spies have infiltrated our country and Capitol Hill as well." I told Emily Sheketoff that we were responding to this letter and our answer would cover the question raised by herself. She said this was not so, and she wanted specific information from the Bureau on those staff members on Capitol Hill who were giving out information to hostile services. She noted that Mr. Donner's letter was limited to Russian spies and she stated that she was interested in any hostile elements - East German, Polish, or others. *WAR*

I requested Emily Sheketoff to go to her Chairman and have the Chairman forward the request to the Bureau in writing. She said she would do this and would have the letter in my hands today. I asked that she have the letter forwarded through regular established channels. She noted that this would involve sending the letter to Mr. Michael E. Shaheen, Jr., in the Justice Department and this always meant delay. In this case she stated that she needed the answer certainly by the close of business on November 7. I told Emily Sheketoff that I could not make any commitments but certainly we would put forth our best efforts.

By letter dated 10/28/75 addressed to Michael E. Shaheen, Jr., Special Counsel for Intelligence Coordination in the Department (copy attached), captioned Committee requested that Assistant Director W. Raymond Wannall be made available for Staff interview under oath. The topic of the interview was not set forth in the letter.

On 10/28/75, Timothy Oliphant, Staff Member of captioned Committee, was contacted to determine the specific topic to be covered by interview and Oliphant stated the interview would cover special indices, including ADEX, COINTELPRO-type activities after 1971 and investigative procedures in the intelligence field. Oliphant stated that he would recontact SA Paul V. Daly of this Division concerning this particular interview and give additional details as to the subject matter. Oliphant stated that Assistant Director Wannall could bring other Bureau representatives with him for purposes of this interview as it was explained to Oliphant that it appeared that the topic would be wide-ranging and that it might be necessary for additional Bureau personnel to take part in this interview so that the Committee can get fully responsive answers.

Oliphant also stated that this deposition would be a prelude to hearings before that Committee which are scheduled for November 11, 12, and 13. Oliphant requested that he be advised as soon as possible as to the date for which this interview can be arranged and pointed out the Committee indicated they would like the interview to be the week of 11/3.

ON INTELLIGENCE ACTIVITIES (HSC)

RE: ELECTRONIC SURVEILLANCES

Reference is made to HSC letter, dated August 10, 1975, requesting all wiretaps or electronic surveillances from January 1, 1970, through June 30, 1975, accompanied by all documents provided the Attorney General to support the installation of such wiretaps or electronic surveillances. Reference is also made to this Bureau's memorandum, dated October 16, 1975, captioned as above, which provided the HSC, in response to a request made by Representative Robert McClory, with 115 excised items relating exclusively to domestic targets.

In continued compliance with the request of Representative McClory, this memorandum is being submitted to effect delivery to the HSC of an additional 14 excised items which were previously provided the Attorney General to support requests for his authorization to conduct electronic surveillances concerning 15 domestic targets. These targets have been commonly referred to as the "Kissinger 17."

In accordance with information furnished Representative McClory at a briefing concerning the subject of electronic surveillances held at FBI Headquarters on October 10, 1975, materials relating to electronic coverage afforded Morton Halperin and William Anthony K. Lake, two of the so-called "Kissinger 17," are not being furnished

on Int. Intelligence
On 10/8/75 Taro Yoshihashi, USAINTA Liaison

Representative, made available the attached items and indicated that in connection with a DOD briefing of the House Select Committee (HSC) Staff, a comment had been made that Army engaged in clandestine operations in the U. S. in concert with the FBI. As a result, Army was now compiling material which could be provided to the HSC.

Following consultation with SA W. O. Cregar, it was concluded that the proposed Army submission to HSC could be made available if the target services in each instance were identified as "communist intelligence services" throughout, thus providing additional protection to our bilateral operations

Since the material furnished indicated that a similar request had been directed to Navy and Air Force and the suspense date was 10/15/75, inquiry was made of Charles Torpy, OSINQ, and Jack Donnelley, NISHQ, as to the status of requests from those agencies. Neither individual was aware of the situation but both subsequently advised that their services had concluded that the request pertained only to PI collection; therefore, they were not preparing any response involving bilateral CI and CE operations with the FBI.

This information was relayed to Yoshihashi on 10/14/75 at which time he indicated that the proposed information, based on above-described revisions, would be submitted to the Office of

II. ACTIVITIES

KATHY (Last Name Unknown)(LNU), who has kept close company with BABAK ZAHRAIE for about two years, was from Spokane, Washington, where her father is a medical doctor.

SE T-1 (8/29/71)

According to this source, KATHY (LNU) and BABAK ZAHRAIE plan to be married soon. They are compatible, and there is some economy in being married at the UW because of preferential treatment regarding housing of married students.

SE T-1 (9/14/71)

The "UW Daily," a student newspaper published in Seattle, Washington, on January 13, 1972, page one, carried an article by GAIL FLIGSTEIN entitled, "Abortions in Hall Health? UW Hospital Prices Too High, says New Group." KATHLEEN SLEDGE, one of the founders of the campus abortion reform group, was quoted as stating, "Hopefully we can raise people's consciousness so they can realize an abortion is very minor surgery." The group was to hold its first meeting on January 13, 1972. In part, according to SLEDGE, the UW Hall Health Center could perform abortions on students free or cheaply, whereas the University Hospital charged \$300, which was beyond the average student's limits. She did not foresee any political conflicts within the new group.

As of February, 1972, KATHLEEN SLEDGE, 816 Northeast 53rd Street, Seattle, was a member of the YSA.

SE T-2 (2/28/72)

The "Seattle Post-Intelligencer," a daily newspaper of general circulation, published in Seattle, Washington, on February 11, 1972, page A-9, printed an article by SOLVEIG TORVIK, "P-I" education writer, entitled, "UW Iranian student charges 'political' move to deport him." According to the article, BABAK ZAHRAIE, President, UW Foreign Student Council, yesterday charged that the United States Immigration and Naturalization Service (INS) was attempting to deport him to silence him politically. ZAHRAIE, who was attending UW on a student visa, was arrested by INS Tuesday and escorted to a hearing concerning his re-entry into the United States on a student visa from Canada. According to ZAHRAIE, he came to the UW in 1969 and is currently a junior student in Mathematics married to the former KATHLEEN SLEDGE of Spokane.

ZAHRAIE claimed the INS held his passport for two years and also his visa; therefore, he was unable to renew his visa.

On February 25, 1973, the SWP and YSA held a convention at the University Tower Hotel, Seattle, and SLEDGE was in attendance. The convention was also a political rally for LINDA JENNESS, SWP Presidential candidate, with JENNESS and a local SWP functionary among the featured speakers.

SE T-2 (3/7/72)

As of June, 1972, BABAK ZAHRAIE and his wife, KATHLEEN, were not particularly welcome at her home hearth. His mother-in-law is a conservative "right winger" and a strong church supporter, while his father-in-law was slightly more tolerant.

SE T-1 (7/24/72)

On August 7, 1972, the SWP - YSA held a meeting at the Militant Book Store, 5257 University Way Northeast, Seattle, and KATHY SLEDGE was in attendance. She took no active part.

SE T-3 (8/15/72)

On September 18, 1972, a meeting of the SWP - YSA was held at the Militant Book Store, and SLEDGE was in attendance taking no active part.

SE T-3 (9/25/72)

On September 19, 1972, the SWP held their nominating convention at 4525 19th Avenue Northeast, Seattle, and KATHLEEN SLEDGE was in attendance.

SE T-3 (9/25/72)

KATHY SLEDGE made a Registered Voter's Declaration, stating she had personally attended the SWP Nominating Convention held in Seattle on September 19, 1972; that she was a registered voter and had not voted in the September State Primary Election; and that her declaration was to be construed

as part of the SWP Certificate of Nomination. She gave her address as 816 Northeast 43rd Street, Seattle, Washington, King County Precinct Number 43-98.

KENNETH GILBERT
Supervisor of Elections
Secretary of State's Office
State of Washington
Olympia
(10/26/72)

On October 21, 1972, the SWP - YSA held a meeting in Seattle to hear ANDREW PULLEY, SWP Vice-Presidential candidate, and other SWP speakers, including local SWP candidates. KATHLEEN SLEDGE was in attendance but took no active part.

SE T-3 (10/24/72)

KATHLEEN SLEDGE, telephone number ME 2-2085, as of November, 1972, was a member of YSA in Seattle.

SE T-3 (11/9/72)

On November 15, 1972, the SWP - YSA held a meeting at the Militant Book Store, and KATHLEEN SLEDGE was in attendance but took no active part.

SE T-3 (11/16/72)

During December, 1972, a Committee to Defend BABAK ZAHRAIE was formed in order to protect him from deportation by the INS on the grounds he was:

1. Not a bona fide student;
2. He made a Canadian trip without proper papers;
3. He was a subversive as he had in his possession posters of LENIN, CHE GUEVARA, and others as well as the collected works of LENIN.

He was additionally described as active in the UW's anti-war movement and Tuition Rollback Campaign. KATHLEEN S. ZAHRAIE was one of the sponsors of the above committee, which included two congressional candidates and the President of the UW student body.

As of March, 1972, KATHLEEN SLEDGE, a member of YSA, resided at 3643 Densmore Avenue North, Seattle.

SE T-3 (3/4/73)

The "Seattle Post-Intelligencer" issue of April 3, 1972, page A-8, carried an article by SOLVEIG TORVIK, "P-I" education editor, entitled, "Iran Student Wins Deportation Fight." According to this article, BABAK ZAHRAIE was granted permanent resident status because of his marriage to the former KATHLEEN SLEDGE of Spokane. ZAHRAIE, in part, said his passport had been held by local immigration authorities and that his subsequent difficulties had been caused by his criticism of the Government of the Shah of Iran and his anti-war activities.

A meeting of the SWP - YSA was held on April 15, 1973, at the Militant Book Store, and KATHLEEN SLEDGE was in attendance. At this meeting, it was announced that the YSA and SWP in Seattle had collected \$480 of the \$800 quota for the National Fund Drive.

Synopsis:

SUPPLEMENTAL REPORT

The Seattle Post-Intelligencer, a daily newspaper, Seattle, contained on 7/16/74, announcement of a petition for divorce on the part of KATHLEEN SLEDGE ZAHRAIE from BABAK ZAHRAIE. This indicated they were married at Minden, Nev., 9/14/71, and had no community property or children. An Affidavit indicated the divorce notice was served upon BABAK ZAHRAIE on 5/18/74. BABAK ZAHRAIE reported last known to be living in New York City.

- RUC -

It is noted the employee on her Standard Form 85 executed April 1, 1974, indicated she married BABAK ZAHRAIE on September 17, 1972, at Lake Tahoe, Nevada.

The Seattle Post-Intelligencer, a daily newspaper at Seattle, dated Tuesday, July 16, 1974, Section C, Page 12, contained an item pertaining to divorce petitions and decrees. Under "Dissolutions Asked" was the following:

"ZAHRAIE - KATHY S. - BABAK."

On July 16, 1974, divorce case No. D-67574, King County Superior Court House, Seattle, Washington, reflected the following:

A petition for dissolution of marriage was filed on July 15, 1974, by KATHLEEN SLEDGE ZAHRAIE residing at 5215 15th Avenue N. E., Apartment 4, Seattle, Washington 98105. Her telephone was listed as 522-7141. Her petition form bore the typewritten date of May 15, 1974, but was not filed in King County Superior Court until July 15, 1974, at 10:30 AM.

On the petition KATHLEEN SLEDGE ZAHRAIE advised her husband is BABAK ZAHRAIE and said they were married on September 14, 1971, at Minden, Nevada, Court House, Douglas County, State of Nevada. She said her marriage was registered in Douglas County, Nevada. Under basis for petition, it was stated, "This is a petition for the dissolution of a marriage which is irretrievably broken". She claimed they have been separated since November 1, 1973, and have no children or community property. She also petitioned for a return of her name to KATHLEEN SLEDGE.

She filed her own petition and no legal counsel was shown.

An affidavit for service of summons and petition for dissolution of marriage indicated one MARILYN A. WILSON, after being placed under oath, advised as follows:

"That on May 18, 1974, at 1:00 PM at 8333 S. E. 57th Street, Mercer Island, Washington,

SE 140-2636

affiant duly served the above described documents (petition for divorce) in the above titled matter upon Babak Zahraie, leaving him true copies of the documents".

This was signed by MARILYN A. WILSON and notarized on May 22, 1974, by PHILLIS K. NEBEL of Mercer Island, Notary Public. No street address for BABAK ZAHRAIE was reflected in the above record, and on her petition employee indicated that BABAK ZAHRAIE was last known to be living in New York City, New York.

Re Bulet dated 5/22/74, report of SA REESE H. CHIPMAN, Seattle, dated 6/10/74, Buairtel dated 6/28/74, Seattle telephone call to Bureau dated 7/3/74.

Referenced Seattle telephone call to Bureau was made in response to page 2, paragraphs 4 and 5 of referenced Buairtel.

A review was made of the original informant report indicating that KATHY ZAHRAIE or KATHY SLEDGE as of February, 1972, was a member of the YSA.

This reflects an informant report by (SE 1134-S) dated February 25, 1972, and captioned "List of Members of the Young Socialists Alliance and Socialists Workers Party". This contained about 60 names, apparently believed by (SE 1134-S) to be members of the above organizations (see page 3, paragraph 2 of referenced Seattle report - data from SE T-1).

On the above list was the name KATHY SLEDGE, address of 816 NE 53rd.

It is noted (SE 1134-S) was discontinued as an informant in April, 1972.

A review also of informant's reports of (SE 1590-S) (shown as SE T-2 on referenced Seattle report, page 4) reflects this informant's information was set forth correctly. It is noted this informant submitted a list of persons he knew to be members of the YSA and SWP as of June 19, 1972 and the name of KATHY, the employee, was not on the above list.

When contacted specifically concerning this matter on September 29, 1972, (SE 1590-S) furnished the data set forth in referenced Seattle report on page 4, attributed to him SE T-2.

In view of the above, it was decided Seattle need not submit a supplemental report.

Seattle also discussed the data mentioned in paragraph 5, page 2 of Buairtel pertaining to a leaflet entitled "Committee To Defend Babak Zahraie". It was not felt the data therein was particularly significant and therefore, UACB it is not being submitted as an exhibit to a supplemental report. No further action is being taken by Seattle in ^{informant} ~~incident~~ case.

Seattle and Sacramento refer to Bureau letter 5-22-74, which instituted full field investigation and to Seattle report 6-10-74, and Sacramento report 6-11-74. Sacramento also refer Bureau telcal 6-27-74.

Enclosed for the information of Las Vegas is a copy of referenced Bureau letter and SF-85 regarding employee.

Referenced Sacramento report is being revised at the Bureau. It is noted that only one source was utilized to provide information to characterize activities of employee's brother-in-law, Siamak Zahraie. Information utilized is being restated in more general terms. Also, information regarding individual's attendance at a secret meeting of Persian students in Chicago is being deleted. Copies of pages as revised at the Bureau will subsequently be forwarded Sacramento and Seattle.

Sacramento refer Sacramento letter and letterhead memorandum 9-30-74 regarding Siamak Zahraie and Babak Zahraie, Sacramento files 100-2474 and 100-2821. Information is set forth in the last paragraph on page 4 indicating the employee during the summer of 1971 lived in Modesto, California, with Babak Zahraie for a short period of time and on September 14 or 15, 1971, they were married in the Lake Tahoe area in Nevada.

Re: Kathy Camille Zahraie

Sacramento consider additional investigation at Modesto, California, in an effort to verify employee's residence and/or possible employment in that city during summer of 1951.

Las Vegas review marriage records in an effort to verify marriage. In this regard, it is noted that Seattle report on page 5 referred to a source indicating employee and Zahraie were married at South Shore, Lake Tahoe, Nevada in September, 1971. Such information attributed to the source in Seattle's report has been deleted.

For the information of Seattle, referenced Seattle report has been revised and amended pages will be forwarded to Seattle. Information attributed to SE T-4 has been deleted from such report.

Seattle refer Seattle summary report 7-6-73 regarding employee under SM-SWP character. Information was set forth in that report attributed to (SE 1134-S,) indicating that as of February, 1972, employee was a member of the YSA. This information was set forth on page 6, paragraph 4, of referenced summary report. Seattle review original informant information and if employee specifically identified as of February, 1972, as a YSA member, include such information in supplemental SGE report.

Seattle refer last paragraph on page 4 of referenced Seattle report which continues to top of page 5, which information has been deleted. This information appears to relate to the leaflet, a copy of which was included as page 11 in Seattle LHM 5-1-73 entitled "Committee to Defend Babak Zahraie," Seattle file 100-31538. If this is the leaflet which is referred to, Seattle should indicate source and indicate copy of the leaflet attached as an exhibit to supplemental Seattle report.

Remaining investigation should be expedited and RUC communication submitted at the earliest possible date.

RESULTS OF INVESTIGATION

On Standard Form 85, employee indicated that she was married to BABAK ZAHRAIE, born March 26, 1950, in Tehran, Iran, and married on September 17, 1972, in Lake Tahoe, Nevada.

Information is set forth elsewhere in this investigation identifying SIAMAK ZAHRAIE a brother of BABAK ZAHRAIE.

ACTIVITIES OF SIAMAK ZAHRAIE

During the period from July 6, 1970 through September 14, 1971, a source provided information regarding SIAMAK ZAHRAIE as follows:

SIAMAK ZAHRAIE attended five Young Socialist Alliance-Socialist Workers Party (YSA-SWP) meetings in San Francisco and Berkeley, California, between July, 1970, and October, 1970.

A characterization of the YSA-SWP is attached hereto as an appendix to this report.

During January, 1971, SIAMAK ZAHRAIE attended a YSA-SWP educational meeting at the Students Union at the Modesto Junior College, Modesto, California and a YSA-SWP Forum in Oakland, California.

SC 140-429

During early 1971, SIAMAK ZAHRAIE attended a regional meeting of the YSA at Sacramento State College, Sacramento, California and a regional meeting of the YSA-SWP at Modesto, California.

In April, 1971, SIAMAK ZAHRAIE was described as a member of the Persian Students Union, reportedly made up mostly of Middle East Asians, who have goals similar to other Communist-oriented groups. He openly referred to himself as a "Trotskyist" and was of the opinion the U.S. Government "must go".

During the late spring or early summer of 1971, SIAMAK ZAHRAIE and his brother, BABAK ZAHRAIE, and other Iranians, discussed plans to establish a New Persian Students organization in the United States, with an alleged purpose of establishing a revolutionary base in Iran and installing a socialist Government. The existing Persian students organization was at that time considered ineffective by SIAMAK and BABAK ZAHRAIE. BABAK ZAHRAIE previously had indicated a determination to substitute Communism for the present form of Government in Iran. SIAMAK ZAHRAIE shares this same ideology.

According to source in 1971, SIAMAK ZAHRAIE, had frequently stated his desire to personally kill all of the present members of the ruling family of Iran and their administration.

APPENDIX

CONFIDENTIAL

SOCIALIST WORKERS PARTY - YOUNG SOCIALIST ALLIANCE

The SWP, headquartered in New York City, is a revolutionary, Trotskyist-communist organization which has as its purpose the overthrow of the U.S. Government, the institution of a dictatorship of the working class and the eventual achievement of a communist society. SWP was founded in the U.S. in 1938 as the American section of the worldwide Trotskyist revolutionary organization named the Fourth International (FI), which is headquartered in Europe. In 1940, SWP withdrew its formal affiliation with the FI to escape application of the Voorhis Act, which regulates certain types of organizations subject to foreign control. From 1940 to the present time, however, SWP has continued a close association with the FI and participates and votes as a "sympathizing group" in FI meetings.

While the SWP does not openly advocate the use of violence at the present time to overthrow the U.S. Government, the SWP believes that eventual violent revolution in the U.S. is inevitable. SWP seeks to precipitate revolution when conditions are ripe and to direct and seize control of the revolution when it occurs.

Importantly, the FI at its World Congress in Europe in 1974 took a position favoring the current use of guerrilla warfare and armed struggle to achieve revolution in South America and elsewhere if local conditions indicate that such violence would enhance revolution. A majority of the SWP delegation to the FI opposed the current use of violence only on the ground that it is premature whereas a minority of the SWP delegation favored the FI endorsement of violence.

The Young Socialist Alliance is the Youth Arm of the SWP.

Dr. WILLIAM C. DOLOWY, former teacher and supervisor,

Results of Investigation

On June 6, 1974, Dr. WILLIAM C. DOLOWY, 1545 North Monroe, apartment 2, River Forest, Illinois, who advised he is a part time consultant at the Veterans Administration (VA) Hospital, Hines, Illinois, stated the employee had previously been a student of his at the University of Washington, and he explained that she took a course in experimental animal medicine and received an A in the course. She subsequently was employed by him as an assistant in the laboratory at the University of Washington where he was conducting an animal research experiment. He stated he employed her because she had done so well in the course which she had taken from him. Dr. DOLOWY further related that he was a former consultant at the VA Hospital in Seattle and had recommended the employee for her present position there because he felt that, although she did not have the practical experience, she had the brains and education to do the job.

Dr. DOLOWY stated that the employee was an excellent student and employee and described her as a cheerful, competent, honest, and reliable person. He stated he knew her only in connection with her work and, therefore, knew nothing concerning her outside associates or friends and has no knowledge of any organizations to which she belonged. He declared he has no reason to question her loyalty to the United States.

Dr. DOLOWY stated that the employee had once told him that she had formerly been married to an Arab gentleman but was separated from him and never gave the reason for the separation. She mentioned that this individual was having trouble with the immigration people, and she stated that they were trying to deport him. Dr. DOLOWY stated he knows nothing regarding the circumstances of their marriage, but stated that there had been articles in the local newspaper concerning this individual, BABAK ZAHRAIE, which he had read and which indicated that ZAHRAIE was under deportation proceedings by the Immigration and Naturalization Service. Dr. DOLOWY stated he does not recall the reason for these proceedings.

CG 140-7576

Dr. DOLOWY further related that he believes the employee is in the process of obtaining a divorce because she has written to him and stated that she has met a man, whose name she did not indicate, whom she plans to marry.

Dr. DOLOWY related that he and his wife own the home at 8333 S. E. 57th Street, Mercer Island, Washington. They moved from there in December, 1973, and left the home temporarily vacant. In March or April, 1974, the employee moved into that home and is temporarily looking after it to protect his and his wife's belongings, and also because insurance rates on a home are lower if the home is occupied. He stated this is an indication that he believes the employee is honest and trustworthy. Dr. DOLOWY further related that he is not acquainted with MARILYN W. WILSON, and stated she is probably the employee's friend whom the employee had mentioned in a letter would be living there with her.

Concerning the employee's relatives, Dr. DOLOWY stated that on one occasion he met the employee's parents briefly and stated that her father, whose name he does not recall, is a doctor in Seattle. He also related that he once boarded his horse at a horse farm called Kelly's Ranch, which is located at Issaquah, Washington. Mrs. KELLY, the wife of the owner of this ranch, is an aunt or cousin of the employee.

Dr. DOLOWY stated he could furnish no additional information concerning the employee.

On May 29, 1974, FLORENCE M. GAVINSKY, Personnel Clerk, Veterans Administration Hospital, 4435 Deacon Avenue South, Seattle 98103, made available the official personnel folder reflecting that KATHY CAMILLE ZAHRAIE, maiden name SLEDGE, has been employed as a Biological Aide (animal) at the Veterans Administration Hospital since March 31, 1974, and is still so employed.

On February 25, 1972, SE T-1 advised that the name "KATHY SLEDGE, 816 N.E. 53rd" appeared on a list of names pertaining to the Seattle Branch of the Socialist Workers Party and the Young Socialist Alliance. T-1 also reported KATHY ZAHRAIE was in attendance at a Socialist conference on February 25, 1972, which conference was attended by individuals who were members of the Socialist Workers Party and the Young Socialist Alliance as well as people who were not members but attended due to interest.

Information regarding the Socialist Workers Party (SWP) and the Young Socialist Alliance is set forth in the appendix of this report.

CONFIDENTIAL

On September 29, 1972, SE T-2 advised the list of names maintained by the Seattle Branch of the YSA and as of February 26, 1972, consisted not only of the membership list of the Seattle branches of the above organizations but also consisted of a mailing list. SE T-2 advised that KATHY ZAHRAIE, as of September, 1972, was not a member of the SWP or YSA.

SE T-2 did advise, however, that KATHY was in attendance at the YSA business meeting held on August 7, 1972.

Using the name KATHY SLEDGE, she executed a national voters declaration declaring she personally attended the nominating convention of the Socialist Workers Party, Seattle, on the day of the state primary election held on September 19, 1972. She listed her address as S16 Northeast 53rd, King County, Seattle, Washington, giving her precinct number as 43-98. This voters declaration was filed September 26, 1972 in the office of Secretary of State of the State of Washington.

On January 30, 1973, SE T-3 made available a leaflet he obtained at Socialist Workers Party headquarters, Seattle, on January 13, 1973. This leaflet was headed "Committee to Defend Babak Zahraie". This leaflet appealed for assistance in defending BABAK ZAHRAIE who was facing possible deportation from the United States by the U.S. Immigration and Naturalization Service based upon BABAK ZAHRAIE's political beliefs, and also due to certain alleged technical violations on the part of BABAK in connection with his visa and student status at the University of Washington. This leaflet stated "KATHY SLEDGE ZAHRAIE, a native born U.S. citizen, is appealing this politically inspired attempt to separate her from her husband. This leaflet indicated that defense attorney for BABAK ZAHRAIE was a MICHAEL WITHEY, who will be mentioned later in this report. The leaflet appealed for funds and other support to be mailed to Box 133, Hub Building, University of Washington.

An article in the Seattle Post-Intelligencer newspaper, a daily at Seattle, Washington, dated April 3, 1973, contained an article captioned "Iran Student Wins Deportation Fight". This article stated in part that JOHN BOYD, Regional Director of the Immigration Service, Seattle, announced BABAK ZAHRAIE had been granted permanent resident status because of his marriage to the former KATHY SLEDGE of Spokane, Washington.

The same article said BABAK ZAHRAIE believed his difficulties with the U. S. Immigration authorities had been caused by his criticism of the government of the Shah of Iran and his anti-war activities.

An article in the Seattle Post - Intelligence, Supra, dated February 11, 1972, entitled "UW Iranian Student Charges 'Political' Move to Deport Him" is attached as Exhibit "A." It is noted that article indicates ZAHRAIE was at that

She said BABAK was very active politically, and opposed the war in Viet Nam. She confided that she married BABAK for two reasons:

On 6/8/74, ARTHUR H. GOURLAY, 311 N. 47th Street, an employee of Tradewell, Inc., Kent, Wa., advised as follows:

His home telephone is 632-5770, and his telephone at work is BA 6-3700. GOURLAY stated he owns the residence at 816 N.E. 53rd Street which he has used as a rental house for the past several years. The employee and her husband BABAK ZAHRAIE, rented the above house from him about September, 1971, shortly after their marriage, and resided in the residence until approximately 7/1/72. During the first two or three months they were fairly satisfactory tenants, however, as time went on, GOURLAY had a constant "hassie" to obtain the rent and when he went to collect the rent, he found the house was always dirty and unkempt. They made all sorts of excuses for not paying the rent on time and GOURLAY observed stacks of political literature in the house, and recalls seeing a large number of books, the works of LENIN, and a poster picture of LENIN on the wall. On one occasion, while there, the employee and BABAK were discussing the deportation proceedings against BABAK by the U.S. Immigration and Naturalization Service, and they expressed the opinion her marriage to him could save him from being deported.

GOURLAY stated he read in the newspapers about BABACK's deportation problems with INS.

GOURLAY stated that they seemed to have money from somewhere, since they purchased an expensive Persian rug, and on one occasion when he went to collect the rent, KATHY stated that BABAK had the rent money, but was attending a rally in Vancouver, B.C., Canada. GOURLAY advised that BABAK's brother resided there for a short time.

He heard from someone, unrecalled, that they had a check or two "bounce" at the Food Giant Market.

GOURLAY said the last month of rent was prepaid, but he was never able to collect the next to the last month's rent. When employee and BABAK left, the house was in a very dirty run down condition, although they had signed a lease promising to keep it clean and in the same condition as when they moved in.

GOURLAY has not seen either of them since they moved out in about July 1, 1972.

GOURLAY advised that based on his knowledge as set forth above, he would not recommend KATHY ZAHRAIE for a government employment. He declined to furnish a signed statement, but said he would be willing to appear before a government hearing board at Seattle if necessary.

3643 Densmore Avenue N.
Seattle, Washington
7/1/72 - 3/1/73

On 5/30/74, Mr. and Mrs. ROBERT G. (ESTHER J.) ELLIOTT, 3645 Densmore Avenue N., furnished the following information:

Mr. ELLIOTT is retired from the U.S. Navy. To the best of ELLIOTT's recollection, they believe the employee and her husband, BABAK ZAHRAIE, moved into 3643 Densmore Avenue N., about 6/72, rather than 7/72. They recalled that BABAK ZAHRAIE was a foreign student from Iran whose parents were rather affluent. They believe BABAK's mother came to Seattle about 6/72 and purchased the house at 3643 Densmore Avenue N., so that BABAK and KATHY would have a nice place to live. They related that in approximately 9/72, BABAK's younger brother and sister also came to Seattle from Iran and attended the University of Washington during the 1972 - 73 school year. They also heard that BABAK had a brother, name unknown, who was under deportation proceedings in the Boston area by the U.S. Immigration and Naturalization Service.

Mr. and Mrs. ELLIOTT advised they had read several articles in the Seattle papers concerning possible deportation proceedings against BABAK ZAHRAIE, but had no personal knowledge concerning any political activities on the part of BABAK or KATHY. They said there was a constant stream of people coming and going from the ZAHRAIE residence, and two or three of the other neighbors had complained at times due to the loud noise when they had parties. The ELLIOTTS advised that when they were warned to quiet down, "they did so". They considered KATHY to be a very nice person and said they would recommend her for a government position if her job did not involve sensitive government data. Mr. and Mrs. ELLIOTT believed BABAK ZAHRAIE's mother purchased the house from Mr. and Mrs. E. C. MC NICHOLS about 6/72, stating the MC NICHOLS moved to 537 Thompson Creek Road, Applegate, Oregon, right after selling their house.

Mr. and Mrs. ELLIOTT believed that KATHY moved out of the above residence about 3/73, but indicated that BABAK was gone during part of the time they lived there. In the spring of 1973, when KATHY left, BABAK returned to the house with two or three other young Arabs, names unknown, and resided there. The three of them moved out about 6/73. They do not know where BABAK ZAHRAIE is at the present time.

On 6/5/74, Mrs. E. C. MC NICHOLS, mentioned above, telephonically advised that BABAK ZAHRAIE, with the assistance of his mother, purchased the house at 3643 Densmore Avenue N., from the MC NICHOLS on 6/1/72. She recalled that they moved to Oregon in July, 1971, at which time BABAK ZAHRAIE and his family took possession of the house.

Mrs. MC NICHOLS advised that she met the employee and her husband BABAK only once and could not comment any further.

On 6/5/74, SUE BUCHANAN, student, 3639 Densmore Avenue N., advised she is several years younger than KATHY ZAHRAIE who lived next door until about the spring of 1973. Miss BUCHANAN advised she was never in their house and knew them only to speak to. She said they had numerous visitors and some "loud parties" at times, but she had no knowledge concerning their activities and could not comment further.

On 6/3/74, Mr. THOMAS COPPAGE, owner and manager of Coppage Realty Company, 4700 11th Avenue N.E., advised that he owns the Balconare Apartments at 5215 15th Avenue N.E., and over a period of years has hired various persons to manage the apartments for which they receive free rent.

About 6/73 a young couple, whom he knows as Mr. and Mrs. FRED (KATHY) LOVGREN, came to him and wanted to act as managers of the apartment house which contains 20 units. COPPAGE advised that all the managers have to do is show the apartments and report any repairs to be done, but do not actually have to do any other work in maintaining the apartments. He interviewed Mr. and Mrs. LOVGREN and they seemed to be a nice young couple. Since the previous manager, FRED KHASHA was leaving, he hired them to be managers.

Mr. COPPAGE produced a copy of a letter which he sent them, dated 7/2/73 with instructions concerning managing the apartments. This letter was directed to Mr. and Mrs. FRED LOVGREN, managers, Balconare Apartments, 5215 15th Avenue N.E., apartment 4.

COPPAGE advised that on occasion they do collect money for him and he has observed that KATHY and FRED LOVGREN have been responsible and honest concerning money matters. He stated that KATHY seems to take more responsibility and to be more conscientious in managing the apartments than does FRED LOVGREN.

He stated he has not had any complaints from the tenants concerning them. He has not been in their apartment nor heard of any political activities therein.

She said KHASHA was a foreign student from Iran and was well acquainted with FRED and KATHY LOVGREN. Mrs. COPPAGE believes that FRED LOVGREN is working part time as a Yellow Cab driver and also attends the University of Washington as a student. REFERENCES

On 6/6/74, Dr. MARK KEYES, 19903 92nd Ave. South, Kent, Washington, employed at Department of Commerce, Marine Mammal Department, U. S. Naval Support Activity, Sand Point, Seattle, advised he has known the employee since about June, 1973, when she became employed by Dr. WILLIAM C. DOLOWY, Professor-in-charge of the Animal Research Division, University of Washington (UW) Medical School.

Dr. KEYES was an Associate Professor in the Department and had rather frequent contacts with the employee from about June to December, 1973. At that time, the research grant for the above Department expired and Dr. DOLOWY accepted employment in River Forest, Illinois. The employee, however, did remain on for a few weeks to handle leftover matters for the Department.

Dr. KEYES advised that the employee was very interested in marine mammals and was very conscientious and capable in her work. He knew her only on the job but found her to be a bright, forthright and intelligent girl. He never met her husband or knew anything concerning her personal life, but his impression of her was favorable and he recommended.

On 6/5/74, Miss MARILYN WILSON, 8333 57th Street S. E., Mercer Island, Washington, telephone No. 232-3520, and employed as a Employment Counselor, Lake Forest Park, Seattle, advised that she met the employee about 1970 at the UW and they have been good friends since 1972.

Miss WILSON advised that she is taking care of the residence of Dr. WILLIAM C. DOLOWY, 8333 57th Street S. E., Mercer Island, Washington. Dr. DOLOWY authorized the employee to look after his property about March, 1974, and employee asked MARILYN WILSON to occupy the residence, with Dr. DOLOWY's consent since employee resides at 5215 15th N. E., Apartment 4.

Miss WILSON advised that she never knew BABAK ZAHRAIE well but does know that employee separated from BABAK in about the Spring of 1973. She said she does not know whether KATHY plans to divorce BABAK or not but knows she does have a boyfriend, FRED, whom Miss WILSON has met on several occasions at 5215 15th N. E.

CONFIDENTIAL

Miss WILSON advised that employee is extremely interested in the study of animals and is very excited and happy about her present position. She recommended the employee highly for Government employment.

On 6/6/74, Mr. NORMAN W. ZIRBEL, Vice President of Pacific Northwest Bell Telephone Company, Room 1912, Exchange Building, Seattle, advised he and his wife have been good friends of Dr. J. N. SLEDGE and his wife, the parents of the employee who reside in Spokane, Washington.

They became acquainted in 1952 and have been very close friends since that time.

He said KATHY was an extremely bright student in high school, graduating with honors and being among the Top Ten students in her class scholastically. He said she was very athletic and is a very pleasant and industrious girl. He has not seen her very much since she came to the UW in 1969 but has the impression that due to her idealistic nature, KATHY became sympathetic toward the underprivileged and later this led her into marrying one BABAK ZAHRAIE, whom he believes she married out of sympathy and to prevent BABAK from being deported to Iran. He said his knowledge concerning this, however, was obtained from KATHY's parents.

He also heard she planned to divorce BABAK but has been held up in securing the divorce because she could not locate him to serve divorce papers. Mr. ZIRBEL advised he and his wife have read in the newspaper that BABAK ZAHRAIE was accused of engaging in political activities against his native country and also that he was charged with being subversive by the U. S. Immigration & Naturalization Service (INS). He has no personal knowledge concerning the above. He advised that KATHY had excellent home training, was a talented pianist and was reportedly voted the most popular girl in high school in Spokane, Washington, the year she graduated.

After coming to Seattle, she was a member of Kappa Kappa Gamma sorority at the UW and resided at the sorority house during her first two years in Seattle.

Mr. ZIRBEL said he felt KATHY is a person of good

character, reputation and loyal to the United States, and he recommended her.

On 6/6/74, Mrs. NORMAN W. ZIRBEL furnished comments substantially the same as her husband.

MISCELLANEOUS

The October 12, 1974 issue of "The Militant" a weekly newspaper of the SWP, contained an article on page 19 entitled "Washington state on trial-Indians fight for fishing rights" by KATHY SLEDGE." A copy of this article is enclosed as Exhibit "B".

The October 19, 1973 issue of "The Militant", a weekly newspaper of the SWP, contained an article on page 4 entitled "Student victim of junta's slaughter," by one "KATHY SLEDGE" who was not further identified.. A copy of this article is enclosed as Exhibit "C".

On 6/3/74, SE T-10 who has been closely acquainted with the employee for several years, advised that the employee was an outstanding and quite normal student at Lewis and Clark High School in Spokane, Washington. Her grade point average was approximately 3.8 of a possible 4.0. She was a cheerleader and what might be described as "all American" girl.

After graduation, the employee enrolled at the University of Washington at Seattle, Washington, and, according to this source, "Her troubles began." Source described the employee as being somewhat lost among the impersonal atmosphere of the large University, compared to her comparatively sheltered and affluent circumstances in Spokane, Washington. Source said employee became associated with some Iranian group and commenced to read the teachings of MARX and LENIN. She commenced to espouse subjects such as women's liberation, etc. She voiced opinions very radical to her normal upbringing, while visiting her family and acquaintances in Spokane. She commenced to date one of the Iranian students named BABAK ZAHRAIE, and they had a relationship of sorts, planning to be married one moment and then calling it off at the next. It was thought by source at one time that the employee and ZAHRAIE had broken off completely. Shortly thereafter, in 1971 she married ZAHRAIE and it subsequently became apparent to this source that ZAHRAIE had married the employee merely as a convenience to permit him to stay in the United States.

The employee and ZAHRAIE lived in Seattle, Washington, after they got married, but visited family and friends in Spokane from time to time. ZAHRAIE's teenage brother and sister came to the United States and commenced to live with employee and her husband. She became disenchanted with the arrangement and decided to break off with her husband. She has since sued for divorce, which is not yet final, but should be very shortly.

Furthur, regarding the Iranian that the employee married, the source advised that he reportedly has been out of the country since he and employee got married, but source did not know where he went. She was unable to contact him for quite awhile. He promised to give her a divorce if she would pay all the costs.

Since employee and ZAHRAIE have separated, the employee apparently has changed a great deal in her thinking. Source said she found a job at the Veterans Administration Hospital in Seattle, which she likes very much. It is not a very important job, but she is fairly content.

At present, said source, the employee is living in a house on Mercer Island in the Seattle area that is owned by a professor for whom she had worked at the University of Washington. The professor is on some kind of trip and is letting employee and another girl stay there. However, said source, the employee's living arrangements at present are somewhat strange in that she has some kind of an arrangement with a man named FRED LOVGREN who was driving a taxicab and hoping to re-enroll in college. Source said LOVGREN has been to the University of Chicago for a couple of years, but he did not know much further about LOVGREN. Apparently, said source, the employee lives with LOVGREN from time to time, but the source was not certain as to what the exact living arrangement is.

This source advised that he has not the slightest doubt as to the employee's loyalty toward the United States. Her upbringing and general circumstances have been very comfortable, up until the time she started to college. She has always shown signs of preferring the better things in life, and has never shown any indication of opposition to the capitalist form of Government, such as that recognized and enjoyed in the United States; however, she did express from time to time completely different views, particularly during her association with and short marriage to BABAK ZAHRAIE. Source said he does not believe the employee would

ever constitute any kind of security risk as an employee of the United States Government.

The above source said he would not appear before a Government hearing board or furnish a signed statement.

RE: BABAK ZAHRAIE & SIAMAK ZAHRAIE 12/11

APPENDIX

SOCIALIST WORKERS PARTY - YOUNG SOCIALIST ALLIANCE

The SWP, headquartered in New York City, is a revolutionary, Trotskyist-communist organization which has as its purpose the overthrow of the U.S. Government, the institution of a dictatorship of the working class and the eventual achievement of a communist society. SWP was founded in the U.S. in 1938 as the American section of the worldwide Trotskyist revolutionary organization named the Fourth International (FI), which is headquartered in Europe. In 1940, SWP withdrew its formal affiliation with the FI to escape application of the Voorhis Act, which regulates certain types of organizations subject to foreign control. From 1940 to the present time, however, SWP has continued a close association with the FI and participates and votes as a "sympathizing group" in FI meetings.

While the SWP does not openly advocate the use of violence at the present time to overthrow the U.S. Government, the SWP believes that eventual violent revolution in the U.S. is inevitable. SWP seeks to precipitate revolution when conditions are ripe and to direct and seize control of the revolution when it occurs.

Importantly, the FI at its World Congress in Europe in 1974 took a position favoring the current use of guerrilla warfare and armed struggle to achieve revolution in South America and elsewhere if local conditions indicate that such violence would enhance revolution. A majority of the SWP delegation to the FI opposed the current use of violence only on the ground that it is premature whereas a minority of the SWP delegation favored the FI endorsement of violence.

The Young Socialist Alliance is the Youth Arm of the SWP.

UW Iranian Student Charges 'Political' Move to Deport Him

BY SOLVEIG TORVIK
AP-I Education Writer

Babak Zahraie, president of the University of Washington Foreign Student Council, yesterday charged the U.S. Immigration and Naturalization Department with attempting to deport him to silence him politically.

Zahraie claimed that immigration officials threatened to turn him over to Iranian authorities and said that he might be executed for his opposition to the Shah of Iran.

Zahraie, who is at the UW on a student visa, was arrested Tuesday by the Immigration Department and escorted to a hearing on his eligibility to re-enter the country on a student visa.

The Immigration Department said the hearing was a result of Zahraie's request to re-enter the U.S.A. from Canada Nov. 7 without the proper passport and student visa papers.

He was admitted provisionally and was to appear later at a Jan. 26 hearing, immigration officials said, but he did not appear.

Zahraie, who has been active in an attempt to roll back UW tuition to last year's rate, entered this

country in 1967 at the age of 16 and attended high school in Modesto, Calif.

He came to the UW in 1969 and is currently a junior majoring in math. He is married to the former Kathy Sledge of Spokane.

Zahraie claims that the Immigration Department has been holding his passport for two years. It was

returned one month ago but his visa was not, Zahraie said.

"How could I renew this visa (to maintain his student status) if they have held my passport and visa illegally for the last two years?" Zahraie said.

Rodney Craft, assistant director for travel control in the immigration office, said "it is not common practice" to hold a student's passport for two years but said he did not know if the department had in fact done so.

Craft said a hearing this morning at 9 a.m. at 815 Airport Way S. is to determine if Zahraie is clearly admissible as a foreign student.

Zahraie said immigration counsel B. G. Greenwold told him "it was a disgrace

to this nation that I appeared on television in the news for that rally" in which he asked for a student movement to reduce tuition.

Greenwold denied making any such statement and added, "I told him I very seldom watched television and didn't know what had gone on."

Greenwold confirmed that a notation in Zahraie's file said the department had had his passport. He said, "I don't know what the truth is on that. It may have just gotten put aside."

Greenwold said the visa is simply a stamp in the passport but it is good for

BABAK ZAHRAIE OF IRAN, RIGHT, AND HIS WIFE, THE FORMER KATHY SLEDGE OF SPOKANE

At the UW on a student visa since 1969, he now faces an immigration hearing over his status here

only one entrance to the country.

Moreover, they told me that they are going to hand me over to the Iranian authorities to take care of me," Zaharie said.

"To take care of me could mean anything from execution to a life in prison," Zaharie said, noting that he has spoken out against "the military dictatorship" in Iran which holds 4,000 political prisoners, according to Zaharie.

Zaharie said he went to Canada for seven hours one Sunday in December and was rained out and thus returned early to the U.S.A.

Zaharie said he was never informed by immigration of the Jan. 26 hearing.

A further complication of the issue is the fact that Zaharie had his registration at the UW canceled for three days for failure to pay traffic fines of a car registered in his name.

The assistant registrar, A. B. Koban, said the fines

had been paid but the registrar had not been notified and thus canceled Zaharie's registration by mistake.

"Unless they were already investigating him prior to that, they would not know about it," Koban said.

The UW claims it does not automatically inform immigration of a student's status but information about whether a student is registered is public information, UW officials said.

Students on a visa must be enrolled continuously carrying at least 12 credit hours to avoid deportation.

John P. Boyd, director of the immigration office, told The P-I Wednesday that Zaharie claimed to have "lost" visa papers and his wallet when he applied for re-entry.

Boyd also said that the UW had dropped Zaharie "I think for low grades," but Craft yesterday said, "I'm not sure that we were informed of that."

Washington state on trial

Indians fight for fishing rights

By KATHY SLEDGE

TACOMA, Wash. — The Washington game and fisheries departments are on trial here for robbing 14 Indian tribes of their fishing rights. The federal government has filed suit on behalf of the Indians, who are fighting to regain the right to fish outside their reservations.

The Indians' struggle dates back to 1854, when the Medicine Creek Treaty was signed, taking away the Indians' land on Puget Sound. The treaty did grant the tribes continued fishing rights in their "usual and accustomed places," however, whether on or off the reservations.

Despite a 1968 Supreme Court decision upholding the off-reservation fishing rights, the state of

has dropped from 16 million pounds to three million. The Indians have pointed out that construction, the removal of gravel from spawning grounds, flooding, and agricultural and industrial pollution have depleted the fish runs—not the tiny amount of tribal fishing.

The state places conservation of profits above conservation of fish, the Indians argue. They point out that "the state owes its loyalty to the commercial fishermen and to the sportsmen," not the Indians.

The tribes depend on fishing for an important part of their livelihood. Each tribe has its own conservation practices, and it would be self-defeating for them to knowingly damage the fish runs.

Although the federal government has filed the suit on behalf of the 14 tribes, the Indians view the aims of the government with distrust. At the trial, this reporter spoke with one Indian who said that individual tribe members are not at all satisfied with the way the federal government is representing them.

A member of the Yakima tribe said: "Many other tribes wanted to pull out. But we decided that we want to go through with the suit and pour into the case every bit of fact, research, biology, history, and anthropology we can and use the courtroom as a tract to get the record straight. It also helps to inform the public of our struggle.

"If we don't win at this level," he continued, "we will have under us a solid and complete legal basis for further reviews once it reaches the Ninth Circuit Court."

The Indians believe that the state fisheries department and the federal government are very close to each other in the case. "They could practically sit down and agree on this case between themselves right now," said Fred Lane, tribal coordinator.

Lane also pointed out that "the state has failed to recognize the fact that the treaty rights of Indians never belonged to the state in the first place. They were original rights held by the Indians before there was a state and reserved for themselves in an honored agreement with the federal government while Washington was still a territory."

Furthermore, the federal government has allowed the state to develop two completely different cases. The fisheries department argues that it does recognize treaty rights, and simply asks the court to determine the scope of those rights so it can regulate them. The game department, on the other hand, says the Indians have no treaty rights, and refuses to concede that it should allow any tribal fishing at all.

Despite these obstacles, the Indians say they are determined to "fight as our ancestors have for over 100 years for our rights, as the original inhabitants of this land, to fish and sustain ourselves."

'Fish-in' in Washington, 1968. Indian struggle continues for right to livelihood.

Washington says the Indians can fish only on their reservations and then only for a limited amount of fish, "so as not to deplete the resources."

The state game department has placed a blanket ban on the netting of steelhead (a type of trout) and other fish by the Indians, declaring the steelhead game fish only. Some 100 Indians currently face trial for fishing off the reservations, and the arrests continue as the trial here goes on.

State officials have continually charged that the tribes do not know how to regulate their off-reservation fishing and thus threaten the conservation of steelhead and salmon.

At the trial, however, biologist and fisheries expert Dr. James Heckman testified to the contrary. The Indians "know much more about the fish and fishing than many of us learn in college," he said. According to Heckman's figures, the Indians take only 5 to 6 percent of the total catch in the area, the rest going to sports fishing and commercial catches.

Student victim of junta's slaughter

By KATHY SLEDGE

SEATTLE—David Hathaway, 24, was the roommate of Frank Teruggi, an American graduate student who was found riddled with bullets in the Santiago morgue early this month. He was among those murdered by the Chilean junta as "foreign extremists."

On Oct. 9, Hathaway told *The Militant* what happened to him and his roommate in the wake of the military

Frank Teruggi, slain U.S. student

coup. On Sept. 20, just 15 minutes after the 8 p.m. curfew, Frank and Dave were sitting at home when police entered, looking for foreigners.

Hathaway said the "antiforeigner hysteria" was whipped up by the junta "to use foreigners in Chile as scapegoats. They tried to blame all Chile's problems on these 14,000 'foreign guerrillas' who had come into Chile under Allende to 'provoke violence

and civil war,' to 'kill Chileans,' and to take jobs away."

The police ransacked their house but could only find a few Marxist books and magazines, mostly in Frank's room. Frank was a student of economics at the University of Chile, and Dave was at that timeworking as a lathe operator in a Santiago factory after completing studies in sociology.

After spending a night in jail, the two were taken to the national stadium and placed in a cell with other foreigners. About six hours later, Frank Teruggi was called out of the cell by the guards. He was not seen alive again.

Dave was informed of his death by the U.S. consulate and was taken to the morgue to identify the body. It was so riddled with bullets, however, that Hathaway could not identify it. The body was finally identified as that of Teruggi by the fingerprints and a dental plate.

"It's hard to say why Frank was killed," said Hathaway. "Many foreigners suspected of being 'extremists' were beaten, but this brutal treatment was very arbitrary."

"One night they brought four or five Chileans into the corridor right in front of the two cells of foreigners and beat them violently with gun butts and clubs for two or three hours. I don't know why they did it, knowing that we would probably go out and tell about what they were doing."

"In fact, among the foreigners in my cell, there was an agreement, an understanding, that this story had to be told to everyone, and that when we got out we would take the truth out to each of our countries about

the terrible conditions in Chile."

Hathaway estimated there were about 7,000 people in the stadium. It was overcrowded. People had to either sleep overlapping each other or take turns, sleeping in four-hour shifts. The first two days he was there no food was given to the prisoners; on the third day, they got only some bread and coffee.

When asked how he was released, Hathaway emphasized the important role of international pressure, especially from the United States. He felt that cables, letters, and other forms of pressure from the U.S. had forced the U.S. embassy to make a deal with the military.

"They agreed to release us [the American prisoners] if the embassy guaranteed that we would be out of the country in two to three days. I was given 72 hours to leave Chile."

FBI eavesdrop violations alleged

Washington Post

WASHINGTON — The FBI has secretly bought thousands of dollars worth of electronic surveillance equipment through a front company that added 30 per cent to the actual prices, the House Intelligence Committee was told Thursday.

The allegation was one of many leveled at a hearing that showered the bureau with charges of laxity and indifference in enforcing the anti-eavesdropping laws and even connivance in violating them.

One witness, Martin Kaiser, whose Maryland firm manufactures electronic surveillance and counter-measure equipment, said that he sold approximately \$100,000 worth of such devices to the FBI over a five-year period, but that he always was ordered to route it through the U.S. Recording Co., a private firm in Washington.

He said he finally refused to do business with U.S. Recording in late 1973. The FBI, Kaiser said, has made no such purchases from him since, although it has continued to buy bomb detection equipment that he has always sold to the bureau directly.

Other highlights of the hearing:

REP. RONALD Dellums, D-Calif., disclosed that the phone at his congressional district offices in Berkeley had been monitored with highly sophisticated equipment in 1972, apparently by a government agency, and that he has since been informed of other plans to eavesdrop on telephone conversations to and from his California offices on a daily basis.

Congressional colleagues, Dellums said, "in effect, told me I was totally helpless. . . I operate on the assumption that it (the surveillance) is there right now."

A FORMER Houston plainclothes policeman who is scheduled to start a three-year federal prison term for wiretapping, Anthony Zavala, said FBI agents, as well as representatives of other agencies, such as customs and the Bureau of Narcotics and Dangerous Drugs, were fully aware of illegal wiretaps carried out by Houston police.

The former U.S. attorney in Houston, Anthony Farris, added that he repeatedly ran into a stone wall in his efforts to get the FBI to conduct a serious investigation of illegal electronic surveillance by the Houston police. Farris, who left office last December, said even appeals he directed to FBI Director Clarence Kelley and former Atty. Gen. William Saxbe resulted in "nothing—zip."

"Saxbe didn't answer, Kelley didn't answer. . . no one answered," Farris protested. "I don't think they were listening."

The FBI had no immediate comment on the equipment purchases or any of the other charges leveled. Kaiser said his dealings with the FBI began around 1967 or 1968 but except on one occasion, "The FBI would never correspond with me. Instead they sent agents to my factory who selected equipment and made large orders."

The FBI, Kaiser said, also directed him not to send the equipment to the bureau, but to U.S. Recording. When he told the bureau that federal law would not allow him to sell some of the equipment to anyone "except a bona fide governmental agency," Kai-

ger said the FBI supplied U.S. Recording with a stamp certifying that the purchases "were in accordance with U.S. law."

Under questioning by Rep. David Treen, R-La., Kaiser said he learned of the 30 per cent markup U.S. Recording was charging the FBI by happenstance, on a visit Kaiser once paid at the Old Post Office Building to the FBI official he dealt with.

Kaiser said he noticed some paperwork from U.S. Recording on the FBI official's desk, looked at it, and compared the prices with what he'd been charging.

He told reporters later that of the equipment he sold in this fashion, approximately a fourth of it was for eavesdropping and the rest for "countersurveillance."

Although he said he stopped doing business with U.S. Recording in 1973, Kaiser testified that he was recently contacted by a distributorship in Massachusetts which "had received a request for my equipment to be routed through U.S. Recording."

The Massachusetts firm's brochure shows a 100 per cent markup in the price he charges, Kaiser said, and the equipment "will undoubtedly receive a further markup at the hand of U.S. Recording on the way to its ultimate consumer."

UNITED STATES HOUSE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES

On October 15, 1975, Special Agent Paul V. Daly of this Bureau in a discussion with Staff Member Richard Vermeire of captioned Committee raised the question of the proper selection of Bureau witnesses to appear before captioned Committee citing, in part, the problems which arose out of the appearance on October 9, 1975, of Unit Chief James C. Kraus. It was explained to Vermeire that the method of selection by the House Select Committee was such that the Committee was not obtaining the best possible witnesses and that in most instances it would be beneficial for both the Committee and the Bureau for the Bureau to have an input into the witness selection process. It was indicated to Vermeire that the Bureau upon learning of the topic that was the subject of a hearing could suggest the witness that would be the most knowledgeable concerning that particular matter and, more importantly, be in a position to address policy questions which might arise during a hearing. D

Vermeire stated that, generally, in the future he intended to consult the Bureau prior to requesting a particular witness so that the Committee might avoid problems such as those that were posed during the testimony of Unit Chief James C. Kraus. He stated that he could not make a commitment for the Committee that the Bureau would have an input into the witness selection process; however, he stated that both he and Timothy Oliphant, Staff Member of the House Select Committee, felt strongly that their procedures concerning witness selection had to be changed along the lines stated above and that their views are generally accepted by the Committee itself.

ON INTELLIGENCE ACTIVITIES (HSC)

Reference is made to the HSC letter, dated August 19, 1975, requesting all wiretaps or electronic surveillances from January 1, 1970, through June 30, 1975, accompanied by all documents provided the Attorney General to support the installation of such wiretaps or electronic surveillances.

Enclosed for your approval and forwarding to the HSC is the original of a memorandum which is in partial response to Items 3 and 4 of the August 19, 1975, letter.

It is to be noted that at a briefing held at Federal Bureau of Investigation (FBI) Headquarters, October 10, 1975, between FBI and HSC representatives, which meeting was attended by Mr. Steven Blackhurst, Assistant Special Counsel for Intelligence Coordination, Department of Justice, Congressman Robert McClory, HSC committee member, inquired as to whether information concerning this Bureau's electronic coverage of Morton Halperin was to be furnished the HSC. Mr. Blackhurst responded that Bureau material regarding Halperin in this sensitive area has been placed under a restrictive court order. Mr. Blackhurst stated he would determine if the court order prevented the FBI from furnishing the desired material to the HSC, and if so, whether or not the court order could be modified to enable the FBI to accede to the HSC request. No action is being taken by this Bureau concerning the above inquiry of Congressman McClory pending receipt of instructions from the Department.

RE: ELECTRONIC SURVEILLANCES

Reference is made to the HSC letter, dated August 19, 1975, requesting all wiretaps or electronic surveillances from January 1, 1970, through June 30, 1975, accompanied by all documents provided the Attorney General to support the installation of such wiretaps or electronic surveillances.

The purpose of this memorandum is to effect delivery to the HSC of an additional 115 excised items which were previously provided the Attorney General to support requests for his authorization to conduct electronic surveillances.

In accordance with a request made by Representative Robert McClory, HSC Committee member on October 10, 1975, at a briefing afforded by Bureau personnel, concerning electronic surveillances, special emphasis has been placed by this Bureau on furnishing the HSC on a priority basis that material which pertains to electronic coverage afforded domestic targets. It should be noted that the material being delivered with this memorandum pertains exclusively to domestic targets. Continued emphasis will be made by this Bureau to comply with the above request of Representative McClory concerning domestic targets at the earliest possible time.

At the above briefing, requests were made by HSC representatives present as to the number of domestic targets afforded electronic coverage by this Bureau during the years 1970 to 1972, and whether or not the Socialist Workers Party (SWP) was one of the targets so covered. From a

review of material available at Federal Bureau of Investigation (FBI) Headquarters, concerning such matters, it has been determined that approximately 59 domestic targets were the subject of Bureau electronic coverage during the period in question. It has also been determined from a review of this same material, that the SWP was not the subject of electronic coverage by this Bureau during the period 1970 to 1972.

As additional items are excised and made ready for delivery to the HSC, we will furnish them in the same manner as those being submitted with this memorandum.

NOTE:

Answers to the above HSC inquiries concerning number of domestic targets afforded electronic coverage and whether or not the SWP was the subject of such coverage, was obtained from a review of charts currently being prepared by the Intelligence Division in an attempt to be responsive to HSC inquiry concerning the scope of this Bureau's electronic coverage during the period 1970 to 1975, which charts are maintained by the Senstudy and Houstudy projects.

This recommends House Select Committee on Intelligence (HSC) Staff be given limited access to O & C file material under same guidelines which were applied when we permitted Senate Select Committee on Intelligence (SSC) Staff access to it.

Letter from Department 10/6/75 forwarded HSC request dated 10/3/75 requesting that we deliver "all files, memoranda and materials found in former Director, J. Edgar Hoover's safe, after his death." Department memorandum requested discussion with us regarding response to HSC request. From 10/9/75 to 10/21/75, Michael E. Shaheen, Jr., and Steven Blackhurst, Special Counsels for Intelligence Coordination of the Department, negotiated with the HSC on this request. On 10/21/75, Mr. Blackhurst informed us that the HSC will accept the same guidelines which applied in our granting SSC access to O & C material. Single copies of the aforementioned guidelines and of the aforementioned correspondence are attached.

Procedure followed with SSC was to first make available for review the excised summaries of the O & C files prepared by the Inspection Division. Review of these summaries, while not disclosing derogatory information to which the Committees are not privy, served to have the SSC eliminate from further consideration some files which were of no interest to the SSC. Thereafter, Supervisor Hugh Mallet, now of Legal Counsel Division, met with Committee Staff, holding possession of the actual O & C files and responding, according to guidelines, to inquiries by Staff for pertinent information. This procedure satisfied SSC requirements and it is hoped that following the same process will satisfy HSC, while protecting our interests.

Re: Houstudy 75

The O & C material is, of course, closely held and it will be necessary initially for Mr. Mallet to meet with HSC Staff for the handling of the O & C material, inasmuch as he is most familiar with the necessary process. However, in view of Mr. Mallet's other current responsibilities, a representative of the Intelligence Division will be phased into this process as soon as possible.

Richard Vermiere, HSC Staff Member, informed Supervisor Paul V. Daly, Legal Counsel Division, 10/21/75, that he would like to begin review of O & C material 10/23/75. However, on 10/22/75, he told Mr. Daly that he would be out of town on 10/23 and 10/24/75 and would therefore contact us thereafter to make arrangements for review of this material.

ACTION:

With your approval, we will proceed as indicated above to grant limited access by HSC Staff to O & C material.

SUBJECT: O & C Files Access

The procedures which were adopted on July 24, 1975, will ultimately apply to access questions involved in the O & C Files. In order that there is consistency in reaction to this question, I have discussed the O & C Files and our concerns about them with the Senate Select Committee staff and have reached an agreement which the Bureau finds most satisfactory. The agreement, which I propose to carry out, is as follows:

Those O & C Files which contain no derogatory information (and this is about 90 or 100 of the 150 odd files) will be made available for access by the Senate Select Committee staff under the terms of the Procedures. As to those files which contain derogatory information, access will be withheld; however, the file will be held in the custody of a special agent who already has detailed knowledge of it, and who will answer procedural as opposed to substantive questions, at the request of the SSC staff, in an interview format. The derogatory information will, thus, not be disclosed, and the SSC staff members do not want to have it; however, the information as to the procedures which resulted in the collection of the derogatory information, and any disposition of it, will be to the extent reflected by the file made available to the Senate Select Committee staff members.

I think that this system is a most satisfactory arrangement from the position of discharge of the mandate of the Senate Select Committee, discharge of our responsibilities regarding the files, and protection of the privacy of all individuals involved.

Unless directed to the contrary, the Bureau and this Office will proceed as indicated above.

Mr. Clarence M. Kelley, Director

Washington, D.C. 20535

Dear Mr. Kelley:

I want to thank you for your reply to my inquiry concerning Bureau operations within Berkeley. I would like to follow up that reply with an additional inquiry into some of the policy matters which underpin that response.

1. I was frankly surprised to note the size of the contingent of Agents operating from the Berkeley Field Office (19), and would appreciate knowing how this compares to other cities of 100,000 population? In addition, how does this compare to other cities of 100,000 population which are located within a Standard Metropolitan Statistical Area of the size of the San Francisco-Oakland SMSA and which have other major offices (in this instance offices are located in San Francisco and Oakland at least)?
2. What are the Bureau's policies regarding "affirmative action" or assignment to areas with substantial minority communities? Berkeley has a Black population of some 25% and a population of other minorities around 10%, yet the Field Office is 100% white/male. Is this a situation which the Bureau tries to avoid, or is it not a consideration?
3. What percentage of the Offices time is devoted to those categories of activity which are labeled as "domestic intelligence and internal security"?
4. What plans are there for deploying SWAT teams in Berkeley? To what extent are Agents subordinate to or restrained by the Berkeley Police Department in utilizing SWAT teams? Would the Bureau refrain from SWAT type deployment at the request of the local jurisdiction? These questions are of particular concern to me in light of the decision, and appropriate one I believe, of Chief Agent Bates to avoid the use of such force in apprehending the remnants of the so-called Symbionese Liberation Army.

5. Has the Bureau utilized so-called "black bag" operations in carrying out its mission in Berkeley? If so, how many type operations were carried out? When were they carried out, and if they have been terminated, when were they so terminated?

I thank you for your consideration of this further inquiry and look forward to your reply.

Dear Congressman Dellums:

This is in response to your letter to me dated September 29, 1975, which was received on October 7, 1975.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the Federal Bureau of Investigation's San Francisco Office.

The complement of Special Agents assigned to the Berkeley Resident Agency is consistent with need in that portion of the territory for which our San Francisco Field Office is responsible. The assignment of personnel to the Berkeley Resident Agency is in proportion to that of areas of similar size and of like metropolitan composition.

The FBI applies a positive program aimed at circulating opportunities in the FBI for members of minority groups and attracting those who are interested and qualified. Our positive program, which receives guidance through the Bureau's Office of Equal Employment Opportunity Affairs at our Headquarters in Washington, D. C., is applied by the Special Agents in Charge of our 59 field offices and their staffs. While we do not have any minority or female Special Agents headquartered in Berkeley, we do have Special Agents of various minorities, including Blacks, Hispanics and Orientals, and female Special Agents assigned to our San Francisco Office and they are available for assignment wherever the need may arise including in Berkeley.

Honorable Ronald V. Dellums

Based on a survey during March, 1975, the San Francisco Office was devoting under 20 percent of its time to domestic intelligence (internal security) matters. This survey did not break down the allocation of manpower below the field office level.

The Special Agent in Charge of every FBI field office is responsible for the use of the manpower in his office. He has the authority to deploy specially trained personnel as necessary. Our Apprehension Teams, which have as their objectives the enforcement of laws within our jurisdiction and the protection of lives, may be used in FBI cases in which the risk of danger to human life is greater than normal. When we have jurisdiction the decision of how best to respond is ours alone. We do not anticipate any conflict with state or local law enforcement agencies in this regard.

By "black bag" operations I assume you mean surreptitious entries. Since the matter is being reviewed by the Department of Justice, it would be inappropriate for me to discuss it.

Dear Mr. Jones:

As you are aware, I have been concerned for some time about the nature of the Bureau's involvement in local law enforcement affairs. This concern has been heightened by my appointment to the House Select Committee to Investigate the U. S. Intelligence Community. In this light, I am requesting answers to the following questions concerning FBI activity in Berkeley:

1. What is the size of the contingent of agents in the Berkeley field office?
2. What are the functional responsibilities in the field office, and what are the percentages of agents involved in each, i.e., political, drug abuse, criminal, etc.?
3. What are the titles of the agents, and how do these relate to their involvement in category two?
4. What is the ethnic and sexual breakdown of the staff and agents in the Berkeley field office?
5. What are the interactions and working relationships between the field office, the Berkeley Police Department, the University of California Police Department, private security agencies and informers? How many informers are utilized by the field office?
6. Recent disclosures have raised serious questions regarding the Bureau's involvement in political surveillance activities of organizations and individuals over the past several years. What actions has the local field office taken to correct the abuses of these actions, and what political surveillance is being undertaken?

Dear Congressman Dellums:

This is in response to your letter dated May 28, 1975, sent to the Senior Resident Agent of the Berkeley, California, FBI Resident Agency.

To clarify your inquiries, it should be noted the Resident Agency at Berkeley, California, operates under the general supervision of the FBI's San Francisco Office.

There are currently nineteen Special Agents assigned to the Berkeley Resident Agency. All are white males. The function of a resident agency is to handle all FBI matters within its specific geographical territory. This includes criminal, security and applicant investigations. The FBI does not have primary jurisdiction regarding drug matters and does not conduct "political" investigations.

As a matter of policy, the FBI advises other governmental law enforcement agencies of matters coming to our attention which are within the investigative jurisdiction of those agencies. In some cases there is concurrent jurisdiction and a joint investigation may be conducted; however, local law enforcement agencies do not have access to FBI files. Representatives of private security agencies may be contacted from time to time in the course of discharging our official responsibilities just as any other citizens may be contacted. The FBI also utilizes the services of informants to develop information concerning matters within this Bureau's investigative jurisdiction; however, it would be inappropriate for me to discuss more specifically the number of such informants or the manner in which they are utilized.

Honorable Ronald V. Dellums

As I have already indicated, the FBI does not conduct "political" investigations, nor do we conduct "political surveillances." We do, of course, have a responsibility for conducting domestic intelligence investigations authorized under legislative enactments, Presidential Directives and instructions of the Attorney General. These matters relate to espionage, sabotage, treason, sedition, and other activities involving the internal security of the United States. The policies relating to such investigations are not made on an ad hoc basis by individual Agents or individual offices, but conform with broad policy applicable to all offices.

The FBI offers a variety of courses of instruction for law enforcement personnel throughout the United States, including such subjects as anti-sniper and survival training and special weapons and tactics, commonly known as "SWAT". The basic purpose of this training is to provide well prepared teams capable of resolving highly dangerous situations with a minimum of risk to innocent bystanders, the law enforcement personnel involved and the subjects of the investigation.

Enclosed is a newsclipping describing some of the training of our own personnel in this field. The article appeared on June 1, 1975, in the "Washington Star News."

Sincerely yours,

C. M. Kelley

U.S. HOUSE SELECT COMMITTEE ON
INTELLIGENCE ACTIVITIES

FEB 18 1976

Reference is made to your memorandum of October 14, 1975, requesting certain information from this Bureau concerning the purchase of "wiretapping equipment" and our declination to report on the quantity of electronic surveillance equipment in our possession.

By memorandum dated October 9, 1975, captioned "U.S. House Select Committee on Intelligence Activities" addressed to you, we furnished our rationale for purchasing equipment from the U.S. Recording Company. In brief, our arrangements with the U.S. Recording Company were dictated by national security considerations. Of our purchases from the U.S. Recording Company for the period of July 1, 1969, through September 11, 1975, 65 percent were of confidential nature. In making our purchases through this company under confidential arrangements, we hopefully will preclude hostile foreign intelligence services from learning the type of equipment this Bureau uses. It is felt that the rationale behind the arrangements for the confidential purchase of such equipment still exists and should be continued.

The requirement for the submission of an annual inventory relating to electronic surveillance equipment was set forth in the Attorney General's "Memorandum to the Heads of Executive Departments and Agencies re: Monitoring Private Conversations with the Consent of a Party" dated October 16, 1972. This Bureau is exempted from compliance with the aforementioned memorandum by memorandum of Henry E. Petersen, Assistant Attorney General, Criminal Division, to the Acting Director, Federal Bureau of Investigation, dated November 20, 1972, captioned "Guidelines for Consensual Monitoring of Private Conversations." By memorandum dated June 2, 1975, same caption, addressed to the Assistant Attorney General of the Criminal Division, we furnished a copy of the aforementioned memorandum from Assistant Attorney General Petersen.

Various newspapers and television stations have carried stories recently about the FBI's policies with respect to wiretapping equipment. I attach copies of some of these stories. One article states that the FBI has used a private firm called US Recording Company as a purchasing agent. Is this true? If it is, why was it done?

Carl Stern of the National Broadcasting Company, in September, reported that the FBI has in the past declined to report on the quantity of electronic surveillance equipment it keeps. Is this true? If it is, why reports not made?

Some Intelligence Agencies Don't Report on Electronic Surveillance Equipment

NBC reported Wednesday that some of the federal intelligence agencies that are required by law to report on the quantity of electronic surveillance equipment yearly have refused to comply with the requirement.

Carl Stern (NBC) reported that in 1968, FBI Director J. Edgar Hoover declined to furnish such information to Attorney General Ramsey Clark because he didn't like him or trust him. "The Central Intelligence Agency not only ignored the order but three months ago when asked by the Justice Department why it wasn't obeying reporting requirements, said it was not and would not and indicated that it alone would be the judge of what the law requires. The Justice Department has not chosen to press the matter," Stern said. The Secret Service has not reported in the past but is now, he added.

When asked for copies of the reports from the various agencies, the Justice Department said it had lost them and had to ask the agencies for duplicates.

"So much for supervision of electronic eavesdropping. With that sort of vigilance it is not hard to understand how abuses occur even if laws and regulations are coming out of our ears," Stern said. -- NBC Today Show (9/3/75)

Glomar Explorer Reportedly Set to Remove Soviet Sensors

The Glomar Explorer will be used to destroy Soviet sensing devices planted in the ocean near the Navy-owned San Clemente island off San Diego, the San Diego Evening Tribune reported Wednesday. The newspaper said the Navy will also use the area to test its newest strategic missile, Trident I.

FBI Accused Of Laxity on 'Tap' Laws

By George Lardner, Jr.
Washington Post Staff Writer

The FBI has secretly bought thousands of dollars worth of electronic surveillance equipment through a front company that added 30 per cent to the prices, the House Intelligence Committee was told yesterday.

The allegation was one of many leveled at a hearing that showered the bureau with charges of laxity and indifference in enforcing anti-eavesdropping laws and even with connivance in violating them.

One witness, Martin L. Kaiser, whose Maryland firm manufactures electronic surveillance and countermeasure equipment, said that he sold approximately \$100,000 worth of such devices to the FBI over a five-year period, but that he was always ordered to route it through the US Recording Co., a private firm here.

He said he finally refused to do business with US Recording in late 1973. The FBI, Kaiser said, has made no such purchases from him since although it has continued to buy bomb-detection equipment that he has always sold to the bureau directly.

Other highlights of the hearing:

— Rep. Ronald V. Dellums (D-Calif.) disclosed that the phone at his congressional district offices in Berkeley was monitored with highly sophisticated equipment in 1972, apparently by a government agency, and that he has since been informed of other plans to eavesdrop on telephone conversations to and from his California offices on a daily basis.

Congressional colleagues, Dellums said, "in effect, told me I was totally helpless . . . I operate on the assumption that it (the surveillance) is there right now."

— A former Houston plainclothes policeman who is scheduled to start a three-year federal prison term for

wiretapping Anthony V. Zavala, said FBI agents, as well as representatives of other agencies such as Customs and the former Bureau of Narcotics and Dangerous Drugs, were aware of illegal wiretaps carried out by Houston police.

The former U.S. attorney in Houston, Anthony J.P. Farris, told of repeated failures to persuade the FBI to conduct a serious investigation of illegal electronic surveillance by the Houston police. Farris, who left office in December, said appeals to FBI Director Clarence M. Kelley and former Attorney General William B. Saxbe resulted in "nothing—zip."

"Saxbe didn't answer. Kelley didn't answer . . . no one answered," Farris said. "I don't think they were listening."

The FBI had no immediate comment on the equipment purchases nor any of the other charges leveled. Kaiser said his dealings with the FBI began around 1967 or 1968 but except on one occasion, "The FBI would never correspond with me. Instead they sent agents to my factory who selected equipment and made large orders."

The FBI, Kaiser said, also directed him not to send the equipment to the bureau, but to U.S. Recording. When he told the bureau that federal law would not allow him to sell some of the equipment to anyone "except a bona fide governmental agency," Kaiser said the FBI supplied U.S. Recording with a stamp certifying that the purchases "were in accordance with U.S. law."

Under questioning by Rep. David Treen (R-La.), Kaiser said he learned of the 30 per cent markup U.S. Recording was charging the FBI by happenstance on a visit at the Old Post Office Building to the FBI official he dealt with.

Kaiser said he noticed some paperwork from U.S. Recording on the FBI official's desk, looked at it and compared the prices with what he'd been charging.

He told reporters later that of the equipment he sold in this fashion, approximately one-fourth was for eavesdropping and the rest for "countersurveillance."

Although he said he stopped doing business with U.S. Recording in 1973, Kaiser testified he was recently contacted by a distributorship in Massachusetts that "had received a request for my equipment to be routed through U.S. Recording."

The Massachusetts firm's brochure shows a 100 per cent markup in the price he charges, Kaiser said, and the equipment "will undoubtedly receive a further mark up at the hand of U.S. Recording on the way to its ultimate consumer."

Kaiser said his dealings with other government agencies, such as the Bureau of Narcotics and Dangerous Drugs, often involved routing equipment through Ft. Holabird, "which was Army intelligence at the time," as though it were an Army purchase.

Recounting his experiences publicly for the first time, Dellums said the sophisticated "high-frequency radio electronic surveillance" on his Berkeley office phone was discovered in 1972 after a draft protester, visiting his office for advice, called his parents and told them where he was living. When the FBI arrested the individual a short time later, Dellums and his staff became suspicious and enlisted the help of an expert than at the University of California at Berkeley.

Dellums said the surveillance did not involve any equipment inside the phone that he could hold or produce, but he said the expert signed an affidavit saying that electronic eavesdropping was taking place. Dellums said he was later told by employees of Pacific Telephone that they had been asked to monitor phone conversations from his California offices, but company security officials denied it.

F.B.I. Said to Have Ignored Illegal Police Wiretaps

Special to The New York Times

WASHINGTON, Oct. 9—A former United States attorney told the House Select Committee on Intelligence today that the Federal Bureau of Investigation had failed, despite repeated requests from his office, to investigate adequately allegations of widespread illegal wiretapping by members of the Houston Police Department.

The former official, Anthony J. P. Farris, who served until last year as the Federal Government's chief prosecutor in Houston, testified that when indications of illegal police wiretapping first became public late in the summer of 1973, he and his assistants began to press the F.B.I. office there to investigate the matter.

After a formal, written request was finally sent in April of last year to the head of the Bureau's Houston field office, Mr. Farris said, the F.B.I.'s response was "to assign one agent to this complex investigation of the country's fifth-largest police department."

The resulting investigative reports, he added, "were notable only in their lack of substance [and] depth, and consisted largely of Xeroxed newspaper articles."

Intelligence Risks

Mr. Farris made his assertions as the House committee began a new series of hearings into what its chairman, Representative Otis G. Pike, has termed the "risks" posed to national and domestic security by the intelligence-gathering practices of Federal agencies.

Mr. Pike, a Long Island Democrat, said that this phase of his committee's investigation would touch on electronic surveillance and would examine "the risk of average people having their personal communications intercepted by government and private agencies."

Asked to account for the F.B.I.'s purported failure to undertake a thorough investigation of the Houston Police Department's alleged wiretapping activity, Mr. Farris said he believed the Bureau's Houston office was simply reluctant to investigate members of a law enforcement agency "that they deal with on a day-to-day basis."

He and four other United States Attorneys, he said, had once suggested in a meeting with a high F.B.I. official that Bureau agents from other cities be brought in to investigate the allegations, but that the suggestion had been received "as an affront to the integrity of the F.B.I."

'Considerable Attetifon'

An F.B.I. spokesman said in response to Mr. Farris's testimony that the Houston field office had "devoted considerable manpower and attention" to the wiretapping investigation, which "at times" involved as many as 14 agents.

Nine members of the Houston Police Department were indicted by a Federal grand jury in early 1974 on charges of illegal wiretapping, but Mr. Farris said today that those charges had been based mainly on a limited investigation undertaken by the Internal Revenue Service in 1971.

One of the officers later convicted was Anthony V. Zavala, a former member of the department's narcotics division, who pleaded guilty this year to one count of illegal wiretapping.

Mr. Zavala, who also appeared before the Pike committee today, told the Congressmen that he was scheduled to begin serving a three-year Federal sentence later this month, but that he hoped his testimony might prevent other police officers "from falling into the same trap that I did—learning to break laws, and winding up on my way to prison."

35 Wiretaps

Mr. Zavala said that between 1968 and 1972, he was involved in installing or monitoring some 35 wiretaps, all in violation of Federal laws that prohibit such activity by state and local police in the absence of authorizing state legislation which does not exist in Texas.

During that four-year period the former policeman said, his division alone installed between 700 and 1,000 illegal wiretaps, and other divisions in the Houston department also employed such devices.

The illegal practice, he said, was "discussed freely" by the Houston officers with local agents of the F.B.I. and the now-defunct Bureau of Narco-

tics and Dangerous Drugs, and it eventually "became second nature to us all."

All of the illegal police wiretaps were initiated, according to Mr. Zavala, with the acquiescence and assistance of the Southwestern Bell Telephone Company, which supplied technical information necessary for the installations.

Mr. Zavala provided the

House committee with several instances in which he had either monitored an illegal wiretap in the presence of Federal agents or supplied the information gleaned from such a tap to a Federal agent.

On one occasion, he continued, when he was assigned temporarily to the Justice Department's old Office of Drug Abuse Law Enforcement, he

did attempt to obtain a legal Federal wiretap authorization but was told by his superiors that the procedures "were too much of a hassle" and that he should "do it in another way."

Mr. Zavala said he interpreted this to mean that the Federal officials had encouraged him to employ an illegal wiretap, and that he did so.

FBI's Bug Probe Crawled, a Fed Says

By JOSEPH VOLZ

Washington, Oct. 9 (News Bureau)—A former federal prosecutor said today that FBI officials deliberately dragged their feet in investigation charges that the Drug Enforcement Administration, Houston police and the FBI itself illegally eavesdropped on drug suspects.

Anthony Ferris, former U.S. attorney in Texas, told the House Intelligence Committee that he had asked the FBI to investigate two years ago after Internal Revenue Service agents had found evidence of illegal electronic surveillance by Houston police.

In April 1974 the one FBI agent assigned to the case filed a report "which was notable only in its lack of substance, depth and consisted largely of newspaper articles," Ferris said. He added that he wrote to Attorney General William Saxbe and other high Justice Department officials, but their response was "zip."

Nine Cops Indicted

Ferris contended that FBI agents work so closely with police departments around the country that they do not want to investigate them.

Nine Houston cops were indicted, however, in May 1974 but no federal agents have been charged.

One convicted former Houston cop, Anthony Zavala, who begins a three-year prison term in two weeks, testified that he personally participated in 35 illegal wiretaps between 1968 and 1972. He estimated that the Houston narcotics division planted as many

as 1,000 illegal taps during the four-year period. Texas has no law authorizing police wiretapping, although in many states, including New York, police may legally wiretap if they obtain a court order. Federal agents also must go to court.

Zavala said that agents of the FBI, the Drug Enforcement Administration and the Customs Bureau were frequent visitors to Houston police headquarters to find out the results of the taps.

Office Bugged, He's Told

Rep. Ronald Dellums (D-Calif.), a committee member, said he was told that his congressional office phone was tapped. Dellums said he hired an electronics expert in 1972. The expert did not actually find a bug or device in the office but discovered evidence that an outside electronic gadget was being used to listen to phone conversations.

Martin Kaiser, president of Martin Kaiser, Inc., which makes bugging equipment, testified that he sold \$100,000 worth to the FBI. He said that the FBI tried to be so hush about the snooping gear that it later denied it had any of his gear when he offered to update outmoded equipment.

At 2:41 p. m. on October 10, 1975, a caller identifying herself as Susan Poor, employed as a Research Assistant by the House Select Committee, advised me that the Committee needed background data concerning William C. Sullivan, former Assistant to the Director. She indicated that the Committee would need such information during the early part of the week of October 13th. I asked her whether she needed information such as the dates of his Bureau employment and his assignment and she indicated that was the nature of the information desired.

It appears that the Committee is planning to call Mr. Sullivan as a witness. It would be appropriate for us to respond by furnishing the Committee background data concerning Mr. Sullivan's employment with the FBI.

RECOMMENDATIONS:

1. That the Administrative Division prepare in letterhead memorandum format a background summary concerning Mr. Sullivan's dates of employment and his assignments in the FBI.

*Prepared and given to L.C.D. 10/16
