MEMORANDUM

TO: All Staff Employees

FROM: Budget Officer

DATE: January 3, 1977

RE: Payroll Certification

Starting with the January, 1977 payroll, the certification to the House Finance Office requires, among other things, the relationship, if any, of each staff employee to any current Member of Congress (those taking office January 3, 1977).

The following are the relationships to be included in the certification:

father     nephew     brother-in-law
mother     niece      sister-in-law
son        husband    stepfather
daughter   wife       stepmother
brother    father-in-law
sister     mother-in-law
uncle      son-in-law
aunt       daughter-in-law
first cousin

All staff employees are requested to complete this form and return it to the Budget officer.

Approved
Richard A. Sprague

The Honorable
Thomas N. Downing

Dear Tom:

Attached is the resume of [Mr. Kevin Walsh] who is interested in employment with the Select Committee.

I should stress, as strongly as possible, that this is not a routine referral. Kevin is the person who first got me interested in re-opening the investigation.

To the extent that my efforts may have been of value, Kevin deserves most of the credit.

As you will note from the attached resume, Kevin has oriented his entire life in recent years around this subject and offers the unique combination of a thorough grasp of the subject matter and a good level-headed approach.

I think he would be an enormous asset to the Committee and offer my highest personal and professional recommendation.

With warmest personal regards,

Sincerely,

John Joseph Moakley
Member of Congress

JOB OBJECTIVES: Staff researcher and consultant for the Congressional Committee to Investigate Assassinations of American leaders. Investigative researcher available for travel on field investigations.

Experience:
Director of Research for Citizen's Commission of Inquiry from June 1975 through January of 1976. Beginning as an office worker and organizer in February 1975, my position and responsibilities developed as my expertise increased on the subject of President Kennedy's Assassination. As a result of team efforts and support work done by our organization, a national focusing of attention was brought to bear on the issue. I was responsible to the Commission Director for co-ordination of various researchers and individual projects at the National Archives.

From January 1976 to the present I have continued full time on an independent basis to broaden my knowledge of written material and bring same to bear on in-field interviews of witnesses and principals in the Dallas, New Orleans and Miami area. Freed from the time consuming work of organizing and lobbying support work I have been able to read and research the Report and 26 Volumes of the Warren Commission. To date my total number of hours spent studying the unpublished working papers of the Warren Commission is approximately 1700.

In association with the Citizen's Commission and as an independent researcher traveling extensively it has been the most valuable experience to be introduced to, develop a rapport and work with noted researchers all around the country. Open exchange of research materials has been rewarded with the opportunity to view some of the most extensive libraries compiled on the subject of President Kennedy's Assassination.

On a limited basis I have consulted with members of Congress and their staffs. Several respected journalists have called upon my experience in testing and developing subject matter.

Education:
Northeastern University in Boston, Bachelor of Science from the College of Criminal Justice. Significant courses taken were Criminal Law, Police Operations, Criminal Procedure, Civil Liberties, Criminalistics and 16 hours of related credit hours, Psychology and Sociology with 32 credit hours in related concentrations.

Background:
A research I co-authored a study of biological rhythms in criminal and normal behavior along with the Assistant Director of Computer Facilities at the University of Massachusetts, Boston. We performed a statistical analysis of computer programed data from the Massachusetts Department of Vital Statistics. The study awaits publication.

As a criminal investigator for Monroe County, Florida in 1973 I had occasion to apprentice under Mr. John Hunter with the Public Defenders Office. Mr. Hunter has been a private investigator for over twenty years and guided me on field investigations of criminal cases ranging from petty misdemeanors to homicide. My background in law proved useful in report writing and case analysis. We participated in courtroom preparations.

As an incidental, working in the Southern Florida area I developed several contacts with exiles Cubans who have later provided information relevant to the J.F.K. case and anti-Castro intelligence operations. These sources are ongoing.

We performed a statistical analysis of computer programed data from the Massachusetts Department of Vital Statistics. The study awaits publication.

As a criminal investigator for Monroe County, Florida in 1973 I had occasion to apprentice under Mr. John Hunter with the Public Defenders Office. Mr. Hunter has been a private investigator for over twenty years and guided me on field investigations of criminal cases ranging from petty misdemeanors to homicide. My background in law proved useful in report writing and case analysis. We participated in courtroom preparations.

As an incidental, working in the Southern Florida area I developed several contacts with exile Cubans who have later provided information relevant to the J F K case and anti-Castro intelligence operations. These sources are ongoing.
