MEMORANDUM FOR THE RECORD

SUBJECT: AMYUM

1. Description:

PM activity. Includes correspondence other than that which pertains to the MRR (Revolutionary Recovery Movement) political group.

2. Findings:

UFGA 8466, 12 April 1963 19-132-32:

Transmitted intelligence debriefing reports on Operation FINA exfiltrates. Debriefing of Caridad MACIAS Rodriguez. On 26 July 61 Subject was involved in an action to kill Fidel CASTRO at the 26th of July ceremony at the Plaza Civic. The action was to kill Fidel CASTRO by firing a bazooka shell at the speaker's platform. This action failed because of a defective firing device in the bazooka. The G-2 had had persons involved, working in resistance, under surveillance for some time. She was connected with the MRR. A G-2 interrogator said that the Cuban security forces knew everything that was going on in the resistance movement. They permitted these resistance organizations to organize and exist until it was decided to roll up the group. She seemed to be connected with AMBRONC-5 (a CIA on-island asset) who was arrested and executed the latter part of August 1962.

COMMENT: See MRR memorandum on same subject.
