AMCLATTER/1; Monthly Report for June 1963

## ACTION REQUIRED - REFERENCES

ACTION: FYI

STURGIS 201

REFERENCE: UFGA-9745, 23 June 1963

I. Operational

1. There was no substantive change in Subject's modus operandi or in his relations with JMWAVE.

2. Development of Jesus \*PACHECO Gonzales as a possible infil candidate was suspended when PM Branch indicated that he lacked the prerequisite technical knowledge and experience. Prior to full termination, Subject will arrange for PACHECO's turnover to a PM case officer for an interview which will determine whether PACHECO might manifest certain qualities which were not evident in his dossier but which might be accepted as equivalent to the usual recruitment prerequisites. If the results of this interview are negative, contact with PACHECO will be dropped.

3. Pedro \*MARTINEZ Fraga, who had indicated in May that he would be a penetration of the residual CRC, had second thoughts in June, and told Subject that he would prefer to retain discretion on the amount and type of information he would pass. Since there had been no binding commitments made to MARTINEZ by Subject, it was decided to revert to the previous relationship in which the former occasionally supplied information on a voluntary basis. Subject assumes that his recruitment pitch was accepted for lack of any real reason on the part of MARTINEZ to refuse, but that

after mulling the whole thing over MARTINEZ decided that he did not want to be bound by such an agreement, and was honest enough to cancel it in a straightforward manner.

## II. Production

4. Three disseminable reports were credited to Subject during June:

- a. UFG-3006 (cable) from Frank Fiorini, "Planned Raid on Cuba by DIAZ Lanz Brothers".
- b. UFG-3089 (cable) from Jose ARIOLA, "Commando Invasion of Cuba a Hoax".
- c. UFG-3108 (cable) from Frank Fiorini, "Current Activities of Frank Fiorini".

5. In addition to the above, Subject conducted lengthy debriefings of several UR executives who came out of asylum in June. These were very valuable as operational data for the handling of JMWAVE relations with that organization. Subject also has been of considerable assistance in general legwork among the various Cuban exile individuals and groups who are not otherwise easily accessible to JMWAVE.

## III. Financial

6. Subject was paid \$420.07 as salary for the month of June (\$500 minus withholding for income tax). He was reimbursed \$86.87 for operational expenditures made during the period 25 May - 24 June 1963.

## IV. Future Plans

7. Subject has shown a flair for intensive debriefing of operational prospects in addition to his demonstrated ability in extensive sampling of opinion and intention in the Cuban exile community. It is planned to assign him a number of operational leads of undetermined potential. His preliminary findings can save valuable case officer time in separating the wheat from the chaff.
