SUBJECT : Informal Comments on HSCA Drafts

1. Below is a listing of the comments that we submitted to the HSCA on the draft reports. As you will recall, the agreement for this exercise was that we would keep no copies of the draft reports nor of our comments on them. Those letters are informal and not for the record. As I told Mr. Blakey when we met with him the other day, we are awaiting his call to the Agency to witness the destruction of this paper. The letters are cited below by date and OLC #.

2. As we are finished with this phase of the investigation, it would be appreciated if you would locate and return your copies of these letters immediately, retaining no copy for your own records. It is not intended that we destroy all of these until the final report is published, as we may wish to draw on the information in the letters if still relevant, in preparing comments on the Final Report.
