21 June 1945

TO: Captain David C. Crockett
FROM: Lt. Colonel Robert H. Alcorn

1. This letter is prompted by letter of even date concerning the Jedburgh accounting which you wished to transfer to my office.

2. You will recall that some months ago I protested the fact that you had transferred a staggeringly large advance to our books against Henry Hyde, a great part of which had been outstanding for nearly two years. I was reluctant at that time to accept a transfer for old accountings in sizeable amounts and I still feel that each one of our field offices should be extremely scrupulous in keeping outstanding advances to an absolute minimum and most certainly in limiting the length of time over which they may be carried.

3. During the past two or three months Caserta has transferred several other accounts to my office some of which are long standing on Caserta's books and in every case these transfers have been picked up with reluctance. I should like to point out that my office, with a total personnel of 14 people, is handling the largest theater spread over a terrific area from Norway to the Mediterranean and from the United Kingdom into Germany. We are hard pressed to keep our normal business functioning smoothly, while at the same time we control the problems which confront us with the establishment of new missions, such as those to Denmark, Norway, and the new and large German Mission. Particularly during the past six weeks we have been working under terrific pressure because of the constant shifting of personnel from Paris to London to Washington, Biebrich, and other points. In view of the fact that we have made every effort to close out all outstanding accounts as quickly as possible in order that the reduction of OSS, ETO, may be done efficiently, it strikes us as highly unfair to have the burdens of another theater thrust upon us,

United States

SECRET

Equals British **SECRET & SECRET**

Captain Crockett

particularly when that theater is apparently closing out its accounts, in great part, by the simple expedient of transferring them to our books.

4. The situation is not helped in the least when I discover by chance that Colonel Glavin and yourself have been negotiating with Lt. Sichel for a special assignment without my knowledge, as my first information on this matter came in a copy of John Williams' letter of June 12 to you. I consider such negotiations and the manner in which they were carried out unfriendly and unfair. Lt. Sichel is needed for assignment in Germany by this office and has been earmarked for such assignment since February with both his knowledge and the knowledge of Washington. It was not deemed necessary to so inform you as I had naturally assumed that I had the right to assign my personnel as I saw fit without interference from your theater.

5. The Special Funds Office in the ETO, since its establishment in June 1943, through the maintenance of a continuity of energetic personnel has conducted its affairs in such manner that its books can be closed completely within a matter of days. Such would certainly not be the case if it continues to accept transfers from Caserta which would only serve to put added pressure on my office and at the same time shift responsibility from Caserta where it properly belongs.

6. This letter is not to be construed as indicating that we are not willing to handle the usual transfers which may be necessary in the course of normal operations involving the general shifting of personnel. Our protest is only at being saddled at this late date with long standing accounts which were the sole responsibility of your office and I think you should understand most clearly that I have no intention of burdening my own personnel with these accounts in order that your office may close its books.

7. I regret having to write a letter of this kind because in the two years I have functioned in the ETO I have had pleasant relations with you and cooperation. However, I feel that the situation has reached a point demanding absolute frankness and in order that you may not doubt my sincerity you have my assurance that we shall continue to give every cooperation possible within the reasonable terms outlined above.

3. During the past month Colonel McCormick visited all of the OSS field establishments on the continent. The inspection of these establishments was made in two separate trips. The first, in company with Lt. Holliman of the Special Force Office, Paris, included OSS bases at Toulouse, Perpignan, Marseille, Nice, Annemasse and Dijon. The second inspection trip was done with Lt. Springsteen of the Paris Office and included installations with 12th A.C. and Field Base X at Luxembourg, 7th Army Detachment (OSS-G-2) at Darmstadt, Germany, Field Base C at Maastricht, Holland, Baltic Mission, Hinkeloven, Holland, and the Brussels Mission in Belgium. Letter reports were made on these inspection trips direct to Colonel Reza in Washington.

Also during the past month final plans were formulated for the handling of Special Funds with the German Viscion. Mr. Gordon MacFarson, Special Funds Officer at Lisbon, Portugal, came to London for conferences with Colonel Alcorn, and will go into Germany as Special Funds Officer. Lt. Clinton Webb will be dispatched with the advance party to Berlin and will handle Special Funds problems with that unit until such time as CCS Headquarters are established in Germany. Mr. MacFarson will function at Headquarters assisted by Lt. Sichel and Sgt. Royant, who are currently with the 7th Army.

SUBJECT : London - Caserta Transfers, Your letter 22 March.

TO : Lt. (J.E.) R. L. Covington, USNR.

1. In reference above subject London has requested me to clarify items seven and eight.

a. Item seven:

Transfer to Caserta of FF 341,000 on 11/27/44 on operation Hastings. This is an adjustment transfer on an operation charged to Mr. Henry Hyde. The agent came back in August and turned in 341,000 Francs to this office. In September report this amount was taken up as being transferred from Caserta, and Caserta was advised of the transfer. When the total Henry Hyde account was transferred to this office in October, this previous transfer was not deducted from the total. Therefore an adjustment transfer was made.

b. Item eight:

Transfer of 50,000 FF on operation Bossuet as well as 5 Louis d'Or. This originated in a mistake in Lt. Volpe's original accounting. He believed that he had had 400,000 French Francs and 25 Louis d'Or advanced to him in the first case. It developed however that he had only 350,000 FF and 20 Louis d'Or advanced to him. I took up his amounts in the September a/c and notified Caserta. When finally the SPOC a/c were transferred in September, the mistake was found, but not adjusted until November, since I requested Lt. Volpe to go through his notes again and make sure if he received 400,000 French Francs. After the question was clarified, adjustment transfers were made.

2. I hope that these explanations will help you.

2. With regard to Jedburgh finances, we will undoubtedly be able to be of material assistance to you in this connection. It so happens that 109's presence has disorganized our accounting department temporarily, but we will let you hear from us on this matter within the next week or ten days.

SUBJECT: London-Caserta Transfers

TO : Captain F. M. Lucas

1. In answer to your letter WR-L-310 12 March and Capt. Crockett's letter to Colonel Alcorn of 22 March, with copy to Washington, the following comments are made on differences in London-Caserta transfers:

1. This item was adjusted on 7th Army January report by picking up 2,500 French Franc transfer from Caserta. 7th Army maintains no Algerian Franc account and apparently decided not to open one for this isolated transaction. London had no knowledge that the original Cynthia Jacobsen advance was in Algerian Francs.
2. This transfer was recorded on the 13 of December by 7th Army. See London December Report, Dollar Account.
3. This transfer was from Paris, not 7th Army, as Caserta lists. No adjustment necessary. See Crockett letter.
4. The advance to Bayard L. King and transfer of his accounting was picked up from 7th Army November report. Subsequent information shows that King, SI, accounted to 7th Army for 50,000 Francs, which his statement shows that he drew from Romeo Balaguer in Algiers as operational funds to be used in France.
5. Items 5 & 14 cancel.
6. The difference of 50 L'dor is accounted for by transfer of Donald King account on February 7th Army report. See London report for February.
- 7-9 Transferred on our reports as received from 7th Army. Apparently Caserta never received direct notification from 7th of details. The following information has since been received in London on the accountings of Lt. Volpe, SI, (code name "Bassuet"):

"Payment to Gerald Bernier - 5 L d'Or, 50,000 French Francs."

We have asked 7th Army to give Caserta details as to why portion

SECRET

of Volpe's accounting for advances to Gerald Bernier should be transferred to Caserta.

8. Transferred as received from 7th Army. London has no information on this account, has written to 7th asking that full details be sent to Caserta.
 9. See 7 above.
 10. Caserta acknowledges this item in February.
 11. See paragraph 11 of letter from Crockett to Alcorn, with copy to Washington, 22 March. No adjustment necessary on London books.
 12. See item #2.
 13. This item picked up on 7th Army January report and included on our January statement.
 14. Items 5 and 14 cancel.
 15. Kalnay never slated for London, according to branch here. Caserta has since rescinded this transfer.
 - 16-17. This item was never a London matter. Gallert proceeded from Stockholm to MEDTC. London advised Caserta of credit established in Stockholm for Gallert. No adjustment on London books.
 18. London not notified that payment had been made. We will pick this item up on our March report.
 19. 7th Army January report lists following receipts from
20. Caserta:
125 Eagles 50 Half Eagles
- This was recorded on London January statement as 150 Eagles. Difference exists in terminology only.
21. See London October report, French Franc Account, Transfer credits, 22 October. We have acknowledged this item.
 22. This item should have been picked up by London. We also carry payments to Dorothy Taylor as expense. We are adjusting this in March report, charging Caserta, crediting our expenses with \$332.76.

SUBJECT: Reimbursement for loss of personal funds -
1st Lt., Andre E. Pecquet.

1. We have received formal request through this man's branch for reimbursement to the extent of £10.0.0 from Special Funds, covering money which he claims to have entrusted in good faith to the Algiers Office" before going on a mission on 28 June, 1944. It seems that the sum of 2,000 Algerian francs, together with other personal property and documents, were turned over to a British conducting officer, Capt. R. Douglas, who, in turn, claims to have delivered this bundle to Lt. (now Capt.) Bonnet against receipt. Apparently Bonnet does not recall the transaction, although he states that it is not impossible that Capt. Douglas did leave an envelope with the office which could have been misplaced.

2. We note that by authority of a transfer from Algiers we paid Lt. Pecquet, also known as Paray, on 31 July, 1944, the sterling equivalent of 415 Algerian francs. Could there be any connection with this payment and the 2,000 francs claimed as lost?

3. Would you be kind enough to have someone investigate this and let us have any additional information obtainable. In the meantime, rest assured we do not intend to make any settlement whatsoever with Lt. Pecquet.

PROGRESS REPORT, 1 November to 30 November, 1944.

1. Status of Account for month of November, as reported to Washington:

a) Bal. as of close of business 31 October, 1944	£29,389.17.7
b) Receipts for mo. of Nov.	£131,316.13.0
c) Disbursements mo. of Nov.	£18,011. 6.7
d) Bal. as of close of business 30 November, 1944	£142,695. 4.0

2. As of 30 November, 1944, Special Funds Branch carries a civilian payroll (less agents) as listed below. This is a slight decrease from the number carried in October and it is anticipated that an even greater decrease will be noted in the coming month because of the numerous transfers to Washington for permanent assignment.

3. Lt. Clinton Webb was dispatched to the Paris Office for ten days of temporary duty, during which time he visited the various field units in France, Belgium and Holland along with Lt. G. J. Hodgkinson. This visit was in the nature of a preliminary indoctrination for Lt. Webb, who will eventually go into the field for the purpose of servicing the various field units.

4. The Sussex chain is in the process of being closed out and it is contemplated that we will have a fully documented financial report with respect to this mission during the coming month.

Also, the SO agents under the Jedburgh Plan have finally been over-run and all unexpended balances have been returned. Their accountings as presented are in the process of being reviewed and it is hoped that we will be in a position next month to render a complete report with respect to the Jedburgh finances.

5. Considerable progress has been made with respect to the War Diary for the Special Funds Branch and it is contemplated that this document will be completed during the month of December.

6. During the month of November Special Funds took steps to reduce its French franc inventory which was considerably higher than necessary, and, after clearing with Washington, established a basic inventory for French francs against future operations.

Special Funds has experienced some difficulty in obtaining Reichsmarks for future operations of the field units, but we are presently carrying an inventory sufficient to care for operations as planned. However, unceasing efforts are being made to obtain Reichsmark notes in sufficient quantities to service large scale operations in Germany.

7. Paris & 7th Army: Lt. R. B. Springsteen (Paris Office) in company with Capt. Crockett from Caserta went down to the 7th Army to complete final arrangements essential to the transfer of the 7th Army personnel to the jurisdiction of London Mission. As of 1 November, 1947, Lt. Peter H. Sichel, Special Funds Officer with 7th Army, assisted by Sgt. Armand Poyant, reports directly to the Special Funds Branch, London, and it was essential that Lt. Springsteen work out certain basic operating procedures with Lt. Sichel.

Dear Bob:

1006 advises me, under date of October 14, that he has about 17,000,000 French francs, in currency, almost all of which are of 1,000 franc or smaller denomination, old, used and not in series.

1006 further expresses the opinion that in view of the Belgian Government's recent action in calling in its currency on such short notice he feels that there is some danger that the French authorities may do the same thing. As the francs, of course, are Government funds, he probably would receive preferential treatment. This stock of francs are those which I asked 1006 to buy for Washington account as a reserve in case either you or Crockett might have an emergency demand for them.

I have written 1006, suggesting that you discuss with Col. Bruce the advisability of his sending to Paris this stock or holding them. Please advise me what you do. A copy of this is being sent to Crockett.

Sincerely yours,

TO: F. C. Whitlow, Captain, F. D.
FROM: Special Funds Office, London Mission
SUBJECT: Miss Dorothy Taylor

1. In Major Alcorn's absence, the undersigned has talked with Miss Taylor in keeping with the suggestion contained in your letter of 8 September. She arrived in England 7 September and we have consequently figured her pay through that date. We understand from her that you have paid the net balance of \$248.45, shown on her transcript, by payment of 12,422 odd Algerian Francs, early in July. Deducting 100% of her living and quarters, she should receive \$335.68, or £83.3.10, per month thereafter, against which we have already paid in London £61.19.2, or \$250.00. The month of September is shown on a pro-rata basis. The complete calculation is as follows:

	Base Salary & Overtime Eff.	Paid in London	Paid in Algiers	Balance Due
1 Feb. 1944				
July	£ 83.3.10	£ 61.19.2	-	£ 21.4.8
August	83.3.10	61.19.2	-	21.2.8
Sept. 1-7	19.7.10	14.9.2	-	4.18.8
	<u>£185.15.6</u>	<u>£138.7.6</u>	-	<u>£ 47.8.0</u>

2. If this agrees with your accounting, and you will so advise, we will let her have a check for the balance of £47.8.0.

3. Miss Taylor will await action by the Board on the question of an adjustment on her allowances, but in the meantime, asks that Lt. Dickson, Billeting Officer, be advised of the fact that she had not received the 900 Francs reimbursement for quarters for August, to which she was entitled.

1. According to the instructions contained in your letters of 17 June and 28 June, we have deposited to the account of Dorothy Taylor in Barclays Bank, Ltd., the sum of £336.19.2. This includes a £275.0.0 deposit with your office, and salary payment for the month of June, equivalent to \$250.00. These transfers went through our books in July. We will continue to deposit £61.19.2 to Miss Taylor's account on the last day of each month until further notice.

2. In your letter of 27 May, you notified us of travel advances amounting to £40.0.0 to members of the "Quail" group. Since you specifically listed the items as advances, we have deducted them from salary payments made here. The members of the group insist that these payments were for expenses incurred, and that no repayment was to be made. We are inclosing a copy of a statement by one of the members of the group. Can you straighten this matter out for us? Your memorandum of June 11 gave us the information that one of the members of the group had been short charged in the amount of £1.0.0, but we can do nothing about crediting the account of the proper individual until we know his name. If these items are to be considered as expenses, we see no reason why they should be transferred to us, since we do not have the receipts on any of these items, nor were the expenses incurred in our theater.

SUBJECT: Letter to Colonel Bruce dated 24 June, 1943.

TO : Major John W. Williams, AUS.

1. Colonel Bruce has referred to me for reply your letter of 24 June, in which you request information relative to the accounts of John A. Bross and Dale McAdoo.

2. As Colonel Rehm's representative in the London office, all of the Special Funds have been transferred to my account, and along with them any records about standing indebtedness.

3. For your information Major Bross has accounted to me for the funds which were advanced to him in Washington and all of his obligations have been cleared.

4. With respect to Mr. McAdoo and the amount of 13,000 francs advanced by G.P. Van Arkel, there is no record here of these funds. Mr. McAdoo is not known to the London office so far as I can determine, and Mr. Van Arkel is listed as attached to the office in Algiers.

5. I am sorry not to be able to help you further with respect to the latter item, but am, of course, entirely helpless in view of the fact that we have no record at all of the persons involved.

TO : Captain David C. Crockett

1. In reply to your letter of 29 June, we have the following information about items 1 and 3:

Bayard L. King - 50,000 French Francs

7th Army picks up this item from Caserta 7 November. Lt. Sichel states that he notified your office that he had assumed this advance, made by your office. Accounted for to 7th Army.

Spanish Desk - 15,000 French Francs

We cannot locate a November or December transfer, but on 23 January Caserta notified Lt. Sichel that payment of this amount had been made in Casablanca, so your office was credited.

2. There is no Algerian Franc Transfer of 15,000 Algerian Francs shown in our November or December reports. Can you give us more information on this item?

TO: Captain David C. Crockett
FROM: Lt. Col. Robert H. Alcorn
SUBJECT: Transfer of SO Accounts

1. In reply to your letter of 26 June, we did, as you state, transfer to your office the sum of 1,400,000 French francs on our November 1944 report for the SPOC/US Account. To imply from that, however, that the operation was in any way our responsibility or that we had any knowledge of it is to overlook entirely the circumstances under which the transfer was made.

2. This transfer originated with the 7th Army, which, until that month, had been under your control. All funds advanced through Algiers, and all expenses incurred on it were incurred in territories then under MEDTO control. Your office accepted the transfer of November, and we did not even know the nature of the operation, since the project originated with you, was on 7th Army books when they came under our control, and was returned to you without apparent objection.

3. To have credited us with knowing, when we made the transfer, that "the moment Teams hit the ground they were the responsibility of the ETO for debriefing and handling" is to have granted us extraordinary prescience. A much more practical way of handling the transaction would have been for you to have transferred the advances made in Algiers to us as they were made, if, as you say in Paragraph 6, "these teams went through Algiers only for the convenience of getting them into Southern France," and they "drew funds from me on the basis of approvals in London, and that we lost jurisdiction over them the minute they hit the soil of France." In that way London could have had some knowledge of the responsibilities which you claim are ours.

4. Apparently I must repeat that the Jedburgh financing for your theater was not handled through my office and none of the arrangements effecting such operation were ever discussed with me. Therefore, despite what Colonel Glavin says with

United States

SECRET

Special British MOST SECRET & SECRET

6 July 1945

respect to the responsibility of this theater, the fact still remains that the entire operation financially is and always has been yours. With respect to the close of your paragraph 6 asking that I inform you how I decide to handle this, because you are closing your theater, I can only state that the decision is one which is automatic, and the one originally taken. In effect it is your problem and the final accounting and the closing out of the account is for you to handle. That you will not be able to handle it after July 15, would seem a rather broad statement in view of the fact that I assumed your responsibility as Special Funds Officer for the theater imposes upon you the obligation to close all of your accounts regardless of any deadline which you may wish to impose.

5. With respect to your paragraph 5 in which you state: "As you have let Colonel Baker "slip" through your fingers"--I apparently must repeat what I said in my letter of June 21, paragraph 3--"Colonel Baker stopped in my office about ten days ago on his way to Washington and agreed with me that it would be absolutely impossible for the account to be cleared here, in view of the fact that I had none of the background or records which would be available to your office."

6. I have no intention of treating a matter of this importance on the basis of picayune accusations, such as are contained in your paragraphs 7 and 9, as I wish to stay on the overall subject.

7. As we now understand the transfer of November, it can be broken down into two parts:

1,000,000 French francs advanced to Col. Baker, and
400,000 on SO Operations Barres, Bruyers, Rostand.

In regard to Barres, we credited you on our transfer of 29 January with returns made to this office by Paul C. Sheeline. His account was cleared, with the exception of 15,000 francs he had advanced to a war correspondent, for which he assumes personal responsibility, and a personal advance of 2,500 francs. All that remains is to itemize and enter the expenses listed on the statement we sent your office, and to collect 17,500 francs from Sheeline.

Paris picked up from your transfer of 25 May 622,774 francs on Col. Baker's Avignon account. Presumably you have an accounting for the difference between that figure and the 1,000,000 advanced. Lt. Sichel stated that he believed Col. Baker had made an accounting in Paris. We are requesting confirmation of that, and if so, his account is presumably cleared. If not, it will have to be transferred to Washington.

SUBJECT: London-Caserta Transfers - November and December

(1) We have received a copy of Captain Lucas' letter, 12 March 1945, outlining discrepancies between Caserta and London. Below is listed all of the information available on these items.

1. The difference between 44,000 Algerian Francs and 41,500 Algerian Francs is accounted for per our November Report, Algerian Franc Account, Transfers (debit column), Item #2. "31 October 1944 Balances of G-2, SSS, 7th Army transferred to ETOUSA. Our balance is 2,500 Francs greater than the balance shown on G-2, SSS, 7th Army Report. They did not pick up the transfer of the Cynthia H. Jacobsen Account transferred to them 27 October 1944."
2. The difference between \$15,059 and \$14,909 is accounted for per our November Report, Dollar Account, Transfers (debit column) Item #4. "31 October 1944 Balance of G-2, SSS, 7th Army Accounts transferred to ETOUSA. Our balance is \$150 less than that shown by G-2, SSS, 7th Army Report. They did not take credit for a transfer of checks totaling this amount shipped to us on 27 October 1944 on Shipping Ticket #1."
3. Caserta acknowledged credit of 40,000 French Francs in our November Report, French Franc Account, Transfers (debit column), Item #2. "Credited to our accounts by G-2, SSS, 7th Army for cash turned in to their office to apply against the Jedburgh Accounts maintained in this office."
4. In regard to Item #4 of Capt. Lucas' letter pertaining to Bayard L. King A/c-7th Army - 50,000 French Francs credited to Caserta by London, please forward more information, as we do not have the account under that name. Could there be a mission or code name connected with this account?

Lt. Col. Robert E. Alcorn

22 March 1945

5. Caserta picked up the George Howe A/c-7th Army - 12,500 French Francs as a charge to G-2, SSS, 7th Army in our November Report, Algerian Franc Account, Transfers (debit column), Item #1. This is the same item referred to by Capt. Lucas in Item #14 under the name of George Hall, A/c -7th Army. It will be necessary for Washington to reconcile currencies.
6. The difference between 2,385 M/G's and 2,335 M/G's is accounted for per our November Report, M/G Account, Transfers (debit column), Item #2. "Transfer of balance of G-2, SSS, 7th Army Accounts to London. Our balance is 50 less than the balance shown on their books because they did not take credit for the transfer of the Donald King Account."
7. 11/6 - Adjustment to Lt. Volpe ~~Bassnet~~ A/c-7th Army, 50,000 French Francs charged to ~~Caserta~~ by London. Caserta has no information on this item. Please advise details.
8. 11/27 - Adjustment to French SI Operation "Hastings" 541,000 French Francs charged to Caserta by London. Caserta has no information on this item. Please advise details. (Name of individual receiving original advance, etc.).
9. 11/16 - Adjustment Lt. Volpe A/c IDor charged to Caserta by London. Caserta has no information on this item. (See Item #7 above).
10. General Schally payment to Mrs. Schally, Bucharest. See Caserta T/A #139 (copy attached), which was reported in our February Report, Dollar Account, Transfers (debit column), Item #13 in the amount of \$400.
11. L. C. Briggs deposit in Algiers to clear 7th Army 15,000 French Francs charged to Algiers (Caserta) by London. This was accounted for as follows: when the SSS, G-2 Accounts were transferred to London the above amount was deducted which resulted in London being charged 15,000 Francs less than the amount shown on the SSS, G-2 Accounts. To reconcile this item Washington should refer to our November Report, French Franc Account, Transfers (debit column), Item #3, para. a.
12. See Item #8 - \$150 charged to Caserta by London was deducted by Caserta when transferring the accountability of SSS, G-2.
13. Advance to John Garrett by Bari, transferred to SSS, G-2 per Bari T/A #23 (copy attached).
14. George Hall A/c to 7th Army - 12,500 Algerian Francs. Same transfer as Item #5 in the name of George Howe. See Item #5 for complete explanation.

Lt. Col. Robert E. Alcorn

22 March 1945

15. Francis Kalnay A/c transferred to London, 40,000 Lire transferred to London on Bari T/A #16, per MTOUSA November Report. Later it was decided that the collection would be made by Bari. London has been credited by Theater T/A #18 per our March Report. Therefore if London picks up neither the charge nor credit the item should reconcile itself.
16. Gellert A/c transferred to London, 60,000 Lire (40,000 Lire on T/A #27 and 20,000 Lire on T/A #33). Later it was decided that the collection would be made by Bari. London has been credited by T/A #12 per our January Report. Therefore if London picks up neither the charge nor credit the item should reconcile itself.
17. Gellert A/c transferred to London, 60,000 Lire (40,000 Lire on T/A #27 and 20,000 Lire on T/A #33). Later it was decided that the collection would be made by Bari. London has been credited by T/A #12 per our January Report. Therefore if London picks up neither the charge nor credit the item should reconcile itself.
18. Sgt. Kaplan paid Lire 4,000 by MTOUSA per letter from Lt. Webb, dated 6 November 1944. This was charged to London in our December Report.
19. Cash to 7th Army - 50 of One American Eagle Gold Pieces on our S/T #34 (copy attached), which was reported in our December Report. This has no connection with Item #6.
20. Cash to 7th Army - 125 Double American Eagle Gold Pieces on our S/T #34 (copy attached) which was reported in our December Report. (On both Items #19 and #20 we have received acknowledgment from Lt. Peter Sichel).
21. Dorothy Comstock A/c transferred to Paris on our T/A #36 (copy attached).
22. Dorothy Taylor paid by London \$332.76 per letter from Lt. Clinton Webb, dated 8 November 1944. Caserta credited London and charged expense upon the assumption that London would charge Caserta for the payment. See our December Report, Dollar Account, Transfers (credit column), Item #5.

FROM: R. G. White

SUBJECT: Life Insurance for Miss Helen E. Osman

This is to acknowledge receipt of your letter dated 9 October 1944 enclosing life insurance application and OSS Form 1193a both executed by Miss Helen E. Osman also a check in the amount of \$77.00 drawn by Miss Osman to the War Agencies Employees Protective Association.

The above mentioned check is being returned for the reason that all payments to meet the premiums on this life insurance must be deducted from the insured's salary. You are referred to page three, paragraph one of attached memorandum dated 29 June 1944. OSS Form 1193a authorizes Special Funds Branch to deduct the above mentioned payments and \$2.00 initiation fee from the employee's salary. Miss Osman has signed this form, therefore, a sum of \$20.75 which constitutes three months premium plus the \$2.00 initiation fee will be deducted from her November salary, and one months premium or \$6.25 each month thereafter.

Each life insurance application should be accompanied by the following certification "I hereby certify that at the time of signing this application I was not in enemy occupied territory". There is attached herewith a copy of the above mentioned statement which Miss Osman should sign and return to me as soon as possible.

It is requested that in the future all life insurance applications be forwarded to Mr. Clayton F. Banks, Jr., of Special Funds Branch as soon as they are filled out inasmuch as payments must be made to the Association as soon as possible from the date of the application.

Dear Dave:

London
Now that the 7th Army has more or less come under our jurisdiction I am wondering whether or not you have given any thought to how we may clear outstanding financial matters with regard to personnel of OSS attached to the 7th Army.

Naturally I have no idea from this end as to how your units are set up with respect to funds; that is, how many people there may be in the field with advances outstanding and how many continuing projects or operations duly authorized and budgeted may be at the present time handled by 7th Army groups.

Purely from cable correspondence I gather that your man Sichel is assigned to the 7th Army for the purpose of handling Special Funds matters. However, I am wondering if it would be possible for you to submit to my London Office with a copy to Springsteen, Paris, a listing of all advances outstanding with the 7th Army and any other pertinent data concerning operational projects.

For the time being we can continue to operate as we are now doing by keeping each other constantly advised and working closely together in an effort to keep things on an even keel. However, it might be well to set a deadline, such as 1 November, after which time all personnel assigned by OSS to the 7th Army should be advised that Special Funds matters will come directly under the control of the Paris Office, and, of course, automatically under London. Sichel will of course continue to operate with the 7th Army, but I think as of 1 November he should report to Paris rather than to Caserta and should come more directly under my office.

I am sure you will realize that this is a most difficult letter to write and I do not mean to sound presumptuous or dictatorial; however, in view of the fact that the powers that be have brought the 7th Army under ETO, I think you will understand that it is absolutely essential for us to regularize our own shop in order to conform.

I am hopeful that we may be able to sit down together and work out the details in person and with that thought in mind I am cabling you today to meet me at Paris if possible next week. At any rate I shall be interested in your reactions to the above suggestion.

Sincerely,

Robert Hayden Alcorn

1. Re letter from London which is attached hereto covering salary account of subject as above. Miss Taylor was last paid by this office to include 30 June 1944. (See attached copy of Individual Pay Roll for Personal Services) Therefore, the calculations made by London Office is correct as to dates and amounts providing the conversions are made correctly.

2. I am enclosing one thousand eight hundred sixty (1,860) Algerian Francs to be returned to Miss Taylor for reimbursement. This represents advances Miss Taylor made for her quarters for the period 29 June 1944 to 31 August 1944, inclusive. The billet was requisitioned and later paid for by the Army Finance for that period. Accordingly, the owner returned this amount for delivery to Miss Taylor.

3. In view of the above, Miss Taylor is considered as having been furnished by OSS- quarters and subsistence at Government expense for that period. Deductions should be made accordingly by the Board of Review in making final adjustment of her salary account. Best regards.

APO 887, ETOUSA

1. In answer to your letter of 22 July, paragraph 1 has been attended to and we are most appreciative of your assistance.

2. With reference to paragraph 2, the advances made to these men, which amounted to 40 pounds, were in the definite form of travel advances and the men should definitely account to you for this money. It is true that one of the members of the group was short-changed one pound by Lt. Brewster, who handled the cash for them as I did not see the man in our office. As, however, the man never claimed the short-change I can only suggest that you invest it in champagne because I certainly don't know what to do with it myself. As Lt. Brewster has gone back to Washington now there is no way that I know of that we can verify the statement made by Schonfeld as to whether this was the practice or not but the whole matter was definitely reported to us as travel advances for which they would account to you.

3. I am sorry I cannot clarify this more. Looking forward to seeing you in this theater soon. I am sorry there was some delay in your request for TCA but you will be notified by cable as soon as this is available.

SUBJECT: Financial Arrangements S.O. Staffs.

TO: Major van der Stricht, Major Canfield.

1. Introduction. I summarize below the financial arrangements made by Major Alcorn and the undersigned for the S.O. Staff with Army Headquarters. Copies of memo and correspondence are available in my files.

2. General. Col. Jackson was appointed Field Special Funds Officer, and can designate one officer in each staff to handle funds. A field account book has been supplied each staff, with a description of the type of entries desired and the type of accounting to be made. The system is a simple one. Conversations were held with C.O.'s of all S.O. Staffs concerning accounting for/expending of funds, and in addition the undersigned has discussed expenditures with IB-officers of First and Third Army Staffs.

3. Restrictions in Use of Funds. A memorandum has been issued by Major Alcorn "Special Funds Regulations for the Field" (for all CSS staff groups) which indicates that -

- 1) Payments are to be made for operational purposes only.
- 2) Statements of agents regarding past expenditures or loans will not be paid, but referred to London.
- 3) Advances will not be made against agents salaries payable in London.
- 4) All disbursements must have the prior approval of the Field Special Funds Officer.
- 5) The Field Special Funds Officer may authorize lump sum payments up to \$1,500 or its equivalent in other currencies without prior approval from London.

4. Supply of Funds.

- 1) Each S.O. Staff Group with an Army Headquarters has been (or will be) supplied with 2,000,000 French francs cash, and no other currency (except a petty cash fund in Sterling for the Staff use in England).

SECRET

2) Arrangements have been made for the C.O. of each S.O. Staff Group to draw up to \$5,000 a month cash or its equivalent in other currency in case of emergency from the Finance Officer at Army Headquarters, after prior notice to London. Exchanges of currency with the Finance Officer can be made for other currency, denominations, etc.

3) S.O. Staff groups have been informed of other supplies of emergency funds potentially available with other OSS staffs, Civil Affairs (contact has been made with Col. Claiborne, 21 Army Group) and Intelligence Officers.

4) It is anticipated that S.I. men will be going to Army Staff Headquarters at various times after D-day and will be made couriers for additional funds, if necessary, for S.O. Staffs.

It is anticipated that S.I. men will be going to Army Staff Headquarters at various times after D-day and will be made couriers for additional funds, if necessary, for S.O. Staffs.

THOMAS O. UPTON

Approved by Lt. Col. Robert H. Alcorn, Special Funds Officer, Army Headquarters, London.

1) Major Robert H. Alcorn
Special Funds Officer

2) Advances will not be made without prior approval of the Field Special Funds Officer.

3) All disbursements must have the prior approval of the Field Special Funds Officer.

4) The Field Special Funds Officer will maintain a record of all disbursements in other currencies at Headquarters.

5) This document is to be kept in the file of the Special Funds Officer, Army Headquarters, London.

To : Major Robert Hayden Alcorn
From : 1st Lt. David C. Crockett, AC

Dear Major Alcorn:

I have a very peculiar request to make of you. Could you arrange to have someone in your office contact my Tailor, J. Hoare and Company, now combined with E. Taetz. They were formerly located at 14 Stratton Street just off Piccadilly by the Ritz but have since moved because of the blitz, to new quarters. I want to order from them a single-breasted suit similar to the one they made for me in 1931 and the price used to be before the war, 13 guineas. They will have my account as I have bought suits from them consistently and my last purchases were made in the Spring of 1940.

I want the suit made exactly according to the measurements of those made with my 1931 order because my last measurements got confused and the suits did not fit as well as the ones I had at that time.

I do not believe there will be any difficulty in coupons or ration points for this purchase if they charge my account in the United States. My address is 298 Marlborough Street, Boston, and I will pay for them there as always. The choice of material I will leave to them, what they have on hand and from what I have ordered from them for the past 15 years. When the suit is completed could you send it by hand to me at Algiers, with the first person coming through.

As you can see I am contemplating a trip to neutral countries and I have nothing but uniforms over here and it is practically impossible to buy anything in Algiers without paying a fortune for it and inferior goods.

I hope this is not too difficult for you to handle and I appreciate very much your helping me. If Hoare will accept payment from you I will re-imburse you from here.

Sincerely yours,

DAVID C. CROCKETT
