MEMORANDUM FOR: Office of the Legislative Counsel
 VIA : SA/ADRO
 FROM : Raymond A. Warren
 Chief, Latin America Division
 SUBJECT : Allegation by a Senior Cuban Diplomat
 Concerning the Role of Cuban Exiles in
 the Assassination of President Kennedy

1. According to a fairly reliable source, a senior Cuban diplomat stationed abroad made certain charges in late September 1977 concerning the alleged role of Cuban exiles in the assassination of President John F. Kennedy. This diplomat made these allegations to his colleagues in the course of an official meeting in his embassy. The diplomat said, among other things, that Cuban exiles such as former Cuban Air Force officer *Diana Lan* (fnu) and others had been involved in the assassination of President Kennedy. The diplomat referred to the assassination in the context of a security lecture in which he claimed that counter-revolutionary activities by Cuban exiles have increased in recent months. He said that recent information had arrived implicating *Elia* in the Kennedy assassination. The diplomat did not mention any other Cuban exiles by name or provide any further details. He did not identify the source of his information, although the source had the impression that the diplomat's allegations were based on a recent cable from the Cuban Ministry of Foreign Affairs.

2. This division has no other factual information concerning the diplomat's allegations. He believes that the basis for the diplomat's statement was, probably, an article which appeared in the New York "Daily News" on 20 September 1977. This article quoted *Martha Lorenz* as saying that she, *Orlando B. ...*, *Francis ...*, *Pedro ...*, *Lanz*, two hundred Cuban exile brothers and *Lee ...*
