MEMORANDUM TO: Chief, Contact Division, (OO)

Attention

FROM : Chief, FI/Plans/Cover Division

C 67-107

SUBJECT : Alfonso R. WITTICH

~~32723~~ ~~32383~~

REFERENCE : Your memorandum dated 11 May 1954, ME-1265

1. Your interest in the Subject has been discussed with representatives of the foreign division. They report that Subject has been in periodic contact with field representatives to whom Subject reports any information of possible interest to this Agency.

2. The field station comments further,

This Mission foresees no strong obstacle or reason against subject's being contacted by WITICH again but feels that if subject had any information of possible interest to this organization he would immediately contact the writer. In addition, such a contact might possibly re-ignite subject's previously expressed feeling that at times it appeared that 'the left hand didn't know what the right hand was doing'. It is suggested that if WITICH has any specific type of information in mind, questions indicating the line of interest could be forwarded to this Mission and placed before subject for his comment. If WITICH particularly desires to interview subject it is suggested that this Mission be authorized to so inform subject so that the matter will appear completely coordinated in subject's mind.

3. It is further suggested that should it be necessary for you to debrief the Subject that such action be coordinated with Cover Division.

Case 5-1384-15

1. A representative of this Division recently contacted ...
a manufacturing representative, who lives in Mexico City. Wickstrick
was visiting representatives of the ... in one of his
residence in Mexico City. After our representative made his standard ex-
planation of Agency interests, Wickstrick said that he felt that he would
like to know if he worked for the Agency in Mexico. He qualified this
statement by saying that his extensive background and experience in Mexico
enabled him to set up meeting places and "front" offices as well as other
"cover" projects for this Agency, the State Department and the Bureau.

2. He seemed quite candid and our representative had no reason to
believe that he was not telling the truth. Wickstrick doubted that he
could give us a great deal of information which was not available through
official agencies operating in Mexico. However, he seems to be generally
impartial on the situation there and we believe that he might be
a source of some interesting information if our contacting him would not
interfere with arrangements which the covert offices might have made with
him.

3. We should appreciate your comments. If you prefer, we shall not
see him again. On the other hand, if you have no objection, we should like
to contact him when he returns to this country in July. Please advise.

1. LA Branch has asked that we check to determine what, if any, use the covert offices are making of subject. We have told Cover Division, our channel on matters relating to any sort of cover arrangement, that we should like to contact him again if such contact would not duplicate a covert office arrangement.
2. We shall let you know what we learn.
