SUBJECT	Request for Advice on Industrial and Plant Security: Protection Against Terrorist and Bombing Attacks				
ACTION REQUIRED - REFERENCES	<p>1. You will remember that we were able to provide some advice on precautions against kidnapping to key members of the American Chamber of Commerce which resulted in expressions of gratitude from those who knew the source. (See <del>HEMMA</del>-41,286 of 16 November 1971.) Now, <del>KD</del>ACETONE-1 tells me, the police of the Distrito Federal have increased patrol activities around some U.S. firms, on the basis of supposed information that there are threats against these firms or that someone plans to "do something" against them. <del>AC</del>ACETONE-1 passed me a pamphlet picked up during the demonstration on 17 May of which I attach a copy. You can see from this why the businessmen might be disturbed; the anti-U.S.-business theme is secondary, in my opinion, and so I told <del>KD</del>ACETONE-1, to the opposition's primary target, the GOM. Also, I told him, we have no recent or specific information of any group's planning anything against U.S. firms. (We shall check with <del>KD</del>GLACIER-5 to see if he has anything.)</p> <p>2. <del>KD</del>ACETONE-1 asked me if we had anything on plant protection which he could circulate to the membership in the same way he did our other production. This would be a pamphlet or a series of suggestions as to how a store or factory or office could take precautions against bomb throwing, bomb planting, incendiaries, and the like. (That is, it need not deal with other aspects of security against theft and burglary but with Tupamaro-style attacks against facilities.) We don't have anything of the sort on hand here and we don't have anyone locally expert in this. It seems to us the sort of thing which WOBONE might be able to produce or to get from someone such as the New York City Police. You probably have better ideas. If you send us a study, let us know what security might be involved: <del>KD</del>ACETONE-1 took my composition and used it literally.</p> <p>Attachment: As stated h/w</p> <p>Distribution: 3 - Chief, WHD w/att</p>

3. I always feel a bit defensive about these requests: the easy way would be to tell them to go take care of this themselves. It still seems to me that we can earn or keep some good will this way as well as actually helping, perhaps, to prevent unpleasantness. I hope you can do this without too much trouble but I do think it is worth some. Obviously, the group much appreciated their lunch with you early this month and this does help out the Station's work.

# AL PUEBLO DE MEXICO

Hoy hemos salido a las calles a luchar contra el imperialismo  
-tío vietnamita, el emperador de las Indias, el gobierno  
gobierno norteamericano. Fines de guerra, los Estados Unidos  
terribles armados, los que abren el camino a los imperialistas  
-bargo, el pueblo mexicano, una gran fuerza, una gran fuerza  
-ces y los japoneses, y ahora contra el imperialismo norteamerita  
-do porque es un pueblo unido que no se divide y que no se  
-cido a lograrlo a cualquier precio.

En nuestro país son muchas las cosas que se están haciendo  
de los hombres, de los niños, de las mujeres, de los ancianos,  
-sas crecen y se enriquecen a costa de la explotación del  
-tro pueblo trabajador; nosotros vamos a luchar para que  
hacen todo lo posible por darle la vida a los trabajadores  
cuando el pueblo trabajador o los trabajadores son explotados,  
-dos, perseguidos y asesinados.

Pero nuestro pueblo como el pueblo trabajador norteamericano  
-das sus fuerzas por expulsar a los imperialistas norteamericanos,  
norteamericanos, y vencerá también a los imperialistas norteamericanos.

¡FUEBA YAPCHITS DE VIENTANA!

¡A DESARROLLAR LA LUCHA CONTRA LOS IMPERIALISTAS EN MEXICO!
