

AMLASH/1 - Paris Station Aspet

Paris Station involvement with the AMLASH case began in 1962, after AMLASH/1 came to Paris after attending the Helsinki Youth Festival that year. In Helsinki, AMLASH/1 was contacted by UNRUABLE/? (an asset of the Paris Station who attended the Festival for purposes of disruption) and by other KUBARK assets. It is not clear from our files just when AMLASH/1 was "recruited" but it appears that he was recruited during or shortly after the Festival.

In Paris he was in contact with Peter J. KYMINOHAN (probably in alias although I know that AMLASH/1 was at KYMINOHAN's home upon occasion). In 1962 AMLASH/1 was given training in explosives by OTRICK (I believe) upon request of the Paris Station. He appears to have returned to PBERMEN in late 1962. It is not known if other Paris Station personnel were in contact with AMLASH/1 during that period.

AMLASH/1 next arrived in Paris on 14 September 1963, coming from the International Games held in Puerto Alegre, Brazil, where he was in contact with TYPIC officers. At this point ANSPORT/1 (now QUESPORT) was in contact with AMLASH/1 in Paris and ANWHP/1 was another commo channel (the case being used primarily by Hqs.). The Headquarters TYPIC officer, OTRICK (P), arrived in Paris on 3 October 1963 and picked up the contact with AMLASH/1 which was being maintained by ANSPORT/1 and KYMINOHAN. The meetings with AMLASH/1 took place in KYMINOHAN's home as best I remember. These discussions concerned AMLASH/1's plans to assassinate AMYEU and overthrow his regime.

OTRICK returned to Paris in late October, after discussions at Headquarters on the case. OTRICK and DAVIDID, who ^{were} was ~~was~~ in Paris at the time, met with AMLASH/1 in late October or early November. DAVIDID's participation was due to AMLASH/1 strong desire to talk with some high-level ODYOKE official concerning his plans and to obtain ODYOKE blessing if possible. I am not aware of exactly what happened at these meetings but I received the impression from KYMINOHAN that such blessing was given.

AMLASH/1 returned to PBERMEN on 27 November 1963. It was during this visit to Paris

AMLASH-1

that STOCKWOOD met ANLASH/1 and ~~WHITE/1~~, presumably in alias but I do not know the details. It was also apparent by the time ANLASH/1 left that he knew UNSHAFU/5 was working for KUBARK and we know that UNSHAFU/5 was aware to some extent of ANLASH/1's plans (UNSHAFU/5 had ~~previously~~ been recruited by KUBARK at that time). It was agreed that ANLASH/1 would use the address of UNSHAFU/13's parents for a/w letters to KUBARK (UNSHAFU/13 is wife of UNSHAFU/9).

ANLASH/1 next arrived in Paris in late November or early December 1964. ANWHIP/1 STOCKWOOD and ONTRICH (tdy from Headquarters) met with him in Paris (this time in a safe house of the Station. ANLASH/1 left for PERUEN from Madrid on 20 February 1965. During this stay in Paris ANLASH/1 met the following KUBARK staffers and agents:

STOCKWOOD, GLOADEN, RODAMER
ANWHIP/1, UNSHAFU/9, UNSHAFU/5, UNSHAFU/13

You will recall that in December 1964 UNSHAFU/5 had a nervous breakdown and ANLASH/1 played an important part in convincing UNSHAFU/5 that he should agree to hospitalization. It was in this connection that GLOADEN and RODAMER met ANLASH/1. GLOADEN subsequently met with ANLASH/1 two or three times to receive reports for STOCKWOOD. These meetings were street meetings or in the home of UNSHAFU/5. During this stay, ANLASH/1 traveled to Madrid at least once to meet with ANEIDDY/1 and ANBARI/1. I am not aware of results of these meetings except that ANLASH/1 was seeking the physical instruments to carry out his plan to eliminate ANTRUG.

There was no additional contact with ANLASH/1 in Paris subsequent to February 1965 but the Station (GLOADEN and HIRLES) did have subsequent contact with UNSHAFU/5, UNSHAFU/9, ANLASH/2 and ANLASH/3. You will recall that it was ANLASH/3 who made the "joking" pitch to HIRLES on 6 May 1965. ANLASH/2 and HIRLES/3 were both aware of ANLASH/1 plans.
