Colonel J. C. King
"Framewood House"
Miller Road
Oakton, Virginia

Dear J. C.:

I am sending you a copy of the documents that the "Frente"
is using to sign up their people.

There are a number of young men refusing to sign because
they do not like the word "revolution" in the document.
Most of the Cubans we find are sick of the word "revolution".
They are trying to get back to some form of stable govern-
ment and are not interested in revolutionary movements.

I think this is something you should look at carefully with a
view to seeing if it could not be modified having this in mind.

With kind personal regards, I am

Sincerely yours,

*Bill
