MEMORANDUM FOR: Chief, Information, Privacy, and Classification Division/OIT

VIA: Director, Center for the Study of Intelligence

FROM: John F. Pereira
Chief, Historial Review Group/CSI

SUBJECT: Appreciation for Assistance with JFK Assassination Documents

1. This is to express my appreciation for the important assistance that you and your colleagues provided to the Historical Review Group recently. As you recall, we were directed to count the documents in the 80 boxes of the JFK Assassination files and the Oswald 201 File, in preparation for the DCI's testimony before Congress on 12 May. This involved determining the number of pages in four specific categories of information, consisting of more than 160,000 pages. Without your Division's help, we would not have been able to meet the short deadline.

2. Please extend my thanks to the following eight individuals who assisted us:

- Pat Berlin
- Michael Joseph
- Gerald Liebenau
- Christopher Rehder
- Karl Rohrer
- Bob Shipp
- Maria Tovar

3. Again, many thanks for your cooperation.

John F. Pereira
