1. Headquarters appreciates the Station's cooperation in forwarding LIENVOY transcripts on a weekly basis so that interested components could review these reports and thus be in a better position to evaluate the project. Headquarters was pleased to note that the Station is exploiting leads to the extent of its capability and has been reporting in intelligence format the positive information of value.
2. It will no longer be necessary for the Station to forward copies of the LIENVOY transcripts on a regular basis. Only those conversations which are believed to have special significance need be transmitted in their entirety.
