Subject: GARRISON and the KENNEDY Assassination: Interview of  
GARRISON on Dutch TV by William Leonard OLTMANS.

5 April 1968 (date of report)

[redacted] reported that "OLTMANS", who previously produced a commentary on the murder of KENNEDY is still working on this matter in cooperation with Jim GARRISON. He claims to know who the KENNEDY murderer was. In connection with this OLTMANS has been the guest of an "oil millionaire" in Texas. According to OLTMANS he was invited there because of 'his knowledge of the affair' and the fact that he would be able to act as a medium to bring the facts to the world. At his request Jim GARRISON has provided him with a body guard while working on this matter. In Texas it appeared to him that the group who had financed KENNEDY's murder had had a deep seated quarrel and had fallen into two groups. Some details regarding this affair have come to light and it is seriously being considered to bring them to the public via a TV broadcast. OLTMANS is going to discuss this with NTS and bring it about.

24 1 The following information was received from a [redacted] regarding subject. He claims to have met with Premier KOSYGIN's son-in-law, German Mikhailovich GVISHIANI while in Moscow. OLTMANS plans to depart for the United States on 6 February, where he will remain until 8 March. On 12 March he plans to depart for an undetermined stay in the USSR.

2. In addition to interview with Jack ANDERSON OLTMANS plans to make a film interview with Philip HANDLER, Chairman of the National Academy of Science. 22 February 1968

OLTMANS interview of Jim GARRISON broadcast on NTS. It is not known whether GARRISON travelled to The Hague or whether the show was taped in the United States and sent on tape to Holland. The latter seems probable, especially since the press did not report travel outside the United States by GARRISON.

GARRISON calm and composed, was sufficiently credible to elicit rather favorable reviews from generally well-informed Dutch newspapers. Several Dutch viewers also commented on the credibility of his person and presentation. It is likely that the NTS will try to sell this program to other European countries.

GARRISON repeated well-known thesis that KENNEDY was the victim of

a CIA plot. "President Kennedy was killed by elements of the Central Intelligence Agency of the United States Government."

<sup>24</sup> 1. The following information was received from a [redacted] regarding subject. Efforts by subject to discredit and embarrass the NATO Secretary General and former Dutch foreign minister Josef LUNS, are continuing. On 18 January 1972, subject announced he had sent a letter to the Dutch Attorney General demanding the prosecution of LUNS on the grounds he deliberately misled the former Dutch Prime Minister Willem DRIES with respect to LUNS' policy toward the question of West Guinea. Although not directly connected, subject's latest move follows information that LUNS' personal papers, which had been stored at his former official residence, had been rifled by "unauthorized persons".

2. In order to gain further publicity in his campaign against LUNS, OLTMANS held a press conference on 20 January 1972. This press conference, held in subject's apartment, was attended by several leading Dutch journalists as well as three Soviet diplomats, who are identified as suspect KGB officers. <sup>24</sup>

3. The [redacted] reported that subject plans to make a film in the Soviet Union and that subject has a five-year retainer from the Soviet Union as an overt Public Relations man. Subject also has a close relationship with Premier KOSYGIN's son-in-law, German Mikhailovich GVISHIANI, who is reportedly behind OLTMANS' invitation to make the above film in the Soviet Union and interview several prominent Soviet scientists.

<sup>24</sup> 4. The [redacted] reported that subject plans to visit the United States circa 6 February 1972, and among others he plans to meet with Washington columnist Jack ANDERSON.

Subject: WLOltmans

1. On 10 December 1971, it was reported by a [redacted] 24  
[redacted] that William Leonard OLTMANS (who has been the subject of previous CIA and FBI reporting) was attempting to obtain in the near future, State Department classified documents via an American contact, FNU JONES. Said documents concern conversations between John Foster DULLES, former Dutch Foreign Minister Josef LUNS, and former Dutch Ambassador to the United States, J. H. van ROIJEN, on the topic of New Guinea and Indonesia.

2. According to source, OLTMANS is currently attempting to embarrass and discredit LUNS. OLTMANS already has ~~inspired~~ inspired a recent anti-LUNS article entitled "Has LUNS Mis-Led Us", written by one Joris van der BERGIN and printed in a sensationalist Dutch newspaper Vrij Nederland. Source speculates that fnu JONES mentioned above, may be former US Ambassador -o Indonesia, Howard JONES, as source has established that OLTMANS and Howard JONES met during September 1971, in Boston. Given his background of being a leftist- Anti-American journalist, should OLTMANS obtain the above mentioned classified material, source feels OLTMANS would use it to publicly embarrass all parties concerned.
