Oswald Vol. 2

- ① Memo, 23 Nov 1963, from Acting Chief, SR Division to Assistant Deputy Director, Plans - Subject "Contact of Lee Oswald with a member of Soviet KGB Assassination Department signed by Lieutenant A. Bagley, Chief SRICI - 3 pages and enclosure. Kostikov is an identified KGB officer. He was a case officer in an operation which is evidently sponsored by the KGB's 13th Department (responsible for sabotage and assassination). This operation, which is controlled by the FBI under the cryptonym TUMBLE WEED, involved a German-national resident of Oklahoma who was recruited in Europe, and met this year with Kostikov in Mexico City and shortly thereafter with a known 13th Department officer, Oleg Bryker in New York." attachment states

"The physical description of Kostikov quite accurately fit that of a Soviet case officer who nearly a year ago met in Mexico an FBI-controlled double agent."

- ② Memo 6 Feb 1967, from Chief, New Orleans Office to Director, DCD re: Carlos Binigui.

SECRET

②

signed by Lloyd A. Ray.

Para 3 states, "We believe that there is some truth in the allegation of the Garrison investigation and that the matter is under a discreet and sensitive investigation by the FBI."
