Bob:

Herewith are 15 copies of the two compelling FOIA requests of the moment, Belin asking for everything while Fensterwald has been very specific. Belin was counsel to the Rockefeller Commission and has been of concern to the DCI in our slowness to respond as an Agency. Fensterwald has both entered an appeal on our failure to respond within FOIA limits, and has already gone to litigation.

The request of Mark Lane, a copy of which I passed out to all, seems moot at this point inasmuch as he has not responded to our requirement of a check for \$608.00 search fee. I have not been able to get an answer from OGC as to whether this is still an open case. However, if it is still open, the work for Belin is applicable to Lane.

There is at least one request (Harold Weisberg, 75-4765) which is in the form of documents sent from National Archives for review and now within the CI Staff for action - originally John Bender, now Ethel Mendoza, I understand.

Several of the remaining cases have been completed, or at least require no further search at this time. Completion of the machine run should make available what will be needed in the future for handling those and other requests.

If questions arise, I can be reached at home on 941-4614.
