Dear Dr. Yacco:

The above captioned individual has drifted between a psychoneurotic and psychotic condition almost since the conception of our program. We have never been able to work with him, and therefore, there seems to be no point in continuing him in an open status in our files, thus we are closing our records on this case.

This is being done without prejudice and if he should ever be in a position to take training and/or employment, he may apply to Vocational Rehabilitation in the usual manner.

Sincerely yours,

Gordon D. Smith, Counselor:
Vocational Rehabilitation
