contact-development- In November 1959, Artime was hiding in Havana after disaffection with Castro gov't and desired to defect. Subj. brought into contact with Co. D. Morales (true) in Havana disguised as Cuban priest. Subsequently exfiltrated to Mexi and later to WAVE. Initial interest was for KULAGE EXPLOITATION.

Subject's loyalty toward CIA has, over a period of years, become institutionalized and he easily adapts to new case officers.

CASE OFFICERS:

Dr. David Morales as "Dr. Gonzalez"

Howard Hunt "Eduardo"

Gerald Droller "Frank Bender"

"and numerous other CIA representatives involved in JMATE who used assumed names, but some of whom are known to him by their true identity."

pa. "Subject views his association with CIA as indispensable in terms of enabling him to bring about decisive changes in

the Cuban situation. He therefore considers his mission indissolubly tied up with CIA, which in turn affords us a strong element of control over his activities.

Subj. has no cover.

In context of AMWORLD project only people who know of Artime's assoc. is Mr. Rafael Quintero and Dr. Cesar Baro.

"Under auspices of AMWORLD, subj. was trained in the use of the one-time pad. He underwent extensive paramilitary and intelligence training during JMATE."

Previous activity @ CIA:

JMATE - his responsibilities lay in the action, not the collection field. He has purveyed on occasion political intelligence, but strictly as a by-product."

"He has been permitted to infer that it is passed to the policy-making components of the U.S. Gov't."

"He will be used as the principal in AMWORLD, a paramilitary program, vesting him with important and independent responsibilities.

Artime knows Desmond Fitzgerald, James Smith (Chief OC / AO), Richard Beal (SA), Raul Hernandez (SAS), Henry Hechsher (SAS)

"Subject's termination would involve a major policy decision on a high level of the U.S. Government."

④ Cable WAVE 3058 1-6-63

reports recontact of Arttime by Hunt. WAVE only wants 1 CIA contact with A. "This causing wave some embarrassment thw while understanding Hunt's interest. Arttime's well fore view their past relationship wish point out continued contact can only have detrimental effect on WAVE relationship with Arttime."

5. Cable, Wave, 3128- Jan 9, 1963

CRC received request from Arttime's prospective mother-in-law for back salary due Arttime for period of imprisonment. CRC records show that although Arttime MRR delegate to FRD at approx \$400/month until few months before invasion during which he in direct contact with CIA. Evidently Arttime only member brigade for whom no prior finan arrangements made. CRC proposes settle matter with payment \$3500 which equivalent basic brigade salary of \$175 (partially illegible) for 20 months without allowance since Arttime's parents not dependent. Arttime accepted \$250 bonus from CRC with considerable reluctance and told WAVE he prefers decline back salary for political reasons.... To avoid criticism Arttime not treated fairly WAVE authorizing CRC offer check for back salary but also instructing ARTIME decline on basis his acceptancd would create misunderstandings. As equity WAVE covert payments to Arttime will be generous.

On Jan 22, writer met with Arttime and Roberto Perez San Roman in Washington, D.C. They were in D.C. to see the Attorney General and hopefully, Mr. Cottrell of the State Dept. Both Arttime and Perez stated that they regarded Robert Kennedy's recent interviews with the press concerning the Bay of Pigs to be prompted by internal U.S. political considerations. Both men, without solicitation, volunteered the opinion that the Agency had suffered gravely for the Bay of Pigs, and they stated that the Agency, in the persons of the Agency personnel whom they knew, was not responsible for the failure. Arttime stressed respect with which he viewed the majority of Agency personnel with whom he had dealt."From a long-range Agency viewpoint, it would appear that our interests now are parallel, and he may be expected to work with us as long as they remain parallel."

8. Memo for Chief, CI/OA from William K. Harvey, Chief, JTask Force W, Dated Jan 23, 1963. Requests Arttime's provisional operational approval be reinstated for period of 6 months. "It is planned to use Arttime in the WAVE area and throughout Latin America as a PA-PROP asset."

Artime said he had heard that Jim Noel was now in Madrid and I said that if Artime wanted to check, all he had to do was to call the Embassy in Madrid upon arrival. Hunt asked about Jose Perez San Roman and learned from Artime that Pepe had suffered a mental breakdown, that the Robert Kennedys had rented a home for Pepe, his wife and two children in the McLean area and that Artime had been with them during the day when Mrs. Kennedy had come to the San Roman home and seen Artime.
