excerpts

- Conversation betw. Varona & State 29 Nov 60
Varona says of Lanz - "a young man, somewhat impetuous, who is now working with us."

- 28 NOV 60 Cable to JMASH From DIR.

"1. Disapprove para 3 & 7 ref. HQS does not desire additional Cuban pilots & does not wish give Diaz Lanz and Company false impression by instituting even limited training program."

2. AMVANG-2 advised HQS he passed

US \$5000 obtained from private sources ^{Lanz} to repair B-25. Further states aircraft repd & Lanz intends make leaflet drop on or about 30 Nov. Possible KW 3 ARK funds passed AMV ANG-2 for prop use now being diverted repair aircraft.

3. HQS policy re no ODYOKS sponsored overflight from BPPRIME SHU stands. MASH requested take immed. steps to stop flight. If cannot accomplish this by persuasion notify local auth. poss. such a flt to enable them impound aircraft. Essential avoid poss. such indep. air ops jeopardize own air ops including use Ope Locha.

4. Realize Lanz may be polit. asset. If so can best be used that purpose w/in AMRASP.

WH comment: Twicker states Lanz requests funds to repair personally owned B-25 at cost of US \$5,000. Also wants US \$2,240 to give link training to 9 pilots for 3 mos.

- Cable 24 NOV 60 to Div fr JMASH.

1- Diaz Lanza joined AMRASP bringing pilots: Abel Hera Corton, Frank Fiorini, Francisco Llano, Evangelista Mursuli, Ramon P. Fuentes, Nestor Alvarez, Fernando Garcia. Marcos Diaz Lanza also joined.

2 Shortly after joining AMRASP, Diaz suggested to AMHAWK est. of spec. mission group comprising above personnel, all of whom, according to Diaz are qualified as A/C mechanics. The group would drop AMRASP leaflets on cities, small towns & cooperatives & could fly cargo missions when required.

3 To prepare themselves for standby readiness Diaz has requested AMHAWK (≠ AMHAWK has queried TWicker) for funds to: (A) rehab. the personally-owned B-25 A/C of Diaz at cost of approx. DLS\$5000. (B) Provide pilots w/ Link trainer time (8 pilots at 10hrs. monthly, at cost of DIs 8 per hour) and (C) consider purchase

of float equipped Cessna 180 &/or 210
for infil/exfil ops.

4. Diaz is proceeding w/ B-25 rehab.
via loan \$2,500 from Miguel Angel
Quevedo, for which, according
AMCHIRP-1, he will air drop
Bohemia over Cuba.

5. While realize present policy
precludes US.-based flights, desire at
minimum maintain flight
proficiency thru integrated group whose
current & future activities could be
monitored & directed by the newly-
established joint Cuban/Amer. ops
section of the mil. commission.
Beyond being a pilot, Diaz Lanz exudes
a certain mystique which the press has
been quick to recog. Thus he is
a current propaganda & polit. asset
as well as a potential milit. asset.

6. AMHAWK commented somewhat
equivocally that Diaz Lanz joined
AMRASP primarily to solve his
econ. probs. However TWICKER believes
Diaz highly motivated & recognizes

AMRASP as mainstream anti-Castro org.

Temp. solution has been to assign Diaz group to transport commission, which now functions under MIL Commission, but funds are not currently budgeted for link trainer time.

7. Request HQs approve initial link trainer refresher of DLS 960; 15 hrs. each pilot, then monthly cost of DLS 640. Not likely training to extend beyond 3 mos.

8. Feel political advantages keeping Diaz satisfied and cooperative well worth above relatively minor expenditure.

Not known to belong in any polit. party. Formed own movement - CCC but was unsuccessful in obtaining support; considered by FRD

& other moderately liberal groups as including some ex-Batista army officers. Repts in April 1960 Diaz had committed CCC & self to group headed by Marquez Sterling. However, subsequently CCC merged w/ Alianza de Liberacion - amalgamation of several younger groups of Cuban exiles. - Memo for AMDIP/A 28 April 61
Re conversation w/ Mr Joseph
Newman, NY Herald Tribune
Rept'd 27 April 61
Author: Howard Hunt

Discussed JMWAVE Matters -

" To separate fact from fiction on an off the record basis"
Discussed several areas:

Ricardo Lorie - PDL -

These men alleged CIA had given insufficient support to Lorie's boat ops, ^{& demanded details of ops} but each time CIA chosen course was followed. Their boat was interfered with by Castro gunboats.

Hunt explained reasons for CIA procedures - ^{avoid} ~~eliminate~~ duplication & compromise of effort; avoid hostile monitoring of communications; Coast Guard interference; provide rescue in emergencies.

Artime.

Lorie & Diaz denounced Artime as Castro penetration agent. - Bolstered by Newman's recollection that Juan ORTA was believed to have said Castro once claimed an agent high in counter-revol. circles.

Hunt explained Lorie lost out in MRR power struggle; PDL felt personal resentment, political vindictiveness. Artime's father was a communist, but ^{suspected} Artime's more

formative years spent w/ Scouts.

Aureliana Sanchez Arango -

re: attacks of GRG by Sanchez and Jose Figueres

Atino Diaz

re: story that CIA had not kept its agreements w/ Diaz, making it imposs. for Diaz to land his force in Cuba.

Hunt: "I explained what really happened.

Eloy Gutierrez Menoyo -

re: allegations that ^{Gutierrez} Menoyo & grp were detained at McAllen, TX to appease Batista & Trujillo Partisans.

Hunt explained above ~~to~~ TX decided on by INS to insure safety of Gutierrez; assess grp's conflicting tales. Grp arrived too late for inclusion in military program.

Revol. Council complaints!

re: gen. theme that O.S. had not lived up to its commitments to provide air cover for landings despite pre-invasion promise by Pres. Kennedy to provide this umbrella. Hunt explained RC looking for scapegoat. Said Pres. had made

no such positive commitment to RC before the invasion... Pres. dispatched Messrs Bene & Schlesinger to MITO in NY prior to invasion to say Pres. had said quite the contrary. Said. personal interviews betw. Pres & RC had taken place on 19 & 20 April, in fact!

As to lack of protective air cover, HH cited failure of RC's B-26s to eliminate Castro air forces during 15 Apr. Strike. HH "mute" as to fault for lack of second mop-up strike. Said bases in Guatemala becoming untenable - open for oppos. congress. inspections by 18 Apr. - Newman - declared - realization that it wasn't sabotage by Communist agents - "we sabotaged ourselves!" -

Newman expressed interest in HH identity. Conceded he had never heard "Eduardo".

Re: Frank Fiorini - comments re: alleged
plans of KUBARK.

On 4 Jan 61 Mr. Joseph A. Forrier,
Supervising Customs Agent in Miami, sent
Attachment A to local Chief of KUTUMP,
who in turn sent it to JMWAVE.

Inasmuch as the content of Attach.
A appears to implicate PDL in an
unfavorable manner, CRABANAC
investigated the case & submitted a
memo dated 9 Jan 61, Attach B.
Chief of Base agrees w/ conclusion
in Para 7 of Attach B.

- Attachment A -

Written by ^{Edward D. Fidele, Customs Agent}
and Cust. Agent Steve Pinos
interviewed Sturys on Dec 30, 1960 at
his residence 2080 SW 60th Court,
Miami, Fla.

Alan McDonald, close assoc of
Sturys, also present. Fiorini said B-26
seized by Customs, used for leaflet drop
on Havana, ^{was} returned to him after
payment of charges - \$2,800.00. Money
was furnished by KUBARK & ~~that~~

he had turned over the airplane for use by PDL. PDL was at aircraft almost every day - preparing plan for "good will tour" of Central Amer. countries, to be sanctioned by KUBARK.

Writer told Fiorini he was prob. being duped - ~~being~~ often talk that U.S. supporting group - always w/out foundation.

^{On questioning} Fiorini said he spoke to KUBARK agent ^{kg?} The name of "Barker" of 4420 N.W. 5th St.

Office contacted PDL for cooperation. PDL was advised. Fiorini was interviewed earlier that day - PDL expressed concern that Fiorini might get involved in way that would impair plans of anti-Castro groups.

Office making report because "loose talk" by Fiorini might have adverse effects. FBI had earlier interviewed Fiorini, presumably re: "similar 'loose talk'"

- Attachment B - 9 Jan 61.

- Alleged \$2,800 payment & presumed to be part of money given to PDL by Saralegui as personal loan.

2. PDL, preparing his aircraft for the vuelo de verdad and instructions given by him to aircraft technicians including poss. use of nat'l flags on nose of aircraft would confirm Diaz intends to visit # of countries.

3. Bartes says he met Fiorini on only one occasion w/ a group of people & has never seen him before or since. Alleged address of Barker provided by Fiorini not correct.

4. Fiorini has lost confidence of PDL & has been treating w/ such people as Rasco in an attempt to involve himself in anti-Castro activity. Note PDL expressed concern Fiorini "might get involved...."

5. PDL alleges he & his people wounded by federal agents whose interest in plano has been piqued by plane overhauling activities & that these federal officials asked leading & provocative questions.

6. entire Exec. Comte. of FRD, as well as

propaganda commission, fully acquainted w/ preparatory plans for flight and it is, therefore, not strange plans have become known outside. That immed. grp.

7. However, a review of Customs rept, together w/ above, would indicate that "the essential element of plausible denial still remains."

- ~~FRD~~ Cable 10 Jan 61 to Bell from WAVE
Following Chron. applies to preparatory actions for PDL trip -
select flight ~~trip~~ party; obtain visas & landing permits; establish flight routing; lift gov't agency restrictions on PDL and aircraft. FRD send letter of instruction to FRD delegations in host countries outlining advance preparations necessary - special equipment for plane - PDL suggest tape recordings be made at local stops for mailing back and use on Swan. Expect concrete team during wk of 9 Jan. PDL will handcarry passports and flight documents to Washington, obtain visas & landing permits & submit results to

Chocden who to finalize flight route.

Have tried QDBIAS aim a 15 Jan takeoff
