                        manuel

Summer 1960.

Ray very actively recruited to become
FRD member. CIA considered him to an
important political asset. Raul Chibas
Ray's assistant - spoke for him w/ US
authorities. Urged strong strong org. inside
Cuba before outside help would be
effective. Chibas meets w/ Bender 9/7/60,
says he is in favor of FRD but
completely committed to Ray + would check
with him.
