In connection with our investigation into the burglary of the Media Resident Agency during the night of March 8, 1971, SAC Roy K. Moore, who is handling the special at Philadelphia, has advised 12 of the 25 Agents assigned to the Philadelphia Division on the special have returned to their field offices of assignment. Two more are scheduled to return this weekend, leaving a balance of 11, including SAC Moore.

We have discontinued the electronic surveillance of the cabin in the Pennsylvania mountains where it had been anticipated discussions would be had between break-in leaders and our Philadelphia source relative to future break-ins. John Peter Grady, who has been developed as the principal subject in Medburg and the instigator of the majority of draft board break-ins throughout the East Coast, never appeared at the cabin as he stated he would. There is no indication his failure to appear was due to anything else but irresponsibility on his part. Our informant continues to maintain contact with others of the Berrigan group, and it is hopeful information pertinent to this investigation will be obtained through this source.

Of primary interest is the fact our investigation in the Camden, New Jersey, area has resulted in the location of Grady, his hideout, and the insertion of another source into a group which is led by Grady and which is currently planning a "hit," presumably on a draft board and/or Army Intelligence office in the Camden, New Jersey, Federal Building. Our informant has established himself with the group and is in a position to be aware of detailed plans relative to this proposed hit.

The break-in has been tentatively set for the weekend of July 17 - 18, 1971. However, definite arrangements have not as yet been formulated. Appropriate safety measures have been instituted to protect our Camden Resident Agency, which is in the same building. As previously indicated in our memorandum of June 28, 1971, dealing with the latest phase of our investigation, it is imperative no dissemination be made of this information outside the FBI at this time. When full facts become known, consideration will be given to disseminating this information on a need-to-know basis. It is our

Re: MEDBURG

intention that by careful planning we may be in a position to apprehend those participating in this new break-in (15 to 25 individuals) during the actual attempt. We hope to link many of these individuals with the Media break-in.

By memorandum dated June 24, 1971, reference was made to the feasibility of conducting a grand jury hearing into Medburg. It was recommended and approved that no action be taken along these lines until the discontinuance of our electronic surveillance at the Pennsylvania cabin. In view of the fact our current inquiries have resulted in our being in a position to anticipate a hit by the Grady group within the next two weeks, any grand jury action would obviously adversely influence Grady's plans for his newest break-in.

ACTION: If approved, we will continue our efforts along the lines set forth above, and no discussion will be had at this time with the Internal Security Division relative to a possible grand jury hearing on Medburg.

This is to summarize the current status of our investigation of captioned matter and to consider future plans in connection with the development of information indicating a planned break-in at the Post Office Building, Camden, New Jersey, scheduled for July 25, 1971.

John Peter Grady, a close associate of the Berrigan brothers, according to several sources, claims to have planned and participated in the Media burglary. He was allegedly assisted by Fathers Joseph O'Rourke, Peter Fordi, and Edward McGowan. In addition, at least three other alleged associates of the Berrigan group are believed to have participated. Through information recently developed, Grady has been pinpointed as the individual who masterminded at least 14 of the 18 break-ins of various Government facilities during the past two years. He currently heads up what is termed the "action group" and is reported reliably as being a staunch advocate of "hits" on Federal facilities as a means of embarrassing the Federal Government.

During the past several weeks, we have been successful in inserting a highly productive source into a group led by Grady which is presently planning a break-in of the draft board office with alternate targets being Military Intelligence and the FBI Resident Agency, all located in the Post Office Building at Camden, New Jersey, a Government reservation. The early morning hours of Sunday, July 18, 1971, was the original target date. However, Philadelphia has now reported that, in all probability, the hit would be delayed until July 25, 1971, in order to allow elements from the Newark, New Jersey, area to participate. Under the direction of SAC Roy K. Moore, on special Medburg assignment, with the cooperation of SACs, Philadelphia and Newark, arrangements have been perfected aimed at apprehending these individuals red-handed. Hopefully, O'Rourke, Fordi, and McGowan will participate in the Camden break-in as well as others involved in the Media burglary. Precautions have been taken to cover our Resident Agency at all times. In addition, personnel are on continual alert to swing into action should the hit date be unexpectedly advanced.

Memorandum to Mr. Sullivan  
Re: Burglary of FBI Resident Agency  
Media, Pennsylvania, 3-8-71

With respect to the proposed Camden break-in, it was recognized from the outset that secrecy was imperative--both from the standpoint of protecting our source who has successfully associated himself to a very close degree with Grady and, more important, insuring there be no leak which would scare off Grady and his group. By memoranda June 28 and July 7, 1971, we pointed out the importance of keeping these plans confidential, it being imperative that there be no dissemination outside the FBI at this time. It is SAC Moore's recommendation we not alert at this time any agencies having an interest and/or located in the Post Office Building. This would include General Services Administration, the military, Selective Service, and Postal authorities. To do so might result in activity which could very well alert the alleged perpetrators who are very sensitive to any unusual activity and who have the Post Office under surveillance.

It should be noted the Internal Security Division of the Department has requested it be advised of all matters having any possible connection with the Berrigan group. None of the individuals known to be planning participation in the Camden break-in are among those indicted with Berrigan in the Eastcon case. Nevertheless, it appears persons associated with the Berrigan group are involved in the planning of the Camden break-in and all seem to be inextricably intertwined in the Berrigan and Eastcon philosophies.

It is also noted that in a memorandum dated March 29, 1971, the Internal Security Division indicated, in view of the interest of that Division in those individuals associated with Eastcon and the Berrigan supporters, they desired the Media case be handled in its entirety by the Special Litigation Section of the Internal Security Division. They also requested that in addition to communications, all prosecutive presentations should be made to the Special Litigation Section.

**ACTION:** In view of the above developments indicating a tentative action date for July 25, 1971, it is recommended this matter be presented at this time to the Special Litigation Section well in advance of the target date in order that there can be no question concerning the propriety of our proposed action. The Bureau obviously must fulfill its responsibilities in this case which might involve the apprehension of from 15 to 25 individuals in the commission of the intended break-in of the Post Office Building. In order to preclude as much as possible any unforeseen difficulties,

it is recommended that SAC Roy K. Moore, who has the responsibility for the overall direction of this situation, be immediately instructed to report to Bureau Headquarters for a full discussion of his proposed plans. If approved, SAC Roy Moore, representatives of the Special Investigative Division and General Investigative Division, and Mr. Dalbey will present this matter to the Special Litigation Section of the Department with reference to the contemplated prosecutive action in the event a break-in should occur.

In view of the sensitive nature of this material, tickler copies are being hand carried.

DETAILS

On January 27, 1972, Investigative Clerk ROBERT C. KEARNEY contacted Sergeant JOHN DEVLIN, Philadelphia Police Department and was advised that arrest reports and related documents are destroyed after two years of storage. He advised that the only information available would be that of the subject's criminal record. It is noted that office of origin is in receipt of criminal record.

On February 9, 15, 23 and 25, 1972, attempts were made to contact PHILIP TRACY through the "Village Voice", 80 University Place, New York, New York, with negative results.

On March 8, 1972, inquiry at the "Village Voice", 80 University Place, New York, New York, revealed PHILIP TRACY was presently out of town and expected to return sometime next week. Attempts to determine his present location and/or some means of immediate contact were met with a negative response.

NK 89-56

During the past two months numerous attempts have been made in person and telephonically to contact PHILIP TRACY, reporter, through the "Village Voice". On each occasion receptionist personnel of the "Village Voice" advised that TRACY was not there at the present time, that they had no idea as to how to contact him nor a telephone number where he could be reached, but they would take a message for him. On each occasion a message was left but never answered.

On March 31, 1972, Special Agent (Accountant) ROBERT H. WALLER and SA MARTIN J. GASS observed DALE SPEERS CUNNINGHAM driving a blue Ford convertible with California license 710-DOL.

The following investigation was conducted by SC ELIZABETH O'LAUGHLIN at Sacramento California:

On April 12, 1972, a check of vehicle registration records, through the California Law Enforcement Telecommunications System (CLETS), revealed that California license 710-DOL is registered for 1972 to KOREAKI OGATA, Department of Biology, University of Pennsylvania, Philadelphia, Pennsylvania, for a 1966 Ford convertible. No stolen stops on file.

A check of driver's license records, through CLETS, reflects the following description of OGATA:

Name	KOREAKI OGATA
Date of Birth	April 5, 1943
Sex	Male
Height	5' 6"
Weight	130 pounds
Hair	Black
Eyes	Black
Marital Status	Single
California driver's license number	N722888
Mailing address	Department of Biology Stanford, California
Residence address	27261 Black Mountain Road Los Altos Hills, California

NK 89-56

On May 4, 1972, Assistant United States Attorney (AUSA) JOSEPH AUDINO, Camden, New Jersey, advised that a trial date has not been set in this matter. He stated that he thinks it will be handled in the Fall of 1972.

Leads

This case is receiving immediate preferred attention. The Bureau will be advised telephonically of pertinent developments. Leads to other divisions are being set forth by teletype or telephone as dictated by the urgency of the matter involved.

Philadelphia will follow and report prosecutive action.

Administrative Data

For the information of all offices, information was developed during the course of the MEDBURG investigation that subject JOHN PETER GRADY and others were planning a draft board break-in in Camden, N.J. A separate sub section of the MEDBURG file was opened to further develop that information. All correspondence concerning the "CAMDEN ACTION" should be directed to PH file 52-7165-SUB S.

Arrest warrants were obtained 8/21/71. Fugitive Form Letters, FD-65, are not being submitted since all subjects were in custody prior to completion of forms. Philadelphia is claiming 21 fugitives.

Departmental Attorney GUY GOODWIN is in Philadelphia handling legal matters involved in instant arrest. Copy of instant report will be furnished to him personally by the Philadelphia Division.

Two copies of instant report are being furnished the Newark Division since prosecution lies in the District of New Jersey. In addition, Doctor WILLIAM ANDERSON, Reverend MILO BILLMAN, Father MICHAEL J. DOYLE, MICHAEL JOHN GIOCONDO, FRANCIS MEL MADDEN, and SARAH TOSI are subjects of separate investigations in that division.

One copy of instant report is being furnished to the Boston Division for information since PAUL BERNARD COUMING, MARGARET MARY INNESS, LIANNE MARIE MOCCIA, BARRY JAMES MUSI, and SARAH JANE TOSI are subjects of separate investigations in that division.
