 BUDED 3/3/78

Re Bureau airtel to Atlanta, Birmingham, Chicago, Cincinnati, and Louisville, 2/16/78. #41

Enclosed for the Bureau is one xerox copy each of 193 Atlanta logs and communications relative to captioned matter.

Referenced Bureau airtel pointed out that the HSCA was currently conducting investigation into the assassination of President JOHN F. KENNEDY and MARTIN LUTHER KING, JR. In connection with the KING matter, the HSCA had been advised that the National States Rights Party (NSRP), JESSE B. STONER, and Dr. EDWARD FIELDS, were subjects of electronic surveillance (Elsur) by the FBI. The HSCA, by letter dated 2/8/78, requested access to FBI materials pertaining to the Elsur of these subjects during the period 1956 to 1965.

The Bureau airtel went on that appropriate records at FBI Headquarters were checked and disclosed that JESSE B. STONER had been the subject of a telephone surveillance by the Atlanta Office from 10/10/63 to 2/18/64, at 100 1/2 Hunter Street, Atlanta, Georgia. This coverage was also in connection with the Babom case and the Elsur was assigned the symbol numbers, AT 1377-S* and AT 1378-S*.

Atlanta noted in conducting this review, that a few of the original Elsur logs had several entries made with a light blue ink and as a result, these entries were somewhat faint on the xerox copies. Efforts to improve the quality of these particular copies of the Elsur logs were unsuccessful as the light blue ink does not copy well.

It is noted that Atlanta has placed a three by five card as a flag on the serials listed below, namely:

HOUSE SELECT COMMITTEE ON ASSASSINATIONS
 U. S. HOUSE OF REPRESENTATIVES (HSCA)

Reference is made to the letter to the Attorney General from G. Robert Blakey, Chief Counsel and Director, HSCA, dated January 26, 1978, which, in connection with the HSCA's investigation into the assassination of Martin Luther King, Jr., requested access to FBI information concerning Oliver Block Patterson. On February 13, 1978, HSCA Staff Attorney Michael Eberhardt requested that material concerning Patterson be delivered to the HSCA.

Enclosed are seven attachments which contain pertinent information from the files of FBI Headquarters (FBIHQ) and the St. Louis Office of the FBI in response to the above HSCA request. Where information is not provided, it is either not retrievable or is not being furnished pursuant to the Memorandum of Understanding.

In addition to requesting Patterson's Identification Division record and material concerning his affiliation with the National States Rights Party, referenced letter asked for informant files concerning Patterson, including materials and vouchers which would reflect his informant activities. The FBI feels it is improper for the HSCA to speculate in correspondence as to the identities of FBI informants. Regardless of whether or not HSCA's speculation is accurate, such action could result in possible compromise of sensitive informants and hinder ongoing operations, as well as place the individual involved in personal jeopardy. It is requested that matters which may pertain to FBI informants and sources, or any other matters of obvious sensitivity, be brought to the attention of designated Department of Justice and FBI officials responsible for liaison with the HSCA, prior to submitting a request in writing.

NOTE: Based on the time period of interest to the HSCA, only Sections 1 through 36 of the Dr. Martin Luther King, Jr.,/ Poor Peoples March have been prepared for HSCA access.

To date, Congressional Inquiry Unit procedure has been to remove classified information from material being prepared for HSCA access and to make the classified material available upon request only to HSCA staff members with appropriate security clearance. Since most staff members now have their clearances and the volume of classified serials involved in this request is considerable, all classified information is being left in the material processed for the HSCA. The Congressional Inquiry Unit will insure that only HSCA staff members with their security clearances will be granted access to these files.

This response completes the November 30, 1977, HSCA request.

HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

Reference is made to letter to the Attorney General from G. Robert Blakey, Chief Counsel and Director, HSCA, dated November 30, 1977, which requested information from FBI Headquarters files in the investigation of Martin Luther King's assassination. Among other items, this letter specifically requested the following:

(4) The file on Dr. Martin Luther King, Jr.,/Poor Peoples March for the period December 1, 1967, through May 1, 1968.

This memorandum is to advise that material in response to the above item has been processed and is available for HSCA access at FBI Headquarters. Where information is not provided, it is either not retrievable from FBI Headquarters files or is not being produced pursuant to the Memorandum of Understanding.

It should be noted that in preparing the above-mentioned material, because numerous documents involved are classified, no removal of classified documents was made. Therefore, HSCA review of this material should be restricted only to HSCA staff members possessing security clearances.

By FBI memoranda dated November 11, 1977, and November 18, 1977, you were advised that material in response to Items 1, 2, 3 and 5 of the November 30, 1977, request was completed. This response completes the November 30, 1977, HSCA request.

Attention: Mr. Robert L. Keuch

NOTE: Through review of National States Rights Party (NSRP) activities, the HSCA learned of SL 1495-E (former), who is identical with Patterson. Prior to submitting referenced request, the HSCA asked that SL 1495-E be contacted to determine if he would cooperate with the Committee. Prior to our contacting the informant, the HSCA submitted its request for his files. The informant, when contacted by St. Louis, declined to cooperate with the Committee. However, after contact by the HSCA, he submitted a waiver (attached) authorizing delivery of his FBI files, vouchers, personal reports, etc. This waiver was delivered to FBIHQ by the HSCA on 2-13-78.

SL 1495-E (Bufile 134-19686) was operated from January, 1970, to approximately September, 1971, targeted primarily against White Hate groups. Being provided to the HSCA are copies of his informant files from St. Louis and at FBIHQ, as well as FBIHQ references. The Voucher and Payroll Section advised that in furnishing copies of informant vouchers their policy is to provide receipts only and not the blue slip or FD-221A. Receipts showing 19 occasions when SL 1495-E was paid are being provided to HSCA.

We should take exception to the Committee's speculation concerning identities or informants in correspondence in an effort to avoid any future indiscretions by the HSCA. This matter has been coordinated with SA M. V. Hale, Top Echelon and Criminal Informant Unit, Criminal Investigative Division, and D. O. Coulson, Legal Liaison and Congressional Affairs Unit.

Dear Mr. Attorney General:

In connection with the investigation by this Committee into the assassination of Dr. Martin Luther King, Jr., it is requested that the F.B.I. make available to the Committee all materials, including Identification Division records and informant files, pertaining to Ollie Patterson, whose last known address was in the St. Louis area. NOTE: Documents desired by the HSCA were listed as footnotes in the SSC's final report. Mr. Michael Epstein desired the FBI review the documents prior to their release to the HSCA. Additional excisions were necessary in some documents to further protect a sensitive foreign intelligence operation and to be consistent with excisions in other documents made available to the HSCA.

Mr. Epstein has been advised of identities of documents requiring additional excisions and, in order to provide maximum security, these documents will be compartmentalized in SSC records.

This matter has been coordinated with SA M22J MAR 1 1978 Steinbeck of the Intelligence Division and D. O. Coulson of the Legal Counsel Division.

JAMES EARL RAY;
Dr. MARTIN LUTHER KING, JR. - VICTIM;
CIVIL RIGHTS - CONSPIRACY

On November 21, 1977, retired Special Agent Joe C. Hester appeared at Washington, D. C., at the request of the House Committee on Assassinations.

Mr. Hester met with the Committee staff in their offices at Washington, D. C., and was interviewed for a total of four hours by two different groups of five persons each. Both groups were affable and were not in any way critical of the investigation conducted in this case.

The first group of five interviewers asked a variety of questions but seemed to be particularly preoccupied with the investigation conducted by Legats in Mexico. Mr. Hester was able to answer many of the general questions regarding the activities of Legats but referred them to Assistant Director Richard Long when they began to ask more specific questions regarding the investigations by Legats and the manner of transmittal of this information to FBI Headquarters. (c)

The second group of five interviewers asked more general questions regarding the Bureau's investigation of the King murder. They seemed to be greatly concerned with the allegation of conspiracy. Mr. Hester advised them that he believed the conspiracy theory was an invention by the Department of Justice to be used to justify the FBI's investigation of Dr. King's murder. Mr. Hester advised them that he had never personally believed there was a conspiracy and he did not believe that any of his FBI superiors had ever believed in the conspiracy theory. Mr. Hester further advised that it was his personal opinion that James Earl Ray, acting alone, had murdered Dr. King and that his subsequent travels were probably financed by armed robbery.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

RE: JAMES EARL RAY;
Dr. MARTIN LUTHER KING, JR. - VICTIM

This group was concerned with how the subject Ray had known how to obtain false documents following his arrival in Canada. Mr. Hester pointed out that a "Top Ten" criminal had been arrested in Canada and had been returned to the Missouri State Penitentiary and had served time there with James Earl Ray prior to Ray's escape. Mr. Hester indicated it was his belief that this "Top Ten" fugitive had been responsible for instructing Ray on how to proceed in obtaining false documents in Canada.

This group touched on such diverse elements as the information furnished by John McFerren regarding Frank Liberto, and one of the interviewers agreed that they had not believed McFerren to be a very reliable witness. They also discussed Ray's purchase of the rifle in Birmingham; the fact that Officer Redditt was moved from the firehouse near the Lorraine Motel just prior to the murder; what motive did Ray have for killing Dr. King; whether or not there was any evidence to indicate a conspiracy; whether or not there were any wiretaps and whether or not there had been any surreptitious entries made against King and his followers at Memphis prior to the assassination; and when, following his escape, did Ray appear to have made up his mind to assassinate Dr. King.

In addition, they asked numerous questions about the political climate in Memphis just prior to the assassination and inquired as to what investigation was being conducted by the FBI in regard to the Sanitation Workers Strike and the first march conducted by Dr. King. Mr. Hester was forced to admit that he had had nothing to do with the investigation of Dr. King prior to the murder and he suggested that they talk to current Special Agent Howell S. Lowe who would be in a position to furnish information in this regard.

They inquired about the interview of James Earl Ray conducted by former Special Agent in Charge Robert G. Jensen, former Special Agent Robert F. Boyle, and Mr. Hester at the state prison in Nashville, Tennessee, following Ray's plea of guilty. Mr. Hester recounted as best he could recall the events that transpired in connection with this attempted interview and advised the interviewers that former Special Agent Robert F. Boyle has suffered a cerebral hemorrhage and possibly might not be competent to furnish information regarding this investigation.

RE: JAMES EARL RAY;
Dr. MARTIN LUTHER KING, JR. - VICTIM

~~CONFIDENTIAL~~

The Committee indicated that they might desire to interview Mr. Hester again, either personally or telephonically, and they were assured that he would be available and agreeable to assisting them in any way possible.

NOTE: The letter of 11/3/77, requested information on 35 items, a number of which were subsequently modified by the HSCA letter of 11/8/77, another letter of 11/9/77, (not attached) and through conferences with the HSCA personnel. Partial responses have been submitted to the HSCA as documents in response to certain items have been processed. This response completes all requested items in the letter of 11/3/77.

Information processed concerning Item 35, Herman A. Thompson, included Bufile 1-8332, which contained results of his background investigation prior to attending the 63rd Session of the National Academy in 1959. Discussions by D. O. Coulson, Legal Liaison and Congressional Affairs Unit, with the HSCA have determined that access to background information on Thompson will greatly assist the Committee in one aspect of its inquiry. The nature of the HSCA's interest in Thompson is unknown. Since Thompson's file contains no derogatory information, representatives of the Legal Liaison and the Congressional Inquiry Units believe the HSCA should be given access to Thompson's National Academy file.

House Select Committee on Assassinations

Regarding Item 1, Lawrence J. Callanan, files were located involving Callanan's Pipefitters Union in previous FBI investigations into possible violations of the Welfare and Pension Plans Disclosure Act and Election Laws. On November 29, 1977, HSCA Staff Attorney Michael Eberhardt advised these investigations were of no interest to the HSCA and that it was not necessary to process these files.

With respect to Item 7, the HSCA submitted a request for information concerning Morris Davis on May 13, 1977. By FBI memorandum dated June 9, 1977, you were advised that all pertinent information regarding Davis in the files of FBI Headquarters was processed and available for HSCA access at FBI Headquarters.

Concerning Item 8, there are numerous FBI Headquarters files concerning the White Citizens Council. In accordance with Item (f) of HSCA letter November 8, 1977, these files were reviewed to identify cities involved. On December 2, 1977, Mr. Eberhardt agreed that only White Citizens Council files involving the cities of Chicago, Illinois; Montgomery, Alabama, and London, England, were needed by the HSCA.

Where information is not provided it is either not retrievable from FBI Headquarters files or is not being produced pursuant to the Memorandum of Understanding.

Attention: Mr. Robert L. Keuch
Deputy Assistant Attorney General
Criminal Division, Room 2113

Dear Mr. Attorney General:

In connection with the investigation of the Select Committee on Assassinations into the death of Dr. Martin Luther King, Jr., a conference was held on November 7, 1977 between employees of the FBI and members of the Committee staff to discuss the Committee's November 3, 1977 letter of request for FBI materials on thirty-five individuals or organizations. As a result of this meeting, the following was resolved:

- (a) The FBI would process the following numbered requests as they were originally stated in the November 3rd letter: 1, 4, 5, 7, 9-11, 13-24, 26, 28-33 and 35.
- (b) The Committee would provide dates of births on the individuals in requests nos. 12 and 27 before the FBI would process these names. The dob on Robert J. Fowers (request no. 12) is 6/5/24. The dob on Reverend Jesse Jackson (request no. 27) is 10/8/41.
- (c) Besides providing the complete file on request no. 3 (Jesse B. Stoner), the FBI would also make available the most appropriate case agent(s) in the office of origin assigned to Stoner for the period 1966 through 1968.
- (d) With respect to request no. 2, the FBI would provide all the materials in the files at headquarters for 1967 and 1968 as well as make available the appropriate case agent(s) in the office of origin for the same period.

12-117290-456X
ENCLOSURE

(e) With respect to request no. 6, the Committee would hold in abeyance such a request until the FBI provides a list of the most appropriate case agent(s) in the offices of origin for the several Klan organizations in existence in 1967 and 1968. (While such was not part of the understanding reached at the time of the meeting with FBI officials, the Committee would request however that all materials related to the United Klan of America for the period 1965 and 1966 be made ready for inspection by November 20, 1977.)

(f) With respect to request no. 8, the FBI would first advise the Committee as to the identity of other cities reporting on the White Citizens Council before a determination be made as to the final content of this request.

(g) With respect to request no. 25, the Committee will hold in abeyance such a request until the FBI makes available the most appropriate case agent(s) for the period in question.

(h) With respect to request no. 34, the Committee requests that only the thirteen "death threat" files on Dr. King be processed at this time, while a request for all other materials is held in abeyance until the FBI makes available the most appropriate case agent(s).

In Addition, the Committee would also request that the following agents be notified and made available by the FBI:

- (1) Special Agent William F. Kusch - New Orleans
Special Agent Thomas E. Duhadway - New Orleans
- (2) Special Agent Jack B. Simpson - Memphis ATLANTA
Special Agent Richard H. Davis - Memphis ATLANTA
Special Agent Jack T. Beverstein - (Memphis ATLANTA)

As a priority item, it is also requested that the FBI provide the Committee with the work or personnel records of the following three Louisville FBI agents for the month of September 1965:

- (1) Robert Peters
- (2) William Durcan
- (3) Bernard Brown

We are primarily interested in those records reflecting their work during the month of September 1965. If possible, records should be provided by November 15, 1977. The Committee would also ask that all three of the above-mentioned Louisville agents be made available for interview by the same date.

Your prompt attention to these matters will be
greatly appreciated.

NOTE: The HSCA has held in abeyance its initial request for access to FBI Headquarters files concerning our security investigations of SCLC and King. Instead, the Committee, through discussion concerning other main files on King at FBI Headquarters, has selected those files it desires to review. These include files in which a threat against King's life has been made.

Through contact with Supervisor Charles Haynes, Atlanta Office, former SA Sentinella has agreed to be interviewed by the HSCA staff in Atlanta on 12/1/77, or 12/2/77. Final arrangements with the Committee on this interview are being worked out by Michael Eberhardt, HSCA, and the Congressional Inquiry Unit.

By letter from Mr. Blakey to the Attorney General, dated November 8, 1977, under Item (g), the HSCA held in abeyance its request concerning the SCLC until the FBI could make available for HSCA interview the most appropriate case agent(s) in the SCLC investigation for the period of 1962 through 1968. This letter, under Item (h), also modified the initial request concerning King by asking for only the thirteen "death threat" files at this time until the FBI could make available for interview by HSCA the most appropriate case agent(s) for the period 1962 through 1968.

By letter from Mr. Blakey to the Attorney General, dated November 9, 1977, the above requests were further modified with respect to information concerning King. This letter requested, under Item 1, Page 2, that the FBI not prepare the main security file to King for inspection by the HSCA until the Committee first has the opportunity to speak with the most appropriate case agent(s) in the Office of Origin of the King investigation for the period 1967 through 1968. requested that this agent(s) be made available by November 30, 1977. Under Item 2, Page 2, this letter requested that the FBI prepare, for inspection, twenty-seven files concerning King as identified by Staff Counsel Michael Eberhardt in his conference with the FBI November 8, 1977. In addition, it was requested that the FBI check the nature of the six volumes concerning King which were on microfilm at FBI Headquarters.

Therefore, in response to the above requests, the twenty-seven main files concerning King have been processed and are available for HSCA access at FBI Headquarters. These files include those "death threats" made against King. The six volumes which appear on microfilm have been reviewed and are not identifiable with Martin Luther King, Jr. Regarding the material processed, where information is not provided it is either not retrievable from Headquarters files or is not being produced pursuant to the Memorandum of Understanding.

Through contact with the Atlanta Office of the FBI, which was Office of Origin in the security investigations of SCLC and King, it has been determined that former Special Agent Alan G. Sentinella, as case agent in both instances for the periods requested, is the most appropriate agent to be interviewed by the HSCA regarding these investigations.

This letter is to confirm that Sentinella has been contacted and has agreed to interview. Specific arrangements for this interview are being made by HSCA Staff Counsel Michael Eberhardt and the Congressional Inquiry Unit, FBI Headquarters.

The Honorable Griffin B. Bell
Attorney General of the United States
Department of Justice
Washington, D. C. 20530

Attention: Mr. Robert L. Keuch
Deputy Assistant Attorney General
Criminal Division, Room 2113

Dear Mr. Attorney General:

In connection with the investigation of the Select Committee on Assassinations into the death of Dr. Martin Luther King, Jr., a conference was held on November 7, 1977 between employees of the FBI and members of the Committee staff to discuss the Committee's November 3, 1977 letter of request for FBI materials on thirty-five individuals or organizations. As a result of this meeting, the following was resolved:

(a) The FBI would process the following numbered requests as they were originally stated in the November 3rd letter: 1, 4, 5, 7, 9-11, 13-24, 26, 28-33 and 35.

(b) The Committee would provide dates of births on the individuals in requests nos. 12 and 27 before the FBI would process these names. The dob on Robert J. Powers (request no. 12) is 6/5/24. The dob on Reverend Jesse Jackson (request no. 27) is 10/8/41.

(c) Besides providing the complete file on request no. 3 (Jesse B. Stoner), the FBI would also make available the most appropriate case agent(s) in the office of origin assigned to Stoner for the period 1966 through 1968.

(d) With respect to request no. 2, the FBI would provide all the materials in the files at headquarters for 1967 and 1968 as well as make available the appropriate case agent(s) in the office of origin for the same period.

62-117290-456
ENCLOSURE

(e) With respect to request no. 6, the Committee would hold in abeyance such a request until the FBI provides a list of the most appropriate case agent(s) in the offices of origin for the several Klan organizations in existence in 1967 and 1968. (While such was not part of the understanding reached at the time of the meeting with FBI officials, the Committee would request however that all materials related to the United Klan of America^{USA} for the period 1965 and 1966 be made ready for inspection by November 20, 1977.)

(f) With respect to request no. 8, the FBI would first advise the Committee as to the identity of other cities reporting on the White Citizens Council before a determination be made as to the final content of this request.

(g) With respect to request no. 25, the Committee will hold in abeyance such a request until the FBI makes available the most appropriate case agent(s) for the period in question.

(h) With respect to request no. 34, the Committee requests that only the thirteen "death threat" files on Dr. King be processed at this time, while a request for all other materials is held in abeyance until the FBI makes available the most appropriate case agent(s).

In Addition, the Committee would also request that the following agents be notified and made available by the FBI:

- (1) Special Agent William E. Kusch - New Orleans
Special Agent Thomas E. Duhadway - New Orleans
- (2) Special Agent Jack B. Simpson - Memphis ATLANTA
Special Agent Richard H. Davis - Memphis ATLANTA
Special Agent Jack T. Beverstein - Memphis ATLANTA

As a priority item, it is also requested that the FBI provide the Committee with the work or personnel records of the following three Louisville FBI agents for the month of September 1965:

- (1) Robert Peters
- (2) William Duncan
- (3) Bernard Brown

We are primarily interested in those records reflecting their work in the South. If available, records should be provided by November 15, 1977. The Committee would also ask that all three of the above-mentioned Louisville agents be made available for interview by the same date.

Your prompt attention to these matters will be
greatly appreciated.

Dear Senator Melcher: House Select Committee on Assassinations

This is to acknowledge receipt of your communication dated April 5, 1977. ✓

The Federal Bureau of Investigation (FBI) initiated a security investigation of Martin Luther King, Jr., in 1962 to determine the scope and depth of Communist influence upon him. This investigation terminated at the time of his death in 1968. Similar investigations have also been conducted on a number of his associates who were either known or alleged to have Communist connections. The results of these investigations have been made available to the Department of Justice and other interested agencies of the Government

With respect to results of our electronic surveillance of King conducted during this investigation, the following information may be of interest to you. On January 31, 1977, U. S. District Court Judge John Lewis Smith, Jr., dismissed two civil suits filed against the FBI by a former assistant to King and the Southern Christian Leadership Conference, which King headed until his death. The court ordered the FBI to file with the National Archives all of its tapes and documents obtained through telephone and microphone surveillances of King and that this material not be made public for at least 50 years, except by court order. The FBI is currently in the process of complying with this court order.

Honorable John Melcher

NOTE: Senator John Melcher's letter enclosed an article from "The Review of the News," a publication printed in Belmont, Massachusetts. This article discussed former King associates and their Communist connections and states that King's "public record" illustrates good reason for the FBI to have considered him "dangerous". The article is supportive of the FBI's investigation of King and criticizes the Senate Intelligence Committee, under Senator Frank Church, for refusing to release the FBI file on King and electronic surveillance results, which "proved that Martin Luther King was indeed a person of low moral character who had fallen under the control of the Communist."

In his letter, Senator Melcher believes that if electronic surveillance records existed on King they should not be kept secret and that the files and facts must be made public.

Although Senator Melcher does not request a reply, it should be pointed out to him that allegations of Communist influence on King and his associates have been investigated and that a Federal court has ruled regarding the results of our electronic surveillance of King being made public.

Delay in responding occurred because Senator Melcher's enclosure did not arrive with his original letter, and a copy of the enclosure was not provided our Congressional Liaison Unit until 4/21/77.

ASSASSINATIONS

Dear Mr. Kelley:

In the enclosed article copied from "The Review Of The News!", a publication printed in Belmont, Massachusetts, serious allegations are made against the late Reverend Martin Luther King. The article speaks of surveillance records kept on Reverend King and alleged Communist associates.

I believe that if any such files exist on Dr. King, they should not be kept secret after such a long period of time. The allegations in the attached article are serious and should be checked out.

The files and the facts must be made public.

Thank you.

Sincerely,

John Melcher

The King File

by Robert H. Reeder

Article

M.A.S.S.

SENATOR Frank Church (D-Idaho) has turned the Senate Intelligence Committee into a vehicle for smearing the late F.B.I. Director J. Edgar Hoover. Hoover's private files show that he had become convinced that Martin Luther King was a person of low moral character who had fallen under the control of the Communists. Church claims to find this absurd. Attorney General Robert Kennedy, however, did *not* find it absurd in the least and authorized F.B.I. surveillance of King — including wiretaps, which were maintained between 1963 and 1966.

Those wiretaps and other evidence proved that Martin Luther King was indeed a person of low moral character who had fallen under the control of the Communists. But Senator Church has, like Richard Nixon, ducked the

issue by refusing to release the damning tapes. And the "Liberal" press has cooperated by laboring to create the myth that Martin Luther King was an innocent victim of Director Hoover's bad temper.

The F.B.I. has been accused of playing "dirty tricks" on Martin Luther King. It has been accused of threatening to release information in its files that would have been damaging to King's respectability. And almost nothing has been said about Martin Luther King's notorious immorality and Communist associates. The *New York Times*, on November 19, 1975, commented: "The committee staff members said they could find no justification for the bureau's attack on Dr. King." The Senate Intelligence Committee would like us to believe that Martin Luther King was under

surveillance because he criticized the F.B.I.

We do not know what information is in the substantial F.B.I. file on Dr. King, but we do know that even the most cursory look at Martin Luther King's public record should convince the merest tyro that there was very good reason for Director Hoover to consider King "dangerous."

Martin Luther King was quoted in the *New York World Telegram* of July 23, 1964, as declaring: "[I am] sick and tired of people saying this movement has been infiltrated by Communists and Communist sympathizers. There are as many Communists in this freedom movement as there are Eskimos in Florida." One hardly has to look at the entire "freedom movement" to find evidence of Communist infiltration — though the level of infiltration was overwhelming when the whole movement is considered. Rather, to be scrupulously fair, let us look directly under Dr. King's nose — at those persons closest to him — and see what we find.

Hunter Pitts O'Dell came to work for the Southern Christian Leadership Conference (S.C.L.C.) late in 1960 as Dr. King's staff consultant. In the fall of 1962 he was promoted to acting staff director in charge of voter registration and integration workshops. During this period, O'Dell was a member of the National Committee of the Communist Party. The "Liberal" press ignored it. Finally, on October 26, 1961, the *St. Louis Globe-Democrat* revealed that in 1956 and 1958

Hunter Pitts O'Dell had been identified under oath as a Communist organizer.

What did Martin Luther King do? He announced that he had discharged Comrade O'Dell.

A few months later it was discovered that O'Dell had not been fired but promoted, and was now running King's large New York office! When the story hit, Dr. King claimed to have discharged O'Dell a second time. A subsequent check by U.P.I. determined that Hunter Pitts O'Dell of the National Committee of the Communist Party was still employed by Dr. Martin Luther King. — SEX OFFENSES

Bayard Rustin is the notorious homosexual King called "a brilliant, efficient and dedicated organizer and one of the best and most persuasive interpreters of nonviolence." He was secretary and advisor to King from 1956 to 1960, and went with him to Oslo to receive the Nobel Prize in 1964.

Rustin was an organizer, recruiter, and fund-raiser for the Young Communist League, served 28 months in prison during World War II for refusing to do work required of those who were conscientious objectors, was given 60 days in jail in California for lewd vagrancy in 1953, and while working for King was one of five "impartial observers" at the Communist Party's closed-door 16th national convention in 1957. That is only part of the record.

Fred Shuttlesworth, longtime field secretary of King's S.C.L.C., was

president of the Southern Conference Educational Fund (S.C.E.F.). This group was thoroughly investigated by Committees of both the House and Senate and repeatedly found to have been a major Communist operation. On November 26, 1963, Shuttlesworth was one of two honored guests at the 15th anniversary dinner of the *National Guardian*, described by a Congressional Committee as "a virtual official propaganda arm of Soviet Russia." A former bootlegger, Fred Shuttlesworth's Communist, Communist Front, and radical activities fill three typewritten pages. King said of Shuttlesworth: "Reverend Shuttlesworth is my principal aide. Why, he gave me my start and he advised me from the very first. I depend on him."

LL ~~James Bevel~~ was Martin Luther King's chief aide in Chicago. He has declared: "We must move to destroy Western Capitalism." At a Black Power rally at Berkeley, California, in 1966 Bevel announced: "One of the problems of not being able to burn down the slums of Chicago is at this point not having the proper discipline required for the problems of carrying out that kind of a mission. That is why we haven't burned it down . . . We are going to be part of an international revolution to end slavery . . . I guess I hate Western Civilization more than most people . . ."

The "Reverend" Bevel continued to emphasize the destruction of capitalism, and then he told the crowd that, when John Kennedy was President, Bevel had told people: "If the Vietcong

jumped Jackie in my back yard, I wouldn't pull them off her."

~~Wyatt T. Walker~~, staff aide to Martin Luther King, was editorial advisor to the Marxist-Leninist Progressive Labor Movement. He was a familiar supporter of Communist Fronts.

~~Myles Horton~~ was director of the Highlander Center, an outgrowth of the Highlander Folk School, in Tennessee, where King was trained. Martin Luther King was in fact listed as a sponsor of the Highlander Center on its stationery. Horton conceived the Highlander Folk School, described by a Joint Committee of the Tennessee Legislature as "a meeting place for known Communists and fellow travelers." The Georgia Commission on Education termed it a "Communist Training School."

~~James Dombrowski~~ was another member of the Communist Party who was a close friend and advisor to Martin Luther King. Law enforcement authorities obtained a cancelled check made out to King from the Communist Front S.C.E.F. which was signed by Dombrowski and Benjamin Smith. Smith, according to Senator James O. Eastland (D.-Mississippi), ". . . is registered under the Foreign Agents Registration Act as an agent of Fidel-Castro."

In a letter discovered by government investigators, King wrote to Comrade Dombrowski: "Dear Jim: This is just a note to acknowledge receipt of your letters of recent date. We, too, were more than happy to have you in our home, the fellowship was

Carl and Anne Braden have both been longtime, notorious members of the Communist Party working in the Louisville area. The Bradens, officers of the S.C.E.F., were part of the "Louisville Seven" — a group responsible for purchasing a house in an all-white area of Louisville, selling it to a Negro family, and then dynamiting it to stir up racial trouble.

King wrote a letter to the Bradens in 1959 urging them to become permanently associated with his Southern Christian Leadership Conference.

A photograph taken at the 6th annual conference of the S.C.L.C. in 1962, and found in the files of James Dombrowski, shows Martin Luther King, Carl and Anne Braden, and James Dombrowski, and describes King on the back as "responding to Anne Braden's speech."

TN

Aubrey Williams was president of S.C.E.F. until 1963. In 1945 the U.S. Senate rejected his appointment to a government post because of his affiliations with the Communist apparatus. In 1954, Williams was identified under oath as a member of the Communist Party by two witnesses.

TN

Two years later, in 1957, King was photographed with Williams, Myles Horton, Abner Berry (a member of the Central Committee of the Communist Party), and other Comrades at a Communist training school in Tennessee. King referred to Williams as "one of the noble personalities of our times."

Ralph David Abernathy was Mar-

tin Luther King's top aide from the time of the Montgomery Bus Boycott. He succeeded King as head of the S.C.L.C. Abernathy accompanied Dr. King to that Communist training school in Tennessee in 1957. And they had more than their radical commitment in common. In the 1958 case of *Alabama v. Davis*, sworn testimony was introduced regarding sexual aberrations committed by Abernathy on a 15-year-old girl who sang in the choir of his church.

Not only is Abernathy an active supporter of such Communist causes as the effort to free Communist Angela Davis, but in 1972 he was an honored guest of the Soviet Union and of Communist East Germany (G.D.R.), where he declared: "As pastor and theologian, I am of the opinion that the G.D.R. embodies what we aspire to in the world." Two hours before his departure he told a Communist Party press conference: "What we are still fighting for in the U.S.A. is what has already been achieved in the G.D.R."

The East German Communists gave Abernathy a medal, and reported that agents of their leading religious Front had "for many years" been in correspondence with Martin Luther King. They presented the "Reverend" Abernathy with a German edition of Coretta Scott King's *My Life With Martin Luther King*, and he declared: "President Kennedy once said in West Berlin that he was a Berliner. I want to change that and say: 'I am a Citizen of the [Communist] German Democratic Republic.'"

LITTLE wonder that after lengthy investigation the Joint Legislative Committee on Un-American Activities for the State of Louisiana concluded in its three-part Report on the activities of S.C.E.F. that the Southern Christian Leadership Conference, headed by Martin Luther King, was "substantially under the control of the Communist Party through the influence of the Southern Conference Educational Fund [S.C.E.F.] and the Communists who manage it."

If Martin Luther King was "sick and tired of people saying this movement has been infiltrated by Communists and Communist sympathizers," it was because he knew it was true.

And so did J. Edgar Hoover and the F.B.I. Director Hoover spoke out many times to warn of Communist involvement in the "civil rights" movement. On one occasion, he said: "We do know that Communist influence does exist in the Negro movement and it is this influence which is vitally important." Hoover declared that the Communist Party "strives only to exploit what are often legitimate Negro complaints and grievances for the advancement of Communist objectives . . . Racial incidents are magnified and dramatized by Communists in an effort to generate racial tensions."

Mrs. Julia Brown is a brave and gracious Negro lady who spent more than nine years as a member of the Communist Party in Cleveland, serving as an undercover operative for the Federal Bureau of Investigation. According to Mrs. Brown:

December 3, 1975

... Mr. King was one of the worst enemies my people ever had.

I know that it is considered poor taste to speak ill of the dead. But when someone served the enemies of our country while alive, and his name is still used by his comrades to promote anti-American activities, shouldn't people who know the truth speak out?

I learned many surprising things while I served in the Communist Party for the FBI. Communist leaders told us about the demonstrations that would be started, the protest marches, the demands that would be made for massive federal intervention. Every Communist was ordered to help convince American Negroes that we are no better off than slaves. Wherever we went and whatever we did, we were to promote race consciousness and resentment, because the Communists know that the technique of divide and conquer really works.

We were also told to promote Martin Luther King, to unite Negroes and whites behind him, and to turn him into some sort of national hero. We were to look to King as the leader in this struggle, the Communists said, because he was on our side!

I know they were right, because while I was in the Communist Party I learned that Martin Luther King attended a Communist training school. I learned that several of his aides and assistants were Communists, that he received funds from Communists, and that he was taking directions from Communists.

Most Americans never look at the

5

Communist press in this country. If they did, they would learn that the Communists loved Martin Luther King. He was one of their biggest heroes. And I know for a fact the Communists would never have promoted him, financed him, and supported him if they couldn't trust him. He carried out their orders just as slavishly as Party members in Cleveland, Ohio.

Little wonder that F.B.I. Director J. Edgar Hoover called Martin Luther King "the most notorious liar in the country."

We do not know what additional information Mr. Hoover had on King, but after years of electronic surveillance he certainly knew much more than we have been able to present in this brief survey from the public record. Yet the Senate Intelligence Committee has refused to release the F.B.I. file on King. They chose instead to attack the F.B.I. for using "dirty tricks," and members of the Committee staff said "they could find no justification for the bureau's attack on Dr. King." Incredibly, a U.P.I. release on November 19, 1975, declared: "A top FBI official said Wednesday that the Bureau had no legal justification for its smear campaign against Dr. Martin Luther King Jr. but suspected, without evidence, he might be under 'Communist influence.'"

"Suspected, without evidence.

... "That is, as we have seen, simply not true. And the distortion is intended to damage the reputation of both the F.B.I. and the late Director J. Edgar Hoover.

John J. McDermott, Assistant Director of the F.B.I., spoke on November 21, 1975, before a Connecticut group which aids families of policemen, firemen, and corrections officers killed in the line of duty. He said the F.B.I.'s six-year surveillance of Martin Luther King was justified because of concern that King was influenced by subversives. He put it this way: "We did what we felt we had to do for the welfare of the nation at the time. Don't forget they [radicals and Communists] were bombing the Pentagon. They said they were going to shut down the government." Another F.B.I. official reminded us that the King projects "were started at a time when cities were being burned"

We believe most Americans would agree that our law enforcement authorities should keep under surveillance any person or group about which there is substantial evidence of involvement in such crimes as revolutionary violence, Communist subversion, and conspiracy with agents of a foreign power to overthrow the U.S. Government by force and violence. To the extent the F.B.I. maintained such surveillance under J. Edgar Hoover, we heartily applaud its efforts. ■■

Office of the Attorney General
Washington, D. C. 20530

FEDERAL GOVERNMENT

August 15, 1977

Honorable Louis Stokes
Chairman
House Select Committee on Assassinations
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

This is to confirm that pursuant to your request copies of two memoranda concerning Dr. Martin L. King, Jr., have been supplied to your Committee's staff. These memoranda are Memorandum dated 9 April 1976 for the Attorney General from the Assistant Attorney General, Civil Rights Division, and the Memorandum dated March 31, 1976, to the Assistant Attorney General, Civil Rights Division, from the Chief, Criminal Section of that Division.

The copies which have been provided have been excised to protect highly sensitive national security information.

By memoranda dated June 6, 1977, and July 21, 1977, the Director, Federal Bureau of Investigation, has brought to my attention certain matters which the FBI feels constitute inaccurate or incomplete statements in these memoranda. In the opinion of the FBI as reflected by these memoranda, these items are as follows:

"(1) Page 5, paragraph 2, Murphy memorandum - states that the King investigation was continuously handled by SA Seymour Phillips. Actually, Phillips' supervision of the case ended in late 1965.

AUG 24 1977

"(2) Page 34, Paragraph 1, Murphy memorandum - contains information regarding mail openings, which should be excised as a sensitive investigative technique.

"(3) Paragraph 1, page 34, of the Murphy memorandum contains a statement, "Electronic surveillance of the Convention was widespread . . ." (Democratic Convention, Atlantic City, New Jersey, August, 1964). The manner and context in which this statement appears very strongly imply that there was an electronic surveillance (by the FBI) on the floor or elsewhere in the Auditorium where the Convention took place. We know of no such electronic surveillance by us or anyone else. In point of fact, the FBI did have two electronic surveillances in effect in Atlantic City during the period of the Convention. One was a telephone surveillance on an individual at a hotel. The other was a microphone surveillance at a storefront jointly occupied by two organizations. We believe that the implication of an FBI electronic surveillance at the Convention site is of such serious significance that the facts in this matter should be brought to the attention of the HSCA in any furnishing to it of the Murphy memorandum.

"(4) Page 44, Paragraph 2, Murphy memorandum - states that former Assistant Director William C. Sullivan took the tapes and stationery and later gave Phillips a package to deliver to SA Whitson. Phillips has no knowledge regarding to whom this package was to be delivered. In addition, he was unaware of the package contents or the purpose of its delivery.

"(5) Page 46, Paragraph 1, Murphy memorandum - incorrectly states that SA Leinbaugh was the originator of the Lorraine Hotel "COINTELPRO activity."

"(6) Page 9 of the Pottinger report contains a statement, "The files reflect that the Bureau's action, especially in mailing of the tape, . . ." (This refers to a mailing of a tape to the King household in Atlanta, Georgia). From all records available at the FBI there appears to be no doubt that a tape was mailed to the King family. There is no record in our files, nor has any individual come forward with any information, to indicate that the mailing of the tape was an official FBI action. Rather, the indication is

that the mailing of the tape was by an individual who was then an Assistant Director of the FBI but with no indication it was with the approval of any higher authority, including the late Director, J. Edgar Hoover. We have previously indicated this position to the Senate Select Committee on Intelligence Activities (Church Committee) and to the Department. It is believed that our position relating to the mailing of the tape should be made known to the HSCA in the event it is furnished the Pottinger report."

Very truly yours,

Snyder gives panel allegation of plot to assassinate King

By JIM ADAMS
Courier-Journal Staff Writer

U.S. Rep. Gene Snyder, 84th District, is yesterday the first member of the House Assassination Committee to allege that FBI agents and police plotted to kill Dr. Martin Luther King.

Snyder said that in late February he received a letter from "a former policeman" who claims he was twice offered \$250,000 to kill King.

Snyder made his comments yesterday while taping a WHAS-TV News Conference program, which will be broadcast at 12:30 p.m. tomorrow on WHAS television and radio.

Snyder would not reveal the name of the former policeman making the charge, or the names of three FBI agents and several policemen who allegedly were involved in the plot. Snyder has declined to name the police force the man worked on for more than 20 years.

Snyder made no connection between the offer allegedly made to the policeman and the actual killing of King.

"I have always had confidence in the major law enforcement agencies of this country, and I had to assume that what they determined (about the slaying) was correct," Snyder said. "Now I think this is something that needs to be investigated."

Richard A. Sprague, the Philadelphia attorney who is chief counsel for the assassination committee, last night confirmed that Snyder had turned over material constituting the allegation, but refused to answer questions about it.

"The matter you refer to has been referred to the committee and is under investigation," he said by telephone from Philadelphia.

King was slain in Memphis, Tenn., in 1968, and James Earl Ray was convicted of killing him. The House committee last fall began investigating the assassinations of King and President John F. Kennedy. The committee's funding expires March 31.

Snyder, who voted against the committee initially, told The Courier-Journal in an interview last night that he will not be making any further investigations back on the back of the allegation brought to him.

Snyder said he had no explanation for why the policeman brought the charge to him, rather than directly to the committee. The policeman asked Snyder to put him in touch with the committee, the congressman said.

He said the former policeman had attempted to turn a tape recording of the \$250,000 offer over to Ray's attorney, but finally was asked by one of the attorney's investigators "where he planned to hide it he tried to do anything with the tape."

Asked if he believes the man's allegation, Snyder said, "I don't know. But I think charges such as this need to be investigated."

Snyder said he has discussed the charges with U.S. Rep. Samuel L. Devine of Ohio, the ranking minority member on the committee. He said Devine, a former FBI agent, checked into the man's background and found him to be "a solid citizen." Devine could not be reached last night.

Snyder told WHAS, "I have talked to him (the policeman) personally and in my opinion he appears to be a responsible citizen."

He told the television station, "He (the former officer) was approached to assassinate Martin Luther King. He names three FBI officers, he names three or four prominent people at that time in the police department. He indicates that the offer was made on two occasions in his automobile where he had a tape recorder, that he taped those items. One of them (the tapes) was stolen, the other he still has."

Snyder said the man went to Washington and either appeared before the committee or was interviewed by its staff. Snyder said the committee has the tape. Asked if he has a copy of the tape.

11/22/77 Hand delivered to Robt Keuch, 2113 Main Justice - 277

Assistant Attorney General
Criminal Division
Attention: Mr. Robert L. Keuch

NOTE: The HSCA is interested in reviewing information concerning the Louisville UKA and an Independent Klan Group, Louisville, on an expedite basis. The material is limited because the HSCA restricted its request to the years 1965 and 1966. The UKA was not established in Louisville until 1967 and the Independent Group did not come into existence until 1969.

Telephonic contact with Louisville confirmed SA Walsh as the case Agent on Klan matters for the period 1965 through 1968.

Purpose of this communication showing partial response is to comply with HSCA deadline. Material to respond to other items in HSCA letters is being processed.

NOTE: By request dated 11/10/77, the HSCA requested access to Bureau file 105-66233, serial 2560, pages 1, 4 and 10, and serial 2569, pages 1 and 2, which had previously been deleted from the materials prepared for the Committee pursuant to the Bureau's receipt of its request dated 3/9/77, relating to Gerald Ray.

A review of Bureau files reveals that these documents were deleted due to their being classified "Confidential." On 7/15/77, subsequent to the Bureau's preparation of the requested material for the Committee, the above requested documents were declassified.

In accordance with the Committee's current request, Bureau file 105-66233, serial 2560, pages 1, 4 and 10, and serial 2569, pages 1 and 2, have been prepared for the Committee's access.

Attention: Mr. Robert L. Keuch

NOTE: HSCA letter of 12/9/77, requested if any electronic surveillance was conducted against four individuals and the National States Rights Party (NSRP). The HSCA only desired confirmation as to the existence of such electronic surveillance and did not desire the results of any surveillance.

The NSRP was subject of electronic surveillance during 5/6-7/59, (MISUR), Atlantic Hotel, Chicago, Illinois; 3/19-20/60, (MISUR), Midway Lodge, Miamisburg, Ohio; 6/16/62, (MISUR), LaSalle Hotel, Chicago, Illinois.

On 8/27/62, authority was granted for a microphone surveillance of the NSRP, actually the rooms of Edward R. Fields and J. B. Stoner, at the Whitley Hotel, Montgomery, Alabama. June files of the NSRP, Fields and Stoner do not show that this surveillance was actually installed.

During our investigation concerning the desegregation of the University of Alabama in 1963, authority was received from the Department to install technical coverage of the residence of Fields and/or the NSRP Headquarters in Birmingham, Alabama, and the residence of Stoner in Mableton, Georgia. Installations were not made, however, because telephone companies involved were unable to insure complete security. (Bufile 157-778)

During our investigation into the church bombing (BAPBOMB) in 1963, technical surveillance of NSRP Headquarters, actually the residence of James K. Warner, Birmingham, Alabama, was conducted from 10/25/63, to 11/25/63. (Bufile 157-1025)

On 2/27/64, authority was granted for microphone coverage of the NSRP convention, Louisville, Kentucky, but no actual installation was made for security reasons. However, installation was made on the room of Fields at the Sheraton Hotel, Louisville. Coverage was from 2/28/64, to 3/1/64. Authorization was specifically granted for Fields' room and not for the NSRP.

Except as outlined above, no additional electronic surveillance was approved or conducted against Fields.

NOTE CONTINUED

In addition to the above, Stoner was subject of technical surveillance during the BAPBOMB investigation. This coverage was from 10/10/63, to 2/28/64, at his residence in Atlanta.

The above review is being reported in the event the HSCA asks for additional information regarding these surveillances. Information was obtained from review of June files of NSRP, Stoner, Fields, BAPBOMB and desegregation of the University of Alabama.

NOTE: This responds to a request dated 11/3/77, from HSCA for all information contained in Bureau files relative to seventeen listed individuals. This request has been coordinated with the Legal Counsel Division.

A review of Bureau files has identified some main files, references and ident records for eight of the seventeen individuals. None of the documents identified appear to have any relationship to MURKIN.

On 11/19/77, Michael C. Eberhardt, Staff Counsel, HSCA, was advised by SA John T. McGirl that a review of Bureau files re Richard Yarbrough, one of the above listed individuals, revealed that he was listed along with eight other persons as the subject of two related ITAR matters (166-1570; 166-3249). Yarbrough was the only subject of these two investigations not indicted or convicted. Mr. Eberhardt advised, in view of this fact, coupled with the fact it did not appear that these investigations would have any bearing on the HSCA's present inquiry, it was not necessary for both of these files to be prepared in their entirety for the Committee's access. He stated it would be sufficient to prepare only those documents where reference is made to Yarbrough.

In accordance with HSCA's request and the agreement reached with Mr. Eberhardt, retrievable documents in FBI Headquarters file have been prepared for the Committee's access and are being maintained by the Congressional Inquiry Unit.

Dear Mr. Attorney General:

In connection with the investigation of the Select Committee on Assassinations into the death of Dr. Martin Luther King, Jr., a conference was held on November 7, 1977 between employees of the FBI and members of the Committee staff to discuss the Committee's November 3, 1977 letter of request for FBI materials on thirty-five individuals or organizations. As a result of this meeting, the following was resolved:

(a) The FBI would process the following numbered requests as they were originally stated in the November 3rd letter: 1, 4, 5, 7, 9-11, 13-24, 26, 28-33 and 35.

(b) The Committee would provide dates of births on the individuals in requests nos. 12 and 27 before the FBI would process these names. The dob on Robert J. Fowers (request no. 12) is 6/5/24. The dob on Reverend Jesse Jackson (request no. 27) is 10/8/41.

(c) Besides providing the complete file on request no. 3 (Jesse B. Stoner), the FBI would also make available the most appropriate case agent(s) in the office of origin assigned to Stoner for the period 1966 through 1968.

(d) With respect to request no. 2, the FBI would provide all the materials in the files at headquarters for 1967 and 1968 as well as make available the appropriate case agent(s) in the office of origin for the same period.

62-117290-442

ENCLOSURE

(e) With respect to request no. 6, the Committee would hold in abeyance such a request until the FBI provides a list of the most appropriate case agent(s) in the offices of origin for the several Klan organizations in existence in 1967 and 1968. (While such was not part of the understanding reached at the time of the meeting with FBI officials, the Committee would request however that all materials related to the United Klan of America^{US} for the period 1965 and 1966 be made ready for inspection by November 20, 1977.)

(f) With respect to request no. 8, the FBI would first advise the Committee as to the identity of other cities reporting on the White Citizens Council before a determination be made as to the final content of this request.

(g) With respect to request no. 25, the Committee will hold in abeyance such a request until the FBI makes available the most appropriate case agent(s) for the period in question.

(h) With respect to request no. 34, the Committee requests that only the thirteen "death threat" files on Dr. King be processed at this time, while a request for all other materials is held in abeyance until the FBI makes available the most appropriate case agent(s).

In Addition, the Committee would also request that the following agents be notified and made available by the FBI:

- (1) Special Agent William F. Kusch - New Orleans
Special Agent Thomas E. Duhadway - New Orleans
- (2) Special Agent Jack B. Simpson - Memphis ATLANTA
Special Agent Richard H. Davis - Memphis ATLANTA
Special Agent Jack T. Beverstein - [Memphis ATLANTA]

As a priority item, it is also requested that the FBI provide the Committee with the work or personnel records of the following three Louisville FBI agents for the month of September 1965:

- (1) Robert Peters
- (2) William Duncan
- (3) Bernard Brown

We are primarily interested in those records reflecting their whereabouts during the month of September, 1965. If possible, records should be provided by November 15, 1977. The Committee would also ask that all three of the above-mentioned Louisville agents be made available for interview by the same date.

Your prompt attention to these matters will be greatly appreciated.
