## MEMORANDUM

**TO** : Chief, CI Staff

**FROM** : CI/OPS/WH

**SUBJECT** : Deportation of Maurice Halperin

1. Attached is a copy of MEXI 186 in which the station asked for guidance on their effort to deport Halperin. We discussed this on the morning of 12 September. During the afternoon of 12 September I received HMM-A-7904 which outlines the stations' efforts to bring about Halperin's deportation.

2. You will note from (para 2 of HMM-A-7904) that the station began its effort on 21 August when LUKAYAK-2 was asked by a Mexican official for information on Halperin. It appears that the station then went forward in an attempt to have Halperin deported without advising Headquarters or the Legal Attache.

3. Thus, when it appeared from LIMEW's statements (see MEXI 186) that ODENVY did not want American Communists deported, the station realized that it was working at cross purposes with the Bureau since the station's efforts had been in progress for almost three weeks.

4. That the Mexican government is probably confused at this moment is indicated by the fact that Gustavo Djas Ordaz (see para 8 of dispatch) who is in touch with Santillan, probably knows that Santillan is receiving information from LUKAYAK-2, who is known to be in touch with the Americans. At the same time (see MEXI 186,

DESENSITIZED

PER OSH 43-26

13 Sep 57

201-128561

SECRET

SECRET

para 3), it is Dias Ordas through whom ODENVY is working to attempt to stop the deportations.

5. We cannot say, on the basis of available information, whether or not the Legal Attache knows of our effort to deport Halperin. However, if he does know, and if we go to him now to say (as we decided yesterday) that we are planning an operation to deport Halperin, he could well take the position that he should have been consulted several weeks ago since, if Halperin is deported he will land squarely in ODENVY's lap.

6. Do you wish to send the cable decided on yesterday?  
Or do you wish to change it?

H: We'd like to have them take back a bag of old clothing in their car

C: They are not travelling by car. Is it heavy?

H: Yes, something to put in the back of a stationwagon or something.

C: I had suggested that ALAN (phon) take it to California

H: Too much trouble for him. We have someone who may be able to take it to Peoria, Ill.  
 But Newton is nearer New Jersey and the sister in law could pick it up more easily

Letter to signed with name of "Alfred K. ~~SSSS~~ Stern", with "per R. H.". Halpern also wants it followed up with a letter. An argument follows on the value of having anything done with the pool. Halpern says it just needs cleaning, and that they missed an opportunity to rent partly because of the pools unsightly condition. Ruth will write the letter. Halpern then asks how everything is, Ruth answers that she just that moment received a telegram. They are very happy about this. Ruth states that it says that they are fine, and that it gives an address and "he" wants everything sent there. Halpern says that this calls for "Mussletorr" (?), if Ruth understands. Ruth does. They will see each other Wednesday.

Wants him to open the ~~axix~~ blinds, let the sunshine in. Discuss carrying around a wad. Man answers telephone, named Charlie. Talk about duffle bag, and that it will come to Charlie by this friend who offered to take it to Peoria. It isn't labeled yet, so he is going to give Charlie the address. Charlie says that he just got a letter from Waxman, but hasn't opened it yet. The address is: Rabbi Hillel Waxman, 4 DeKalb Place, Morristown, New Jersey. Charlie will send it on by Railway express. Send it on C.O.D. Charlie opens "Waxies" letter. It says: Dear fellows, received your letter and have been long waiting for a sexual and no postcard, have you seen the Solenhiems with their Sunday music, have written Halperin twice and have received no reply from him. Halperin says that he has by now. I am now recuperating from a prostate operation, no joke. I am learning how to operate with no plumbing arrangements (they laugh) This is going to take some time. Doctor will not let me go to Greenbush. Halperin says he wrote to Greenbush. Charlie assures him that the letters will get to him. Doctors wants him right under his eye he is up about half a day. Asks them to write again. Baska (?) sends love.

*W. Baska*

Halperin says that when Charlie writes to tell him that the Odenheims music has been discontinued. Halperin says he wrote Waxman just as soon as Halperin's brother wrote him. Charlie says the letter is dated August 25th. Charlie will write to day. Halperin will write again. They agree to meet again, at least next Wednesday.

7.0 Cut to 14-08-20. Woodrow (V) to Apartamentos Cardenas asks for number 5. Cliff answers, says father is out. Mother answers. Apologises for missing the Quebba trip. Asks her if she bought much pottery. She did. Didn't get glassware. Woodrow says Ramon Ruiz is in town, but that he doesn't know just where. She says Cliff asked about that, but he has quite a heavy schedule today. Doesn't think it possible to get together. Asks her to give Cliff his number to call. Woodrow has an essay to get translated and shipped to the states, but will otherwise will be in all day. Comment on the noise. They say that it isn't on either line, she is at the office. They conclude that someone was listening in. Woodrow thinks says "but rather ineptly". Cliff will call when he can.

8.5 In. Woodrow answers American, who doesn't want to tell where he is. They comment on the language. American is acquainted with Argentine Spanish. American (Cliff?) says that he hears that Ramon Ruiz is in town. Woodrow says that he tried to get hold of him (Woodrow) yesterday, but that he doesn't know where he is. He has old address so Woodrow thinks that he may be staying with Sra. Martinez Ocampo in Zamora 39. (it is Delcampo) American is having trouble with car. Woodrow says that he is quite busy today, and has to have a speech translated for the first of the semester. American asks where he found it, and they discuss it. - In. Mexican man for Lupe. Says he's her brother, but turns out to be boyfriend. They exchange greetings, talk about the Asiatic Grippe and finally decide that he will call her up for a date, but makes date for tonight, etc.
- In. Lupe answers. Call for Sr. Borah, Sr. Chevalier calling. Exchange greetings. Borah says Cuernavaca was wonderful, etc. Asks him if he can bring (person) to dinner with them (this is Chevalier speaking) after the "roundtable" (meeting). Borah answers that he's sorry but he (person) is leaving tomorrow. This person told Borah he was leaving Wednesday. Borah asks if this person hasn't contacted C. yet. C. says no. B. regrets this. B. says the two of them should have gotten together. Probably this person will return. He's at the University of Illinois. B. says the best thing is to write him a letter so that when he returns to Mexico, he can get in touch with C. at the Casa de la Francia, (that this person can come to the Casa de la Francia). C. wants to know if "Acia" (?) can be seen too. B. thinks yes. C. wants to invite him (her) too. B. says yes. He can get in touch with him (her) in the morning. B. says thank you. Also, C. wants B. to say hello to the friends on his part. B. will do. C. says he said 7:00 but it will be for 7:30. B. will tell them, thinks lots of people will come. B. and C. agree that the work will be well done. Are talking of musical pieces, (not clear). C. thinks it will be alright. Hopes "they won't kill us". EX C. will wait for Thursday. Yes, B. will wait for Dr. Cooke who's coming tonight, and probably will call C. tomorrow to tell him of Cooke's arrival. Very well. C. says "until Thursday". Thank you. Goodbye.
- In. Halperin calls home, tells Lupe to tell the Senora he'll be 15 minutes late. But that they should start.
- Out. Is Cecilia in? Woman speaking is calling for Aborah? Turns out to be a little girl asking Celia if she got the last problem in Arithmetic. Celia is going over to Aborah (?) house for dinner and solving of Arithmetic problems.
- In. Sr. Halperin? (sounds like Halperin answering, but he asks man to wait while he gets Halperin). Central de Seguros is calling. Person answering (H) says (Halperin) is sleeping. It's only about renewing his policies (insurance), etc. Policies are due 13 September. 25-76-73 Sr. Jimenez of the Production Dept. is calling. Halperin will call when he gets up (45 min.)
- Out. Halperin calling Central de Seguros for Sr. Jimenez. (so above must have been Borah). Jimenez is on, says two policies (theft and general insurance) are to expire soon. H. didn't know they expired in Sept, thought it was Dec. Yws, the one on Medellin 36, says J. Well, renew the policies, says H. J. will send them over next week.

Conversation starts... "and that's an all day affair, leaving on the 11th.. not all day, 5 or 6 hours.

B. says: Well I won't see you, as I have to take off for Oaxaca. American man says no, American has to take off. And American thinks its useful to do that instead of hanging on until Tuesday or Wednesday, because from here on he should dive in and get to work, and he doesn't have time to do that. He can't get to work, has to go. Introductory ~~work is~~ is coming to a close and he can do the study alright, but from here on has to get back and do it for a year or more. B. says it sounds pleasant. American says is light on yet? B. yes., I can get back to work, he'll see this American tomorrow. American says good, then we'll see if you've heard from Rutz meanwhile. B. will ring him then. B. says if there is any trouble about that place, remember the Emporio (Hotel). B. is beginning to think he should go out grab Cooke and bring him in. They both agree that Cooke will find the place. American will see B. tomorrow morning.

0720 0.5 In. American to Borah. They exchange greetings, Borah says "so you got in". Borah asks if his room is comfortable. Borah comments on early hour of call. American replies that he saw Clifton Crober (?) last night and was told that Borah wanted to start early. Borah would like to see him this morning. Borah has luncheon appointment with someone (Cliff?) at 1400 in Polanco, with Bert(?), and also have to go downtown to the Museo Nacional de Antropologia, and a bookstore. They arrange to meet at the Museum in the library at 10.

1.0 Ramon <sup>Ramon</sup> in to Borah. Borah at first asks if it is Sr. Bert. Borah says he is giving a lecture with Cook tomorrow at the French Institute. Ramon says he saw a friend of Borah the other day, Miranda, a Spanish historian of pre-Columbian Mexico. Borah says he has been here a week, last Tuesday at midnight, taking a plane since the University is paying for the trip. Ramon got here shortly after. Ramon is staying with a cousin, with no phone. Borah tells Ramon that Clifton Crober has been here all summer, working on the development of water policy in Mexico, and lives at the Hotel Carmen, Rhin 29, tele. 14-08-20, apartment 5. Borah says he is to meet Cook downtown. They try to arrange a meeting, perhaps for lunch tomorrow, with Ramon calling Crober to arrange meeting time and place. Ramon has wife, Natalie, and child, so will come along.

She asks Mrs. Halperin if she knows anyone willing to teach

Mrs. Mullshire, but in the morning, so he can't. They are  
sons of a millionaire, Walker. Halperin's daughter left last  
Saturday.

- 5.3 Out to 20-28-27 Busy.

- 5.4 Out to ~~XXXXXX~~ Halperin out to Sr. Cameros Lynch. Halperin  
sorry he delayed again, had been trying to get in touch with Noyola,  
but he is hard to get in touch with. Lynch says that it is like all  
good lawyers. Halperin has been trying for the last 10 minutes but  
the line was busy. Halperin explains that he was trying to call  
him to explain that he was going to handle this thing directly with  
Lynch, but will call later. Halperin says he has looked into some  
of the documents that Mr. Stern had left to see what his plans were  
exactly, and was at fault in reading not reading what he had earlier,  
but had put it off. Halperin says that Stern had left a note stating  
that he had offered Lynch a maximum of 600 dollars for breaking the  
lease. Lynch now has 300 dollars, and a month has passed, which makes  
the things far off with the discussions which Lynch had with Noyola.  
So, Halperin says, it is regrettable that that time was wasted under  
these calculations, so at the present time, Halperin could stretch  
it to 400 dollars. Lynch says that the rent is paid to the 15th of  
September, and there one month deposit, bringing the paid rent to  
15 October, leaving Nov., Dec. to Jan. 15 unpaid, leaving 900 dollars  
unpaid. Halperin would like to cancel contract for 400 dollars  
as of the 15th of this coming month. Halperin is confused. Mr. Stern  
said last July, that 600 dollars for breaking the lease was a maximum.  
Halperin says that there is until 15th Sept. to negotiate, which gives  
enough time to communicate with him. Halperin will write, explain and  
ask for instructions. Lynch will cancel one month in order to make  
repairs to swimming pool, etc. Halperin says that is out of line,  
and explains that Stern is not exactly in the need of money, and  
on these things operates on the basis of principle, just wanting a  
fair value. Halperin will then write. Lynch is in no hurry.  
No one is there during the week, so Cameros then can make repairs  
in between.  
Halperin gives home phone and office phones, the latter as 35-04-45  
and 21-03-11.

10.0 Out to 10-51-90. no answer.

11.0 In. Engineer reference for Halperin. Halperin says that if Campos want the house on 15 Sept., and strike the Dec. rent, the deal could be made right now, and wouldn't have to write Stern. If not acceptable, then Campos to give terms, and Halperin writes. Campos doesn't want to reject first offer, relates that he told Scott that if he could rent house for six months, the contract would end then. They agree that would be fine, but nobody rents the place. Everybody wants to be fair. Rent terms are 300 for six months, or 360 for a year. They make a concession to Stern because they thought he was such a good man. Campos has plans, so he doesn't want to bother with house, which is why he doesn't want to cancel. Campos doesn't like Halperin's offer. They bargain some more, but are careful of each others feelings. Campos makes offer, they come to terms Halperin doesn't need to write. They talk about air conditioner, paint, etc. House is to be given on the 9th, because Halperin has a definite program for the 6, 7, and 8th. Scott will take care of it. Everything will be taken care of, Stern's things are probably all gone by now. Noyola will receive money and cancel contract, but Campos doesn't want red tape, however, Noyola will do it. Halperin doesn't want any more negotiation. They console each other and goodbyes.

16.0 Ralph into Halperin. Halperin tells of deal with Campos, goes into detail, and glorifies his good business sense. They are glad. They talk about air conditioner, and that Stern was thinking of putting it into the new house, so that will be the disposition of it. Scott complains about the hurry, he has a lot to move. Halperin just wants the refrigerator left there for the weekend. They talk about tile for the new house, and will select the colors the Sterns want. Ralph delivered the bag.

Someone did come in about 4 o'clock, but left. He didn't answer the description given, he didn't leave any information. Asks her to get in touch with Noyola, and tell him of the agreement with Campos Lynch, Ruth is quite happy. Ruth will handle it with Noyola. They speculate that Campos has someone else, or his father is coming back. Ruth congratulates Halperin. Halperin thanks the good Lord. Halperin asks Ruth to call up office of Garcia Coronado,

or Redakman, to tell them that now is the time, and do they or do they not want to do it. If no one is there leave a message. Ruth says that that is a allright way of doing business, Halperin agrees, but he doesn't know where they are going to find someone who is going to do it that way.

25.0 In. Maria to Halperin. Talk about Edith and the school, and that someone at the school has a note about some references concerning Edith. It is a funny kind of a note. "He" at the school wants to have it filled out and dispose of it. They will try to come over tonight. Her phone number (Maria) is 11-86-57, and they live on Fundacion 36, Apt. 3.

2.0 In. Mexican W.O. for Halperin, it is from Campos Lynch. Campos thinks he was confused yesterday. They go over it again. They arranged for a settlement of the months rent in advance plus 150 dollars. Campos wasn't thinking that way, but in terms of a settlement of 450, plus the months rent. Halperin explains the meaning of "gravey". They clear the terms up, now they understand the situation. Halperin then can't come to terms without writing Stern. They agree to see each other personally next negotiation. Campos will wait for Halperin to call.

6.0 In. American W.O. to Mrs. Halperin. They talk about their children, the maid, etc. (Woman's name is Molly.) Mrs. Halperin notices noise on the line, and thinks one of them has a party line, insisting that she heard a noise like a receiver was picked up. Molly says she just dropped a pencil, and she didn't hear anything. The matter ends with the arrival of someone else.

8.5 Out to 20-84-18. Halperin to Rafael. (Ralph) Halperin tells him the Deal with Campos is off, and relates the conversation he had. They speculate on Campos' motives. Halperin is to call Ruth about it. Halperin tells Ralph that he is waiting for Campos to call him. (Halperin does not tell Ralph that he is writing Stern, or that he told Campos that he was going to write Stern, but leaves the impression that he is just waiting for Campos to call, and make another deal.) They comment on the Time Mag. article, and Halperin calls it the biggest mess of tripe, and the lowest sort of thing, and that no sensible man's person is going to believe it. Ralph says that the Newsweek article was even worse, and that he is going to find out. Halperin doesn't see it how it could be worse. 0.5 In call. (not entirely recorded) Woman in to Halperin. She tells him to get a copy of something, since a whole article was about him. (talk was very secretly made by woman)

Edith's name  
OK

0.7 In, Edith to Halperin, (same lady as above) Tells him of article, that Mr. Mosher saw the article, and that it was all headlines across the back. (Edith is quite excited) The article was entirely about Halperin, and that the police were after Halperin, and an issue was out to deport him. Halperin says it is ridiculous, because if the police are out for you, they will find you. She suggests that he get in touch with the lawyers today. He said he would get in touch with "her" anyway. Then Edith says that also he should see the "friend of our friend, the one who came to see us last week". (Halperin has difficulty understanding who it is) He says that he would. Edith says "especially the lawyer". Edith complains that she hasn't any addresses or anything if she needs them, and Halperin says that she doesn't need anything. Edith thinks that Halperin has a busy day ahead of him, but Halperin says that he doubts it. Halperin says that Horacio will tell him if anything happens. Edith wonders who "Horacio" is, Halperin explains that he is the one who is doing his business for him, and that he is "right there", where "everything takes place". Edith still advises Halperin that he should see the lawyer, "the big lawyer", today. Halperin says sure, sure, he will. Edith says she is upset, but Halperin says don't worry, he will take care of it. He says "this isn't the way they do it.", "with announcements". (Halperin is quite assured that nothing is going to happen, and attached little importance to the article and Edith's state of apprehension.)

1.0 Out to 2(7)3-01-39. Halperin for Lic. (name not clear) (woman) Halperin asks if she has read "Ultimas Noticias" of yesterday. She has. He explains that his wife had heard of it in school, and was quite worried. He asks her how what she thinks of it. She says that it is only something from the "misma fuente". He agrees and asked her that it isn't anything certain, then. She answers that for her it isn't. He asks her if perhaps it isn't wise to take some kind of precaution. She says that "este señor que tiene su firma debe de ver que pasa". Halperin says that "este señor sabe que se recuperó ayer", and that this morning he will see him at 12, and that he (the gentleman he is meeting) will have some news about the matter. Halperin again asks her if it is worth while "a prevenir". She believes not, but that anyway, he should be "pendiente". He says that he is thinking of an "amoro", or something. She says "lo que toca, pues, no esta en casa". But, says Halperin explains, he has to work, and they know where he is always. She again explains that it all comes from the same "fuente de todo", but not a matter of administrative decision. But, she also will put out feelers to see what there is. Halperin thinks that wise. She will then find out what she can, and he will also, then they will see what there is. He asks where she will be today. She will be there from 12, or 12:30 to 1 or 1:30, or if not, the secretary will take the message, and she will call in once in a while. Halperin gives her his telephone number in Financiera - 35-04-45, and 21-03-11, and he will be there all afternoon. She says that in case anyone asks, that he doesn't have anything to do with those people.

1.0 Cut to 2(1)3-01-39, continued. (she also mentions "herencia" from the He agrees. He says that perhaps we could think of any the other "remedio" of two years ago. They chuckle at that. He asks if it isn't still pending, she says yes. Halperin then says that now she is acquainted with the whole thing, she answers that yes, as of last night, to which Halperin says that it was before he knew about it. He ends the conversation by saying that he is leaving the matter in her hands.

(note in an aside to someone, probably David, while the Lic. was getting paper and pencil for his phone number, Halperin comments that "she" thinks that it is anything at all, just a rumor, not an official decision. He relates that he had asked if he should do anything, and that she just answered, that Horacio should know what was going on. He is going to think about getting an ampere or something, just to have it ready.)

3.0 In. To Halperin from Mexican V.O., explains that she will arrive a little bit late, that she has to take the "muestra" of "Silvenita" to Phillips, at which place she will probably be for a while, arriving then at about 12:30. He says that it is quite alright, and that perhaps will arrive "Deschamps" too. She replies "exactamente."

3.2 In. Sra. Crocker for Mrs. Halperin, who is out, so she talks to Mr. Halperin. Mrs. Crocker wants to talk to her about tutoring her daughter in arithmetic. Mrs. Halperin will be home at 3 or at 8, at which time Mrs. Crocker can call.

3.7 Out to 35-80-50. David (v) to (name not clear), apartment 419. Adele answers. (David's girl friend) She is going to go out looking for a place. David is quite tied up. She does ~~not~~ want to be any burden. David gives her the assurance that she can call him at any time. He will be home at 3 just in case. They talk about finding a place.

1105 5.0

5.0 In. Halperin to David. David reads the article to him. (doesn't mention Stern's name) (when they come to the place where it says the police are looking "con sfan" for him, they laugh.) Halperin says that it is quite ridiculous (there is a pause between quite and ridiculous, at which time David also said ridiculous) Halperin asks David if he has his phone numbers at the office. David answers that he called him. Halperin seems anxious to know the details, but relieved to hear that ~~he~~ David didn't ~~xxxxxxx~~ leave a message. Halperin asks what David is doing this morning David says he has some things lined up, and Halperin reminds him that he left some suggestions. Halperin will be home for lunch, everything is quite normal, "extraordinarily so", and that there is no news. David again says that this thing is quite ridiculous, at which Halperin assures him that it is, and that it is just a "think-piece". No comment, just "ya" from David.

6.0 David to Roberto. David says that something has come up and he won't be able to make it this afternoon. He has to do something with his Dad. Roberto asks if it is school, David replies that it has nothing to do with school. David will be out this afternoon with Halperin until after 5. They arrange to get together this evening about 9, at which time they will talk about things.

6.8 Adele to David. She tells of her adventures so far. She still hasn't found a place to stay.

1530 7.0 (line was found to be open)

7.0 Albert to Edith. Albert wants to drop in for about 10 minutes this evening at about 8:15. Edith says that as far as she knows, they expect to be home. Albert asks her if she can check with Maurice, she says that he went to see "someone". She asks if he would like to call back later, Albert says he will. Then she adds, "that's all I can say now". (Edith sounds quite flustered throughout the conversation, making several grammatical errors, as well as showing nervousness)

8.0 Mrs. Crocker for Mrs. Halperin about tutoring. Mrs. Halperin is too busy. Mrs. Crocker complains about the price - 40 pesos. They talk about the math problem and American students.

11.5 In. Mrs. Halperin (v) answers, but no one responds.

11.6 In. Long ring, no answer

12.0 In. Long ring. No answer.

12.3 Out to 14-84-77. Halperin out to Albert Maltz. Halperin was very glad to hear Albert called. Albert will drop by to see them at about 8:15, and can only stay for 10 or 15 minutes as he is on they way to a Little Theatre group.

(at 1830, the line was found to be working, but the machines not. As far as could be determined there was a conversation between David and someone that was missed then. At 1915, the line was restored and recording.)

(Note: Halperin started the day feeling quite confident and free of worry. In the conversation with David about the article, he was someone less confident. Evidently David knows nothing about what Halperin has been doing and his connection with Stern, (possibly). But David does appear worried. Edith is quite nervous and worried.)

Mrs. Maltz said that something came up for tomorrow, then Vicky might not be back, so they might have to put it off until Thursday, but that she would call Mrs. Halperin anyway. Mrs. Halperin asks if they are coming to their house, Mrs. Maltz wants to know who, Mrs. Halperin says "The ~~Smalls~~ Smalls". Mrs. Maltz doesn't know anything about it. MH: He's not kidding, he says he just can't sign such a letter--it has to be signed by the boss. The boss will be back on Monday. HD: You going to wait? MH: Now (or no) just listen. I asked him if the boss will sign it and he said of course he will. But in the meantime he is giving me another kind of letter which he can sign which may serve in the interim or may serve completely. And this letter I will discuss this evening with the lawyer DH: Is it dealing with another kind of of... business? So, it's another kind of letter dealing with the same business. It's just a technical matter. DH: when will you be home tonight? MH: ...his rights ...he is very astute, you know, David. But you don't denote any hesitance... MH: On the contrary just a desire to be as helpful as possible, almost an eagerness.. very encouraging. MH: then says he'll be home rather late tonight as he has an appointment outside this afternoon and then will probably be home about 2000. DH then says he is going out to eat with Homero and Micarelli and Socorro at Micarelli's HM Tell him to try to get over to "Balsona" and lick up his cello so he can play also.

0.5 incoming: WO with Edith Halperin. WO says she is calling from the house at Florencia (or of Florencia) from Mrs "NIKEL". EH should not wait for her, she has a cold.

1.0 incoming. Berta to Maurice Halperin. Berta is Mexican. Very friendly greetings. She asks for news of David. He says he is here now and will go back to his studies in a couple of weeks. Berta wants to see the family but H says at this time they are very busy with some urgent matters. He asks if her cousin is in town as he wants to talk with him but complains he is very hard to find. Berta calls him by his first name, says she is working in the clinic now but she says he should call Salvador--who is at her house tel 24 78 45. Salvador, she says, called Halperin several times yesterday but never got him. H says he never got the message. (caller must have been Salvadorcampo). [Berta must be Berta Arenal] H says he and his family are quite worried as she can imagine. H says he will call Salvador now.

2.0 out to 24 78 45. Halperin to Salvador (Ocampo). Halperin explains he was out taking the air last night for an hour and missed previous call. S asks him if he knows Mr Christian. C does not wish to buy the truck in Acapulco now. The business is not going well. Christian has been using the truck but does not want to buy it. Details of the business given. S spoke with Don Enrique, who went to Cuernavaca but comes back tomorrow. H breaks in on this and says he is quite worried these days and has no time even to speak by phone. S has seen the newspapers. H dwells on his personal complications, without giving details. H says he thought there were people of good will in Mexico but now he finds there are few. He can't even think of the business. H is just about to leave the house. He hopes Don Enrique (RIOS?) and the rest can finish the business well. Salvador mentions the infamous things in the press. S says he has been thinking of speaking with a friend about running some protest against this whole business in the press. Halperin complains that no one is taking an interest in the matter. S says it all is being done at the behest of "the other side" and H agrees. H complains that "here they do not wish to defend themselves". H adds that so far the Mexicans do not seem to realize that the attack (on him etc) is really directed against them. H claims now that for him it is just a nuisance but for them it is more serious. S wishes to speak with H to-day. Halperin says he is trying to get home at 1500 but S can't and may go by tomorrow.

(this makes 2 to 3 weeks, according to MH's statement). He may see her after he plays, at her place. He does not consider home a proper place to meet under the circumstances. He thinks MH will be very busy tonight. They chat. She says Eric is in California. (Voice faint) (also a couple of high squeaks in the line).

0.5 In. MH in for David. MH is going to stay downtown for dinner, since he won't have time because he is going to see his friend here at 3:30 when he gets back from lunch. MH asks David if there is anything new, any letters. David says no. MH comments that things are coming along reasonable well. David says that it is probably hectic. MH doesn't hear plainly, but when he understands, says that it isn't hectic - he got all his work done. MH is waiting for a letter from his friend there. David inquires about his eating. MH doesn't know if he will come right home or not, he might just go directly to see somebody else, then go back into town to see the lawyer. David comments that it will be an all night affair tonight. No, MH says it won't be, he should be home by 8:30, but he might be home earlier, at 4:40 or 5, for a short while. David says that he might be playing music tonight. MH asks who. David says with Raphael, Adele, and friends of Raphael. MH says fine. David asks if he wants him for anything. MH says no. David asks if they can play in the apartment. MH says why not, maybe he can take a hand. MH asks if David has a cello. David doesn't yet. MH asks if David has asked written his letters. David has written four. MH asks if he has Bob's address - David hasn't. David says he has written - Sam, Berger, Teddy, and Brewdenhill (i). MH gives Bob's address - Hotel Harrington, Washington 4, DC. MH gives the full name - M. R. Rogers. They decide that that is all for now. David says to take it easy. MH says sure, sure.

1.2 In. Rafael (v) for David. Talk about getting together for music. David explains that Adele has decided to wait until Saturday before leaving, because if she doesn't wait to play now, who knows when they might, because they might not be able to get together when she comes back. Rafael has to get in touch with his friend to see if he can get together with them. They decide that if David can get a car, they will go about noon to this friend's house to see if he is there, if not, they leave a note. Rafael has to be there until 6:30 for classes. They then decide that David will see Rafael at 3 if he has a car, or will phone if he doesn't.

2.0 In. Bob Bergman (v) to David. They are still at the Ritz, and are enjoying themselves. David explains that all sorts of things have been popping up for him (David) unexpectedly. David tells him of the telegram of admittance. Bergman asks if David has heard from Dr. Lee about his grade in 240 (?). David has not, he says, and that is what is so funny. They talk some more about grades and the entrance. David says that from another point of view, things are very, very busy here at the house, and that things are going on that are very unexpected, and so on and so forth, and that it is a long story. Bob Bergman explains that "we" may be leaving Mexico in a couple of days, and go Oaxaca, and Cuernavaca. David apologises for not being able to do more to help him, but right now is just a very difficult period. Bergman says that he could do one favor - and asks him to tell him if one can drink Mexico City water. David says no - but you can always pray after you have drunk it. Bergman asks about greasing the car. They talk about water, the city, their visit, Acapulco, when they are at the Hotel. David will call tomorrow morning.

4.0 In. Adele (v) for David. Mrs. Halperin says that he didn't call back. Adele asks if it isn't Mrs. Halperin, she says yes. Adele introduces herself. Adele asks if she knows if they are going to play tonight. Mrs. H. says that she doesn't know, there is a chance but she isn't sure. Mrs. H. asks where Adele is, Adele answers that David knows, but she is in the neighborhood of the Hotel Hilton. Mrs. H. says David took the car at 3:15 and was going to be gone for an hour, and it is now two hours. Adele will try to call again.

4.0 Out to 20-86-83. David (v) to Sra. Froom (?). (has continental English accent) David explains that he is calling for Mrs. Halperin, and that she won't be able to come today because she is ill, and she will call next week. The person (sounds like a young lady) hopes it isn't serious, and wishes her the best.

4.2 Out to 1295-90. David (v) asks for ext. 23, asks for Prof. Halperin. He is not in. David leaves a message for him to speak to his home when he returns to the office.

4.4 In. Mr. Halperin calls, speaks to David, asks if someone called him. David says no, but that mother wants to talk with him. MH asks if she isn't going to work today. David says no - she was fired today. MH says, no - just like that - without any notice? MH says "OH NO Boy, well that's interesting" They discuss the contract termination - that they had everything all ready - three months pay, back pay - it was all ready. MH says "well, that solves one problem, doesn't it?" David says yes. MH then asks if she feels bad. David says yes, that she wants you (MH) to know that (they he breaks off and talks with Mrs. H.) David returns and says "He" was told, Patterson was, that it had to be today, that she had to be fired today, and that Gobernacion was to be notified immediately. (Halperin asks him to repeat, saying that he doesn't hear very well) MH wants to know if Gobernacion insisted that she be fired today, David says no, that the school sent a letter today stating that they had fired her. David says that now Mrs. H. is worried about her "defensa" (?) - that she has no work anymore. Mr. H. explains that she doesn't need that - if his thing goes through she will be alright - that she is his dependent. David says that mother wants to know if MH will be home before he goes. MH says that he is waiting there, and getting his letters from his friend, and that he thinks he is getting two letters which will handle the deal. MH says that incidentally, this thing isn't as bad as it might appear to be. That what happen to Mrs. H. is another matter - that is their special policy. MH explains that his friend would be the first to find out if anything should happen through his special pipeline, and that the pipeline is open, and that as of now there is nothing - he would be bound to hear "immediately". They agree that Mrs. H. being fired was a unilateral thing on the part of the American school. David explained that "he" (the school official) said that with the TIME mag. and everything, the board insisted. MH says that that is fine, they will weather that one. Mrs. H. asks if she is giving up her tutoring. David explains that it isn't legal now that she isn't a teacher. David explained that she is telling them that she is ill, and she will call them next week. MH asks how long her contract run. David says she signed a release. MH wants to know what matter with her? David explains that she was quite upset.

## 4.4 conversation.

David says that mother wants MH to come home! MH then explains that the school has to pay for the end of the contract in addition to the rest of it. The contract is from Feb. to Feb. MH then asks about the release she signed, and if it was a resignation. David transmits Mrs. H's answer that she signed a Spanish document that she couldn't read, receiving the money. MH says that isn't so bad, but did she get a copy. David then tells MH that Mrs. H. doesn't want to talk about it over the phone, and that she wants MH to come home. MH explains that he can't come home now, he has to go see the lawyer. MH says he will tell the lawyer about that because the school is liable to the end of the contract. MH wants to know what she received. It is 10,000 pesos. MH wants to know if she can figure what it represents. David replies that it is to the end of the contract, plus past pay. It comes to more than 10,000, or 850 dollars. MH asks about David's plans. David is playing music with Raphael. MH wants them to play music at the apartment. He thinks that he would love to play, and they need it to cheer them up a bit. MH then says to tell Mrs. H. that everything...then David asks if he wants to talk to her. He asks her, she asks if he is coming home, David says no. So David says he will tell her. MH says that there is nothing yet, that the school action has completely unilateral, and that things here are in good shape, he is getting the documents he needs for the "Defendo" (?) --everything necessary. MH is now going over to see the lawyer, --everything is under control. MH asks if there is anything else (Mrs. H's voice in the background) David says that Mrs. H. wants to talk with him now. She says that she thought that he could come home for the rest of the day. MH replies that he isn't fooling around! She tells him of the contract termination pay - the legal job, complete. She says that Mrs. Patterson didn't want to do it - MH says he of course didn't - that these orders came from outside. Mrs. H. says that she asked him, but he said he couldn't tell her. MH said of course he couldn't - these orders came from topside to the board, and to the principal. She related that he said that it had to be today, so the cashier went to work and got things settled. MH says "fine, fine." Mrs. H. wants to know what is fine about it. MH explains that she needs the vacation, and that she will be much better off now. Mrs. H. wants to know when she will be home. He will be home about 7:30. She asks him if he would be interested in going out to supper - they have two invitations. He says no, that they are going to play music tonight - that doesn't please Mrs. H. MH says goodbye in a hurry, he wants to talk to somebody. (in an aside after the phone was hung up "Yeh, but you shouldn't of said it on the phone")

(She tells someone the news) She says "That's lousy" David says "Yeh, that's too bad." They talk about the magazine articles, and there was another one. David says he can't find it, and asks where it was. Girl doesn't know, a girl friend at school told her about it. Girl says that the Ksirs' have it. David thinks that it is the domestic edition, because he can't find it down here. More talk about school. She says she hated to leave, she liked the school and the kids. "So," she says, "go fight city hall." (giggles) Girl asks about the teacher taking her place. Mrs. H. tells her about the music, and that they can't go. Mrs. H. says (rather cheerily) that she can invite her out anytime now. Lady says she can't - she is at the chicken farm, but Mrs. H. is welcome to come cut and sort eggs. Mrs. H. says that they had a couple of tough days, she hasn't slept for the last two nights, and has lost 6 pounds, since she hasn't eaten in the last four days. Mrs. H. says "Moore" thinks that is alright. That was since last Sunday night. More talk about the separation - she will tell her all about it next time she can see her. Talk about David. 12.0 Out to 35-94-35. David to Rafael. (Mrs. H. in an aside to David - instructs him to not tell "her" a thing, not a thing, even if she asks) David tells Rafael about the music - he couldn't find the music they wanted. They make arrangements for the music session at David's apartment.

Mrs. H. tells Celia (name mentioned) that they are having some friends of David in for music, and that MH is going to play with them. Mrs. H. relates that she has had a very bad three days, she hasn't eaten or slept at all last night. Celia says that if it ends here, it isn't bad, that after all Mrs. H. got what was going to her (the payment), that she wasn't losing out. Mrs. H. agrees, and she will have a rest. Mrs. H. said she will have a hard time to rearrange things, that her girl was going anything. They talk about the evening, that Victor might come over. Celia invites them over to dinner Monday. Mrs. H. accepts, but she isn't sure she will be back, but thinks it probable. More talk about the music party. Mrs. H. will talk to them tomorrow.

FROM : Chief of Station, Mexico City

SUBJECT: GENERAL— Operational/LIKAYAK-2/LIBERT

SPECIFIC— Maurice Hyman HALPERIN

ACTION REQUESTED: Pass one copy to LCMAY70WL Officer

1. Submitted herewith is a detailed account of this station's efforts directed towards inducing the Mexican Government to take action in the case of Maurice Hyman HALPERIN, American Communist residing in Mexico and close associate of Alfred Kaufman STERN, Soviet agent.
2. On 21 August 1957, Fernando ROMERO Hernandez, employee of the Mexican Ministry of Interior and associate of LIKAYAK-2, asked LIKAYAK-2 to contact his "correspondent" in the US (that is, the case officer), stating that the top officials of the Ministry of Interior needed information on HALPERIN urgently. It was recalled at this time that HALPERIN's name had appeared in the Mexican press in connection with the Alfred K. STERN case.
3. On 21 August LIKAYAK-2 relayed this request to the case officer, stating his belief that the request had been originated by Fernando ROMAN Lugo, Undersecretary of Interior, who has dealt with this station through LIKAYAK-2 on various matters in the past.
4. On 22 August Fernando ROMERO Hernandez asked LIKAYAK-2 if he had already sent a cable to his "correspondent" asking for details on HALPERIN. ROMERO added that the request came from very high up in the Mexican Government. LIKAYAK-2 replied that he had sent the cable and expected an answer the following day.
5. On 23 August 1957 the case officer met with LIKAYAK-2 and, with the approval of the COS, gave the following information to him, dictating it in Spanish:
 

HALPERIN is an active American Communist and is a known Soviet agent.  
 HALPERIN is employed by the Mexican Government and has his office at the building of La Nacional Financiera, Room 414.  
 HALPERIN's wife, Edith, is a Communist and teacher at the American School in Mexico City.  
 HALPERIN's son, David, is a student in Chicago, Illinois.  
 HALPERIN has the power of attorney for Alfred K. STERN.
6. At this meeting the case officer also made the following suggestions:
  - a. The office of STERN, as well as his home, should be raided without warning as they were believed to contain papers of interest pertaining both to HALPERIN and STERN.

- b. Ruth \*HIRSHFIELD and Ralph \*SCOTT, secretary and chauffeur to SPERN, should be picked up and interrogated. This station would want copies of the documents taken as well as of the results of the interrogations. \*GRAYSON was supplied with the home addresses of SCOTT and HIRSHFIELD. (NOTE: These also had appeared in the newspapers.)
- c. (fnu) \*WATNY, of Credito Bursatil, should be questioned about the whereabouts and other details of the SPERN finances and those of HALPERIN. It was explained to LIRAYAK-2 that WATNY had handled the transfer of large sums of SPERN's money into Mexico prior to SPERN's flight to Czechoslovakia. (It was indicated that this information was obtained in the U.S.A.)
- d. It was suggested that HALPERIN's petition for Mexican citizenship be denied.
- e. It was suggested that the SPERN funds be frozen in Mexico. (NOTE: This was the crux of the problem, for it was felt that by giving the Mexican Government officials some chance to take part or all of the funds their cooperation with the station was guaranteed.)
- f. It was suggested that HALPERIN be deported either to the US or to a place where he could be picked up by US authorities. Panama was suggested as possibly suitable in this connection.
7. On the evening of 23 August, LIRAYAK-2 gave a written report on the above to Fernando ROMERO Hernandez in a sealed envelope. A copy of this report exists on as yet undeveloped film at this station. LIRAYAK-2 allowed ROMERO Hernandez to read another copy, which was not enclosed in the sealed envelope.
8. ROMERO Hernandez stated that the envelope should not be given to Fernando ROMAN Lugo, Undersecretary of Interior, but to Jose T. SANTILLAN, Chief of Inspection of the Immigration Service, which is a division of the Ministry of Interior. ROMERO Hernandez added that this was because of the President of Mexico was the originator of the request for information on HALPERIN. He added that the President had requested the Minister of Interior, Angel CARVAJAL, for this information. CARVAJAL relayed the request to Gustavo \*DIAZ Ordaz, Official Mayor of Interior, who in turn, in a formal-signed note seen by LIRAYAK-2, passed the request to Jose T. SANTILLAN. SANTILLAN relayed it to LIRAYAK-2, as noted above.
9. ROMERO Hernandez took the sealed envelope from LIRAYAK-2 and passed it to Jose T. SANTILLAN. LIRAYAK-2 was able to confirm this in a conversation with SANTILLAN the next day.
10. SANTILLAN gave the original sealed envelope to Fernando ROMAN Lugo to whom, according to LIRAYAK-2, SANTILLAN is personally very loyal. ROMAN Lugo was reportedly very pleased with the contents but deleted a greeting directed to him by LIRAYAK-2 on the grounds that since the request originated within the Ministry from CARVAJAL no salutation to ROMAN Lugo should be included. ROMAN Lugo then made another copy, minus the salutation, and sent it to CARVAJAL, Minister of Interior.

~~SECRET~~ / ~~RESTRICTED~~  
- 2 -      ~~DESENSITIZED~~

11. LIKAYAK-2 heard on 24 August, following a conversation with SANTILLAN, that CARVAJAL was impressed with the report and believed it excellent. There seems little doubt that SANTILLAN, ROMERO Hernandez, ROMAN Lugo, and CARVAJAL were all attracted by the dazzling possibility of acquiring at least a portion of the STERN "millions".
12. On either 24 or 25 August ROMERO Hernandez made a cryptic remark to LIKAYAK-2 to the effect that a high official of the US Embassy in Mexico had seen the report on HALPERIN and thought it excellent. In reply to LIKAYAK-2's questioning, ROMERO Hernandez would not state how that official had come to see the report and would only state that the official might have been the Secretary to the Military Attache. On 28 August, while the case officer listened in, LIKAYAK-2 made a call to ROMERO Hernandez and informed him it had been someone in the ODENVY office who had seen the HALPERIN report. This was considered logical since it is known from ODENVY that Romero Hernandez has contact with ODENVY though that office claims to regard him unfavorably.
13. On 28 August rumors quoted to LIKAYAK-2 by ROMERO Hernandez and SANTILLAN indicated that HALPERIN would be deported, that the President was studying the case and that a lot of action could be expected. Rafael HUERTA Nava, a police informant on Communist matters, hinted to LIKAYAK-2 that several raids were to be made in the near future, one of which was to be in Cuernavaca. This led LIKAYAK-2 to believe that the STERN-HALPERIN group was to be raided, as suggested by this station.
14. Likewise on 28 August LIKAYAK-2 reported that he had been sent over the previous weekend to Cuernavaca to locate the Alfred K. STERN home there. He stated it is an imposing home, nearing completion. LIKAYAK-2 added that he has received a report that Ralph SCOTT, the Stern colored American chauffeur, is the lover of a negro woman named "La Martinique", who does semi-nude dances in Acapulco, and that for that reason her residence may also be searched.
15. At the close of the 28 August meeting with LIKAYAK-2, the case officer admonished him to advise the case officer at once of any developments in the HALPERIN case, especially if deportation appeared imminent.
16. Meanwhile a technical surveillance was re-established on the home of HALPERIN at 1115 hours on 24 August. This coverage, plus LCHAYFOWL coverage, was held in the belief that it could shed considerable light on developments in the case.

- h. At 1700 hours, Maurice HALPERIN arrived in Subject's room at the Hotel Bamer. MUCENIK stated that he was in Mexico at the invitation of Luis ROMERO, publisher of comic books in Mexico. HALPERIN started off by giving a brief run down of his life. HALPERIN mentioned being in Harvard University and was involved with Harry Dexter WHITE. HALPERIN stated that J. Edgar HAWER, Director Federal Bureau of Investigation, "wanted to get rid of someone....make someone testify." HALPERIN stated that after this he worked as a Consulting Economist and said, "I was never, strictly speaking, a Communist in my life...Red Bush Tail, yes." "Now I am a La La (phonetic) for a Government (Mexican) industrial development plan." HALPERIN stated that for this work he received a monthly retainer. "Edith (HALPERIN's wife) came to Mexico with me and adjusted well." MUCENIK and HALPERIN discussed a dancer who was recently married and they didn't know where she now stands. MUCENIK mentioned the fact that his daughter had studied in London and said that this was very expensive. MUCENIK stated that he and his wife were very close and that the money which they had made while in Russia, they had rapidly spent and now do not know what to do. MUCENIK said that he had dreamed a little of coming to Mexico; that his wife was now in New York and would wait there for his return. MUCENIK said that in 1949 he left for Rome, Italy and that his children were still in Rome. MUCENIK stated that while in the United States the FBI had asked him a lot of questions. MUCENIK told the FBI that he was not a Communist but that the FBI tried to get him to work for them, cooperate with them. MUCENIK stated that he introduced ELLISWORTH (fau-phonetic) in the Soviet Union. MUCENIK said that he had been with ELLISWORTH in Buenos Aires.
- i. At 2100 hours 4 June, MUCENIK phoned Alfredo ROBLEDO (phonetic). MUCENIK told ROBLEDO that he was from Buenos Aires and was the representative and translator for Alfred MILLER (phonetic). MUCENIK stated that he was the sole person authorized to translate MILLER's books in Mexico and would send ROBLEDO a photostatic copy of his contract.

1. All of references were RYBAT/LCAYFOJL.
2. As stated in Reference a. telephonic coverage was instituted on the residence of Maurice Hyman HALPERIN (and Edith HALPERIN) on 3 June 1957.
3. As of 17 June 1957 this coverage was discontinued because repairmen of the telephone company were in the neighborhood cleaning up old lines; and the two (2) extra lines into our basehouse had to be cut for security reasons.
4. It is not known when this coverage can be re-instituted; this depends upon the departure from the area of the telephone repairman.
5. Attached are copies of the transcripts of the eight (8) reels obtained during the fourteen (14) days of coverage.
6. As will be noted this line is not as productive as some here. One of the reasons for this is the absence of both Maurice and Edith HALPERIN (he at his "businesses", she teaching) almost every day.
7. A copy of these transcripts is being kept by the Station.

0.5 Out to 14-72-14. Maurice Halperin (v) speaks to MD who answers and calls him Mr. Kaplan and identifies himself as MH. He says he called earlier. I wondered whether you were still in business.

GK: No, I've been out of business for a long time.

MH: But apparently you are out of business. Do you know whom I could trust....

GK: Interrupting says: Tell me what your trouble is and maybe I can get one of the fellows in the shop to go.

MH: I tell you what I have. It's my turn-table. The engine turns but I get no

GK: You mean you get no sound?

MH: Oh, no, it's not a question of sound.

GK: Not the right revolutions?

MH: It's the table doesn't turn any more, see?

GK: I see, the motor spins, but there's not enough friction to turn the table?

MH: That's right, yeah. Is that a difficult business?

GK: It all depends, it can be major or minor. What is it a Gerard?

MH: No, it's a Calaro (ph). Do you know the Calaro?

GK: Yeah. Well, will you give me your address?

MH: Madison #35-Apt 9. Ph # 28-92-75. Halperin; that's right. And what will you do now?

GK: Well, I'll talk to one of the boys in the laboratory and have him call you?

MH: Have him call me. Think he can fix it right here in the house?

GK: If he can he will. They usually try to fix it in the house. But usually though they don't have any shop facilities.

MH: At least you know what the problem is. You say it depends, it might be serious, or not?

GK: Well, he'll look at it. He may just have to clean off the dusting with tetrachloride, or something; and if he can do it he will do it right there.

MH: Well, since you are recommending him he'll be a very competent fellow.

GK: Yeah, he is a very reliable. He as a rule is very competent.

MH: Well, that's the important thing. Well, I'm certainly very much obliged to you.

Mr. Stern comes to the phone and says, My, Professor, how are you. MH. says he is fine and asks about S's health. He tells S. he has his coat on, but hasn't put his hat on yet. S. says it is a good thing then that he called MH. He tells MH that there's a translation job that he would like MH to help him on. A verbal one. It is not until 1130 though, and there is a possibility that he wouldn't have to call on MH but would like to have him available if possible. "What are your plans, may I ask?"

MH: "well, I'm going out to the Institute of Geology."  
 S.: "Teology, I don't just know what that is."  
 MH: "Geology, not Teology - with a G."  
 S.: "Oh, I thought it was with a T."  
 MH: "No, when my son-in-law comes, we go into THEOLOGY. I should be out, where could I call you at 1130?"  
 S.: "It would have to be before that for I have a date with GARCIA Telles (ph) at his office at 1130, and if I can't reach Niola (very ph), and he may not be available, I was going to ask you if you could come with me."  
 MH: "Yeah, well, now where can I call you at 1100?"  
 S.: "Well, I think I'm going to stay around here; I don't have anything special in the office."  
 MH: "Will you know at 1100?"  
 S.: "I'll know before that. I'll know at 1030."  
 MH: "Oh, you'll know at 1030. I'll try to call you at 1030, at any case I'll get in touch with you between 1030 and 1100."  
 S.: "I'll be waiting for you." "Then we'll arrange to pick you up or something, huh?"  
 MH: Right-O.  
 S.: OK, Bye Bye.

1.5 In. (This call not recorded on dial tape). MO asks maid (v), who answers for Sr. Halperin. He is not in. He will be in about 1230. Salvador Ocampo identifies himself and asks if he'll be there - how long at noon? Lupe (v) tells SO that he probably will be there until about 1500 as he usually takes a little siesta. Then O. will call him at that time. L. "All right, Sr."

1.7 Out to 24-78-45, twice and complete. MO asks Sr. Halperin to wait a moment, when MH asks for Sr. Ocampo.

Salvador Ocampo comes to the phone. They greet each other.  
 MH: What's new.  
 SO: Very little new. I returned last night.  
 MH: Ah, yes.  
 SO: I sold everything there (in Acapulco), but Sr. Christian (Cristian) is going to pay it here (in Mexico City). I was talking with him this

1.7 (contd)

SO: (contd) morning. I was in the office with Mendiasabal. He is buying the pick-up, the freezer, the refrigerator and the (light) plant.

MH: Ah, yes. Everything.

SO: Yes, everything for 18,000 pesos.

MH: Ah, that is good, no?

SO: Of course.

MH: You left these (things) in Acapulco?

SO: Yes, of course, I left it, because I wanted to know his reply today because he did not want to buy the pick-up. So, I left the boy (driver) prepared to come (to Mexico City) tomorrow, but he said he would buy it and he phoned Acapulco, in front of me, to leave all these things there (in Acapulco).

MH: Yes.

SO: I had disassembled this (thing) because I had already taken out the freezer and electric plant because this is all he wanted, but he says, he talked to a Sr. Abelardo Soto from there, who is apparently an associate of his, and they are going to form a sort of Society to exploit the pick-up, the ice cream (?) and everything.

MH: It is all right then.

SO: The only bad thing is that he is going to pay on notes.

MH: Well, that is not so important. How much is the down payment?

SO: Well, the down payment is what we still owe (on the things).

MH: It is, what part can he pay right away?

SO: No, he says he can't pay anything right away. He, delivers them, while we are owing him and this is 2,700 and some odd or, I believe, 3,000 pesos.

MH: Yes. We don't have to pay this (amount).

SO: No. We don't pay any more. This is added to his bill and he begins to pay notes only in September. He will pay the first note on the first September. This is the joke. He is going to pay notes of 2,000 pesos.

MH: 2,000. Nine notes.

SO: 2,000 pesos. Right notes must be made out, at 2,000 pesos each.

MH: Well, what do you think? Is it all right?

SO: I think this is the only way out.

MH: Very well. Then, yes.

SO: Because there is no way to sell any other, any other freezer.

MH: Well, it is all right then.

SO: And this is a firm, at least, responsible.

MH: Yes, yes.

SO: Then, this is all there is. I talked with Sr. Aleman this morning. I went to pay the rent. Then he told me that he talked with Sres. Miller and he more or less made an agreement with Sres. Miller for 2,500 pesos for the total rent of the business.

MH: Fine.

SO: But this is for him. As to us, with respect to the "traspaso" (transaction of business property), Sres. Miller agreed to talk with us. Well, these men have not come by here now. I plan to call them today so they can come by tomorrow because Sr. Sanchez, when I arrived this morning, got me and told me that he had a proposal for me and he expects me tonight at 2100 so we can talk. He says that he may have the money to give right away and keep everything. But I think he wants to remain as "Histrani y Cia." Well, then he would take

SO: (contd) over the name and signature and everything.

MH: Yes.

SO: Well, then we will see what he thinks tonight and tomorrow I will...

MH: Well, tomorrow we will know something more positive tomorrow.

SO: Because I am going to call Sres. Miller to come to see me this afternoon or tomorrow.

MH: As Aleman talked, we can also arrange (this transaction) with Miller.

SO: Yes, we can also do this with Miller but the Miller (brothers) offered me 2,000 pesos the other day. I told them no, that we could not accept this.

MH: Yes, we must try to get more. but, in any case, it is preferable to liquidate the matter totally rather than leave Mistran with Sanchez, no?

SO: Yes, of course. Only should the Sres. not be able to reach an agreement with Sres. Miller, we would have to look over Sanchez's offer.

MH: Yes, but this must be resolved in next few days.

SO: This has to be decided now because the rent had to be paid and everything (for this month).

MH: And with respect to the freezers can't they be sold?

SO: Imagine that all the large firms (have been contacted and) are not interested.

MH: Don't they even want to make an offer?

SO: Nothing. They did not want to make any offer. International Supply say they agree to keep the freezers in their offices there - to sell at a commission, but they won't buy any.

MH: Well, it would be better for them to keep these in place of storing them, as a last resort.

SO: Of course. Yes, as a last resort. If we don't sell any, we will have to leave them there.

MH: There is no remedy.

SO: Well, I would like to leave half with them and see if Enrique would let us keep the other half in (his) warehouse so we could sell directly because they (International) would deposit the thing in their warehouse and those who go, buy and those who don't, don't (buy). On the other hand, if we have these out we can sell them and also if we sell them, they will always collect their commission. We will study this in next few days.

MH: Yes, fine. But I hope the matter of the contract is finished soon.

GW: Yeah, he's going.

EH: Well, that's good. He missed a little bit of algebra, but (did you help him this week? No.) He says he caught on pretty well.

GW: Well, I haven't helped him a bit. Oh, one or two problems I "kinda" explained it to him, but that's all.

EH: Well, I'll go over the whole thing with him on Saturday.

GW: Well, I'd like for him to kinda get ready for his test. And another thing I was wondering if you could do me a favor.

EH: If I can.

GW: I don't know whether you can or not. I'd like to know what Ricky's achievement test paper was.

EH: Who, who, whom did he take it under?

GW: I don't know. I didn't ask him.

EH: Well, you ask him nonchalantly, without his knowing it. (Try it sometimes and see if you can get an answer "without his knowing it.")

GW: I think, Mrs. Kruger (ph), I'm not sure.

If her's isn't graded, I'll try to get it for you next week.

GW: Well, the only thing is, I'd kindly like to know, for my own benefit, how he's getting along. If it were some particular subject that brought him down, that I would like to know too.

EH: Yeah, we could take the math for example and we could go over that. And we could go over the reading, English, or whatever brought him down; I don't know yet, we're just summarizing (she means summarizing). See; but I'll be very glad to do it for you and I'll have it for you next week. I'm sure she'll be through by next week.

GW: Well, this was just the achievement test, you see; they don't go on their grades, anyhow.....

EH: Nothing goes on their grades, or nothing; but this is just for the both of us so we know what to help him along with.

MH: Yeah, it's coming along. Nothing like the chicken business.

MS: You have your contract?

MH: No, it's nothing like a contract. I can't get the kind of contract I want; but we work on a more reasonable day to day basis. In other words I'm getting what amounts to a kind of expense account, which keeps, shall I say, a regular income.

MS: I mean it's satisfactory to you?

MH: It is under the present circumstances - not brilliant, but better than it was. And in that sort of sense I settle down, except of course, I can't tie anybody to providing me a living; that's what I'd like to do, you see?

MS: Well, you've got Edith.

MH: (Laughs big) O, yes, she's doing all right. (They both laugh)

MS: How is she?

MH: Well, she's all right. Working twelve hours a day, you know? It's a big day, it's like the chicken business.

MS: It's awful; it's as bad as the chicken business.

MH: Laughing big - Almost as bad, except he hasn't had to go and inject the kids with needles.

MS: Yeah, that's quite a labor saving item. What do you hear from David?

MH: Well, he's finished his second quarter and he's gone back East now on a vacation. He's around Morristown, New York, now and Monday I think they're all going to Boston for a few days, and then back to Chicago. When he goes back they're going to tell him what his chances basically are for getting into medical school and when. So the big decisions will come when he gets back to Chicago for you see he's taking a number of exams, etc.

MS: Well, he'll be all right.

MH: Well, one way or the other, he'll be alright. How's your family. What's Helen doing these days?

MS: Helen's helping me as much as she can.

MH: Is she on the farm too?

MS: She is today.

MH: Well she's always been keeping the books, anyway.

MS: Yeah, she has since January.

MH: So that's part of the same.....

MS: Yeah.

MH: So she's helping out, huh?

MS: Yeah, she'll have to, for it's going to be too much for me.

MH: Sure, but there's a living in it; that's a time consuming....

MS: Yeah, but it's a hard one. But there's a living.

MH: Yeah, but when you get it organized; it seems to me you'll have to have some

plan organized so you'll not have to spend all your time there.

MS: Well, I don't mind being there so long as I can make it pay and...

MS: Get the work done, huh?

MS: Of course you have to be out looking for better customers, etc.

MH: Well at any case, I'm very happy that there was a solution, and how are the other (something indistinct) satisfied. I suppose they are.

MS: Well, I don't know, but I'm grateful for the cooperation.

MH: I imagine they are. It was a bad situation and after all the price was fixed by you or him; and he was willing to buy or sell at that price.

MS: Yeah, he was willing to buy or to sell at that price.

MH: So, OK. I think it was a nice thing to have this matter cleared up and you have a business now.

MS: Well, it was really better for him. It was too much for him; and he's better known. He's got a job for one thing.

MH: Sure he has; and he can start another business.

MS: And this was really too much for him, to hold down two jobs.

MH: Yeah, that was really lousy, you know. It was a mixed up affair.

MS: And it didn't work out so good. He's a man of his own ideas. Right or wrong, they're his.

MH: So you've settled that; and I'm very happy that it has turned out that way. Properly, for everybody concerned. What do you hear from your boys.

MS: I just got a letter from one of them. He's not promising but he's hoping to be able to come down sometime this summer.

MH: Oh, that's nice.

MS: ... (indistinct) Fort Bellmar (ph) Virginia. It's the first I've heard from him in 7 weeks. He says he wrote several letters but he misplaced them and/or forgot to mail them, etc.

MH: Well, that happens. We didn't hear from our daughter Judith, but then we finally heard. So that's the way it is. They also have their affairs, you know. And the other boy?

MS: The other boy is now in New York, trying out a new job. And he doesn't know whether it is going to work out or not.

MH: What deal is it?

MS: Well, I don't know what it is; selling - some sort of selling. He's going to be a salesman; and if he doesn't make out he's still got time to find out between now and the 1st of July and making a few dollars during the summer; and if not he'll go to the mountains and work a bus boy, a waiter. But he doesn't like it. He doesn't like dealing with these rich Jews, you know.

MH: Oh, he'll be up in the Borst Belt (very phonetic).

MS: Yeah, that's what he calls it. And he doesn't particularly like that.

MH: Well, know he should work in something for a future.

MS: Oh, no, his future is in his training - building and construction. He's still going to school. He has his vacation now.

MH: And so everything is all right.

MS: I assumed a lot of debts. I have to pay a lot, etc. But it really doesn't have to be a profession to run it you know. A little common sense.

MH: Are the birds in good shape, right at the moment?

MS: Yeah, they're in good shape.

The business hasn't stopped; it has gone on ...
- MS: No business hasn't stopped. One customer has slowed down. I mean this is a slow season for this particular type of bird. That is for the fertile eggs.
- MH: Well, it seems to me one big advantage about this thing is, is that you're taking over a growing business. That's important you know? The routine is established, you've got your customers and you've been it yourself for a year or more.
- MS: Yeah, I've been in it but you see actually I really haven't. You see I haven't been out to meet the customers, to meet the people.
- MH: Well, I know, but at least you have some idea what the routine is; but you see.
- MS: Yeah, I have, but Nos (ph) handled all of that.
- MH: Yeah, but that's easy enough to pick up. And so far as taking care of the chickens you see, that you understand. Well, what I don't know - you know there's a saying in Yiddish - Imafra Brumidich (very, very, very phonetic.) so what I don't know, I'll ask or find out by reading. That's the way everybody else learns.
- MH: Well, sure. I'm right now..I've decided I have to get some fundamental knowledge. I've got a college chemistry text. I'm giving myself a course in chemistry. (Big laugh). What do you know, I studied college chemistry in 1923. And I didn't do very well in it, and chemistry has changed, oh, so tremendously. I didn't remember anything anyway; so I'm a freshman, in college, taking a course in chemistry without the laboratory. I have to do it. I can't find my way out.
- MS: Well, those are the things that come up...
- MH: Yeah, I simply have to tackle them and learn them that's all. It's like everything else. If you know how to read you can do it that's all.  
OK, Max, I wanted to call and see how everything is and wish you the best of luck.
- MS: OK, thanks for calling.
- MH: OK, we'll see you soon, I hope.
- MS: Yeah. I meant to ask you. Did you liquidate everything in your....
- MH: Well, we're coming along. We're close to the end now. We're stuck with the major assets - these are these ice cream making machines. We can't seem to find anybody to handle them. But we sort of anticipated that. We did get rid of all the trucks though.
- MS: You got rid of all of them?
- MH: Yeah, practically all of them - I think all of them by now. And we are in a very difficult lease, which this fellow Strand - everything he touched was poisoned. And I think within about a week I think we'll have that finished; and then we'll put these freezers in a warehouse and somebody, someday, may come along and want them. There's about 100,000 pesos of equipment tied up there. I mean a 100,000 at bargain prices. Now it would be about 225,000 pesos.
- MS: Well, I hope you can salvage some of that.
- MH: Well, at least we may get a 1,000 pesos a piece out of it - 7,000 pesos (Big laugh) out of it. Something to go out and have a good dinner on somewhere.
- MS: Well at least you'll be rid of it...
- MH: Oh, I'm so thankful, I just don't want to think of it any more. I think we'll soon be through with it.

J.: "Yeah, that's right, 5715."

MH: "But, the Chinese; there's a long discussion as to how the calendar is organized, and why - everything but how to calculate what the year is; so my feeling is that the simplest way to do is, it just occurred to me, just now. Why don't you call up the Chinese Embassy, you know; they haven't much to do, you know."

MH: "What do you mean; 'Actually recorded?'" "The only one recorded."

J.: "The calendar." "The calendar which actually goes continuously is the Hebrew."

MH: "But the Chinese calendar is also continuous, Joe."

J.: "What year would I know?"

MH: "Well, I don't actually know; but my feeling is that it is an extra 1000 years." "But if you want to find out, then either go to a larger encyclopedia, or go to the library and get the Britannico Encyclopedia - I'm sure that would have it; but the simplest way would be to call the embassy and ask them."

J.: "OK, I'll do that." "Shuman tells me he called you, yesterday."

MH: O, the usual thing, one thing after another.  
A.: O, well, then we will be calling. Are you going to the concert over the week end, do you think?  
MH: No, I'll tell you, tonight we're going out; invited out by some people; Sunday morning we have to be here because Judith and David are going to call. David is going to be in Norristown. They're both going to call; so that ruins the concert, you see?  
A.: Well, that'll be better than the concert, I think.  
MH: Laughs and says I think so.  
A.: Well, I'll call you Sunday before 1100 hours.  
MH: Right-O, Good Bye.

3.0 In. MO says "Hello, Edith." to EH who answers. EH didn't hear well, and says Hello again. MO says, "Hello." EH asks who this is. MO: "Cal." Then EH, excitedly says: "How are you?"

C.: Where've been all these days?

EH: I wondered where you'd been all week.

C.: Where you been all week; you said you were coming and then you didn't.

EH: We had a Guest Guy in from Argentina, and we were very busy all week.

EH: ~~And then one day it rained buckets, remember, and I hardly made it home.~~

C.: Uh huh.

A.: Then yesterday I was coming, but I was simply exhausted. And today we can't come because we are going to the BARKS for supper; at half past seven or eight o'clock. (Wait just a minute until I sit down.) Then we had such a tragedy in the house this week, you can't imagine, CELIA.

C.: O; you told me about it.. Was it the portor's baby; did he die?

EH: Yeah. Well, then the worst of it was, he died and they wouldn't let them bring the baby home, it was such a contagious disease; and we've never been able to find out what the contagious disease actually was.

C.: Diphtheria.

EH: Well, that's what the teachers at school say. But I think it was some sort of Polio. So we've asked Robert Seborer, who works at the Red Cross to try to find out. But it was a terrible thing; and everybody cried; and everybody was so upset.

C.: When did he die?

EH: Let's see. He went to the hospital on Sunday morning; and he died on Tuesday. But from Sunday to Tuesday they had absolutely given up all hope, because of this some sort of paralysis, or something that developed, whether it was Erysipalstous, brain tumor. (EH says encephalitis). Nobody knows from what. Too, that's a terrible thing: Is there polio in the house, or isn't there polio in the house? And you know our baby is coming in July and we are upset about it. (Is this David's baby or who?).

C.: O, but by July there may not be any trace of it around.

EH: Yeah, but you can't tell about it. If it's a virus; a particular virus; but what kind of a virus, CELIA? How do you get it; how do you take it? Nobody knows. So that upset us. Outside of that I've been tutoring; I've been working, and nothing. Did you hear from Molly (ph)?

 C.: And Stu. (very phonetic) came back yesterday with a car.

 EH: O, yeah.  
 C.: Today he didn't go in; he was very tired. He had driven for hours and hours. He doesn't take it in stages.  
 EH: What kind of place does he have? Tours (ph)?  
 C.: TEXAS.  
 EH: Texas. Well, that's all right.

 C.: We have a young married couple on their honeymoon. They got married Sunday; they came down Tuesday.  
 EH: Where from?  
 C.: Foreston. Well, Providence (R.I, I imagine) is their home; but the girl went through training at the Israel (ph) in Boston and is attending Boston Univ.

- C.: Lupe came back, huh?
- C.: Lupe came back a day early. The house was absolutely spotless; (Lupe is the maid) and who's had a bad cold. But she took this death (Porter's child's death) philosophically. The radio was going in her room; she didn't cry; she was singing; for her it was simply a child died because it couldn't live. The most interesting philosophy you ever saw, Celia.
- C.: That's it, the Indians have this religious philosophy that they're going on to something better.
- EH: For her it was: The baby died because it couldn't live. They all went to the movies. And it's better that way.
- C.: Of course.
- EH: And I think it's better that way. She's been working very hard; she's been doing everything; and school is fine; these are very tense weeks. We are trying to finish the kids; and it's examination time and everybody is stewing...and you know. And I still have my same tutoring - three hours a day. I thought it would let up; but now they want to continue, before exams; and I'm rushing like heck; but I feel fine. I've lost another pound and a half. So that makes seven (7) pounds (lost) But I'm really starving. But I don't have any hunger pains. I'm not hungry. It doesn't bother me any more. I eat an awful lot of fruit, salads, and broiled meat; and that's all. And when I don't go to your house, I don't have any cookies.

9.0 Out to 28-67-21. Lupe (maid, v) asks woman who answers at Radio Capital, that they play a song for her (Lupita Mendez). MO asks L. what is the name of the song which she would like played. Lupe tells her it is "Angelitos Negros." They will try to get it played.

9.2 In. MO asks if the Sra. Halperin is there. Lupe (v) tells MO that she is not at home. Then MO asks for Sr. Halperin. Lupe tells him that the Sr. is not there either. MO asks her if he can leave a message for them with her. Yes. But she tells him that she will have to get paper and pencil so as to write the message down. He will wait.

Lupe returns to the phone. What is the message that you want to leave, she asks.

MO: Tell the Halperin's that they are to be in the house of Sr. Bank or Banks (ph) at 1930, or at the time near this that they can make it.

Lupe: She has the message and will give it to them when they come in. (This is probably Sr. Bank or Banks calling.)

10.0 In, four times, no answer and complete. Maurice answers and MO asks who is talking. MH: recognizes his voice and calls him Salvador.

S.: Buenos tardes. (Good evening).

MH: Very well, Salvador (This is Salvador Ocaso). What's doing, Salvador?

S.: Nothing is new. The deal with Aleman is still pending. I still have been unable to settle it.

MH: Yeah, but how does it go?

S.: Well we met but they just can't finish it and they promise to finish it or decide it by the last of this week or the first of next.

MH: I thought it was going to be settled by now.

S.: Well, yes it should have been, but now they just say at the end of the week or first of next week.

MH: This is the end of the week already.

S.: Yes I know.

MH: Well what can be done? What is your opinion as to what really will be done? Do you think Sanchez will cause trouble?

S.: No, I don't for he won't lose if gets what he wants; and his proposition is the best. And of course Aleman couldn't say anything if Sanchez takes it over. Of course, Aleman would take it over - take the lease, or rather release us from all responsibility; but he wants some money besides.

MH: Yeah, but that's only an alternative, which we don't want.

S.: Of course not.

MH: Well, we must have some sort of alternative; we can't just keep on waiting on these people.

S.: I know. The only solution is to set a deadline on these people.

MH: Yes, we can't keep paying out rent. We have already paid for June now.

S.: Well you know that Sanchez, the accountant, has made about the best offer.

MH: Yes.

S.: He offered to pay 4,000 pesos for the stand (puesto) and to give some suitable guarantee or some acceptable bond for the rent payment, until the lease terminates with Aleman.

MH: Well, we do have to have some sort of guarantee to protect Enrique. We are going to have to make some kind of arrangement and accept one thing or

or another. This can't go on. What do you think Aleman wants?  
 S.: I don't think it is a question with Aleman. I believe he would like to take over the lease, and so get the stand; but he is still holding out for money besides.  
 MH: How much; but we wouldn't want that if Sanchez will give the other.  
 S.: No, of course. Aleman would probably want a few thousand dollars besides. We shouldn't do that, of course. This has been his stand from the first.  
 MH: And Enrique's protection must be given. What's new on the machinery.  
 S.: Nothing much, it is about as it was. Some people who are interested have not done anything; but they are interested, they insist. Our best bet is to sell the entire amount to one person, if possible. This would be a lot less complicated. But there's one, Cristian, the insurance man thinks he has one sold (placed) in Acapulco and I am going down there this week end to sell this person on the machine with him. I am also taking the truck, and see what can be gotten there for the truck. If we can't sell it there (the truck) for a good price then will bring it back to Mexico. Have one pretty good offer here - \$4,500 pesos.  
 MH: Yes of course. Well, if that fellow could place one that would be fine.  
 S.: Well, I guess you are going to hear from Aleman and the others soon; and then something can be settled. We'll have to take one thing or another.  
 S.: Yes, something is going to have to be settled the last of the week or the first of next; and then we'll get together.  
 MH: I will get in touch with them and try to push this deal a little.  
 S.: Well, that's fine, Salvador. Let me know if anything comes up.  
 S.: Sure, I'll call you if something urgent comes up or something new.

NS: Good morning, how are you?

MH: Fine, lovely morning.

NS: Yeah, (h, yeah.

MH: I've talked to Salvador, I think it was yesterday; it may be the day before.

NS: Yeah, urgently.

MH: The situation is something like this. The question of the deal with the other people and Aleman was still pending and was to be consummated by the end of the week or the beginning of next week.

NS: The beginning, then, this week, beginning today.

MH: Beginning tomorrow, I guess - meaning Monday.

NS: When does the week begin?

MH: Well, I guess it begins on Monday, doesn't it? Who knows?

NS: Well, the calendar says it begins on Sunday.

MH: Well, Sunday is a day of rest; so ..... In any case there is of course some uncertainty about Aleman, these people, etc. So I said to Salvador: "What do you think; and what's to be done?" So the alternative... We can't wait forever on this thing, you know; we're paying rent, for the month of June. So it seems the best bet is to set a limit on the time we could fool around, because Sanchez, the Contador, has offered to pay \$4,000 pesos for the puesto and to provide a suitable guarantee or fianca for the payment of the rent up until the end of the lease with Aleman, which is 1960, which it seems to me, it is one or the other; so we should have some word about finally cleaning up this thing.

NS: Well, when is the deadline?

MH: Well, it should be tomorrow or Tuesday; it's a little vague, but certainly before the middle of the week some decision has to be made there. Aleman's position there - Aleman is a very peculiar character, as all these people are - Aleman is willing to take over the lease and absolve us of all responsibility; get the puesto and also he wants a few thousand pesos, you know?

NS: Yes, he wanted this originally. Has he stuck to that?

MH: So far he hasn't indicated anything else.

NS: Well, that's out.

MH: We want to have that out; but apparently we can assume that Sanchez will pay the 4,000 cash and provide a suitable and sufficient fianca, which would satisfy Enrique; you see that is the main thing. To satisfy Enrique, to help to protect him. And then, in a sense, from the point of view of justice, to give Aleman a good bit of medicine; but I don't care about that...

NS: Aleman would be tied in the view of the fact that the name MISTRAM (ph) would continue on....

MH: That's right and we wouldn't have any other problems at all... That is we would be in liquidation... liquidation would continue over that period. We should know in a day or two.

NS: What about the machinery?

MH: The bulk of the machinery hasn't been sold yet. The people were supposed to come; but don't come, you know how it is. But apparently there seems to be an interest. There seems to be a chance, chance that one of these dealers will buy the whole thing in bulk.

NS: Salvador said there is that chance?

MH: Yes, S. seems to think there is a chance. A lively chance, you see.

NS: Give them a good deal, you see.

MH: Yes, give them a good deal. And also this guy, the Christian, the insurance man definitely wants to buy one for Acapulco.

NS: Has the Acapulco truck come back?

MH: Salvador was supposed to have gone this weekend to Acapulco to sell the machine there for Christian. To sell the machine there to somebody there who was going to take it over for Christian. And either sell the truck there or bring it back to Mexico, because someone here in Mexico is willing to pay 4,500 pesos for it.

NS: Just for the truck?

MH: Just for the truck.

NS: And the other things, nothing...

MH: Well, at least that truck is sold, one way or another.

NS: Within a few days, we'll know, huh?

MH: Yes, within a few days we'll know.

NS: Then, is it worthwhile getting together...?

MH: I will very soon. For example, we'll have to get together one day in the middle of the week, one way or the other. So I'll keep in touch with Salvador and try to call ...

NS: And find out why he needs so many checks.

MH: Well, I sort of ask him; and there was a boy who was washing up and he had to pay off; and there's an electric bill; and he has to keep patching up some of the machinery. All the repairs are practically finished up.

NS: Well, my boy has been waiting on me for 10 minutes....

MH: Is Robert there?

NS: Yeah, he's going to check on that this morning.

MH: O, he hasn't checked on that yet?

NS: No, he is going to check on that this morning (about the disease the baby had, MH's porter's baby and which died in the hospital). He'll get in touch with you.

MH: Well, you take your boy out. OK, Right-o; and we'll keep in touch.

NS: Edith told me a few days ago that you wanted to go to the concert.

MH: Well, I'll tell you what happened. We're going to receive a telephone here at 1100 from Morristown, New Jersey. Judith and David will both be calling from there; so within a few minutes afterwards, we'd be free and had just as soon come over in the morning, if it's all right with you. Is it all right. MH: No, we were expecting the call at eleven, but it's 1200 now.

MO: It's a hotel here; it has one of the best restaurants in town.

MH: Lexington, like Lexington and Concord?

MO: That's right. And he stopped in there apparently. We didn't confirm it last night; but I thought maybe we'd give it.... There's no hurry, but I thought we might want to arrange something.

MO: No, I don't know.

MH: As a matter of fact, I'm staying at home anyway.

MO: Well, our friend Garcia Tellez (very phonetic) sister broke her leg. He just got back day before yesterday. He's very busy taking care of her. They are a very close family.

MH: Sure, sure, fine.

MO: Is Edith well?

MH: Well, no so so well, but has to rest. How's Martha? All right?

MO: Yes, she's pretty good.

MH: And Bobby?

MO: Yes, he's all right. Well I hope the call comes through all right.

MH: Well, and during the rest of the day, in case the spirit moves you, I'm here.

MO: All right I'll give you a call.

MH: Did Cass (ph) say she was going to call me or what?

MO: Well he didn't say, said he'd like very much - he's working very hard 16 hours aday. Said he'd like to have another session up here.

MH: I was just a little afraid. He hasn't got in touch with me since then.

MO: Well I decided he thought playing with me once was enough for me.

MH: Oh, really.  
RS: And if treated properly should have a benign development. Should not cause death.  
MH: You think it started with the mumps, but they didn't say anything about it?  
RS: It might have been a complication, see. I didn't read any of the autopsy; if they made any - this was just from the diagnosis given.  
MH: Is it a sort of meningitis, or arsyphalitis, are they related.

MH: Well, do you know anything about it; whether it is contagious or not?

RS: Well, mumps are contagious, to some extent, through the saliva. There's a vaccine that's given against mumps, but it's just for adults. (Don't believe that for it's given for children also.)

But it is only contagious through saliva.

MH: I would say then it is not contagious through the house; the boy is gone.

RS: I don't think so.

MH: Then there is not a question of keeping our grandchild from coming in the next three or four weeks, huh?

RS: Well, I don't think so.

MH: Well, it definitely wasn't polio, then?

RS: No, definitely it wasn't polio. Of course it might have been another type of meningitis; we don't know (or rather I don't know). Remember it is students who took it all.

MH: But it definitely wasn't polio?

RS: No.

MH: And the students didn't recognize anything about it being mumps, either, did they?

RS: Well, they didn't say anything. There was nothing written down.

MH: Then they probably didn't notice any swelling or anything?

RS: Well according to the book it only presents itself in complication to the (with) the mumps. So they didn't have to write it down.

MH: OK, Robert, I just talked to David a little before you called.

RS: Oh you talked to him.

MH: Yes, he had just arrived in Morristown and he called to let us know he had arrived. He went to know what the results of his work until he hears from his exams; he is delaying return as much as possible to hear.

RS: Well, how does he feel?

MH: Well, his feeling seems to be always a feeling of inadequacy; that seems to be a permanent feeling. Which is practically understandable, in view of all the complications, etc. He's made progress; but the question is whether he's made enough progress. And that's something apparently he will know two weeks from now; so he is delaying his registration fees until then and until he talks to the Dean, on Monday 24th.

RS: What's he going to do if he didn't make out too well?

MH: Well, I really don't know. I wrote to him outlining a few possibilities, which I don't know if it's practical or not. If they advise him to come back here and study medicine, you know; if they do that, I was wondering if he could, arriving in the middle of June, he could take a number of exams, a titulo.

RS: Ah, that's too hard. Especially Anatomy.

MH: It's a killer, huh. You begin with anatomy right off, huh?

RS: Yeah, it's a whole year's course.

MH: Well he can't do anything in medicine here.

RS: No.

MH: The other course, then is to take the course in Anatomy anyway; it is supposed to be a fundamental anyway; then chemistry; and there's some .. Did you have any qualitative analysis. It all is necessary in the states. Qualitative analysis is demanded in the states. Did you have qualitative analysis?

RS: No,

L. asks if she can speak to her sister (a maid about whom Edith Halperin had spoken to her about.). L. says of course but she is down stairs and if she can wait. Sra. will wait, but wait a moment: "Can your sister wash and iron. L. didn't understand her Spanish very well at first and she asked her to repeat. Sra. repeats her question. L. says yes; she thinks so. Sra. says she has someone for the bedrooms, but she needs some one to cook, to wash and iron, etc; to manage things for her. And she wants her at once. L. says she will go call her sister. Sra. L. wanted her to take the phone number and call her; but the maid said, you don't want to wait for her to come to the phone. Sra. thought better of it and said she would wait. (The voice of a man is heard to say something about talking to Edith.)

The sister of Lupe comes to the phone. Sra. L. asked for her name. She is called "Tibia," (ph). Sra. then asks her if she can wash and iron. Yes. Can she cook? T: "A little." Sra. says, a very little, and laughs a little. Sra. L. says if they come by the house (of Sra. Halperin's) tonight at 2100 would that be all right (to talk to her). T. says, yes that will be all right, she will be there. Could she begin work at once. Then they will see each other in the evening.

He asks Lupe to tell her that he will be a little bit late; he has to get the car out, etc. and for her not to wait for him. Ed: "Well, I spoke to her; and her sister says she doesn't know whether she wanted to go out there or not." L: "Oh..". Ed: "So I don't know anything. Do you want to come in tonight to look at her?" L: "Yeah." Ed: "She's not a cook." L: "She can't cook at all?" Ed: "I don't know, I don't think that is true. I think that she wants a place here rather than go out." L: "On, dear." Ed: "What happened to yours?" L: "One I had to send away, the other one is a wonderful girl, but she's a little bit too fussy; she thinks the house is too cold and this and that. "I don't think she'll stay." Ed: "Well, do as you like, I don't know what to advise you." L: "Well, I'll be around about 2100 tonight, is that all right?" Ed: "Yeah, I don't know if she will be here, did you tell her?" L: "Yeah." If it a few minutes later it will be all right wont it; we will be at Dr. Baker's and we will stop on the way back. Sr. Ocampo comes to phone. They greet each other familiarly and ask about each other's well-being. O and H are both fine. H: What is new? O: Very little. We have the problem of getting (indistinct "ese gato?") there would be a locale. H: The locale, eh...O: The stand. H: Yes, what does Aleman say? O: Today, oh, Saturday arranged Aleman to get together with the Sears Roebuck representative today. H: Yes. O: And he tells me, they were to have meet yesterday. I asked Sr. Aleman today if they had meet. He says no because he left his house and they called him after he had gone out. He thinks he will have an interview today. Then, I told him I would call this afternoon or tomorrow morning to see if there were any conversation. He told me fine, that was all right. He told me (O), as I like. So, everything is stopped in this aspect. H: Yes, but how does the matter look to you? That Aleman, eh... O: According to what they convince (or decide) now, I am going to propose to Aleman to take charge of the house now, I believe. H: Yes. O: Don't you think? H: Yes. O: That he should take charge of this now. H: How? O: That he should take charge of the stand. (or position, puesto). H: Well, yes, but he has to sign a... O: Of course. The contract is cancelled. The contract has to be cancelled. Let's see if he could give some money, almost nothing. H: Yes. O: This is all. Cancel the contract and he should take responsibility of all the engagements (Los compromisos) of (indistinct -miscance?) which (he) may have with respect to El Golfito and the rest of things. H: Yes, yes. O: I don't think there is any other road. H: Yes. And you believe that he is willing? O: I think so because he plans to get a lot more money than what he charges us. He thinks he can collect a lot more. I told him this morning that I wanted to know how (it) could be arranged with these men because we could talk now. I told him that I would like to, if there is no arrangement (made), that you take charge of this. Of course, he told me, we can talk again. But this Senor worries me a little because he says one thing and later does another. H: Yes, yes. I believe that this has to be arranged with him now, and soon. O: Yes, for this reason I am going to wait for him today. (To see) if they have an interview or not and if not, to arrange something with him now. H: And in how much are the cleaners' (?) machines? O: Supply, what?, the international supply was talked to me. They are the most strong business here. They said they weren't interested in the least in the machines. But they could take these in their warehouses and store (and sell) them with a commission. H: Uh. Huh. Sale with commission. O: Yes, when they sell these in this way, they earn the commission. They offered this. But, this afternoon one Sr. Lopez, I believe, is coming. He says he is a salesman of Friden company of the U.S. He is the representative of the southern states. He will give us an answer this afternoon at 1800 because he says that he believes he can sell 6 or 7 machines. In this case he would buy them (from us). But, we'll see (about this) this afternoon. Mendisabal went to talk to them this afternoon. H: Then, there is a hope? O: There is a hope there. There is still another firm, but we have been unable to find the Senor (manager) in. H: Uh. Huh. O: This is everything right now. This is the only thing there is I don't know whether we will get together this afternoon? H: No, there is no reason. O: Well; but as Sr. Seborer has proposed this problem of the small distribution of money. H: Oh, yes, but we can wait 2 or 3 days until we have a matter for which (to distribute money?). O: I plan this. I want to go to Acapulco tomorrow or day after tomorrow, but I won't go until I arrange the matter of the locale. H: Yes, this is the first (most important thing).

O: Yes. I had planned to leave tomorrow, but I see that I won't get finished today either. H: Well, then we will talk to each other again tomorrow at the same hour. Is this a good hour to find you (there)? O: Yes, this is the hour that I am here. H: Very well, I will call you to see how we stand. O: If there is any important news, I will call you. H: Fine.

4.2. Out to 25-32-44. NO answers, and Maurice Halperin calls him Noah. NO says no, this is Robert. MH identifies himself and asks if Robert's father is there. He is, just a moment.

Noah Seborer takes the phone. They greet each other. They are all right but MH is wet. Noah asks if it is raining. Yes it is. MH says he talked to Salvador. (Salvador Ocampo) and the situation is about like this: The people who are about to or might take.....Noah interrupts to say, just a moment; and calls to Robert. Then says "Hello," MH: "This afternoon is going to be a critical meeting, with Aleman and the other people about the "Puesto", stand. Either they take the Puesto and Aleman is willing to play ball, or we turn the thing over to Aleman as we had formerly decided. Apparently the crises is going to take place this afternoon." NB: "Yeah," MH: "If it doesn't, Salvador is going in there and turn the thing over to them anyway. Because it's already in June now, and apparently there is a very good chance that that is what Aleman wants anyway." NS: "What about Sanchez, is he going to give any trouble?" MH: "Sanchez, no, he doesn't see any trouble with Sanchez, because if Aleman takes over the thing, Aleman takes over all the obligation; so Aleman is still the key character. And so far as the freezers are concerned, there are three (3) outfits in town which might possibly deal with them. One has refused out right; however, will take the freezers and sell on consignment, which might take years; another firm has not been contacted yet; but the third one, the guy has an idea that he might be able to use about six (6) of them. But again this afternoon or tomorrow morning he is coming in again to negotiate. And in view of the rain and everything else I thought we might postpone our meeting for a day or two, until we have a clearer light." NS: "Yes, that would be best." MS: "So I am going talk to him tomorrow again at lunch time; and then I'll talk to you." NS: "OK, OK. We don't know yet, whether we will remain impoverished or whether we will be enriched?" MH: "Well, enriched, probably not." They laugh over that. MH: "But listen, it's got to end sometime, God damn,.." NS: "Yes, in fact we all will end." They think this is very funny. MH says, OK, he'll call him tomorrow.

4.7 In. NO asks Lupe (maid) for the Sr. Halperin, please. Lupe, yes, just a moment.

MH takes phone. NO says "Hello Sr. Mauricio, Sr. Jakob" MH: "Ah, how are you Joe. He is fine. And MH is fine too; but it's a little wet out there. JS says yes and at our place too. MH wants to know what is new. Joe says he was just called by David Brillo (ph) that Maurice's son David was at his mother's house for dinner. MH: "Ah, yes we heard about that. We were intending to get in touch with Dave Brill here to talk to him about it, but we haven't yet. It was very nice. JR says he (Dav B) moved near them, just one house away. MH: "Oh, really, how nice, just one house away?" JS: "Yes, I got him a place here. On the same street, on the same side." MH: "Well, can you imagine that? JS: He's 55, we are 51; he has a very beautiful house; and he is quite happy. MH says he is very glad to hear that.

JR says he is now writing on the Jewish and Biblical Art and asks MH how far does the Jewish calendar go. MH: "Well, now let's see; the Jewish calendar

now is...I believe that we are now in the year - the 57 hundred's." JR: "5700?"  
 MH: "Well, yes, it's close to 6,000 years, if you want to...in round figures.  
 The year now is 5720, is my guess." JR: "5720?" MH: "Yes, it's my guess, we are  
 in the 5700, see." JR: "Let me see, now; that would be about 3,700 B.C., huh?"  
 MH: "Well, let's see, the Christian calendar is roughly 2,000 years old. The  
 Jewish calendar is roughly 6,000 years old; so you see, it started, roughly four  
 thousand (4,000) years before the Christian calendar." JR: "Yeah." MH: "I think  
 that is the simplest way to put it." JR: "I thought it was 3,500; I don't know  
 where I got it." MH: "No, no, no, no: I'm pretty sure it is in the 5700, in the  
 fairly early 5700's. I'm pretty sure it's in the 5700; but if you're just making a  
 rough comparison, you know; the Jewish calendar goes back, roughly, 4,000 B.C."  
 JR: "So this would be the only type of a calendar continuous almost for 6,000  
 years?" MH: "No, no, the Chinese calendar is continuous for longer; it is the  
 longest continuous calendar now in existence." JR: "I couldn't find this anywhere.  
 I couldn't find this in the book." MH: "Ah, yes." JR: "How long does the Chi-  
 nese calendar go (back)?" MH: "Well, my guess is (it is vague to me, Joe), my  
 guess, though, is that it goes back another 1,000 years. Well, I'll tell you, Joe:  
 when do you need to know?" JR says he needs it by tomorrow afternoon. MH: "Well,  
 I have an encyclopedia here which I think will give me the answer." JR: "I got  
 something on the Egyptian calendars, but the Jewish is older than theirs." MH:  
 "Yes, but the Chinese is older than the Jewish. JR says he has some books on an-  
 cient history, but he didn't find this (information); nor anything on India, either."  
 MH: "Well, I'll see what I can find. Are you going to be home around 2100?" JR:  
 "No, I'm going down town; but it is not necessary tonight; tomorrow would be all  
 right." MH: "Well, I'm going to make a note of this, right here in my notebook,  
 Calendar, for Joe." JR: "That will be nice for you to know, too, eh?" MH: "Well,  
 it will clear up my knowledge. I use to know this, but I'll get up to date. I can't  
 promise for sure, but I think I have some data here that will clear up the pro-  
 blem." JR: "OK, thank you. Then Shusann (ph) is going to get in touch with you?"  
 MH: "Yes, anytime he does, we'll talk business." JR: "He is going to get in touch  
 with you; I talked to him yesterday." MH: "OK, I'll give you a commission if we  
 make a deal. JR: "OK."

WO says, Who did you say? EH: The school teacher, I was going to say. B: "Oh, yes, I've been trying to reach you." EH: "Were you expecting me this afternoon?" B: "Yes, but it doesn't make any difference." EH: "I spoke to a teacher and she needs some help in mathematics." B: "Well, you come on if you can." EH: "How is she?" B: "Just fine." E: "Ang how was your trip?" Fine. EH: "I wanted to tell you but you had gone; had I just known where to reach you, write you, or something; so you could stay on another week." B: "We did, had another week for a wonderful time." EH: "How did you find out?" B: "O, my husband just happened to mention it and another couple here had children in an AMERICAN School here and we were so glad to find out." (Apparently they, the B's left their children in an American School while they went on their vacation.) B: "We were just getting ready to leave for home; so we stayed." (Apparently the school was at the same place they were vacationing instead of here in Mexico City.) EH: "I'll come on up then." B: "Good, Bye."

9:2 In. WO identifies herself to Maurice Halperin, calling him "Maur", as Brook (ph). MH asks her, Who? She then says Lewis. She tells him she desperately needs Lupe's sister; the girl she has has just told her she can't put her hands in water. MH: "O, fine." L: "Is Edie there?" No, she is at work. L: "Is Lupe there?" Yeah. L: "Would you ask her if her sister could come tomorrow; that it is an emergency. I'll wait." MH: "Yeah, just a minute." (While waiting L. talks to someone else who comes to the phone: "Good morning, how are you? Did you want the phone? Our phone isn't working, is yours?" Apparently L. is using an apartment house central phone.)

MH returns to the phone and tells L. that Tibia (Lupe's sister) is not in right now but they expect her back in the afternoon and they will talk to her and then call L. and let her know in any case. L. says please try to impress her to come on as "We want to give a garden party Saturday, for the folks, and we want to invite you; so we need a girl desperately." MH: "Fine, that gives us an extra motive, so we'll try to get her to come. He thinks Lis chances are good to get her; but he does not know; but at any rate will talk to her. MH asks L. what does she want her for "just an emergency, temporarily, or permanently?" L. "We need a girl permanently." MH: "Well, we'll just tell her you want her to start work tomorrow and you can talk to her about your plans later." L: "OK, We sure do thank you. Bye."

 R: "Yeah, sure." MH: "The porter down stairs had a baby that expired at the Red Cross, yesterday; The baby was in there about three (3) days or so." R: "Yesterday?" MH: "It was six months old. And it seems to me that it was meningitis, polio, or something; I am rather curious to know just what it was?" R: "Who's curious to know?" MH: "I am, we're expecting an infant her pretty soon and wondered if there would be any relationship to health problem. R: "I don't think so; are there any other children?" MH: "Yeah;" R: "Well, have any of them....?" MH: "No, there's just one more and we haven't heard of any difficulty?" R: says yes he thinks he can find out what the disease was. But he tells Maurice he would like to know what day the child was admitted there. MH: "He went in there Sunday, in the morning. The child's name is (I'm going to spell it, so the maid here won't know what I'm talking about.) Alejandro Perez, 6 months old. R: "No other name that they might have used?" MH: "That's all that I know of. The child died yesterday morning, 5 June at 1000 hours. And from the nature of the thing I think it was a sort of meningitis or polio, for the "kid" had lost control of its body, its functions. (before they ever sent it to the Red Cross). R: "Did it have a sort of paralysis?" Yes. "The Red Cross kept it alive with oxygen and intravenous injections, etc.." MH: says he would appreciate it if R. would find out and let him know - Would R. call him, or does he want MH to call?" R: "Will find out tomorrow, and let him know." Friday, or Saturday perhaps.

R. asks how David is. MH says that David is finishing his second quarter tomorrow and is going on a two weeks tour back to the old homestead, back to Boston; well, he's first going to see his sister in Morristown, then he's coming back to do his third quarter during the summer. R. asks if D. is going to work, or what? MH says it seems not; he has to have his qualitative analysis is one of the prerequisites for medical school. R: "O, yes." MH: "No, whether or not; you see there's just an infinitely slight chance that he may be an alternate for this coming September's class. If he is an alternate, then he won't know until he gets back; and then he can't get in if he doesn't have the qualitative analysis, see?" R: "Uh." MH: "And then if he is an alternate his chances of getting in is slight anyway; well, it's a mixed up thing, but in order to be safe and sure he'll take the qualitative analysis; and then he may do some part-time work; we don't know." R: "But when is he leaving the Univ. though; to go on the trip? Would you give me his address so I can write to him; I have to write him a letter." MH: "Well, if you want it to reach him sometime next week you can write him: C/o Rabi Hillel Casaran, for DeKalb Place, Morristown, N.J. (R. Robert, I'll be waiting to hear from you." ...)

6.2 Out to 20-38-83 (Phone listed in name of Jorge GARCIA Huidobro.) Edith H. to some American woman she calls Celis. C. said she called E. E. explains that they went to Cuernavaca and had the "most wonderful time." They came home about 5:30 P.M. today. C. wanted to know if it was a sudden decision to go there. No, but that was why E. was asking about a bathing suit. C. didn't know it was urgent. E. says they didn't know for sure. Then E. tells her about the Porter (at the apt.) baby is going to die. Something about the throat, it can't swallow, can't breathe, etc. It's at the Red Cross, been there all day, they are giving him oxygen. It's a terrible thing.

E. tells C. that Snelly says that Kenny or Kinney (ph) says there ain't no school tomorrow, you tell Kenny that he's all wrong. C: "Yes, that's what I thought; I was just checking with you." E. says he skipped two days last week. C. is surprised. E. says, No, he didn't there was a picnic, she forgot. C: "That's right he didn't skip." E. says but you'd better tell him that there's school tomorrow and he'd better be there. C. wants to know why she isn't teaching today. E. says she got home late last night and their car isn't fixed yet and she isn't teaching today. E. wants to know if she has a way to go to school, anyone to take her, or what. E. tells her to come on, or she'll go by cab with Mrs. Ziessen (ph) and the car will be ready by noon.

Re children, C. says everybody is fine. Sam is back, he came over to C's at night. He says it was terribly hot (somewhere on a beach), during the days it was nice and cool on the beach and in the water, but nights were terrible. He is all right, not perfect but all right. Has bags under his eyes; hadn't been getting any sleep perhaps. C. doesn't know what causes this. He probably drove all night. Looks as if he hadn't slept for a week as the nights were so hot there. C. called her Sunday. She had answered. She doesn't go on to say what she had to tell her - hesitates as if she thought perhaps best not to say on the phone. There was no answer and so Celis thought perhaps E. went to Edna's; E. says no, they skipped a week. And that reminds E. she must get her some beans, we have very good beans down stairs - Wayos or Bayos (ph). C. yes, well they are all over. E. "Yes, but this is an unusually good load of fresh ones, so she wanted me to get her some and I will.

Back to the Cuernavaca trip. It was lovely, she wore her old bathing suit; C. but you didn't say anything. E. "No, it wasn't sure or anything. Anyway it was lovely. But now back to the old grind: Tomorrow I go to school (to class) and in the afternoon I teach. Yeah, begins a new three weeks." C. What time is it Edith? E. "Now?" C: "Yes." E: "Just wait a minute and I'll tell you exactly." E. returns to say it is just six o'clock. C. wants E. to wait while she runs to see about her pressure cooker.

*David HALPERIN, Don*  
E. had a nice letter from David (her son perhaps). This is examination time; he leaves the eighth. He is to leave next Saturday and they are going to call the H's on Sunday the 9th and Judy says maybe they'll all drive up to Boston. A cousin of E. sent David \$10.00 for a birthday present. Mau. (Maurice H.) says his mother must be doing her share of talking. Passing the good word around. C. Let her

E.: "Why sure; and the Army part is that "Max" is very touched when anybody does anything, it's just as if they gave it to him, he takes it so personally."

C.: "Well, it's his own blood, you know." E.: "So David is going on the 8th to Judy's and he stay there a week and then he'll go to Boston for a week; and then we'll see. We can only tell by the results of his medical exam, what he did and we'll know then what he did. We want know until the end of July. C. says she was getting some information from the University, with David in mind,

C.: "I talked to George Brant, re university; you know Maden's father is going to medical school (think she means Maden (ph) the son of George Brant is going to medical school). He is his last year of med. school."

E.: "Did you tell him the difficulty that David had in Chicago?"

C.: "Yes I did and he said that the pre-med here is very bad - that was pre-med that David had, wasn't it?"

E.: "Yes, preparatory."

C.: "But the medical is better here. They have a group of 150 out of this 500 that started, this Harvard Experimental group." E. doesn't know anything about it. Well, there is a group of 150 and for this group they have gotten down from the States some trained teachers, and among these are two Rhodes Scholars. E. comments, "Is that a fact?" They have a very high type teacher for this group and the Rockefeller foundation judged this group among the 10 best medical groups in the world."

E.: "What are you talking about? Really?"

C.: "I'm talking about this group, this does not go for the whole school (bunch), and a couple of fellows that came out of this group had no trouble at all in passing their State Board (exam) in California."

E.: "Really?" "Is that a fact; and then does that go for this class only, or is it going to continue (a group like this every year)?"

C.: "It is continuous; as a matter of fact, on the basis of the success of this class they are considering revising the whole school - this does not include the pre-med; but the medical school only."

E.: "Yes, I understand that, but David now enters medical school, see?"

C.: "No, He does, but what happened to his pre-medical school?"

E.: "He... hesitating... He fin.: he finished."

C.: "He finished what, pre-med is three years."

E.: "But where?"

C.: "In the states."

E.: "But you don't have pre-med here, when you finish preparatory school here you just go on to medical school, I think."

C.: "Then I don't understand, in pre-med they have special subjects which prepare them for medical school; and D. didn't have that sort of training here."

E.: "Yes he did, I think."

C.: "He couldn't have. He couldn't have had intensive chemistry, intensive, what-you-may call it, all this stuff which prepares you for medical school."

E.: "Yes, he did. Calcis, that was what was weak. That's what he had in preparatory which is equivalent to college pre-med."

C.: "Of the junior college."

E.: "No,

C.: "No, your wrong Edith, but I don't know where you're wrong."

E.: "The medical school here takes 6 and pre-med. C.: "Six." E.: "Or maybe it's 3 and 3."

C.: "C, I don't know. But Max told me that if you want to practice in the States later, they require the 3 yrs of pre-med to be taken in the states and then the

States will recognise the medical school here (in the National University). Then it all depends on the State Boards; but C. doesn't think they permit you to take the Board exam if you've taken all your medical training here, in Mexico.

E.: "O, this is a special course. Tell me is there only Americans in this 150.

C.: "Yeah, they're all on the GI Bill."

E.: "Tell me, isn't there any Mexicans?"

C.: "O, yes, but for the Mexicans it is difficult for all the text books are in English. Most of the text book, anyway are in English." They are constantly revised."

E.: "But for David that would be no difficulty. Well, when he comes back we'll talk to him or we'll write him; or Mau. will talk to them. But if he doesn't get in in the fall or doesn't pass the exam. he is talking about staying in the States a year to work." "Mau, says absolutely not." He can come back here and start here in March in the regular medical school. He is enrolled here in the regular medical school, Celia, now."

He they go again into the argument about as to what constitutes premedical time. E. says there are changes taking place all the time in the advanced course and she isn't sure. That is what Prenaky (ph) said in the beginning. The Seborer boy, that was what was the matter...."

C. says, yes but if they will pick their course and their professors - you know there's an awful lot of guys who want to have a good time, an easy time and long vacations, etc. But with this course of the 150 they get no vacations, no holidays; only Good Fridays, Christmas, etc. But they don't get the whole weeks (here and there). E. says they will talk to D. about it and all isn't lost here. If he comes back it will be living at home, seeing the same friends and getting his work at the same time. The Seborer boy is doing a very fine job at the Red Cross every day. He's doing a good job, he works hard, and he is having a lot more advantages here than if he were in the States. There is no question about it. Anyway the experience hasn't hurt David at all; and he is going to see the family which will be nice. They agree to talk together again later and if E. has time she will drop by tomorrow. Bye Bye.

must be Albert Stern. (Is this phone no. correct? Number is not listed in telephone book for 1956?) H. tells Albert that they had a perfectly lovely time and it was lovely today. (apparently they are talking about the trip to Cuernavaca). Everything went off on schedule, they got in the car and came into town, etc. Talk about H's car being finished today and will pick it up tomorrow. A. tells him to come in some day and have a check made on his car. A. tells him to drop in when he is in the neighborhood. H. says (OK it will probably be around 10 o'clock, he may have to haggle a bit with them (about the car). (I don't think now that this is Albert Stern, it isn't his voice, but I am not sure. Yes, it is.)

H. is calling him to confirm an appointment that they (NO) have with the H's for dinner Wednesday night, at 8 o'clock at H's house. A. says yes, OK and thanks him. Also tells H to start a little early tomorrow for his car and come by early. H. will try.

H. says he hasn't been in the office today, that may take some time. A. "Well, it's vacation this week." H. No, not for them, they've all been on the job. "They are a working outfit," says A. They laugh.

15. In. NO speaks to M. Halperin (v), who answers, and calls him Halperin. H. says yes, and NO identifies himself as Muchnik. H. greets him with joy, and says he is so glad to hear his voice, that he tried to get him a little while ago, but no answer, he had apparently gone out. H. Yes, he had gone out. He is all right. H. "Is this your first visit to Mexico. M: "No, this is the third one. H: Well then you know the city? M: I know a little about the city. But this is the first time he has some people here. The first time he was here he didn't know anybody here. H. Then you know people here? M: Yes, but he is afraid that he will get in touch with all of them right at the last minute. H. Well, I don't know, we'll try to avoid that. Incidentally Edith tells me that Wednesday night is OK, at 2000. M: That's right, that is OK. H: But when can we see each other before? Do we have to wait until Wednesday to see each other. M: "Well, I don't know, tomorrow, I don't know if possible, this evening I am free." H: "I am free also." M: Says he doesn't know how far he is from the city. H: "Would say at a maximum, once you get in the cab, 10 minutes." M: Uh huh. H: "I live in town practically, why don't you come over?" "I would, if you promise me you will let me out early, as I have to get up early tomorrow morning." H. "Why, of course." H: Then give me the address. It is Medellin 36, apt. 9. Tell the cab driver it is near the Casa de Puebla. That's the way you will do it. H. wants to know if he want take supper; H. says, No, he will take only a sandwich and a glass of milk for supper and for that there it would make it too late. H. says that they don't want to force him, it is a free country and whatever he would like. M: I had lunch late and I promised my family to lose weight this year. H. then asks him if he will be there in 15 minutes? M: "No, more or less in thirty minutes." H. "It is not important, we will be here all evening."

17.0 Out to 14-84-77. Maurice Halperin (v), asks child who answers if her father is back. Yes, and she calls: "Daddy, Sr. Halperin."

Alfred Maltz (v) comes to phone. H. asks if this is a good time to talk to him. M. Could I call you back in 15 minutes. H: "Sure, just one thing, could you and Margaret come here and have dinner with us and your Argentine publisher? M: "O,...." H: "I'm sorry I had to do it like this way but he came in to-day and I think he is available. M: "I guess we have to." H: "I think you have to."

F. says that is quite all right, she is just to say the time. F. asks her if she has the new address. EH: says, 150 ~~Avila Camacho~~ at the corner of St. Isador; ~~MARLETA~~ Camacho is the street off Petroleos. (This may be Avilla Camacho). Your wife gave me your address and the directions. M: "Why don't we do something tomorrow at 1700. I don't know what you do, and if you're busy during the day. I don't have any idea (what you do in the day)"  
 H: "I'm always busy, but I would arrange my time for tomorrow at 1700." M: At 1700 or 1800?" H: Best at 1700, because at 1830 I have to be at the University."  
 H: "I will arrange my things to be at the hotel in one way or another at 1700."

 H: "OK, it doesn't matter. H: "He is near down town." M: "I will try to see if it is worth while. My minutes are numbered. I wanted to see him, to see if he would record some poetry, but I have been told that he has already recorded some here in Mexico; anyway I'll see if I can. 19.7 Cut to 25-32-44. Maurice Halperin (v) asks if someone wants to talk to Sr. Halperin. Noah Seborer takes the phone. They greet each other in a familiar manner. M: says he just got his message. NS: How is everything? M: Everything is fine, they went away for the weekend. NS: Where did you go? M: "Well, we went to Cuernavaca." NS: "Your usual place, huh? M: Well, it's closest. We didn't have our car; it's being repaired, you know." NS: You like it there? M: Well, it's closest, you know." "We went by turismo. We went Saturday morning and came back Monday night. That's our vacation." NS: "We didn't go anywhere. The boys went camping but we didn't go anywhere. We'll have to plan something sometime. NS said he wanted to ask M: this: "Since Commodore was here about three days ago, to get another bunch of checks signed (dozen or more); M: "O, he was, after our meeting? NS: O, yes, I wasn't here; Ann was here." Did she ask him what he wanted all the checks for, M: asked NS." NS said he thought she did (interrupts and says as if talking to Ann, "Did you Ann? No answer is heard from Ann.) NS says he doesn't mean there is anything wrong, but it is bad not knowing where we stand. M: "Listen, he was supposed to call me, ah... when was it? Thursday, I believe, after the meeting; and I tried to get hold of him and never could. Then the next thing, you know, he left town." NS: "Yeah." M: "You don't know what happened?" NS: "No, except when he spoke to Ann things looked pretty miserable." M: "With respect to what - to the rent contract?" NS: "I didn't get a clear picture, I think so; Ann told me something and it just didn't sound good. I'm quite concerned; and the way I feel there's a change we won't even get that one thousand pesos." M: "O, yes, we'll get that. I don't see how we can miss that." NS: "The main reason why I called is to ask whether I was right in thinking that we hadn't clearly definitely decided for today." M: "That's right, we hadn't." NS: "We hadn't, then how are we going to decide?" M: "Well, I don't know, I was going to try to get hold of Salvador to see what's going on; and I think I'll do that about lunch time when he's at home. Then I'll call you and then call Albert and see what the situation is and what we can do." NS: Yeah, that's the thing to do." M: "This is the only thing we can do, there is no point in meeting until there's something we can do." NS: "This is something, the only bit of information, I guess I could ask Ann; but I think this - the Guy Sanchez presented Salvador with the contract he had made with Strand (ph). M: "O, and does that change the picture somewhat?" NS: "Well, it looks as if... I know also that Sanchez threatened he'd sue everyone of us if we do anything to terminate his lease, things of that nature." M: "Yeah." NS: "But it is hard to know if we don't get a clear and concrete picture of the situation." M: "Well, we get as about as clear and concrete as it can be formulated at anyone time, I think. It's just such a God Damn funny situation; but apparently at this point it has become crystal clear, right?" NS: "Well, how?" M: "Well, Sanchez has a contract; isn't that right?" NS: "According to what Ann told me." M: "Well, we're going to have to find out." NS: "Well, let's find out." M: "Well, I'll call Salvador (I have a note here to that effect.)" NS interrupts: "O, he was going to see a lawyer that morning or the next morning." M: "Yeah, well, I'll get in touch with him and then with you and Albert, huh; that OK?" NS: "Yeah." M: "Well thanks a lot for calling." NS: "And if I'm not in just leave a message." M: "Right-C, Bye Bye."

M: "Will we see each other today?" MO: "As you say, doctor, as you like." M: "Yes, of course. If I am not in the office, I will be at the library." MO: "Fine?" M: "Around 1100, how is that?" MO: "Fine, Dorcor. That is fine." M: "Is that a good hour for you?" MO: "Yes, doctor." M: "More or less, no?" MO: "Do you want us to call at the same time, Ing. Torres?" M: "Ah, also he must be talked to, to see what he tells us. We can do that from the office. Yes, you can wait and we will deal with him."

TO Fletcher M. NIGER, EYES ONLY

DATE: 12 June 1957

FROM Chief of Station, Mexico City

SUBJECT: GENERAL - LCRAEFILE

SPECIFIC - Jacobo MUCENIK  
Maurice HALPERIN

*file Halperin file*

Reference: MEKI 516; MEKI 542

- ACTION REQUESTED: a. Transcription of attached reels;
- b. Return copies of transcriptions to Mexico City Station

1. There are attached three (3) reels which resulted from installation of a probe microphone from Room #1105 in the Barer Hotel (which Mexico City Station rented late on Monday 3 June) aimed at Room #1104 occupied by Jacobo MUCENIK, from about 1000 hours on 2 June until about 1000 hours on 6 June 1957.

2. Due to street noises, the location of the microphone, MUCENIK's wariness (as evidenced by his turning up his radio at the time of the visit of Maurice HALPERIN) and MUCENIK's peculiarities (he talked in his sleep, read or talked aloud when alone) Mexico Station is unable to make transcriptions.

3. At times Edward P. SECHEM and David M. WILSTED (the latter occupied Room #1105 from late 3 June until MUCENIK departed) did live-monitoring. It was by this method that Maurice HALPERIN's talk (from 1700 hours until 1915 hours on 4 June) with MUCENIK in Room #1104 was heard. During this live-monitoring SECHEM heard HALPERIN describe how he was at Harvard University, how he got mixed up with Harry Dexter WHITE; and, how, since (J. Edgar) HOOVER wished to "get someone" he (HALPERIN) became the "victim". It was during this discourse that HALPERIN stated "I was never, strictly speaking, a Communist in my life." He added, "A Red Bush-tail, yes."

4. In this same conversation SECHEM heard MUCENIK then take over and relate his experiences with the FBI. He said the FBI talked to him, asked him a lot of questions, he told them he was not a Communist; and they tried to recruit him, to get him to work for, cooperate with them.

5. Carbon copies of the attempts to transcribe these three (3) reels are attached for whatever assistance they may be to Headquarters.

6. It is believed that MURIOZ has a laboratory in which they can delete certain wave-lengths and leave the conversations. With this, and translators who are bilingual, it is hoped that Headquarters can get meaningful transcriptions of these reels.

8. There is also attached a list of some twenty-five (25) names (phonetic) which may assist headquarters in making the transcriptions of these reels.

Srta. qué ya está desocupado el Sr. Noble (perhaps man mentioned at

Sr. Noble? Mucho gusto. Mi nombre es Jacobo Luchnik. Yo soy de  
Buenos Aires. Tengo una presentación para Uds. del Sr. Joaquín Miller (ph-  
XXXXXXXX) Yo soy el representante y el traductor de Alfredo Miller para  
el idioma español. Estaré aquí solamente mañana y los pedía la vez si  
tendré la posibilidad de verlo a Ud. porque quisiera saber algo acerca  
de la traducción que hubo de la Lull Cruks (very ch) de Alfred Miller.  
Eso es. Y - Si, yo sé. El es representante de la Imajo (ph). Uds.  
habían pagado los derechos de Alfredo Miller. Si. Efectivamente. Y,  
¿qué, cuál es la traducción que se utilizó para el caso.

Sr. Noble, porque, éste, éste es naturalmente un hecho consumado y  
yo no doy cuenta de que aquí ha habido algo que yo quiero aclarar por que  
a fin que no se vuelva de repetir misocosa como ésta. No quiero causarle  
un disgusto la noche, sobretodo porque me interesa más la difusión de la  
obra que otra cosa, pero no interesa a mí lo que quiere en primer término,  
los derechos del autor. Y yo tengo contrato con él por el cual él me ha  
designado unico traductor autorizado y entonces, yo quisiera saber como  
debo proceder en el futuro. Si. Si. Si. Si. Por uso de los amigos  
no enteré de que Uds. autorizan la representación de las obras sin  
asegurarme de que previamente se ha obtenido la autorización del autor.  
Claro. Y yo quisiera saber como debo proceder en el futuro. Si. Si.  
Si. Si. Por eso de los amigos no enteré de que Uds. autorizan la  
representación de las obras sin asegurarme de que previamente se ha  
obtenido la autorización del autor. Claro. Porque en este caso evidentemente  
o él se hallaba en París o él ha MCE (?) en N.Y. Han procedido irregular-  
mente. Y yo sé que voy a tener que ocuparme este asunto a Miller  
y quisiera saber con exactitud queos los que ha ocurrido. Ya me voy a  
poner en comunicación con el Sr. Anselmo. Si. Si, Sr. Si. Si. Si. Si.  
Qué bueno. De manera que es necesario que yo los llamo a Uds. por  
ejemplo, una copia fotográfica de mi poder. Eso es. Claro. Bueno.  
Porque... Si. Eso es. Claro y tengo la forma de proceder. Ahora yo  
he llamado aquí y he ha encontrado a.....(ind)... Mexicanos para  
pedirme los derechos del Annual Ejemplon (very ch), obra nueva de Alfred  
Miller. Pero entonces se informó que, por primer vez de que se ha producido  
y él mismo la ha dirigido en el Crisol y yo no pregunto como y de donde  
han obtenido autorización y re síos - Yo no sé porque era una cuestión oficial  
y yo tengo entendido que todo estaba en regla. Y yo lo digo, bueno -  
Claro. Claro. Claro. Si. Bueno. Yo lo pienso hacer cuestiones. Lo
