Memorandum for the Director

21 Dec 62

Subject: HITACHI-9

On 21 Dec 62, I met HITACHI-9 at usual meeting point and meeting was held on darkened street from 0030 until 0245. NO SECURITY PROBLEMS NOTED.

HITACHI-9 reported as follows:

1. On 20 Dec 62, ^{P-7752} ~~Hitachi-9~~ Caseo told L-9 that "las notas confidenciales de A" are destroyed and therefore it was impossible to find one of his notes for a reference. SLOBAS also stated that he looked for ROA not out it not available. L-9 believes that HITACHI-9's second statement in order to cover up his indiscretion re notes being destroyed.
2. L-9 reported that ^{P-1671} ~~Hitachi-9~~ BARDO Torres called him and inquired about content of A's last speech in Rio de Janeiro. L-9 said he was too busy to deliver a speech but he would call him on 21 Dec 62.
3. ^{P-1671} ~~Hitachi-9~~ BARDO Torres, Assistant Secretary in N.Y. arrived in L.A. on 20 Dec. L-9 met her at the airport and had a long chat with her later at the club. He said that she is very unassertive and said little about her importance. She told L-9 that she was expected to arrive on 22 Dec 62. L-9 said that she told him that the situation was looking better. She then she looked at her BARDO head and turned away without a word. L-9 is not in agreement with her. BARDO Torres is ^{P-1671} ~~Hitachi-9~~ BARDO Torres, who is BARDO Torres in N.Y., and she calls to L-9. At our last meeting

P-6079

L-9 showed more Christian care that he receives from AMAL LINDALE in N.Y. L-9 said that the sudden show of friendship is interesting and believes it possible that PRIVILEGE, and other Cuban Movement leaders are trying to foster friendship on the part of liberal but non-Communist people in the Government. L-9 said that SILVANO is also showing a great deal of friendship recently which is also very noticeable. He is puzzled by this development.

5. On 20 Dec 62, Mrs. de SALCHEZ, a friend of Victor ~~XXXXXX~~ XXXX, left Mexico for Havana. Mrs. de SALCHEZ is ZYL going to attend the Guantanamo Mujeres in Havana.

6. Alberto Manuel PEREZ was scheduled to leave for Havana on 20 Dec but there were not any seats available so he will leave on 21 Dec 62. L-9 is convinced he is an inspector. He associates with Manuel VILA, Ramon RODRIGAS and Pedro LARA almost exclusively.

7. L-9 said that SAKEL, the one of the sobresobres, who was involved in a gambling scandal in Havana has taken exile in the ALLEN Uruguay Embassy in Havana.

8. L-9 said that the pilot of the Cubana flight on 15 Dec who was characterized as a possible "grano" is LINDALE XXXX Guerrero, XXXX.

SITTEN

9. L-9 reported that an American, who travelled recently to Cuba on a Cuban passport (Cuban by birth) is LAVAN XXXX XXXX. LAVAN was identified by L-9 among LINDALE photographs.

10. L-9 reported that a young Cuban, who had been studying in Mexico, left Mexico for Havana on the Cubana flight of 20 Dec 62.

11. L-9 reported that on the evening of 19 Dec 62, Carmen CORRALA, the wife of Gran Alberto LAYO Girou, and Luis BAKIN arquero, a fish painter in La Jirga, were dinner at the home of Basilio AZCUB Lopez.

12. L-9 said that Jose TAMAYO was at the Embassy and he recommended that Wladimir ^{cab} [redacted] invited to the conferencia de Historia in Havana. L-9 said that TAMAYO was in the engineer he was not able to identify who was at conferencia the Jesus SILVA Herzog reception.

13. L-9 said that the other night when he and Basilio AZCUB were returning to the Embassy, AZCUB commented that una car in front of the Embassy was that of Lancelo ³⁸⁰⁶ ARGON Parrizas. AZCUB went on to criticize ARGON severely for always getting the troupe in trouble etc. It was later found out that the car was not that of ARGON and that it was towed away the following morning. L-9 wondered what ARGON was doing there because he said it was parked close to the front gate.

14. L-9 said that Wladimir ³⁸⁰⁶ [redacted], American movie producer type, was at the Embassy on 19 Dec 62. He said that COLIN came to see him because several days before L-9 had given him a letter AMAZONIA which recommended that he write to Cuban movie industry for his return to Cuba. COLIN told L-9 that he had not been a war hero since he had never been in the war. COLIN was accompanied by a woman whose name L-9 could not recall. (COLIN: Wladimir ³⁸⁰⁶ [redacted]) COLIN was just after he left the Castro regime. At that time he had contact with a Wladimir ³⁸⁰⁶ [redacted] reporter of Havana AMAZONIA from Cuba. COLIN was a close friend of MARGALITO. L-9 told COLIN to Wladimir ³⁸⁰⁶ [redacted] COLIN was Wladimir ³⁸⁰⁶ [redacted]. L-9 recalled that

one one occasion Teresa PROENZA told him that COBIN was a counter-revolutionary. L-9 does not believe that COBIN will get a visa to go to Cuba.

15. A few days ago, Teresa PROENZA suggested Jose GARCIA as a possible contact to the SILVA Harrog reception. L-9 believes that PROENZA's opinion of GARCIA indicates that he in some way or other has some sympathy to the regime. He was not invited.

16. On 20 Dec 62, ABILIANO ^{Francisco} went to the Cuban Lab and showed L-9 a letter he had received from VARNIER, one of the Universidad de Cuba, which enclosed 500.00 U.S. for shipment of his lab to Cuba. L-9 said that although he thought that the lab was in Veracruz, ABILIANO told him that the lab gear was in the consulate in that port. ABILIANO told L-9 he had no knowledge with the Customs Office re shipment of his laboratory.

17. ESTANISLADO attended the following attend the reception given for Jesus MARTINEZ on the night of 20 Dec 62:

- Erriquez ~~...~~ - photographer from Mexico Latina
- Francisco ~~...~~ - Mexico writer
- Gov. ~~...~~ and Gov. Rep from MEXICO

- Levi ~~...~~ and his wife Clara GARCIA
- Dr. ~~...~~ - Australian - and wife

L-9 had a long talk with ABILIANO, and was quite helpful (identifying). ABILIANO told L-9 that Mexico's support of the U.S. is...

the CIA re... He said that he went personally to see Jose GARCERAN of the Foreign Office. He said that GARCERAN told him that Mexico did not sympathize with the U.S. on this issue, but that Mexico's hands were tied because of serious reprisals in the offing.

18. LIRO II-9 said that Blisa FERRER de FRANCO, Dominican Communist left leader for Havana on 20 Dec 62. He said that Blisa FERRER de FERRER is a close friend of Josep AZUBA. L-9 also identified Blisa FERRER de FRANCO in series of LIRODs photos shown him on this date.

19. LIRO II-9 said that although there are reports of a Consular Diplomat being assigned to Mexico nothing further has been heard.

20. L-9 said that Daisy, Inu, a stewardess on board the Cuban flight of 20 Dec is fanatically pro-CASTRO and wants everyone to know it. She told L-9 that she went aboard an AVIANCA jet on 20 Dec and told the crew members about the Cuban Rev etc.

21. On 20 Dec 62, LIRO II-9 carried the diplomat's messenger to the embassy in a taxi. He said upon arrival at the embassy, Arakki met him and asked him to take seven... He had to the airport. ~~XXXXXXXXXXXX~~ ~~XX~~ ~~XX~~ L-9 was not... to take Arakki then and ARAKKI went into a... about the way things were being run around the embassy. at the Embassy who is making his position more clear every day. In fact, L-9 has been pointing out recently that RAMON SANCHEZ and ARLOLA are frequently at odds with one another. L-9 is convinced that ARLOLA does not belong in the Cuban Embassy because he is too much a perfectionist, a dreamer, not practical and the round-robin approach to most problems in the Embassy rub him the wrong way. On the other hand, L-9 is amazed at the ability of SANCHEZ to maneuver and get things done as he wants them. He is clever, tricky and "Madine" in his approach to the problems of the minute, an opportunist who takes the best of what he has. L-9 said that in his opinion SANCHEZ is doing an excellent job at the Embassy, even though he does not like him. L-9 said that even AZCUBA who often criticizes SANCHEZ is beginning to recognize he is a clever operator.

Subject: LITAMIL-9

On 20 Feb 63, I met LITAMIL-9 at rendezvous point and we drove to RANKERS outlying section of the city where we held mtg. NO SECURITY PROBLEMS. Time: 2230-2415

LITAMIL-9 reported as follows:

1. Eusebio AZCUE, Cuban Consul, told L-9 that he plans on leaving for Cuba about 15 Mar 63, i.e. home leave. AZCUE asked L-9 to put off his return to Cuba and they would go together. AZCUE's two sons are presently in Cuba, i.e. Eusebio (hijo) and Miguel. L-9 has told AZCUE that although he is returning he does not relish the idea because of all the young punks who will try to tell him what to do. This, of course, is ^{laying} the groundwork for a graceful resignation, if necessary, in Habana.
2. On 20 Feb 63, Antonio MARIN Lara told L-9 that he expects his wife and children to arrive on 25 Feb from Habana.
3. L-9 "bumped into" Miguel MARIN, Spanish painter, on 20 Feb 63. L-9 told MARIN he would like to write a letter to his son for him as he was going to Cuba. MARIN told L-9 that it would be difficult because his son was in the "Soviet". MARIN told L-9 that he understands there is mail censorship in Cuba, MARIN in fact, he personally knows a person who does this work. L-9 commented that it would be impossible to open all the letter and MARIN said that they take just a sampling. L-9 considers MARIN a "Marginal" with a few friends. L-9 admitted, however, that MARIN is a frequent guest at the Soviet and Bloc Embassies.

4. L-9 said that Viviana X MANCHEZ Robert, in his opinion, is staying with the regime for financial reasons. He said that she has the reputation of being a "revolutionary" but he is not convinced of it. He said her bourgeois tastes are uppermost in her mind, i.e. nice clothes, car etc.

5. On 20 Feb at the IMCRC, Emanuel X CARBALLO told L-9 that he did not bring any records other propaganda with him, that it was coming in the month. CARBALLO told L-9 that he spent some time at the Cienega de Zapata and that he met LAZQUES, from there who said he friends of L-9. CARBALLO, according to L-9, is "una persona fina, inteligente, capaz". Nothing new of Solidaridad con Cuba week. CARBALLO told L-9 that the plans for the future at the IMCRC include ^{lectures} ~~XXXXXXXXXX~~ by Nicolas GUILLEN, Cuban poet, Alejo CAPPELLER, Cuban novelist; etc

6. See MEXI re CG discussion Habana assignment etc.

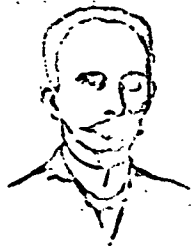

7. L-9 and I drove to Calle Ermita where L-9 pointed out the residence of Isidoro X CALDERON, new/secretary at the Commercial office. The apartment is located next to the Banco de Comercio, i.e. to the left, away from Tacubaya. It was not possible to get number but he is a poet. L-9 said that CALDERON is "simpatizante", about 30 years old. L-9 said he wouldn't mind "courting" the young man and spend more time here. CALDERON has been in /

8. L-9 and I drove to Scherrador Rafael Schollar # 21, where L-9 pointed out the name (white cement) of Victor X MANCHEZ plates. There is a sign outside with the following license plate:

→ R 17-16-41

9. L-9 gave me the program of the IMCRC for week 17 see 9f.

JOSE MARTI

En este 28 de enero de 1963, se cumplen 110 años del natalicio del apóstol de nuestra patria José Martí.

Martí fue orador, poeta, prosista, crítico, novelista, periodista, maestro, diplomático, revolucionario, estadista, héroe y mártir.

Fue el cubano que organizó a sus compatriotas dispersos para llevarlos a la guerra del 95, etapa última de la gran lucha nacional por la independencia política de España. A esta aspiración fundamental de su vida consagró indisolublemente unido el irrevocable anhelo de la redención económica.

Su ideario económico y social; así como su visión de la problemática americana y su concepto de la cultura y de la educación, han cobrado vigencia con la Revolución Cubana, la cual ha hecho realidad su sueño de una República verdaderamente libre.

Pensamiento Martiano

"La tierra es la gran madre de la fortuna. Salvarla es ir directamente a ella.

"Debe verse con miedo ese mal hábito de entregarse a un cultivo exclusivo".

"En pueblos como en hombres la vida se cimenta sobre la satisfacción de las necesidades materiales.

"No es rico el pueblo donde hay algunos hombres ricos, sino aquel donde cada uno tiene un poco de riqueza".

"Con los pobres de la tierra quiero yo mi suerte echar".

"Pueblo y no pueblos, decimos de intento, por no parecernos que hay más que uno del Bravo a la Patagonia. Una ha de ser, pues que lo es, América".

"Cuanto hice hasta hoy, y hare es para eso", "de impedir a tiempo con la independencia de Cuba que se extendan por las Antillas los Estados Unidos y cagan, con esa fuerza más, sobre nuestras tierras de América".

"Hasta que no se haga andar al indio, no comenzará a andar bien la América".

"Hombres recogerá quien siembra escuelas".

"Saber leer es saber andar. Saber escribir es saber ascender. Pies, brazos, alas, todo esto ponen al hombre los primeros humildísimos libros de las escuelas".

"Las revoluciones son estériles cuando no se firman con la pluma en las escuelas y con el arado en el campo".

"La unión con el mundo, y no con una parte de él".

AL PUEBLO DE TAMAULIPAS Y LOS ESTADOS VECINOS

Nuestro boletín "Informaciones de Cuba" tiene como principal objetivo informar verídicamente, en estos momentos en que es mayor la campaña de calumnias y mentiras contra nuestra Patria, de los trabajos y realizaciones que el Gobierno Revolucionario está llevando a cabo para beneficio de nuestro pueblo.

Con este primer número queremos hacer llegar al pueblo tamaulipeco y de los estados vecinos un fraternal y afectuoso saludo, y al mismo tiempo agradecer las muestras de amistad que nos han dispensado.

¡Listos para Repeler a los Invasores!

Cientos de miles de cubanos abandonaron sus hogares y ocupaciones habituales el 22 de octubre pasado y marcharon voluntariamente a unirse a otros hijos de la misma tierra que ya empuñaban las armas permanentemente en defensa de la Patria.

La más grande movilización militar efectuada en la pequeña Isla del Caribe, de poco más 114.000 kilómetros cuadrados y 6.500.000 habitantes, fue la inmediata consecuencia de las desenfrenadas maquinaciones de los Estados Unidos para preparar una agresión directa contra Cuba.

En cada trinchera y emplazamiento militar de la Isla Heroica que no se somete a los designios imperialistas se confundan trabajadores, industriales y agrícolas, empleados, profesionales, estudiantes, técnicos. Todo un pueblo dispuesto a defender con las armas lo que por la fuerza se le pretenda despojar. La libertad, el derecho al trabajo, a la educación y al bienestar material y espiritual y la vida misma.

En cualquier lugar de Cuba, lo mismo en las montañas que en el llano, lejos que próximo a la ciudad, había un contingente de pueblo armado, listo para repeler a los invasores y decidido a hacer cumplir hasta sus últimas consecuencias la consigna nacional de "Patria o Muerte".

Allí en una de las tantas trincheras zigzagueantes, con sus uniformes verde-olivo y sus cascos de igual color, un tanto ocultos por la vegetación tropical de intenso verdor, encontramos a la avanzada de un destacamento del Ejército Rebelde de Cuba.

Permanecían allí, en un pequeño promontorio, desde que el pro-

La elevada moral de los combatientes es apreciada por el comandante Fidel Castro.

La superación cultural de las unidades no cesó durante el estado de "alarma de combate".

pío 22 de octubre el Comandante en Jefe, doctor Fidel Castro, dio el orden de "alarma de combate" ante la inminencia de la agresión.

El grupo de 14 hombres, algunos muy jóvenes, era una cabal representación de los distintos sectores del pueblo. Un estudiante universitario de filosofía y otro de enseñanza secundaria, tres trabajadores agrícolas integrados en Cooperativas y Granjas del Pueblo, dos obreros industriales, un empleado bancario, un mensajero de farmacia, un agricultor que cultivaba la pequeña finca de su propiedad, un ex monaguillo de una Iglesia Católica, un funcionario de Ministerio, un joven becario que estudiaba pintura, un propietario de una pequeña fábrica de zapatos, actualmente administrador de una industria estatal similar y un ex guerrillero que había luchado en la Sierra Maestra contra la tiranía de Fulgencio Batista.

Sus edades fluctuaban entre 15 y 35 años. Todos habían recibido intenso entrenamiento militar durante distintos periodos. Eran civiles, amantes de la paz, desdoblados en combatientes por las continuas agresiones imperialistas contra su Patria y que tenían como anhelo común el cese de los ataques norteamericanos para poder construir en paz el futuro esplendoroso del país.

Todos estaban poseídos de la irreductible determinación de su pueblo, plasmada en reciente carta enviada por el Primer Ministro, doctor Fidel Castro, al Secretario General de la Organización de Naciones Unidas, U Thant, al que en dos de sus párrafos expresaba: "Una fuerza militar poderosa podrá aniquilarnos, pero nunca doblegarnos y antes haríamos caer un precio bien alto a las piratas que se atrevieran a invadir el suelo de la Patria Cubana" y "Creemos en el derecho a defender la libertad, la soberanía y la unidad de este país, y lo ejercitaremos consecuentemente hasta el final de, último hombre, mujer o niño capaz de empuñar un arma en este territorio".

Mister Kennedy diría... (Gratos y Chiflidos)... Mister Kennedy diría que me estoy dirigiendo al pueblo cautivo de Cuba... En la concepción de los imperialistas concepción en que la explotación es justa, y el crimen y la agresión es buena, ser mercenario es bueno, en la concepción de los imperialistas este pueblo es un pueblo cautivo.

Comenzando por imaginarse así las cosas, no tiene nada de extraño todo lo demás que hacen.

En días recientes tuvo lugar un hecho que, aunque ellos pretenden disimularlo, es un hecho histórico. El imperialismo aceptó pagarle a nuestra Patria la indemnización que los Tribunales Revolucionarios señalaron a los invasores de Playa Girón.

El Gobierno de los Estados Unidos trató por todos los medios de eludir su responsabilidad de manera oficial, eludir la aceptación oficial de este hecho. Eso está muy de acuerdo con la mentalidad farisaica de los dirigentes del imperialismo; eso está muy de acuerdo con todo lo que ellos hacen.

Ellos, por ejemplo, cuando nos atacaron el 15 de abril, enviaron aviones con insignias cubanas. Y cuando Cuba denunció la agresión, declararon a través de sus agencias cablegráficas, y a través de todo el mundo, que no, que no eran aviones procedentes del exterior sino aviones cubanos que se habían sublevado. Y esta versión la lanzaron a todo el mundo; tranquilamente, una mentira de esa índole, pero que para ellos no era sino una mentira más.

Así han actuado siempre. Por eso, no tenía nada de extraño que mientras por un lado se movilizaban para recaudar los fondos, por otro pretendían hacer creer que era un simple Comité de Familias que estaba llevando a cabo esa negociación. En el fondo de todo, fue el propio Gobierno de los Estados Unidos.

Ahora se ha sabido que el hermano del Presidente de los Estados Unidos fue quien realizó las gestiones principales a fin de recaudar los fondos con los cuales pagar esa indemnización.

Ellos, naturalmente, no dicen que es indemnización; ellos dicen que es rescate. Lógico, también, que digan eso. Para los imperialistas, encarcelar a un periodista negro que visitó a Cuba, e imponerle una multa de diez mil dólares por ejercer un derecho constitucional es justicia. Y, en cambio, el hecho de que una Revolución hubiese sido generosa con los criminales que nos atacaron al servicio de una potencia extranjera, el hecho de que los Tribunales Revolucionarios, en vez de aplicarles una pena como a la que eran acreedores la pena capital a todos ellos, los sancionase con una multa, eso no es justicia.

Castigar a los que nos atacaron una mañana sorpresiva y corrientemente; castigar a los que vinieron escoltados aquí por barcos de guerra extranjeros; castigar a los que al servicio de una potencia extranjera y cometiendo un acto de flagrante traición en todos los códigos del mundo, eso no era justicia. Ellos lo llaman rescate.

Pero a nosotros no nos importa cómo lo llamen. El hecho es que tuvimos que aceptar el pago de la indemnización; que por primera vez (Aplausos), por primera vez en su historia, el imperialismo paga una indemnización de guerra.

Y por qué la pagó? Porque fue derrotado, porque en Playa Girón los imperialistas sufrieron su primera gran derrota en la América Latina (Aplausos).

En primer lugar la historia de la bandera es una mentira completa. Todo el mundo sabe que esos señores mercenarios que vinieron aquí disfrazados de "gasmas de seda", como dice el pueblo con uniformes de camuflaje del ejército americano fueron total y absolutamente copados. Pero no sólo eso; todo el mundo sabe que dejaron hasta la ropa interior y ahora han inventado la historia de que uno escapó y se llevó la bandera entre la ropa y esa es la bandera que le entregaron a Kennedy.

Todo el mundo conoce la historia de Martí de aquel Martí con las ropas raidas; de aquel Martí que no recibió sus fondos de la Tesorería yanqui; de aquel Martí que retorna aquella emigración humilde, de proletarios, de tabaqueros, reuniendo centavo a centavo los fondos para comprar las armas, que cuando las tenía y adquiridas le fueron arrebatadas por las autoridades yanquis; de aquel Martí que no vino escoltado por la escuadra yanqui, ni precedido en su desembarco por bombarderos yanquis; de aquel Martí que en una noche tempestuosa, en un botecito de remos desembarcó, casi solo, en las playas orientales. Comparar aquel hombre íntegro, anti-imperialista, comparar el esfuerzo de aquellos patriotas con estos miserables es una ofensa a la memoria de aquellos hombres.

Porque nuestros libertadores vinieron a liberar esclavos, a crear una Nación, nación que el imperialismo frustró, nación que el imperialismo yanqui pisoteó durante 50 años. ¿Y éstos qué eran? Esclavistas, latifundistas, lumpen, explotadores del juego y del vicio, millonarios, criminales...

(Alguien del público grita: ladrones).
Ladrones, ladrones son todos los explotadores (Aplausos). Estos vinieron a esclavizar, a quitarle al pueblo sus riquezas, a devolverle a los monopolios yanquis nuestras fábricas y nuestras tierras.

Resulta que en este país, en este país más de cien mil familias campesinas pagaban rentas, rentas que a veces eran el 50% de los productos, y quién encuentra un campesino pagando renta a lo largo y ancho de nuestra Patria? Más de 100 mil campesinos explotados se volvieron propietarios de su tierra (Aplausos).

Pero ¿por qué cree este señor que los campesinos están con la Revolución? ¿Qué enredillo se le ha armado en la cabeza al señor Kennedy, que dice que nosotros ofrecimos el fin de la explotación económica y que no hemos cumplido. Y habla de Reforma Agraria. Ya nosotros sabemos lo que le van decir sus amigos los latifundistas de América Latina, como le dijeron los latifundistas de Chile: "oye ustedes hablan de repartir las tierras, ¿y por qué no hablan de repartir las minas de cobre también?"

Es muy curioso que oigamos al jefe del imperio yanqui hablar de explotación económica, hablar de reforma agraria y hablar de estas cosas. ¿Cuándo hablaba antes? Nunca! Claro que no lo dicen sinceramente. ¿Pero desde cuándo hablan este idioma? ¿Qué los enseñó hablar este idioma? ¿Quiénes fueron sus maestros? ¿Los cubanos? (Aplausos). Lástima que tengamos tan mal discípulo.

Y este señor usa un lenguaje extraño un lenguaje revolucionario. Y es curioso, se va a crear algunos problemas con los reaccionarios, porque aunque los reaccionarios saben que todo eso es cuento, los reaccionarios saben que no se puede estar jugando con los palabras. Y los latifundistas de América Latina van a decir: "bueno, si nosotros vamos a repartir nuestra tierra, ustedes tienen que repartir el petróleo, el cobre, el hierro y todos los monopolios que tienen aquí". Porque esas son las contradicciones irreflexibles del imperialismo. ¿Cómo van a poder hablar este lenguaje?

La Revolución los trató de manera generosa. No porque se lo merecieran, sino porque esos son nuestros principios. Ninguno de ellos fue golpeado; casi la totalidad de sus heridos salvaron la vida en los hospitales revolucionarios.

De acuerdo con la Ley y con sus hechos, eran acreedores a la pena capital y sin embargo la sentencia señalada era una sentencia que les permitía salir en libertad si indemnizaban a nuestro país de los daños ocasionados.

Lo que no dicen los imperialistas es que si estuvieron 20 meses en prisión fue por el fariseísmo yanqui, por la hipocresía yanqui que no quiso dar la cara, que no quiso pagar. Porque apenas a los

Por el Dr. Fidel Castro, el Pasado 2 de Año del Triunfo de la Revolución Cubana

dos meses —o antes— del ataque pudieron haber salido si los imperialistas hubiesen pagado.

Tampoco han querido destacar los imperialistas que el Gobierno Revolucionario había puesto en libertad, previamente —hace muchos meses—, a 60 heridos y enfermos, aceptando que pagasen después la indemnización, que sólo vinieron a pagar ahora; que el Gobierno Revolucionario aceptó ponerlos en libertad cuando sólo habían abonado el 20%. Nada de eso han querido destacar.

¿Y qué momento aquél para nosotros! Aquél que en el mismo aeropuerto donde comenzó el ataque cobarde del 15 de abril, en aquel mismo aeropuerto donde aviones de procedencia yanqui dejaron caer el 15 de abril su carga de bombas, reposaron allí después, aviones yanquis como mariposas palomas de paz, dejando los cargamentos de medicinas y de alimentos para niños.

Los que vivimos esos dos momentos —el de la agresión y el del pago de la indemnización— no podremos olvidarlo. Porque no eran los soberbios y arrogantes atacantes que un día bombardearon y como premio de aquella aventura tuvieron un día que venir a traer otras cosas para salvar vidas y para beneficio de nuestro pueblo (Aplausos).

El Gobierno Soviético, en aras de la paz, llegó a ciertos acuerdos, nosotros habíamos renunciado a ese derecho. Al derecho de tener los armas que estimemos convenientes y a adoptar las paces de política internacional que estimen pertinentes como país soberano (Aplausos).

Y por eso no aceptamos la inspección unilateral que querían establecer aquí (Gritos y Aplausos) con el único propósito, por parte de los imperialistas, de humillarnos. ¿Y no hubo inspección (Gritos), ni habrá inspección! (Gritos) y si quieren que haya inspección que se dejen inspeccionar ellos también por nosotros (Gritos y Aplausos), que se dejen de inspeccionar ellos también! Si no, ¿qué se han creído? De Estado soberano a Estado soberano somos tan soberanos o más soberanos que ellos (Aplausos).

Esa es la razón por la que hemos planteado nuestras cinco de-

mandas, tan justas y tan lógicas, y tan consustanciales a nuestros derechos, que nadie las podría objetar.

¿Que clase de paz es esta de los imperialistas con nosotros aumentando sus presiones económicas contra nuestro país, promoviendo la subversión, organizando ataques piratas declarando su propósito de violar nuestro espacio aéreo? ¿Que paz puede ser esta, qué clase de paz? ¿Por qué creen acaso los imperialistas que nosotros vamos a aceptar violaciones de nuestros derechos? ¿Que paz sería esta que en cualquier momento da lugar a un incidente con motivo de esa política declarada? Porque, claro, si se les permite a los imperialistas alguna de sus fechorías quieren después hacer otras, y lo demostraron con sus aviones en los días de la crisis cuando había una tregua y comenzaron a volar rasantes sobre nuestras bases y nuestros artilleros, hasta que se les dio la orden de disparar y lo que hicieron fue cobrar toda la altura que pudieron y dejaron de volar rasantes.

Desde luego, ¿qué clase de paz sería esa en que nosotros tengamos que aceptar esas violaciones? ¿Y no las aceptamos y serían fuentes de incidentes!

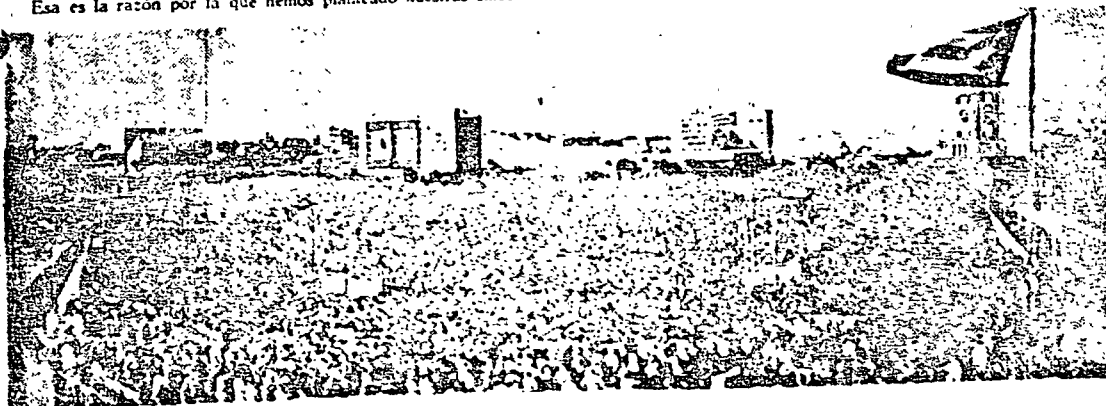

Y nosotros vamos adquiriendo cada vez mejores armas antiaéreas. Y ya hoy desfilaron por aquí las primeras unidades de instrucción de los cohetes de tierra a aire (AFLAUSOS), que están en instrucción.

¿Que clase de paz sería esa de los imperialistas, que nos expusiera a constantes incidentes de ese tipo por su declarada política de violación de nuestros espacios?

Y, por último, ¿qué hacen en un pedazo de nuestro territorio amenazándonos, conspirando desde aquí contra nuestro país? (GRI-TOS) ¿Y ese territorio es nuestro y tenemos todo el derecho a reclamarlo? ¿Qué derecho tienen los imperialistas a poseer una base enclavada en el territorio de nuestro país?

Hoy, que todo pertenece al pueblo y los frutos del trabajo son para el pueblo, el deber primero del pueblo es el de luchar por crear todos esos medios para satisfacer todas sus necesidades. Y tenemos que hacer eso en medio de peligros, en medio de amenazas; y aun en medio de situaciones amargas, de serios problemas que a todos nos preocupan en la lucha frente al enemigo común, en la lucha frente

LOS CIRCULOS SOCIALES OBREROS

DEPORTES, DISTRACCION Y ALEGRIA PARA TODOS

Con el fin de proporcionar a los trabajadores manuales e intelectuales del país lugares de solaz y esparcimiento sano de ejercicio del músculo y la mente, de elevación cultural y sincera camaradería que junto más cada día a la gran familia cubana el Gobierno Revolucionario, por indicación del Primer Ministro, comandante Fidel Castro, creó los "Círculos Sociales Obreros".

Las primeras instituciones de este tipo comenzaron a funcionar en 14 magníficos palacios construidos a la orilla del mar y utilizados como clubs exclusivos por los hacendados azucareros, latifundistas casanovistas y representantes de los monopolios internacionales. El Gobierno Revolucionario entendió que le humanamente justo era poner a disposición de los que nada tenían, de los obreros, de los campesinos, de los trabajadores y profesionales humildes, lo que antes había sido un coto cerrado para los pobres.

EL PUEBLO ADMINISTRA Y DISFRUTA

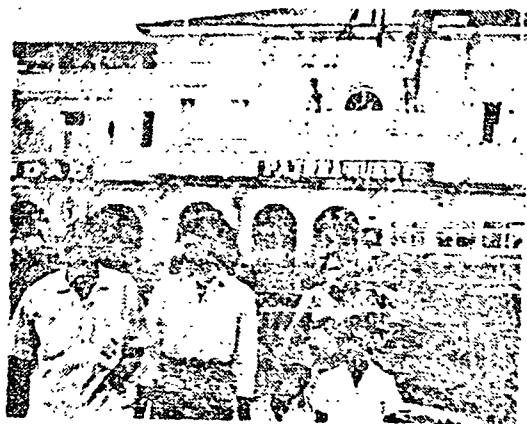

La administración y cuidado de esas sociedades están confiadas a los propios obreros que allí laboraban antes quienes ahora pueden disfrutar —como todo el pueblo— de sus magníficas instalaciones deportivas, actividad que les estaba prohibida antes por su sola condición de obreros.

El pueblo cubano se ha integrado con entusiasmo en estas instituciones populares practicando en ellas, sin discriminación de sexo, raza o edad, toda clase de sanos deportes, disfrutando de las playas durante la semana y bailes todos los sábados amenizados por las mejores orquestas típicas. El domingo es de los niños, y ese día se ofrecen fiestas para ellos que se inician con alegres rumbolas.

UN CIRCULO SOCIAL EN CADA POBLACION

Esta obra social y humana no se limita sólo a la capital de la República. El Gobierno Revolucionario ha planificado el proyecto en escala nacional y se propone construir un Círculo Social en cada pueblo y en la central azucarera y por el momento ha ordenado a ese uno de los mejores edificios de cada localidad.

Así, de un extremo a otro de la isla, los cubanos disfrutan de sitios de recreación sana y económica donde pueden reunirse e identificarse más aun el obrero y el profesional, el campesino y el pescador, el funcionario oficial y el ama de casa, robusteciendo así la unidad inquebrantable del pueblo cubano y su amistoso carácter nacional.

a los imperialistas, cuales son las diferencias surgidas en el seno de la familia socialista, las públicas discrepancias surgidas entre grandes fuerzas del campo socialista.

Ello a todos nos preocupa, y nos preocupa porque nosotros vemos con claridad aquí, desde esta trinchera a noventa millas del imperio yanqui, cuál motivo de preocupación ha de ser esas discrepancias, cuánto se necesita de todas las fuerzas de todo el campo socialista para enfrentar a esos enemigos.

Nosotros tenemos la gran tarea histórica de llevar adelante esta Revolución, de servir de ejemplo a la revolución latinoamericana; y dentro del campo socialista, dentro de la gran familia socialista, que es nuestro campo que es y será siempre nuestra familia (Amigos), entendemos nuestro deber luchar por la unidad dentro de los principios de la familia socialista, del campo socialista. Esa ha de ser la línea de nuestro pueblo, la línea que traza la dirección política de la Revolución.

Son muchos los problemas y muy grandes las tareas que tenemos por delante, enfrentar al imperialismo primero que nada. En esa misma situación están otros muchos pueblos, en esa misma situación están los pueblos colonizados y sometidos al imperialismo.

Es por eso que resulta tan necesaria esa unión, es por eso que resulta tan necesario presentar a los imperialistas un frente unido. Y así, estoy seguro que ha de ser el clamor de los pueblos amonizados de los pueblos que luchan por su independencia, de los pueblos que luchan frente a la agresión del imperialismo.

A nuestro pueblo en su organización, que nuestra tarea es unir dentro y fuera; eliminar todo lo que nos divide, dentro y fuera; luchar por todo lo que nos une, dentro y fuera. ¡La unidad dentro de los principios, esa es nuestra línea!

¡Patria o Muerte!
¡Venceremos! (OVACION).

EN CUBA

LOS NIÑOS NACEN PARA SER FELICES

"Hogar-Cuna Los Zapaticos de rosa"

Una atención esmerada y preferente se otorga en Cuba a los niños huérfanos o abandonados por sus padres.

Recientemente, el Ministerio de Salud Pública inauguró en la barriada del Vedado, en La Habana, la Casa-Cuna "Los Zapaticos de Rosa", con 200 niños que se encuentran en tales casos.

La moderna institución dispone de 150 empleados especializados en atención de los niños, y es dirigida por nueve Hermanas de la Caridad, encabezadas por Sor Mercedes Castañeda. Un sacerdote católico acude diariamente al lugar para ofrecer la misa y demás oficios religiosos.

Todos los gastos de la Casa-Cuna corren por cargo al Estado Revolucionario, y entre su personal figura la psicóloga argentina Dina Minster, que tiene bajo su responsabilidad la orientación psicopedagógica de los pequeños.

Cada ocho niños están al cuidado de una asistente o manejadora. Además dispone la institución de su propio médico, dentista y enfermera.

En el amplio edificio de tres plantas, dotado de todas las comodidades y de vastas áreas verdes para los juegos infantiles, permanecen los niños durante las 24 horas del día sin gasto alguno para familiares.

Cuando los pequeños cumplen los tres años de edad pasan a otras instituciones similares, también sostenidas por el Estado Revolucionario, hasta que se convierten en hombres y mujeres debidamente capacitados y útiles a la patria.

Una alimentación nutritiva y bien balanceada, amorosa atención rigurosa cuidados médicos y educación integral, garantizan el postulado revolucionario de que "Los niños nacen para ser felices".

En la inauguración de la nueva casa-cuna participaron Sor Mercedes Castañeda, Directora del Centro en unión del Ministro de Salud Pública, doctor Manchado Ventura —el primero a la extrema izquierda— y otros funcionarios de Gobierno Revolucionario.

UN PUEBLO MAS UNIDO Y MAS MADURO EN EL IV ANIVERSARIO

La gran jornada del pasado 2.º paso de relieve el crecimiento de la madurez política de nuestro pueblo, que en cuatro años de revolución ha avanzado en todos los órdenes lo que se vio impedido de alcanzar en varias décadas de vida republicana.

Como en años anteriores hombres y mujeres, niños y ancianos, marcharon desde temprana hora a la cita tradicional en el escenario de los grandes pronunciamientos patrióticos de la nueva nación cubana: la Plaza de la Revolución José Martí.

Pueblo de héroes, estaban allí cobijados bajo el luminoso cielo azul de una mañana esplendorosa, combatientes victoriosos de las batallas de Guisa y de Girón, brigadistas trinitarios en las batallas de la Alhambra y de la recolecta del café, obreros ejemplares y campeones del trabajo voluntario.

El espacio destinado a los espectadores del desfile militar resultó insuficiente para tan crecido número de asistentes, pero para un pueblo que se ha fundido todo en una sola familia, ello no constituyó obstáculo insalvable.

Sentado sobre el contón de las alicatas de pie, sobre árboles, encima de improvisadas andanadas o como muchos niños sobre los hombros de los mayores, cada cual disfrutando la visión a los demás para disfrutar en conjunto de la gran jornada de reafirmación revolucionaria.

El pueblo fue a presenciar el desfile de sus Fuerzas Armadas Revolucionarias del glorioso Ejército de los Obreros y Campesinos que los mismo día en Plaza Giron, que quita la

emulaciones en los cortes de caña voluntario de la provincia de Camaguey.

Y por ello sentía honda emoción y rebosante entusiasmo ante el paso de los infantes, artilleros, ametralladoristas, tanquistas, aviadores y tantos más entre los cuales reconocía constantemente al condiscípulo, al compañero de trabajo, al familiar querido o al amigo apreciado.

El desfile de las distintas piezas recordaba a cada instante la solidaridad de los países socialistas y el significado del internacionalismo proletario, destacado en el mensaje del Jefe de la Revolución.

Y las armas de largo alcance que cesaron la parada estimularon el sentimiento de seguridad en nuestra victoria cualesquiera que sean las circunstancias en que se produzca el ataque de los imperialistas contra la soberanía nacional.

Las palabras del quita de la Revolución Cubana fueron seguidas con interés y atención, a la vez que analizadas y confirmadas como pedía coherencia por los comentarios que brotaron espontáneos, aquí o allá, ante cada párrafo del discurso de Fidel Castro.

En el mismo pueblo de los días críticos del pasado mes de octubre que encara con firmeza incuestionable y serenidad imperturbable los planes de agresión atómica del Pentágono dispuesto a defender a su vez y luchar su derecho a la vida libre, independiente y socialista.

Y que ahora más templado se proyecta resuelto en 1963 ha en la realización de los grandes planes trazados por la Revolución en la construcción del Socialismo.

NOTAS CORTAS

- El día 7 del presente mes quedó establecida la línea aérea La Habana-Moscú, que hará un vuelo semanal sin escalas entre las dos ciudades, y será operada por los aviones más grandes del mundo, los TU-114. Con el establecimiento de esta línea aérea, se abre un nuevo capítulo en la aviación comercial, al unir a la América y a Europa en menos tiempo que cualquier otra línea aérea y porque se efectúa el más largo del mundo sin escala.
- El pueblo de Bejucal reunido en las calles para festejar la inauguración de la mayor fábrica de confecciones de Cuba, prometió al Ministro de Industrias Comandante Ernesto Che Guevara, que cumplirá la meta de producción de 3.300.000 camisas, programadas para este año.
- Un grupo de especialistas soviéticos presentó al Gobierno Revolucionario Cubano los proyectos para una destilería de petróleo que ha sido confeccionado. Según los proyectos, la destilería puede procesar anualmente, dos millones de toneladas de petróleo, bencina, combustible diesel, mazut, azufre y gas.
- Doscientos alumnos estudian en la Escuela de Automatización del Ministerio de Industrias. Tiene por finalidad esta escuela llevar adelante los planes de automatización y electrónica que demanda el desarrollo industrial de la nación. Los estudios son a tres niveles:
 1. — Instrumentista Industrial.
 2. — Técnico en Instrumentación y Electrónica.
 3. — Especialistas en Automatización.
- La fábrica de lápices "Mítico", sobrepasó en casi dos millones de unidades sus metas para el año 1962. Algunos de sus obreros que disfrutaban de descanso, se reintegraron a la producción cuando se decretó la movilización para defender la patria amenazada por la agresión imperialista.

PRESUPUESTO PARA 1963

El Consejo de Ministros en reunión celebrada el 29 de diciembre pasado, aprobó la Ley de Presupuesto Nacional, con un monto de dólares \$2 093 560 93 (dos mil noventa y tres millones, quinientos sesenta mil noventa y tres pesos cubanos, equivalentes a dólares). Se acordó autorizar a la Junta Central de Planificación y al Ministerio de Hacienda para que propongan al Consejo de Ministros ajustes de este presupuesto dentro de un margen no mayor de \$30 000 000.00 (30 millones).

El Mundo con Cuba...

MEXICO

En declaraciones hechas a Prensa Latina, el ex presidente Lázaro Cárdenas, dijo que "ahora se podrá apreciar mejor que el caso de Cuba obra en la disyuntiva de paz o de guerra y en la salvaguardia o la violación de la soberanía de las naciones".

ARGENTINA

Más de 200 jóvenes participaron en una manifestación relámpago realizada en las principales calles de Buenos Aires. Los participantes de la manifestación portaban cartelones de solidaridad con nuestra Revolución y entonaban el estribillo "¡Cuba sí, yanquis no!". Millares de panfletos fueron distribuidos antes de que la policía disolviera la manifestación. En los mismos se leía: "El enemigo de Cuba es también nuestro enemigo".

CHILE

La Convención de Estudiantes de Izquierda, celebrada en Santiago de Chile, aprobó un documento en el que expresa su apoyo a la causa de nuestro pueblo. "En la guerra civil que el imperialismo ha declarado a los pueblos de América Latina no hay ni puede haber cuartel", se dice en el mismo. Los participantes de la convención se comprometieron a "impedir que los mercenarios cubanos —agentes del Departamento de Estado norteamericano— hagan uso de los locales universitarios para santificar su campaña fascista y anticubana".

INDIA

La prensa hindú condena las acciones agresivas de Estados Unidos contra Cuba y su ingerencia en las cuestiones internas de nuestro país. "Free Press Journal" dijo hace varios días que la política yanqui contra Cuba carece de sentido. El "Hindustan Times" denuncia el evidente peligro de que las agresiones a Cuba provoquen la Tercera Guerra Mundial. El "Amrita Bazar Patrik" demanda que la ONU condene las agresiones yanquis contra Cuba.

de Mujeres de América

Teatro "Chaplin", Enero 15 de 1963

1.—A las Mujeres Latino-Americanas y a la mujer americana les interesan todos nuestros problemas sociales.

(Cuando se discute acerca de los derechos de las mujeres, de las aspiraciones de las mujeres, vemos que no puede haber derecho de mujer en nuestra América, ni derechos de niños, ni derechos de madres, ni de esposas, si no hay Revolución. ¡Es que dentro del mundo en que vive la mujer americana, necesariamente tiene que ser revolucionaria!)

2.—La mujer en nuestro país no es discriminada, como no lo es el negro. En realidad la Revolución ha significado mucho para la mujer cubana.

(Y dentro de la Revolución, la dirección revolucionaria se esfuerza por abrir más y más oportunidades a la mujer. Como ejemplo, podemos citar el caso, el hecho de que naciona-

lizase las empresas medias y grandes de venta de zapatos, de ropas y de ferreterías, se orientó al Ministerio de Comercio Interior a seleccionar mujeres como administradoras de cada empresa. Se designaron unas 4,000 administradoras y el 90% más de esos administradores, es decir, administradores para unos 4,000 centros, son actualmente administrados por mujeres).

3.—Dice el compañero Fidel que el concepto burgués de la mujer ha ido desapareciendo en nuestro país. Los conceptos estimativos, discriminadores, han ido realmente desapareciendo en nuestro país y las masas de mujeres han captado esa realidad.

(Y el prejuicio es sustituido por un concepto nuevo, donde se valoran las cualidades de la mujer por una serie de actividades sociales, en algunas de las cuales demuestran excepcionales virtudes. Un ancho campo de acción, de actividad, se ha abierto para ella).

4.—El Primer Ministro de la República dice que hay una diferencia entre la situación de las mujeres de América, representadas en este Congreso, y la representación de las mujeres cubanas. Es que las mujeres cubanas tienen la oportunidad de hacer múltiples actividades y las mujeres americanas necesitan de esa actividad.

(Nuestros problemas son distintos en el sentido de que ahora se trata de cómo lo hacemos y cuán bien podamos hacerlo. Ya para nosotros no se trata de la oportunidad de tener, digamos, cerca de 100,000 jóvenes estudiando, becados por el Estado, sino cómo organizarlos, cómo hacer que las escuelas donde estudian sean cada vez más eficientes, cómo preparamos cuadros de maestros y cómo esta tarea la realizamos bien. No significa que nosotros no tengamos mucho trabajo, por el contrario, en la Revolución si tienen cada vez más y más trabajo).

5.—Cómo llevar adelante la obra de la Revolución es nuestro problema. Cómo defender la soberanía de este país y, al mismo tiempo, seguir adelante, es nuestro problema, aunque no el problema de ustedes, mujeres americanas.

(El problema de ustedes y de los pueblos que ustedes representan es cómo conquistar la oportunidad de hacer esto que estamos haciendo nosotros. Nosotros estamos seguros que saldremos adelante).

6.—Dice el Secretario General de las ORI que hay personas expertas en cifras, pero que lo que hay que ser es experto en cambiar la situación, expertos en conducir los pueblos hacia la Revolución.

(Y ese es el deber de los dirigentes y de las organizaciones revolucionarias, echar a andar las masas, lanzar las masas al combate. Y eso

fue lo que hicieron en Argelia, y eso es lo que están haciendo los patriotas de Viet Nam del Sur. Han lanzado a las masas a la lucha con métodos correctos, con tácticas correctas).

7.—El Comandante en Jefe se refiere a que se ha afirmado que en Cuba hubo un tránsito pacífico del capitalismo al socialismo.

(No fue ningún tránsito pacífico, fue un tránsito de combate, sin lo cual no habría habido tránsito en nuestro país. Sin esa lucha heroica, sin esa lucha armada del pueblo cubano, todavía, tal vez, tendríamos aquí al señor Batista, "Made in USA").

8.—No se trata de cobardes, sino de confundidos enfoques erróneos. Nosotros no negamos la posibilidad del tránsito pacífico, aunque estamos todavía esperando el primer caso. Pero no lo negamos, porque no somos dogmáticos.

(Esas falsas interpretaciones de la Historia, no cuadran con la inmensa mayoría de los países latinoamericanos, donde existen condiciones objetivas, y bien que lo han visto los imperialistas con bastante claridad: Que las condiciones objetivas existen, pero donde faltan condiciones subjetivas.

Y esas condiciones subjetivas hay que crearlas y se crean con la verdad histórica y no con el falseamiento de la historia, esas condiciones subjetivas no se crean diciendo que en Cuba ha habido un beatífico tránsito pacífico).

9.—El compañero Fidel se refirió a que los teóricos del imperialismo se preocupan de que no haya revolución. Esto es lógico, pero nadie, desde una posición revolucionaria, debe crear el conformismo o el miedo a la revolución.

(Eso es lo que nosotros pensamos; eso fue lo que nosotros dijimos en la Declaración de la Habana. Declaración que en algunos países hermanos recibió los honores, por parte de las organizaciones revolucionarias, "los honores de la gaveta", cuando debió haber recibido la justa divulgación que merecía).

10.—El compañero Fidel Castro explica que nosotros le decimos a las masas que esa es la situación. A las masas hay que decirles cuál es el camino, hay que llevarlas a la lucha.

(Quiero aclarar, para que los teóricos no se pongan bravos, que nosotros no estamos haciendo una generalización irresponsable, quiero aclarar que nosotros sabemos que cada país tiene sus condiciones específicas y por eso no generalizamos. Por eso si decimos: La mayoría. Sabemos que hay excepciones, sabemos que hay países donde no existen esas condiciones objetivas, pero existen en la mayoría de los países de América Latina).

11.—El Primer Ministro trata sobre que nosotros tenemos a un lado al imperialismo y, además, circunstancias que son adversas y desfavorables al movimiento revolucionario mundial.

(Quiero, en primer lugar, decir que para nosotros la crisis del Caribe no está resuelta. Quiero decir que, en nuestra opinión, en la opinión de la dirección revolucionaria de nuestro país, se evitó una guerra, pero no se ganó la paz, que no es lo mismo).

12.—Fidel expresa que nosotros dijimos que no habíamos garantías satisfactorias sin los cinco puntos que planteamos a raíz de aquella crisis.

(Sobre estas cosas, un poco controvertidas, un poco sutiles, hay que estar muy claros, hay que estar claros. Si se dice que nosotros estamos aquí, es decir, que no hemos podido ser destruidos, por la solidaridad del campo socialista, se dice una verdad. Pero si se dice que estamos aquí por la palabra de Kennedy, no se dice una verdad).

13.—El Primer Ministro trata que el Presidente de los Estados Unidos y el señor Rusk hablan de que los Estados Unidos no están comprometidos a no invadir a Cuba y que si se hubieran comprometido, lo habrían hecho solamente relacionado con la situación inmediata e independientemente de sus compromisos con los demás países de América Latina.

(¿Dónde está el compromiso de no invadir a Cuba? Pero es que, además, resulta insolente que el Secretario de Estado yanqui diga que no se han comprometido a no invadir a Cuba. Como si las leyes internacionales, la Carta de las Naciones Unidas y todas las normas que rigen las normas entre las naciones, no los comprometiera a no invadir a nuestro país, ya que, por supuesto, no tienen ningún derecho a invadirlo).

14.—El Secretario General de las ORI se refiere a las discrepancias surgidas en el movimiento comunista internacional.

(Lamentable es, muy lamentable, que hayan surgido esas diferencias. Y frente a ellas hay que luchar, porque lo primero es unir. Lo que Marx dijo fue: Proletarios de todos los países: Uníos).

15.—El Secretario General de las ORI desarrolla la idea de que Marx y Engels lucharon por la unión incansablemente, infatigablemente, durante toda su vida

y eso es lo que decimos nosotros, nuestra dirección política, nuestro Partido y nuestro pueblo: "¡Proletarios de todos los países: Uníos!"

(Esa es la posición de nuestro Partido y de nuestro pueblo, el criterio de nuestra Dirección Nacional y nuestro pueblo, que ha marchado unido en difíciles momentos, en difíciles circunstancias. Porque nuestro pueblo pasó por grandes pruebas en esos días: pruebas de valor frente a la amenaza de Kennedy, frente a su amenaza de convertirnos en blanco atómico. ¡Con seguridad que los nervios de este pueblo se alteraron menos que los nervios de los generales del pentágono yanqui!)

16.—El Secretario General de las ORI se refiere a que aceptar la inspección habría sido estar de acuerdo en tener que rendir cuenta a los imperialistas yanquis de qué armas podíamos tener o no tener dentro de nuestro territorio. Y eso implicaba para nosotros una cuestión de principios, eso equivalía a una renuncia en nuestra soberanía. Eso equivalía a aceptar la inferiorización de este país entre todos los demás del mundo. ¡Y nosotros ni aceptamos ni aceptaremos eso!

(Los que piensan que eso es aceptable, piensan también que desembarquen y que no se les dispare ni un tiro, porque por ese camino se llega a eso; y por esos caminos no llegó la Revolución al poder y por esos caminos no se defendió la Revolución en Playa Girón, sino por otros caminos de firmeza y decisión de lucha frente a los imperialistas).

17.—El Comandante en Jefe expresa que al parecer esos individuos pensaban que debíamos dejarnos volar, picar los aviones yanquis sobre nuestras antiaéreas sin dar la orden de fuego.

(No faltarán quienes digan, no faltarán quienes puedan tratar de insinuar que fuésemos contrarios a una política de paz. La respuesta es esa misma: ¡Queremos paz con derechos, con soberanía y con dignidad! ¡Queremos paz sin renunciar a ser revolucionarios, sin renunciar a la Revolución!)

18.—El Primer Ministro expresa que cuando nosotros les hablamos a los latinoamericanos y les decimos que hay condiciones objetivas para la Revolución, defendemos la paz; porque tanto más débil sea el imperialismo, menos peligroso será; tanto más débil sea el imperialismo, menos agresor será.

(Consideramos, sí, la paz, objetivo fundamental de la humanidad. Luchemos por ella siguiendo los caminos de la soberanía nacional, de la liberación frente a los explotadores y frente a los imperialistas; luchando frente a la explotación imperialista luchamos por la paz).

19.—El Secretario General de las ORI expresa:

(Esa será la conducta de nuestro pueblo, la conducta de nuestros militantes revolucionarios,

que no se desalientan, que no temen a la lucha, que no temen a las circunstancias difíciles sean cuales fueran. Y división aquí no habrá; aquí habrá unión, porque la necesitamos, porque tenemos al enemigo imperialista delante queriendo destruirnos. Y necesitamos la unidad para resistir, necesitamos la unidad para vencer, necesitamos la unidad más que nunca para seguir adelante. Y con nuestra unidad, nuestra firmeza, y nuestra línea, seguiremos adelante, afrontando las dificultades, afrontando los inconvenientes sean cuales fueren; ejercemos el derecho a pensar por nuestra propia cabeza y seremos consecuentes con nuestros pensamientos revolucionarios. Y ese pensamiento, por encima de todo, tiene una divisa: ¡Resistir al enemigo imperialista, combatir al enemigo imperialista, seguir adelante, ni un paso atrás en la historia de la patria, ni una vacilación en las filas revolucionarias! ¡Seguir adelante, frente a los imperialistas!)

Discurso del Cmdte. Fidel Castro en el Acto Conmemorativo del IV Aniversario de la Revolución

Plaza de la Revolución José Martí, Enero 2 de 1963.

1.—El gobierno de los Estados Unidos trató por todos los medios de eludir, de manera oficial su responsabilidad, en el pago de la indemnización para poner en

libertad a los mercenarios. Esto está muy de acuerdo con la mentalidad farisaica de los dirigentes del Imperialismo.

(Por ejemplo, cuando nos atacaron el 15 de abril, enviaron aviones con insignias cubanas. Y cuando Cuba denunció la agresión, declararon por medio de su agencia cablegráfica a través de todo el mundo, que no eran aviones procedentes del exterior, sino aviones cubanos que se habían sublevado).

2.—Dice Fidel que así han actuado siempre. Por eso no tiene nada de extraño que mientras por un lado se movilizaban para recaudar los fondos, por otro pretendían hacer creer que era un simple comité de familiares el que estaba llevando a cabo esa negociación. En el fondo, todo fue el mismo gobierno de los Estados Unidos.

(Ahora se ha sabido que el hermano del Presidente de los Estados Unidos fue quien realizó las gestiones principales a fin de recaudar los fondos con los cuales pagar esa indemnización).

3.—El Primer Ministro aclara que ellos, naturalmente, no dicen que es indemnización. Ellos dicen que es rescate. Es lógico también que digan eso. Para los imperialistas encarcelar un periodista negro que visitó a Cuba e imponerle una multa de 10,000 dólares por ejercer un derecho constitucional, es justicia.

(Y, en cambio, el hecho de que una revolución haya sido generosa con los criminales que nos atacaron al servicio de una potencia extraña, el hecho de que los tribunales revolucionarios, en vez de aplicarles la pena a que eran acreedores, la pena capital, los sancionara con una multa, eso no es justicia).

4.—Cuando al fin se decidieron a pagar el rescate y el Gobierno Revolucionario puso en libertad a los invasores, ¿cuál fue la conducta del Presidente de los Estados Unidos?

(Fue la conducta de un pirata, fue la conducta de un jefe fitibustero).

5.—Fidel se refiere a la patraña de la entrega de la bandera al Presidente Kennedy.

(En primer lugar, la historia de la bandera es una mentira completa. Todo el mundo sabe que estos mercenarios, que vinieron aquí disfrazados de "gusanos de seda", como dice el pueblo, con uniforme de camoufflage del ejército norteamericano, fueron total y absolutamente copados. Pero no sólo eso: Todo el mundo sabe que dejaron hasta la ropa interior, y ahora han inventado la historieta de que uno escapó, se llevó la bandera entre la ropa, y esa es la bandera que le entregaron a Kennedy).

6.—Se refiere el Primer Ministro de la República a la referencia hecha por el Presidente Kennedy sobre Martí.

(Todo el mundo conoce la historia de Martí, de aquel Martí con las ropas raídas, de aquel Martí que no recibió sus fondos de la tesorería yanqui, de aquel Martí que apelaba a la inmigración humilde, de proletarios, de tabaqueros, reuniendo centavo a centavo los fondos para comprar las armas).

7.—El Secretario General de las ORI trata sobre la actitud de los prisioneros de Playa Girón ante la televisión, a los cuales todo el mundo vio que no hubo uno solo que no dijera que lo habían "embarcado". No hubo uno solo que no dijera que se había equivocado, que creía que la milicia se le sumaría, que el ejército no pelearía. No hubo uno solo que no creyera que fuese un paseo militar.

(Y luego lucían ante las cámaras como "magnalenas arrepentidas". En prisión escribieron

sus principales jefes, largas e interminables cartas de arrepentimiento, que el pueblo conoce).

8.—El comandante Castro expresa que, sin embargo, al llegar a Miami todos ellos sus primeras declaraciones fueron que piensan regresar, que piensan volver, etc.

(Eso da al pueblo idea de cómo merecen ser tratadas semejantes alimañas. Pero si el Gobierno los ha puesto en libertad mediante el compromiso, asumido por la Cruz Roja Norteamericana, de cumplir todos los acuerdos que hemos suscrito, garantizados por un organismo benévolo canadiense, si la Revolución los puso en libertad es porque la Revolución puede combatir cincuenta expediciones como esa).

9.—El Comandante en Jefe trata acerca de que nosotros hemos sostenido y sostenemos que las garantías que el imperialismo ofrece no han de ser simplemente de palabras, sino que han de ir acompañadas de hechos.

(Las garantías están en nuestra decisión de combatir, en nuestra decisión de resistir heroicamente cualquier ataque del enemigo. Las garantías están en esas armas que ustedes vieron desfilar y en muchas más armas que por aquí no desfilaron. Las garantías están en nuestros cientos de miles de combatientes. Las garantías están en el heroísmo de nuestro pueblo, heroísmo más que probados en momentos difíciles).

10.—Fidel se refiere al significado de la consigna "Patria o Muerte" y dice:

(Podremos morir, no porque despreciemos la vida, no porque despreciemos la obra creadora que nuestro pueblo realiza, no porque no vemos el porvenir luminoso a que tenemos derecho con

nosotros, están indisolublemente asociadas a esa idea y ese porvenir, y sin la Patria no queremos nuestro trabajo; sino porque las vidas de todos mos la vida, sin libertad no queremos la vida, sin dignidad no queremos la vida, sin justicia no queremos la vida, sin pan para nuestros hijos, no queremos la vida, sin porvenir no queremos la vida. Por eso decimos ¡Patria o Muerte!)

11.—El Primer Ministro explica la actitud de nuestro pueblo y el por qué de las medidas que tomamos frente a las amenazas y agresiones del imperialismo. Sin vacilaciones para que sepan los imperialistas que este pueblo no vacila. Por eso tomamos medidas para armarnos.

(Por eso acordamos con la Unión Soviética las armas que aquí se establecieron, porque entendíamos que cumplíamos con dos obligaciones: Una para con la Patria, afianzando y fortaleciendo su defensa frente a las amenazas del imperialismo, y otra obligación con los pueblos del campo socialista. Es decir: un deber proletario internacional).

12.—Fidel se refiere a que ese fue el pensamiento que presidió la conducta de la Dirección Revolucionaria Cubana.

(Nosotros queremos decir que nuestro pueblo se reserva siempre todo el derecho, frente a sus enemigos agresores imperialistas, a tomar todas las medidas que estime pertinentes y a tener las armas que estime pertinentes).

13.—El Secretario General de las ORI expresa que el Gobierno Soviético, en aras de la paz, llegó a ciertos acuerdos con el Gobierno norteamericano.

(Pero eso no quiere decir que nosotros hayamos renunciado a ese derecho: al derecho de tener

las armas que estimemos conveniente y a dar en la política internacional los pasos que estimemos conveniente como país soberano).

14.—El Comandante en Jefe explica por qué no aceptamos la inspección unilateral que querían establecer los imperialistas aquí con el propósito de humillarnos.

(Y si quieren que haya inspección que se dejen también ellos inspeccionar por nosotros).

15.—El Secretario General de las ORI explica que sin la solidaridad del campo socialista habríamos estado desarmados, ya que cuando fuimos a comprar armas en un país de Europa Occidental, nos volaron el barco y nos mataron como 50 obreros y soldados.

(Fueron los países del campo socialista los que nos proveyeron de todas esas armas. Y ha sido la solidaridad del campo socialista arma eficaz contra la agresión imperialista. ¡En esa garantía si creemos! En la que nos proporciona nuestra disposición a luchar hasta el último hombre y la solidaridad del campo socialista. Pero no en las palabras de los imperialistas).

16.—Fidel se refiere a la clase de paz que practican los imperialistas con nosotros mientras aumentan sus presiones económicas contra nosotros, promueven la subversión, organizan ataques piratas y declaran su propósito de violar nuestro espacio aéreo.

(¿Qué paz puede ser esa? ¿Qué clase de paz? Porque, ¿creen acaso los imperialistas que nosotros vamos a aceptar las violaciones de nuestros derechos? ¿Qué paz sería esa que en cualquier momento pueda romperse por una violación cometida por ellos y que precipitaria un incidente como consecuencia de esa política declarada?)

17.—El Secretario General de las ORI sigue explicando la clase de paz que nos ofrecen los imperialistas, la cual nos expone a constantes incidentes. Se pregunta:

(Y por último. ¿Qué hacen en un pedazo de nuestro territorio, amenazándonos, conspirando desde aquí contra nuestro país? ¡Ese territorio es nuestro y tenemos todo el derecho a reclamarlo! ¿Qué derecho tienen los imperialistas a poseer una base enclavada en el territorio de nuestro país?)

18.—El Primer Ministro se refiere a los cinco puntos que hemos planteado como demanda justa de nuestro pueblo para que haya una verdadera solución de la crisis del Caribe.

(Los imperialistas no han hecho ninguna declaración concreta. Han hablado con reticencia, en un tono amenazante, insidioso: "Que si Cuba no promueve la subversión" y cosas por el estilo. Entonces no habrá invasión).

19.—Fidel explica que está de más decir que nuestra posición no es una posición contraria a soluciones, que no es una posición contraria a soluciones pacíficas.

(Nosotros estamos de acuerdo con la política de la discusión y de la solución de los problemas por vía pacífica. Nosotros estamos de acuerdo con ese principio fundamental. Estamos de acuerdo también en la política de concesión por concesión.)

20.—Dice Fidel, nuestra posición, mantenida a lo largo de esta crisis, es una posición estrictamente ajustada a los principios.

(Hemos rechazado la inspección porque nuestro país no puede renunciar a una prerrogativa absolutamente soberana, y hemos defendido nuestra integridad porque el hecho de estar en favor de la paz no significa que desembarquen los imperialistas en nuestras costas y no le tiremos un tiro. Estamos por la paz, pero si nos atacan vamos a combatirlos con todo lo que tenemos).

21.—El Comandante en Jefe se refiere a que nosotros entendemos que en el mundo actual las marcos imperialistas no están libres.

(Si hubieran estado libres habríamos tenido que sufrir seriamente las consecuencias desde el principio. Es un hecho cierto que la correlación mundial de fuerza les impide hacer lo que hacían cuando intervenían en Nicaragua, en México, en Santo Domingo o en otros pueblos pequeños de América Latina. No tienen las manos libres. No están en condiciones de poder actuar libremente en la forma en que lo hacían antes).

22.—El Secretario General de las ORI se refiere a que cuando los pueblos se deciden a luchar deben hacer lo que hicimos nosotros. Los millones de latinoamericanos, explotados por los imperialistas, pueden hacer lo que hicimos nosotros.

(Ya los pueblos empiezan a despertar y empiezan a luchar. He ahí la prueba de solidaridad con nuestra patria. La actitud de algunos pueblos como el pueblo venezolano que mientras el títere Betancourt, igual que el títere de Argentina y el títere de Santo Domingo, mandaban sus barcos a bloquearnos a nosotros, luchó y dio pruebas extraordinarias de espíritu revolucio-

nario, dirigidos por el glorioso Partido Comunista de Venezuela y por los valerosos combatientes del Movimiento de Izquierda Revolucionario).

23.—Fidel se refiere a que nuestros problemas de hoy no son los problemas de hace cuatro años. Nuevos problemas, nuevas obligaciones y nuevas tareas tenemos por delante.

(Fundamentalmente está nuestro deber de crear las riquezas que nuestro pueblo necesita, crear los medios de producción para elevar nuestro standard de vida, para satisfacer las necesidades crecientes de nuestras masas).

24.—El Secretario General de las ORI se refiere a que nuestras tareas tenemos que llevarlas adelante en medio de peligros y aún en medio de situaciones amargas, de serios problemas que a todos nos preocupan en la lucha frente al enemigo común, en la lucha frente a los imperialistas, como son las discrepancias surgidas en el seno de la familia socialista, las públicas discrepancias surgidas entre grandes fuerzas del campo socialista.

(Eso nos preocupa a todos y nos preocupa porque nosotros vamos con claridad aquí, desde esta trinchera, a 90 millas del imperialismo yanqui, cuánto motivo de preocupación hay en esas discrepancias, cuánto se necesita la unidad, cuánto se necesita de todas las fuerzas de todo el campo socialista para enfrentar al enemigo).

25.—Dice Fidel nosotros tenemos la gran tarea histórica de llevar adelante esta Revolución, de servir de ejemplo a la revolución latinoamericana y dentro del campo socialista, dentro de la gran familia socialista que es nuestro campo y que es y será siempre nuestra familia.

(Entendemos nuestro deber luchar por la unidad dentro de los principios de la familia socialista, del campo socialista. Esa ha de ser la línea de nuestro pueblo, la línea que traza la dirección política de la Revolución).

26.—El Secretario General de las ORI dice que son muchos los problemas y muy grandes las tareas que tenemos por delante. Enfrentar al imperialismo primero que nada. En esa misma situación están muchos otros pueblos. En esa misma situación están los pueblos colonizados y sometidos al imperialismo.

(Por eso es que resulta necesaria esa unión; por eso es que resulta tan necesario presentar a

los imperialistas un frente unido. Y ése, estoy seguro, ha de ser el clamor de los pueblos amenazados, de los pueblos que luchan por su independencia, de los pueblos que luchan frente a las agresiones del imperialismo.

A nuestro pueblo una orientación: que nuestra tarea es unir dentro y fuera; eliminar todo lo que nos divida dentro y fuera; luchar por todo lo que nos una dentro y fuera.

¡La unidad dentro de los principios!

¡Esa es nuestra línea!).

Héroes y mártires de la Revolución

JESUS MENENDEZ

(1911-1948)

Nació en Encrucijada, Las Villas, el 14 de diciembre de 1911. Su familia era humilde, y sus antecesores habían dado sus mejores esfuerzos a la causa de las libertades patrias. Jesús tuvo pocas oportunidades de asistir a la escuela, donde apenas cursó los primeros grados. No había cumplido los 15 años cuando se enfrentaba al duro trabajo del corte de caña en las colonias del Central "Nazáhal". Al cumplir 18 era ya purgador de azúcar en el Central "Constancia". Su tránsito por los más variados trabajos del proceso industrial azucarero, le dieron un conocimiento amplio del mismo y una conciencia extraordinaria de las condiciones de trabajo y de vida de los obreros.

Jesús Menéndez, que durante el tiempo muerto, labora como recogedor de tabaco en rama en distintas localidades de Las Villas, se incorporó a las luchas proletarias en los años duros de la tiranía machadista. Al frente en las organizaciones de azucareros y tabacaleros y desde las filas de la Liga Juvenil Comunista, forjaba su recia personalidad de dirigente entre la labor combativa y el presidio, que lo acogió en varias ocasiones.

Pese a la represión desatada a raíz de la huelga de marzo de 1935, se mantuvo firme en la dirección sindical del Central "Constancia", logrando un aumento de un quince y un 25 por ciento para los trabajadores.

Después de la caída de Machado, Menéndez acreció su actividad organizativa, siendo uno de los líderes más destacados del Sindicato Nacional Obrero de la Industria Azucarera. Participó en el IV Congreso Obrero Nacional, conocido como Congreso de Unidad Sindical, al que se llegó después de una ingente labor unitaria frente a los transfugas y divisionistas. La consigna de "Unidad: CTC", de la que fue uno de los más activos paladines, ganó la conciencia de las masas. Ni las persecuciones, ni la miseria que azotaban los hogares de los trabajadores y el propio, hicieron flaquear la férrea voluntad de lucha del gran combatiente.

En noviembre de 1938 su participación fue determinante en el surgimiento de la Federación Provincial Obrera de Santa Clara; y en octubre del año siguiente se le elegía vicesecretario general de la Federación Nacional Obrera Azucarera, que después se denominaría Federación Nacional de Trabajadores Azucareros. En enero de 1939 era exaltado al Comité Ejecutivo de la Confederación de Trabajadores de Cuba (CTC).

Jesús Menéndez, que había ingresado en el Partido Comunista desde 1931, fue elegido en 1940 delegado a la Asamblea Constituyente, en la que se destacó por su defensa de los intereses de los trabajadores. Ese mismo año el voto popular lo exalta a la Cámara de Representantes, en la que se mantuvo cuando dos años después obtuvo la extraordinaria votación de 17 mil sufragios preferenciales.

En 1945 partió al frente de una comisión de la FNTA hacia Washington a fin de discutir las negociaciones

azucareras entre Cuba y los Estados Unidos. En esta ocasión no triunfó su propósito de incluir la representación obrera en las negociaciones debido a la resistencia imperialista, lo que no amilanó su voluntad. Con el apoyo de los trabajadores se fue al norte y logró hacerse escuchar de funcionarios de los Departamentos de agricultura y Estado, demandando para Cuba garantías mediante la fijación de una cuota no inferior al 50 por ciento del consumo de EE. UU.

Finalizada la II Guerra Mundial, los magnates norteamericanos intentaban comprar globalmente la zafra. Esa fue la ocasión que aprovechó Jesús Menéndez para imponer las condiciones que beneficiaban a los trabajadores y a la economía del país. No pudo ser impedida esta vez su presencia en las negociaciones, aprobándose finalmente la cláusula de Garantía, y el Diferencial Azucarero por su gestión.

Tomó parte activa en 1947, en la preparación de la Conferencia Internacional de Trabajadores Azucareros que se reunió en Ciudad México. Estando en México en las labores preparatorias del evento, le llegó la discusión en el Congreso de EE. UU. de la nueva Ley Azucarera, en la que se burlaba la promesa hecha a Cuba durante el período de guerra y señalaba una cuota igual a la que prescribía la Ley de 1947, mediante la introducción de la conocida Cláusula 202-E.

Indignado ante la agresión imperialista, se trasladó a Washington, entrevistándose con senadores a los que expuso la protesta de los trabajadores y del pueblo cubano y sus derechos. Ganó asimismo, el apoyo de dirigentes obreros, celebró conferencias de prensa, mítines, etc., desplegando una intensa campaña.

Con la condición de que fueran congelados los salarios de los obreros, los hacendados habían aceptado que EE. UU. compraran a Cuba al precio de 3.675 centavos por libra de azúcar, las zafras de 1946-47. Jesús Menéndez demostró "la improcedencia de la medida antinacional y la total negación de toda reciprocidad en las relaciones comerciales cubano-norteamericanas, que hubieran significado congelar los ingresos de los trabajadores y de toda la nación, mientras se le vendían los artículos que importaba a precios especulativos". Su

firme actitud, respaldada por la clase obrera y por todo el pueblo dio por resultado que por primera vez en la historia de Cuba, los trabajadores fueron incluidos en las negociaciones azucareras, logrando la inclusión de la cláusula de garantía en el contrato de venta de las zafra de 1946-47. En ese período hubo para los trabajadores azucareros y en los ingresos nacionales un diferencial de 37 millones de pesos.

Otra conquista ganada, en cuya batalla tomó parte principal Jesús Menéndez, fue la del Retiro Azucarero, la constitución de la Caja de Retiro y Asistencia Social de Obreros y Empleados de la industria. Apoyándose en las masas azucareras y en la clase obrera, el dirigente lograba unos tras otros beneficios para su sector: reconstrucción y modernización de centrales, decreto sobre la higienización de los bateyes, Clínica Nacional para la FNTA, etc. En enero de 1948 el terror imperaba en las colonias y centrales. Los obreros azucareros en pie de lucha. La porra mujalista, el ejército y el gobierno, patronos e imperialistas combinados, encarcelaban, propinaban plan de machete a los obreros, llegando al crimen de hasta quemarles sus casas. La lucha sin embargo, continuaba firme. Algunos patronos llegaron a firmar contratos colectivos de trabajo con sus obreros, prometiendo pagar el diferencial. El 4 de enero la CTC y la FNTA convocaron un mitin en el que Menéndez expresó: "Yo saludo con emoción profunda la firme combatividad de mis compañeros y los exhorto a que continúen hacia adelante por nuestro pan, por nuestros salarios, por diferencial, por nuestra libertad sindical, por el progreso de nuestra patria, por Cuba..."

Menéndez explicó que el mitin había sido convocado para demandar el pago del 8 por ciento del diferencial de 1947 que correspondía a los trabajadores de los centrales y de las colonias por la labor que habían realizado durante ese año.

En complicidad con el gobierno, los patronos cubanos y extranjeros, apoyados por Mujal, preparaban lo que fue calificado "el más escandaloso affaire de la historia de Cuba". Proyectaban la exención de impuestos que arrancaba 41 millones de pesos a la economía nacional que se convertían en ganancias para los magnates de dentro y de las empresas extranjeras, lo que significaba hambre y miseria para el pueblo cubano. En esa ocasión Jesús llevó a Palacio un memorándum contentivo del pago del 8 por ciento del diferencial y de los salarios por todo el año 1948, constanding también los datos fidedignos del terror que imperaba en numerosos centrales azucareros, pidiendo finalmente garantías para que los obreros pudieran trabajar. Lejos de ser escuchado, el terror continuó. Menéndez recorría los centrales y sacaba a los obreros de las cárceles, se reunía con ellos y los exhortaba en los mitines a mantenerse unidos en sus organizaciones, con dirigentes producto de su propia elección.

El 16 de enero el Consejo de Ministros acordó "subsidiar" a los magnates azucareros con los impuestos de sus propias ganancias, es decir, donar a los patronos azucareros 15 millones de pesos del Tesoro Público. El día 21 Jesús Menéndez habló al pueblo en una masiva concentración que se efectuó en Santiago de Cuba, denunciando el atraco infame de que era objeto el pueblo y los trabajadores. El día 22, cuando regresaba del central "Estrada Palma", donde había asistido a una potente movilización de trabajadores del central y sus colonias, levantando la demanda que ya era de todo el país: igual salario para todo el año y el pago del 8 por ciento, fue asesinado en la Estación de Ferrocarril de Manzanillo, ante su negativa viril de ser conducido preso, sin que fuera respetada su inmunidad parlamentaria. El imperialismo agresor armó la mano asesina que cometió el crimen.

Rubén Martínez Villena

(1899 - 1934)

*"Aumenta en el peligro la obligación sagrada.
(El oprobio merece la palabra colérica)
Yo, tiro de mi alma, cual si fuera una espada
y juro, de rodillas, ante la madre América".*

(De Mensaje Lírico Civil)

Rubén Martínez Villena nació en Alquizar, provincia de La Habana, el 20 de diciembre de 1899, en el modesto hogar de un profesor de instrucción pública recién graduado. Contaba corta edad cuando sus padres se trasladaron a La Habana en busca de un porvenir más amplio. Rubén estudió de pequeño en la Escuela No. 37, en el Cerro, donde manifestó singular interés por los estudios históricos y literarios, y en la que dio precoz sentido de compañerismo y de justicia. A los 13 años hacía su ingreso en el Instituto de Segunda Enseñanza de La Habana.

Desde niño experimentó el deseo de dar forma verbal a sus sentimientos y tomó la decisión de ser poeta

aunque estudiara alguna carrera. Y es con esta idea que matricula en la Escuela de Derecho de la Universidad de La Habana, donde en el ambiente de preocupación patriótica que allí privaba, tiene por primera vez conciencia clara de la turbia realidad nacional donde el afán de lucro y las pugnas por el poder, de los políticos criollos, emerge ante sus ojos junto al predominio explotador de los intereses norteamericanos, en la economía y el control del país.

Al mismo tiempo que estudia en la Universidad, Rubén comienza a trabajar por las tardes en el bufete del doctor Fernando Ortiz. Allí trabó amistad con Pablo de la Torriente Brau.

La Universidad fue escenario de sus primicias de activista, participando en los movimientos estudiantiles del Alma Mater en contra de los males políticos que se reflejaban en ese alto centro docente en forma de una enseñanza corrompida y feudal al servicio de los criterios imperialistas. Siempre a la cabeza, Rubén participa en aquellas luchas que contribuyen a madurar su conciencia revolucionaria.

En junio de 1922 se gradúa de doctor en Derecho Civil y Público; y ante el horizonte de bienestar y riquezas que le auguran como futuro "gran abogado", responde: "No seré ni abogado ni rico. Me lo impide no solo mi condición de poeta sino mi conciencia". Sin embargo, su título de abogado fue usado para defender a los oprimidos.

En 1923 Rubén sufre su prueba de fuego pública. El clero y los politiqueros de turno realizan la escandalosa maniobra de la compra-venta del convento de Santa Clara en 3 millones de pesos. La indignación popular crece, y en medio de ella se alza Martínez Villena para acusar al gobierno de Zayas por la miserable estafa al Estado y al pueblo. En la Academia de Ciencias de La Habana, deja oír su voz de denuncia interrumpiendo la perorata que a título de conferencia científica, pronunciaba un alto funcionario de Zayas. A partir de aquel hecho Rubén probaría por primera vez el duro banco de la cárcel, provocando su prisión una ola de indignación pública.

Ganado ya para la agitación revolucionaria, funda la "Falange de Acción Cubana". El mismo escribe el ma-

nifiesto-programa en el que se define que lucharían contra la corrupción administrativa y por lograr una república acorde con los postulados martianos.

Poco tiempo después el descontento es general ante la desvergüenza y el desbarajuste imperantes y los distintos factores en rebeldía se integran alrededor de la "Asociación de Veteranos y Patriotas", y Rubén es llamado a su Consejo Superior. Aunque él sostiene desde el principio un criterio insurreccional acepta los métodos provisionales de lucha, y en reuniones y mítines deja escuchar su palabra que fustiga la corrupción y clama por reivindicaciones.

Cuando se inician los trabajos preparativos de la insurrección, Rubén está al frente como en la labor de proselitismo. Así en la acción de spoderarse de la dinamita en las canteras de Camoa, a pesar de su débil complexión, asombra a todos cargando pesados fardos. Cuando se necesitó un piloto experto que tripulando un avión bombardeara los objetivos militares de La Habana para iniciar acciones armadas contra los títeres imperialistas, Rubén se brindó sin vacilar para ser ese piloto, a pesar de que jamás había montado en un aeroplano. Con ese objetivo embarcó secretamente hacia los Estados Unidos, donde al cabo de 15 días ya podía entenderse con el complicado mecanismo de los aviones. Y cuando sólo esperaba órdenes para partir en cumplimiento de su misión fue detenido por agentes especiales de la Policía Federal, sufriendo por espacio de un mes la prisión yanqui. Al salir de la cárcel y para reunir dinero para el pasaje de regreso, buscó trabajo

en Tampa, en una de cuyas fábricas de cerveza laboró varios meses, sufriendo en carne propia la explotación industrial del mundo capitalista.

De regreso a La Habana, desengañado de los políticos que habían sorprendido su buena fe, se acercó a la cantera estudiantil que a la sazón preparaba el primer Congreso Revolucionario de Estudiantes. En estas tareas trabó amistad con Julio Antonio Mella.

Machado asciende al poder el 20 de mayo de 1925 y ya en noviembre la situación entre las fuerzas gubernistas y las juveniles y de izquierda, se había agudizado. Al ocurrir el arbitrario encarcelamiento de Mella, Rubén se presenta como su abogado, y más tarde forma parte del "Comité Pro Libertad de Mella". De estos días es la anécdota bien conocida de la mañana en que Rubén increpa al mismo Machado, lanzándole el calificativo que lo siguiera hasta la historia: "asno con garras".

Rubén intensifica su labor en la Universidad Popular, a la vez que en los textos de Marx y Lenin va documentándose del más idóneo instrumento dialéctico revolucionario conocido. Su vida ya está de lleno en el torbellino de la lucha y a la vez que la tiranía machadista arrecia su represión, Rubén va teniendo menos reposo y su cuerpo, ya enfermo, se resiente por día.

Ingresado en la Quinta de Dependientes sufrió la persecución desatada contra los elementos de izquierda y la clausura de la Universidad Popular a la que había dado sus mejores esfuerzos. Ya la oligarquía preparaba

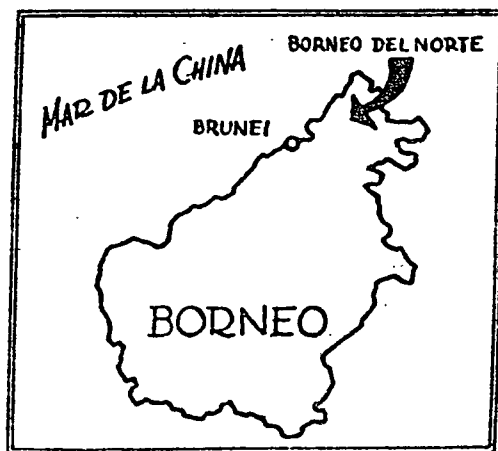

la "legalización" del continuismo con la prórroga de poderes al tirano. Cuando meses después abandona su lecho de enfermo, Rubén ingresa en el Partido Comunista para luchar con las masas en el noble deber de cambiar aquel mundo de hambre, miseria, explotación e injusticia. Pasa a la clandestinidad en preparación de la huelga de 20 de marzo de 1930, que hizo tambalear al régimen oprobioso. Y en vísperas de la misma, con 39 grados de fiebre y una palidez mortal en el rostro, pronuncia su memorable discurso ante las masas enardecidas en el Centro Obrero de La Habana.

Gravemente enfermo, sus compañeros deciden enviarlo a la Unión Soviética para internarse en un sanatorio del Cáucaso. Allí permanece entre alternativas de recaídas y mejorías, estudiando el sistema en la cuna del socialismo. En mayo de 1933 regresa a La Habana, cuando está en plena efervescencia la lucha contra Machado. La huelga de agosto tiene por héroe y conductor indiscutible a Rubén Martínez Villena, quien perseguido de cerca, febril y a ratos moribundo, dirigió con mente maestra y voluntad de acero el grandioso movimiento.

Todavía le quedarían fuerzas a Rubén para decir sus últimas palabras a las masas, desde el balcón de la Liga Antimperialista, ante las cenizas de su gran compañero Mella traídas desde México; y más tarde para echar las bases del trabajo organizado del Cuarto Congreso Obrero de Unidad Sindical. Días después ingresó en el Sanatorio "La Esperanza", esta vez para salir cadáver el 16 de enero de 1934.

La Lucha de los Pueblos por su Independencia

BRUNEI

Un nuevo frente contra el colonialismo ha sido abierto al norte de Borneo.

El 8 de diciembre se produjo un levantamiento armado en la parte septentrional de la isla de Borneo, en las regiones correspondientes a los protectorados ingleses de Borneo del Norte, Brunei y Sarawak. Las primeras informaciones daban cuenta de que una fuerza rebelde integrada por más de 20 mil nativos se apoderó de los puestos militares en un esfuerzo por derrocar el gobierno de Borneo.

Datos geográficos

La isla de Borneo, es considerada la cuarta del globo, después de Australia, Groenlandia y Nueva Guinea. Su extensión es de 740 mil 769 kilómetros cuadrados y unos

tres millones de habitantes. La mayor parte de la isla, unos 551,400 kilómetros cuadrados, pertenece a Holanda. El resto ha estado bajo la dominación inglesa desde 1888. Inglaterra ejerce "protectorado" sobre los sultanatos de Brunei y Sarawak, y soberanía sobre Borneo Septentrional o Borneo del Norte.

La isla fue descubierta por marineros a los órdenes de Magallanes en 1518. Sus límites son: las Filipinas al Noroeste; Java, al Sur; Sumatra y la península de Malaca al Oeste; y las islas Célebes al Este.

Historia

Después del descubrimiento los portugueses fundaron el primer establecimiento europeo en el año 1526, y desde 1598 comenzaron a llegar a la isla los holandeses que mantuvieron largas luchas contra ingleses y españoles por el dominio total de Borneo, durante los siglos XVII y XVIII.

A fines del siglo pasado ingleses y holandeses se habían repartido el territorio. Durante la Segunda Guerra Mundial los japoneses tuvieron ocupada la isla desde 1942 a 1945.

El control de Inglaterra

La colonia inglesa de Brunei está situada al noroeste. Tiene 5 mil 765 kilómetros cuadrados y 30 mil 135 habitantes. La capital es la ciudad de Brunei, con 12 mil habitantes, en la que radica el gobierno constituido por un sultanato, pero que ejerce un residente inglés desde el año 1926.

En Brunei están concentrados los principales centros petrolíferos, controlados por el consorcio de la "Shell".

Borneo del Norte tiene 65 mil 45 kilómetros cuadrados y 270 mil habitantes. Su capital es Sandakan. De ella dependen las islas de Balambangan, Jembongan y Malawali.

Sarawak se extiende por la parte noroeste, al sur de Brunei. Tiene 121 mil 730 kilómetros cuadrados y 546 mil 331 habitantes. Posee ricos yacimientos petrolíferos. Su capital es Kuching. Hasta 1841 fue dominio del sultán de Brunei. En ese año llegó a Brunei el aventurero inglés James Brooke, quien se puso de acuerdo

con el sultán para "pacificar" el territorio de Sarawak a cambio de su dominio. Brooke se convirtió así en el "rajá blanco" de Sarawak, título que siguieron llevando sus herederos. En 1946 el llamado "rajá blanco" ofreció ceder sus derechos a Gran Bretaña a cambio de una renta anual, lo que fue aceptado.

La riqueza de Borneo

Borneo está situada en plena zona ecuatorial, disfruta de un clima cálido todo el año y posee tierras extraordinariamente férciles, además de una riqueza minera verdaderamente fabulosa. Los tres protectorados ingleses, en los que se produjera la insurrección del 8 de diciembre, tienen una producción petrolera que es considerada la segunda en importancia de la comunidad británica, después de Canadá.

Las minas de oro, cobre, hierro, manganeso y estaño, constituyen un filón codiciado por los monopolios, al igual que sus productos agrarios en los que se cuentan el sagú (harina alimenticia obtenida de una variedad de palma), arroz, algodón, caña de azúcar, maderas, caucho, copra y tabaco. Además del petróleo es notable su producción de hulla y la rica pesquería de perlas.

La industria, no obstante, es nula. Se limita a la construcción de barcos y la fabricación de algunos objetos de plata y latón.

Su población, indígena, compuesta de "dayaks", malayos y "bugis", está en su casi totalidad al margen de la civilización y sometidos a la férrea explotación de los capitalistas europeos, principalmente holandeses e ingleses.

La insurrección.

Según las informaciones más dignas de crédito, el levantamiento armado del pasado día 8 de diciembre, fue inspirado y organizado por el Partido Popular de Brunei, compuesto esencialmente por los obreros de los campos petroleros a quienes explota el consorcio británico de la "Shell". El diario checo "Rude Pravo" señaló que el Partido Popular es la organización política más progresista en todo el territorio del Borneo británico.

Los primeros partes de la lucha indicaban que la rebeldía se había extendido por todo el territorio en los tres protectorados, haciéndose más intensa en las

zonas petroleras de Brunei —Seria y Kuala Belait—, mientras en Borneo del Norte las fuerzas del ejército nacional se sublevaron contra el dominio inglés. Tanto Inglaterra como la Federación Malaya han movilizado fuertes contingentes para realizar operaciones de "limpieza" contra los insurgentes. En los días posteriores al alzamiento, barcos, aviones y tropas, procedentes principalmente de la base inglesa de Singapur, han venido desatando una ola de bárbara represión para liquidar a los patriotas; y aunque el mando inglés ha declarado reiteradamente que las zonas conflictivas están bajo total control, se ha señalado la importancia que en la lucha guerrillera tiene el terreno abrupto y selvático que priva al norte de Borneo.

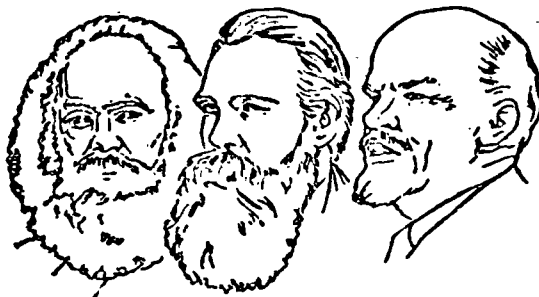

La posición de Azhari

El líder del Partido Popular, Azhari, que es su principal dirigente y que vive en Filipinas, declaró en principio que el movimiento perseguía establecer un Estado formado por los tres protectorados ingleses y de hecho, se proclamó jefe de gobierno. Azhari es pues un jefe de un futuro Estado en el exilio que ha "amenazado" con ponerse directamente al frente de los agueridos combatientes; pero que permanece en Manila al amparo del gobierno filipino, declarando, además, que se propone afiliar el país a la Mancomunidad Británica de Naciones, establecer relaciones con Filipinas (país bajo control norteamericano) y no tocar la propiedad privada o los intereses particulares en el nuevo Estado.

Todo esto hace suponer que Azhari aspira sólo a ser un títere de los monopolios norteamericanos que a través de él pretenden sustituir a los monopolios ingleses en el control de la riqueza de Borneo.

No obstante los planes de Azhari y del imperialismo norteamericano, el hecho de que los que se han levantado sean los trabajadores petroleros que en buena parte están armados sólo con cuchillos y lanzas de bambú, pone de manifiesto que se trata de otro episodio de la lucha de liberación de los pueblos coloniales, y que sus objetivos de liberación han de sacudirse las cadenas de la explotación colonial e imperialista, por encima de los propósitos entreguistas de su titulado líder.

El pensamiento de Marx-Engels-Lenin

Sobre la Guerra de Guerrillas

(Fragmento)

Tomado del libro de V. I. Lenin
"Marx, Engels y el Marxismo",
editado por Ediciones en
Lenguas Extranjeras, Moscú, 1916.

El fenómeno que nos interesa es la lucha Armada. Sostienen esta lucha individuos aislados y pequeños grupos. Unos pertenecen a las organizaciones revolucionarias, otros (la mayor parte en ciertos puntos de Rusia) no pertenecen a ninguna organización revolucionaria. La lucha armada persigue dos fines diferentes, que es preciso distinguir rigurosamente: en primer lugar, esta lucha se propone la ejecución de personas aisladas, de los jefes y subalternos de la policía y del ejército; en segundo lugar, la confiscación de fondos pertenecientes al gobierno y a particulares. Parte de las sumas confiscadas va al partido, parte está consa-

grada especialmente al armamento y a la preparación de la insurrección, parte a la manutención de los que sostienen la lucha que caracterizamos. Las grandes expropiaciones (la del Cáucaso, de más de 200.000 rublos; la de Moscú, de 875.000 rublos) estaban destinadas precisamente a los partidos revolucionarios ante todo; las pequeñas expropiaciones sirven en primer lugar, e incluso a veces enteramente, al sostenimiento de los "expropiadores". Esta forma de lucha ha tomado un amplio desarrollo y extensión, indudablemente, tan sólo en 1906, es decir, después de la insurrección de diciembre. La agudización de la crisis política hasta llegar a la lucha armada y, sobre todo, la agravación de la miseria, del hambre y del paro en las aldeas y en las ciudades han desempeñado un importante papel entre las causas que han originado la lucha de que tratamos. El mundo de los vagabundos, el "lumpenproletariat" y los grupos anarquistas han adoptado esta forma de lucha como la forma principal y hasta exclusiva de lucha social. Como forma de lucha empleada en "respuesta" por la autocracia, hay que considerar: el estado de guerra, la movilización de nuevas tropas, los progromos de las "Centurias negras" (Siedlee) y los consejos de guerra sumarísimos.

El juicio que se emite habitualmente sobre la lucha en cuestión, se reduce a lo siguiente: esto es anarquismo, es blanquismo, es el antiguo terrorismo, son actos de individuos aislados de la masa que desmoralizan a los obreros, que apartan de ellos a los amplios círculos de la población, que desorganizan el movimiento, que perjudican a la revolución. En los hechos comunicados todos los días por los periódicos se encuentran, sin dificultad, ejemplos para confirmar este juicio.

Pero ¿son convincentes estos ejemplos? Para comprobarlo tomemos la región en que esta forma de lucha está más desarrollada: el país letón. He aquí en qué

términos se lamenta "Nóvoe Vremia" ("Tiempos Nuevos"), del 21 y del 25 de septiembre, de la actividad de la socialdemocracia letona. El Partido Obrero Socialdemócrata letón (sección del Partido Obrero Socialdemócrata de Rusia) publica regularmente su periódico, con una tirada de 30,000 ejemplares; en la sección oficial aparecen listas de confidentes cuya supresión constituye un deber para cada hombre honrado; los que ayudan a la policía son declarados "enemigos de la revolución" y deben ser ejecutados, respondiendo además con sus bienes; se ordena a la población no dar dinero para el Partido Socialdemócrata más que contra recibo sellado; en el último informe del Partido figuran, entre los 43,000 rublos de ingreso del año, 5,600 rublos de la sección de Libava destinados a la compra de armas y procurados mediante expropiaciones, "Nóvoe Vremia" fulmina, naturalmente, contra esta "legislación revolucionaria", contra este "gobierno terrible".

Nadie se atreverá a calificar de anarquismo, de blanquismo, de terrorismo, estas acciones de los socialdemócratas letones. Pero, ¿por qué? Porque en este caso es evidente la relación entre esta nueva forma de lucha y la insurrección que ha tenido lugar en diciembre y que madura de nuevo. En lo que concierne a toda Rusia, esta relación no es tan evidente, pero existe. La propagación de la lucha de "guerrillas" precisamente después de diciembre, su relación con la agravación de la crisis no sólo económica, sino también política, son innegables. El viejo terrorismo ruso era obra del intelectual conspirador; ahora, quien sostiene la lucha de guerrillas es, por regla general, el obrero combatiente o simplemente el obrero sin trabajo. Las expresiones de blanquismo y de anarquismo se les ocurren fácilmente a gentes que gustan de los clichés, pero en la atmósfera de insurrección, que de un modo tan evidente existe en el país letón, es indudable que estas etiquetas aprendidas de memoria no tienen ningún valor.

El ejemplo de los letones pone de relieve la falsedad completa, el carácter anticientífico y antihistórico del análisis que, con tanta frecuencia, se hace entre nosotros de la guerra de guerrillas, sin establecer relación alguna entre ella y la situación insurreccional. Hay que tener en cuenta esta atmósfera insurreccional, reflexionar sobre las particularidades del período transitorio entre los grandes actos de la insurrección, comprender qué formas de lucha surgen necesariamente como consecuencia de ello y no resolver la cuestión con un surtido de palabras aprendidas de una vez para siempre y empleadas lo mismo por los "kadetes" que por "Nóvoe Vremia": ¡anarquía, pillaje y vagabundeo!

Las operaciones de guerrillas, se dice, desorganizan nuestro trabajo. Apliquemos este razonamiento a la situación creada después de diciembre de 1905, a la época de los programas de las "Centurias negras" y de las declaraciones de estado de guerra. ¿Qué es lo que desorganiza más el movimiento en dicha época: la falta de resistencia o bien la lucha organizada de los guerrilleros? Comparad la Rusia Central con sus confines del Oeste, con Polonia y el país letón. La lucha de guerrillas ha adquirido indudablemente mucha más difusión y desarrollo en esos confines occidentales. Y es no menos innegable que el movimiento revolucionario en general y el movimiento socialdemócrata en particular, están más desorganizados en la Rusia Central que en las regiones del Oeste. Evidentemente, ni siquiera se nos ocurre la idea de deducir que si los movimientos socialdemócratas polaco y letón están menos desorganizados es gracias a la guerra de guerrillas. No. La única conclusión que se desprende de ello es que la guerra de guerrillas no entra para nada en la desorganización del movimiento obrero socialdemócrata en la Rusia de 1906.

Se invocan frecuentemente las particularidades de las condiciones nacionales, lo cual revela manifiestamente la debilidad de la argumentación corriente. Si se trata

De las condiciones nacionales, es que no se trata de anarquismo, de blanquismo, de terrorismo —pecados comunes a toda Rusia e incluso específicamente rusos—, sino de algo diferente. ¡Analizad este algo diferente de un modo concreto, señores! Veréis entonces que la opresión o el antagonismo nacionales no explican nada, pues siempre han existido en los confines occidentales, mientras que la lucha de guerrillas sólo ha sido engendrada por el período histórico actual. Hay muchas regiones en que existen la opresión y el antagonismo nacionales, pero no la lucha de guerrillas, que se desarrolla a veces sin que se de la opresión nacional. Un análisis concreto de la cuestión probará que no es del yugo nacional de lo que se trata, sino de las condiciones de la insurrección. La lucha de guerrillas es una forma inevitable de lucha en un momento en que el movimiento de masas ha llegado ya realmente a la insurrección y en que se producen intervalos más o menos considerables entre "grandes batallas" de la guerra civil.

No son las acciones de guerrillas las que desorganizan el movimiento, sino la debilidad del Partido, que no sabe tomarse en sus manos la dirección de dichas acciones. He aquí por qué los anatemas habituales entre nosotros los rusos contra las acciones de guerrillas, coinciden con acciones de guerrillas clandestinas, accidentales, no organizadas, que realmente desorganizan el Partido. Incapaces de comprender las condiciones históricas que engendran esta lucha, somos igualmente incapaces de contrarrestar los aspectos negativos de la misma. La lucha no por eso deja de continuarse, pues la provocan potentes factores económicos y políticos. No tenemos fuerza para suprimir estos factores ni esta lucha. Nuestras quejas contra la lucha de guerrillas son quejas contra la debilidad de nuestro Partido en materia de insurrección.

Lo que hemos dicho de la desorganización corresponde igualmente a la desmoralización. No es la guerra de guerrillas lo que desmoraliza, sino el carácter *inorganizado*, desordenado, sin partido de las acciones de guerrillas. Las condenaciones y las imprecaciones con que se abruma a las acciones de guerrillas no nos evitan, ni mucho menos, esta *innegable* desmoralización, pues estas condenaciones e imprecaciones son absolutamente impotentes para detener un fenómeno provocado por causas económicas y políticas profundas. Se nos objetará que si somos incapaces de detener un fenómeno anormal y desmoralizador, esto no es una razón para que el Partido adopte procedimientos de lucha anormales y desmoralizadores. Pero tal objeción sería puramente liberal-burguesa y no marxista, pues un marxista no puede considerar *en general* anormales y desmoralizadoras la guerra civil o la guerra de guerrillas, como una de sus formas. El marxista se coloca en el terreno de la lucha de clases y no en el de la paz social. En ciertas épocas de crisis económicas y políticas agudas, la lucha de clases, al desenvolverse, se transforma en guerra civil abierta, es decir, en lucha armada entre dos partes del pueblo. En tales períodos, el marxista está obligado a colocarse en el terreno de la guerra civil. Toda condenación moral de ésta es completamente inadmisibile desde el punto de vista del marxismo. En una época de guerra civil, el partido ideal del proletariado es un *Partido de combate*. Esto es absolutamente incontrovertible. Admitimos perfectamente que desde el punto de vista de la guerra civil se puede demostrar, y se demuestra en efecto, la *inconveniencia* de unas u otras formas de guerra civil en uno u otro momento. Admitimos plenamente la crítica de las diversas formas de guerra civil desde el punto de vista de la *conveniencia militar* y estamos incondicionalmente de acuerdo en que, en esta cuestión, el voto decisivo corresponde a los militantes activos socialdemócratas de cada localidad. Pero, en nombre de los principios del marxismo

mo, exigimos absolutamente que nadie intente sustraerse al análisis de las condiciones de la guerra civil por medio de lugares comunes sobre el anarquismo, el blanquismo y el terrorismo; que no se haga de los procedimientos inescusatos empleados en la guerra de guerrillas en un cierto momento por cierta organización del Partido Socialista polaco, un espantajo en la cuestión de la participación de la socialdemocracia en la guerra de guerrillas en general.

Hay que acoger con espíritu crítico los argumentos relativos a la desorganización del movimiento a causa de la guerra de guerrillas. Toda forma nueva de lucha que trae aparejada consigo nuevos peligros y nuevos sacrificios, "desorganiza", indefectiblemente, las organizaciones no preparadas para esta nueva forma de lucha. El paso a la agitación desorganizó nuestros antiguos círculos de propagandistas. Más tarde, el paso a las manifestaciones desorganizó nuestros comités. En toda guerra, cualquier operación lleva un cierto desorden a las filas de los combatientes. De esto no puede deducirse que no hay que combatir. De esto es preciso deducir que hay que *aprender* a combatir. Y nada más.

Cuando veo a socialdemócratas que declaran con soberbia y suficiencia: nosotros no somos anarquistas, ni ladrones, ni bandidos; estamos por encima de todo eso, rechazamos la guerra de guerrillas, me pregunto: ¿comprenden esas gentes lo que dicen? En todo el país hay encuentros armados y refriegas entre el gobierno archirreaccionario y la población. Es un fenómeno absolutamente inevitable en la fase actual de desarrollo de la revolución. Espontáneamente, sin organización —y, precisamente por eso, en formas a menudo poco afortunadas y malas—, la población reacciona mediante colisiones y ataques armados. Estoy de acuerdo en que a causa de la debilidad o de la falta de preparación de nuestra organización, podemos renunciar, en una

localidad y en un momento dado, a colocar *esta* lucha espontánea bajo la dirección del Partido. Estoy de acuerdo en que esta cuestión debe ser resuelta por los militantes locales activos, que la transformación de organizaciones débiles y poco preparadas no es cosa fácil. Pero cuando veo a un teórico o a un publicista de la socialdemocracia que, en lugar de estar apenado por esta falta de preparación, repite con orgullosa suficiencia y entusiasmo narcisista las frases aprendidas en su primera juventud sobre el anarquismo, el blanquismo y el terrorismo, me causa una gran pena el ver rebajar así la doctrina más revolucionaria del mundo.

En el Frente de la Producción

La III Zafra del Pueblo

El pasado 10 de enero se inició la Tercera Zafra del Pueblo. Después de la movilización de nuestro pueblo frente a la amenaza de agresión imperialista, se han tensado las fuerzas para cumplir de nuevo con la ingente tarea que demanda la economía nacional. El alerta de combate lanzado por el Comandante Guevara para vencer en este importantísimo frente de la producción, situó al centro de los objetivos inmediatos del pueblo, el corte y alza de toda la caña disponible en el tiempo prescrito para terminar la zafra.

El día 4 se iniciaron reuniones provinciales con la participación de la Comisión Nacional de la Zafra, las ORI y las Comisiones de las provincias de Las Villas,

Camagüey y Oriente, dando los toques necesarios de organización entre todos los factores que intervienen en la producción azucarera, y poniendo especial énfasis en el transporte, los abastecimientos y las piezas de repuesto. La CTC-R hizo un llamamiento para moler toda la caña y junto con los 25 Sindicatos Nacionales,

anunció el aporte de 50 mil macheteros voluntarios permanentes. En Plenaria Nacional efectuada el 8 de enero se trató sobre el trabajo organizativo de los batallones. En Oriente, los "Batallones Rojos", integrados por macheteros experimentados, lograban desde los primeros días de la zafra notables promedios de corte y alza.

El salario de cortadores habituales.

El Ministerio de Trabajo, por medio de su Resolución No. 1, fijó el salario de los cortadores de caña, estableciendo tres escalas según el promedio de corte de cada uno: \$1.93 por 100 arrobas a quienes promedien menos de 120 arrobas; \$2.20 por 100 arrobas a quienes promedien entre 120 y 150 arrobas; y \$2.30 por 100 arrobas a quienes promedien más de 150 arrobas diarias.

La molienda hasta el 18 de enero

Los datos de la molienda en toneladas métricas hasta el 18 de enero son los siguientes:

Dr. Carlos Rafael Rodríguez, confirmó la decisión del Gobierno Revolucionario de acclerar la construcción de 500 alzadoras, de las que serán entregadas setenta próximamente.

Cañas nuevas

En la reunión mensual de la Comisión Nacional Azucarera, efectuada el pasado día 18, se rindió el informe final de las siembras de cañas nuevas realizadas en 1962, que alcanzaron un total de 12 mil 986 caballerías, equivalente al 83.4 por ciento de la meta de 15 mil 500. La única provincia que sobrepasó su compromiso fue Oriente, con una siembra de 4,500 caballerías, el 2.3 por ciento más que la extensión fijada, con La Habana en segundo lugar con un cumplimiento del 96.4 por ciento de la meta fijada.

El bosque de la amistad.

Delegados extranjeros que concurrieron a los actos del Cuarto Aniversario de la Revolución Cubana, procedentes de 61 países, plantaron 2000 árboles en el Bosque de la Amistad "Alvaro Barba".

POSESIONES COLONIALES EN ARABIA

Adén. Posesión de Gran Bretaña desde 1839, compuesta por una colonia (la ciudad de Adén, las islas Kouria-Mouria, Perim, Kamaran) y dos protectorados: el del Este (Hadramaout, la isla Socotora y otros principados) y el del Oeste (los sultanatos-principados árabes). El territorio de la colonia es de 291 kms. cuadrados y el de los protectorados de 239,400 kms. cuadrados. La colonia contaba en 1960 con 155.000 habitantes, los protectorados con 650.000. La capital es la ciudad de Adén (32.500 habitantes).

Las principales actividades económicas son la extracción de sal, la pesca, la cría de ganado, la agricultura (se cultivan el mijo, el café, el algodón y frutas), el refinado del petróleo y los trabajos en el puerto. La tierra, propiedad de los señores feudales y de la aristocracia tribal, es trabajada mayormente por colonos.

La colonia es administrada por un gobernador inglés, auxiliado del Consejo Legislativo. La administración en los protectorados está a cargo de los residentes ingleses. Los principados árabes son formalmente gobernados por los jefes de tribus.

En 1959, Gran Bretaña creó la Federación de Emiratos árabes del Sur, en la que se incluyó a numerosos principados del Oeste.

En el territorio de Adén se encuentran importantes bases militares británicas aéreas y navales.

Bahrein. Principado en las islas Bahrein del Golfo Persa, que se encuentra desde 1861 bajo el protectorado de Gran Bretaña. La Arabia Saudita e Irán, que las consideran como parte de su territorio, aspiran a poseer las islas Bahrein. La superficie de Bahrein es de 589 kms.-cuadrados. Cuenta con 143.000 habitantes, principalmente árabes y también iraníes, indios, africanos y europeos. La capital y puerto principal de Bahrein es la ciudad de Manama (62.000 habitantes).

Las islas Bahrein son ricas en petróleo (las reservas se elevan a 33.000.000 de toneladas; en 1960 se extrajeron 2.200.000 toneladas). Las explotaciones petroleras y

una refinería con una capacidad de más de 10.000.000 de toneladas anuales, pertenecen a la compañía americana "Bahrein Petroleum". Se cultivan datileros y cocoteros, viñas, etc. En la región de las islas Bahrein se encuentran bancos de madreperlas de fama mundial.

A raíz del tratado de 1934 concluido con Inglaterra, el poder supremo pasó formalmente al jeque de Bahrein. De hecho es el residente político inglés el que gobierna.

En 1959 se formó un Frente de Liberación Nacional que se pronunció por la independencia y por una colaboración más estrecha con los países árabes.

En su territorio se encuentran bases militares aéreas y navales inglesas y una base naval americana.

Qatar. Protectorado británico en la costa del Golfo Persa. Su territorio es de 22.000 kms. cuadrados. Cuenta con 45.000 habitantes. El centro administrativo es la ciudad de Doha (Bida), con cerca de 20.000 habitantes.

El subsuelo de Qatar es rico en petróleo (las reservas llegan a 350.000.000 toneladas). En 1961 se extrajeron más de 8.000.000 toneladas. La extracción del petróleo es controlada por la compañía anglo-franco-americana "Qatar Petroleum". Todo el petróleo bruto es exportado al extranjero. La agricultura está muy poco desarrollada (horticultura y cría de ganado). Se dedican a la pesca de perlas.

Qatar es un principado encabezado por el jeque cuyo poder es formalmente ilimitado, pero en realidad es el residente político inglés el que lo decide todo.

Kuwait. Principado situado al noroeste de Arabia, bajo el protectorado de Gran Bretaña desde 1899. El 19 de junio de 1961, presionada por el movimiento de liberación nacional del Cercano Oriente, Inglaterra se vio obligada a otorgar a Kuwait la independencia formal. Sin embargo, hizo ocupar el territorio del principado por sus tropas pocos días después de la proclamación de la independencia.

El territorio de Kuwait es de 15.500 kms. cuadrados. Cuenta con 219.000 habitantes. La capital es la ciudad de El-Kuwait (120.000 habitantes).

Por sus grandes reservas de petróleo (8.500 millones de toneladas) Kuwait ocupa el primer lugar del mundo, y en extracción (82 millones de toneladas en 1961) el tercer lugar entre los países capitalistas (después de Estados Unidos y de Venezuela). La mayor parte del petróleo es extraído por la compañía anglo-americana "Kuwait Oil Company". Las ganancias netas de las compañías petroleras alcanzaron, en 1958, y de acuerdo con cifras que seguramente están por debajo de la realidad, cerca de \$248.000.000 de dólares.

La industria local es limitada, en principio, a las empresas que se dedican a la explotación del petróleo, a la economía municipal y a la producción de alimentos. La rama principal de la agricultura es la cría de ganado nómada. Casi todos los productos agrícolas son importados del extranjero. La tierra pertenece a los jeques y a los grandes comerciantes. En las regiones del litoral, la población se dedica a la pesca y en particular a la pesca de perlas.

Una base militar aérea inglesa se encuentra en el territorio de Kuwait. El principado es dirigido por el jeque.

Omán. Es un imanato y un sultanato en la parte sudeste de Arabia. Su territorio es de 212.400 kms. cuadrados. Tiene 550.000 habitantes. Cerca del 90% de la población es árabe (50% nómadas). Las principales ciudades son Niswa (capital de Omán) y Mascate (puerto y residencia del sultán).

El feudalismo sigue imperando en el país y se encuentran inclusive restos de patriarcado. La principal ocupación de la población es la agricultura (cultivo esencial: datileros), la cría de ganado nómada (camellos) y la pesca en el litoral. Se han descubierto importantes reservas de petróleo. No hay ferrocarriles. Predominan los caminos caravaneros.

En el territorio de Omán se encuentra el sultanato de Mascate. En 1951 Gran Bretaña impuso a Mascate un tratado desigual. El poder real del sultanato lo ejerce el residente político inglés.

El imanato de Omán está situado en las regiones interiores del país. Proclamó su independencia en 1913. El jefe del Estado es el imán, gobernador civil y religioso. En 1955, con el apoyo de los ingleses, las tropas del sultán de Mascate invadieron el imanato de Omán y ocuparon Niswa, su capital. La población del imanato ha venido luchando por su liberación nacional. El combate llegó a su punto culminante a mediados de 1957. Las tropas inglesas participaron en el aplastamiento del movimiento de liberación.

Pero el heroico pueblo de Omán no se somete. Prosigue una lucha encarnizada contra los intervencionistas ingleses y contra el sultán de Mascate, su títere.

Refugiándose en las montañas, Djebel Akhdale, los patriotas de Omán atacan constantemente a las tropas enemigas. Las representaciones del imanato de Omán en El Cairo y en Damas han publicado comunicados que dan una idea de las pérdidas considerables que los guerrilleros de Omán infligen a los ocupantes ingleses.

El 4 de diciembre de 1961, el Comité Político ad hoc de la XVI sesión de la Asamblea General de la ONU adoptó una resolución reconociendo el derecho del pueblo de Omán a ser independiente. Demanda la retirada de todas las tropas extranjeras de su territorio. Los Estados Unidos, Inglaterra, Francia y sus aliados votaron contra esta resolución. La lucha del pueblo de Omán por su independencia tiene la simpatía y el apoyo de toda la humanidad progresista.

Trucial Omán. Siete principados árabes de la parte este de Arabia que están bajo el protectorado de Gran Bretaña, forman el Trucial Omán. Su territorio es de 83.600 kms. cuadrados. Cuenta con 86.000 habitantes. La ciudad principal y puerto es Dibai (25.000 habitantes). La principal ocupación de la población es la cría de ganado nómada, la agricultura de oasis (dátiles, cereales), así como la pesca, en particular la pesca de perlas en las regiones litorales. Se han descubierto reservas de petróleo (más de 450.000.000 toneladas).

En el siglo XIX, Gran Bretaña organizó, con el pretexto de luchar contra los piratas, una expedición militar, invadiendo los principados árabes y estableciendo su protectorado. El residente político inglés de las islas Bahrein ejerce el control político. Los principados son dirigidos por los jeques.

Giraldo Mora y Andrés Cazalla

DOS COMPAÑEROS EJEMPLARES

Las condiciones del revolucionario se expresan siempre, necesariamente, en su abnegación, en su dedicación fiel a las tareas arduas y difíciles, tanto como nobles, que la revolución impone a sus combatientes.

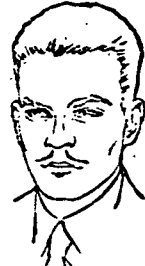

El odio de la contrarrevolución y el imperialismo hacia los trabajadores, hacia el pueblo, —por el contrario—, se expresa frecuentemente en la ruindad, en la cobardía de sus crímenes. La sucesión de actos criminales de los contrarrevolucionarios al servicio de la CIA en los últimos días, dan buena prueba de ello.

Giraldo Mora Cantón y Andrés Cazalla-Perera eran, en verdad, dos compañeros ejemplares. De su conducta y de su trabajo revolucionario pueden extraerse ejemplos aleccionadores.

El domingo 13 de enero terminaban de efectuar, juntos, un gran acto con los campesinos de las cercanías de Sabanilla, en un punto de la carretera que conduce a Cabezas, en Matanzas. Cazalla había proyectado películas y documentales revolucionarios a los campesinos. Giraldo les había dado una charla, encendida como él acostumbra, animada a ayudar a que el entusiasmo revolucionario de nuestros campesinos fuera más militante, más consciente aún.

Partían del lugar, avanzada la noche, y encontraron súbitamente la muerte —una muerte brutal— a manos de un grupo de cobardes asesinos contrarrevolucionarios que, emboscados en la carretera, dispararon sorpresivamente, sobre los dos compañeros. Sus cuerpos quedaron abatidos —ferozmente ultimados— sobre una siembra recién nacida de maíz, abonándola con su sangre, como un símbolo del amor de los revolucionarios al trabajo creador, y al propio tiempo como expresión del odio de los enemigos del pueblo a todo lo que signifique bienestar para los trabajadores, liberación y progreso.

Giraldo Mora Cantón —de 35 años— era un joven revolucionario que desde temprana edad participaba con sus hermanos en las tareas revolucionarias del mo-

vimiento obrero en San Juan y Martínez. Por aquel entonces cultivaba la tierra. Mayor de edad, vino a la ciudad, se dedicó a la albañilería y pasó a militar activamente en la Juventud Socialista. Más tarde se hizo gastronómico —sin abandonar sus actividades revolucionarias— y finalmente, tras el triunfo de la Revolución, cursó una escuela de instrucción y pasó a desempeñar la tarea de orientador revolucionario.

Andrés Cazalla Perera, de 26 años, era lo que se llama un obrero ejemplar. Natural de Sabanilla —de la misma tierra en que cayó— también de pequeño trabajó como obrero agrícola. Ya hombre, comenzó en la ciudad a trabajar como chofer en una tintorería. Las inclemencias de la vida difícil, del trabajo asalariado, fueron formando su espíritu. Más tarde la Revolución y las experiencias de todo nuestro pueblo conformarían finalmente su conciencia. Miliciano entre los primeros pasó a integrar un batallón y con éste participó en las acciones del Escambray y en las reservas que fueron a Playa Girón. En el trabajo que últimamente desempeñaba sentía de cerca la obra de la Revolución, dialogaba con los trabajadores, participaba en la labor de llevarles las ideas revolucionarias. Con sus compañeros tuvo siempre una actitud ejemplar.

La franqueza, el entusiasmo y la jovialidad permanente de Giraldo Mora —“Nikita” para sus compañeros— y la seriedad, el compañerismo y la sencillez de Andrés Cazalla, estarán siempre unidas en el recuerdo de los que los conocieron, a la idea de dos compañeros que supieron ser ejemplo de revolucionarios por el tesón, la firmeza y la fe en el triunfo definitivo de nuestro pueblo que demostraron siempre en su trabajo con nosotros.

El crimen no quedará impune. La Revolución castigará a sus asesinos. Y el ejemplo de los que cayeron, como el de todos nuestros hermanos caídos, fortalecerá aún más nuestra decisión inquebrantable de dar hasta nuestro último aliento y nuestra última gota de sangre por la causa de la independencia y del socialismo.

MEMORANDUM FOR THE RECORD

SUBJECT: LITAMIL-9, Report of TDY, Andrew S. PARMERS

1. During 21-26 February 1963, Andrew S. PARMERS travelled from Headquarters to Mexico City on TDY to train LITAMIL-9 on various clandestine, operational, techniques, including SW. Upon arrival in Mexico City PARMERS ascertained that LITAMIL-9 allegedly because of moral inhibitions, was unwilling to receive training and also unwilling to accept the SW systems Headquarters had issued for him, and which PARMERS had carried to Mexico City. Nevertheless, PARMERS met LITAMIL-9 three times to determine the agents precise objections and to overcome them if possible. Although the agents general resistance was not overcome, PARMERS did review with LITAMIL-9 clandestine methods and techniques in a general way.

2. The first meeting was held at the Station case officers home, with the Case Officer present. LITAMIL-9 explained his reasons for refusing to be trained and for not being willing to communicate in SW with KUBARK while in Cuba. Generally LITAMIL-9 claimed that he is very nervous, and incapable of performing clandestine tasks without having a nervous breakdown and at the same time getting himself caught in the act because of his general incompetency. Also, LITAMIL-9 was planning to stay at his brothers home in Cuba, and felt it would be unethical and immoral for him to be communicating clandestinely with KUBARK while accepting the hospitality of his brother and sister-in-law who are staunch supporters of the Castro regime. These ~~agreements~~ ^{agreements} obviously had already been presented to the Case Officer who had already concluded that LITAMIL-9 could not be moved from his position. The agent furthermore, felt that there was no need for training or SW since he would be returning to Mexico after only three months in Cuba. He displayed a cable he had just received from his father answering LITAMIL-9's query as to what might be his next assignment. The cable stated that LITAMIL-9 would most likely return to his present post in Mexico. The agent therefore felt that upon his return to Mexico City, he could be debriefed by his Case Officer. LITAMIL-9 rejected all attempts to convince him of our need for current info from inside Cuba. He was adamant when we pointed out that he might not return to Mexico City as hoped, but might have to remain in Cuba, having no means of contact. If this happens he plans to resign his position and return to Mexico as a private citizen, since he already is a registered "resident" of Mexico.

3. On Friday, 24 February, PARMERS spent most of the day visiting alone with LITAMIL-9 at the latter's apartment. By the end of the day LITAMIL-9 had softened a little and had revealed some of the personality traits mentioned below. LITAMIL-9 also agreed to communicate with his Case Officer through open code in letters to his brother in Mexico City. He also was willing to meet inside KUBARK, preferably if the contact was a diplomat but not Cuban. He agreed to take a set of cuff links as bona fides. As a suggestion, he mentioned that his friend, The Swiss Ambassador, now serving in Madrid, Spain, would be an ideal contact. In revealing how such a contact could be performed and in discussing LITAMIL-9 modus vivendi in Cuba, there was considerable discussion concerning operational Security and clandestine procedures LITAMIL-9 can apply while in Cuba.

4. LITAMIL-9 during this meeting also presented, in logical sequence, his reasons for believing that he will return to Mexico City. Basically, he feels that between the fact that he has many contacts in Mexico City (where he has lived and worked for many years) and the fact that his sister-in-law in Cuba has a responsible position with considerable influence in the Castro Government, he, LITAMIL-9, will be re-assigned to his present post in Mexico City after three months of leave, consultations, and training in Cuba.

5. The third meeting occurred in the evening of 25 February, in a car pick up situation, with the Case Officer present. This time, LITAMIL-9 was less willing to communicate with KUBARK while in Cuba than he had been during the previous meeting, but with some reluctance, agreed to the use of open code and to be contacted by some diplomat. This meeting, therefore, was a routine operational meeting, with his Case Officer in charge.

6. Based upon their three meetings, PARMERS formed the following opinions of LITAMIL-9: He is a shrewd opportunist, willing to collaborate with KUBARK against the Castro Government, but not to the point where his personal security is endangered. He dislikes the Castro Regime because it has fumbled so badly, and because the current Cuban officials are crude and incompetent. He greatly admires the American people, but definitely feels that we are merely concerned about our own national security and well-being. LITAMIL-9 owes his first loyalty to the fine arts, has little Patriotic feelings towards Cuba, since he has lived in Mexico for so many years, and has declared himself to be a resident of Mexico. He is now serving the Cuban Government simply because he had an opportunity (through his sister-in-law) to achieve official status and income and still remain in Mexico where most of his

SECRET

-3-

personal friends reside.

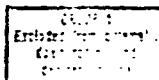

7. Although at first appearance, and according to his own ~~own~~ statements, LITAMIL-9 appears to be extremely nervous because of his clandestine activities in behalf of KUBARK and against Cuba, after some discussion it was apparent that he actually relishes these clandestine actions that he would have engaged in then long before he did, and that he would have continued a covert relationship with KUBARK even after Castro falls, serving either in Mexico (where he has many contacts of interest to KUBARK) or in Cuba in some post in some future government. He has excellent rapport with his present KUBARK case officer. He states that as long as KUBARK remains willing to accept that he has definite personal limitations, (since he can perform only those clandestine tasks related to his cover and cannot be trained or induced to do anything else) he will gladly continue collaborating with KUBARK as long as desired.

8. Actually, PARMERS feels that LITAMIL-9 would do most anything we would desire if KUBARK would someday establish some control over him. His present remarks concerning his moral qualms are artificial. He has great appreciation for shrewdness and double play, and openly admits having engaged in it all his life. On many occasions he admits that he has accommodated himself to a situation for profit or because he knew that he could turn the tables eventually on his adversaries. When he is off-guard he admits to being a cool operator who can scheme and work behind his adversaries' backs. He shows many signs of enjoying doing what he does for and with his present KUBARK case officer.

9. In summary, although LITAMIL-9 did not accept training or SW in the standard sense, PARMERS believes that the agent's reluctance was based on his desire to take few risks. The agent is competent, his moral inhibitions are probably faked. He is convinced that he will return to Mexico soon, and desires to continue serving KUBARK if no greater risk is involved. Since KUBARK at present has no clear control (monetary or ideological) over LITAMIL-9, it was difficult to impose KUBARK's will over him. But he is very willing to perform for KUBARK within the limitations he sets, and if someday we can satisfy some personal need he might have, he has the potential of becoming a good controlled agent for KUBARK. He is intelligent and by nature he seems to instinctively conduct his clandestine operations in a secure manner.

Subject: LITAMIL-9

On 9 Feb 63, I met LITAMIL-9 at usual rendezvous point and drove car to quiet street where he held meeting. NO SECURITY PROBLEMS. Time: 0830-0945

LITAMIL-9 reported as follows:

1. See MEXI cables re AMSTRUT-2, ltr from "Concha" FERNANDEZ and Irish Passport case.
2. Manuel ~~VARQUE~~ Pardini^s arrived in Mexico on 8 Feb 63. E-9 queried him re LECHUGA and MARQUE said "tratan iz convencer a LECHUGA a regresar a Mexico", also represent Cuba at the CNU. As the conversation became interesting, Benigno CASTELLAR called L-9 away from MARQUE and told him help the couriers.
3. Irina ~~TRAPOTE~~ de ~~ELITE~~ VALDES, arrived in Mexico on 8 Feb 63. She arrived in Mexico as "inspectora de Consulados". She will probably go to Spain from Mexico re mother's death. L-9 helped Irina through customs and she invited him over to visit her and Victor TRAPOTE.
4. ~~XXXXXXXXXX~~ ^{JORGE PROENZA} ~~ROJAS~~, son of Jorge ROJAS arrived in Mexico on 8 Feb 63. He is going to stay in Mexico about two weeks. He reportedly is on school vacation.
5. Teresa PROENZA is still in Havana, where she expects to spend another two weeks.
6. Dolores ~~DE LA TORRE~~, Mexican, was at the airport waiting for someone connected with Yugoslav film industry. She was very much interested in taking care of him, which she was finally able to do.
7. ~~Carolina~~ ^{husband} ~~VALERIEGUEZ~~ (WIFE of Lillian, who came through Mexico several weeks ago) arrived in Mexico from Brazil and left for Havana. He thanked L-9 for his attentions to his wife. (See past memo re Lillian COCHRAN)
8. Juan ~~JURBE~~ ~~CHARRA~~ left Mexico for Habana on 8 Feb 63. He is accompanied by Laura ABELIO Campos.

9. Gerardo SANCHEZ Robert, Cuban Consul in Jamaica, left Mexico for Jamaica on 7 Feb 63. Mariano GARCIA Perez, Cuban Consul in Merida, left on the same flight for Jamaica.

10. L-9 said that on 8 Feb 63, Jose Antonio "Nico" ~~HERNANDEZ~~ GARCIA Lara remarked in front of L-9 and several other dips while at the Commercial Office that Andres ~~ARMONA~~ Ramon (who also there) took two hours to break the messages he received. ARMONA said this was ridiculous to waste so much time on this ZIA type of thing, i.e. receiving encoded msgs re Commercial activities.

11. L-9 provided Rev, Revolution, El Mundo and two bulletins from Merida, i.e. Consulate there.

12. L-9 reported that on 5 Feb 63, Dr. Jaine ~~WOOLRICH~~, Mexican doctor, showed him the letter he was sending to Habana re invites to Mexican Congress. WOOLRICH gave L-9 a fleeting glance at the letter, put in an envelope and sealed it. L-9 was hoping that WOOLRICH would leave quickly so that he could reopen the letter easily but he remained until the glue dried. Nevertheless, L-9 went to his office and opened the letter as best he could and resealed it. He said it was pretty messy and he was fearful that WOOLRICH, who was scheduled to return would want to see the envelope again. WOOLRICH returned but has another envelope which he asked L-9 to send with the previous one. L-9 copied the names down from the letter as best he could in the short time available. These will be put in report, LISICBE and LICADET were both on the list.

CXS

On 8 FEB 63, Antonio "Nico" GARCIA told L-9 that he was having marital trouble and that's why wife did not come back to Mexico with him.

Memorandum for the ¹co
Subject: LITAMIL-9

On 8 Nov 62, at 2200, LITAMIL-9 called and
a mtg was arranged at same meeting place as previously designated.
NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. At about 1430 on 8 Nov 62, L-9 went to the office of Ana Maria BLANCO and discovered that BLANCO, Ramon SINOBAS C., and Andres ARMONA Ramon, Commercial Counselor. L-9 said that he excused himself for interrupting but SINOBAS told him to ~~EE~~ stay. L-9 said that ARMONA was very much upset by the problems he was confronting re ship in Veracruz. He was complaining bitterly to SINOBAS ~~EE~~ that the ship had been in port practically a week and they were not getting anything done. He seemed to be blaming his underlings, i.e. GARCIA, VILLAR etc. ARMONA was definitely discouraged. SINOBAS suggested that he call Raul ROA as ROA is the only one who seems to be able to get anything done here. (NOTE: This is example of how Cuban dips use room of Ana Maria BLANCO to discuss matters of importance.)
2. L-9 said that SINOBAS appears to be taking him into his confidence more and more. OJALA!
3. L-9 reported that he saw one socket in Ana Maria BLANCO'S room while he was there. He said that it is in the wall near her desk, about foot off floor and is being used by BLANCO for the electric typewriter. He is not sure but believes that the typewriter/^{cord}is plugged directly into the socket. He will continue to report on this aspect of our work.
4. On 8 Nov 62, L-9 went to visit ^XAgustin AYALA Castan^{BRCS} at the Instituto de Geologia at the U.N.A.M. re AYALA'S failure to return some slides (secciones delgadas) he took from Cuba for study in Mexico.

P-6079

L-9 said that AYALA, a young fellow (35), was somewhat disturbed to think that the Cuban Gov't would think him capable of keeping their slides. AYALA said that he finished his contract in Cuba and was going to write several items on geology etc based study slides etc. L-9 said that AYALA told him that the political problem took too much of his time and that he preferred to stay in Mexico, where he is EARLY earning 9000 pesos monthly. L-9 got the impression that AYALA was "through" with Cuba although he told L-9 that he has been in Cuba on 22 different occasions. L-9 showed me the letter from Cuba asking him to investigate the AYALA case, AYALA's answer and L-9's own report on his contact with AYALA. L-9 will give me copies at a later mtg.

Subject: LITAMIL-9

On 24 Jan 63, I met LITAMIL-9 at the usual rendezvous point and we drove to darkened area of city to hold meeting. NO SECURITY PROBLEMS NOTED. TIME: 230060030.

LITAMIL-9 reported as follows:

1. On the afternoon of 23 Jan 63, another Circulo de Estudios was held at the Cuban Embassy. Again Ramon ^{Grupo} SINOBAS took the floor and continued in the same vein as at the previous session (See MEMO.... SINOBAS said that Imperialism was conscious of the ^{danger} ~~XXXX~~ in which it was in and would increase its repressive measures. SINOBAS said " it is necessary to struggle for/insurrection in Latin America as the ^{armed} only practical means to gain power." He said it necessary to gain power at any cost (como de lugar) and afterwards educate the masses. He said that it fruitless to try and educate the masses first. Power must first be gained and then educate the masses in ~~XXX~~ Marxist Leninist teachings. He cited Cuba, as an example of how power must be obtained. SINOBAS said that to enter into peace talk with the Imperialists is equal to Revisionism or Trotskyism. L-9 said that SINOBAS demonstrated a great deal of enthusiasm for what was going on in Venezuela, where Imperialism is unable to control the revolution, also enthusiastic about Hugo BLANCO in Peru although they believe him a Trotskyite; also enthusiastic about JULIAO in Brazil although he is not a Communist. Throughout the afternoon SINOBAS continued his extremely bellicose position. L-9 said that his position was backed strongly by Andres ^{Ramon} ~~XXXXXXXX~~ ARMONA and Jose LLAGOSTERA with ~~XXXXXXXX~~ Herberto JORRIN the only one who reluctant to support the SINOBAS line. L-9 said that SINOBAS continued to attack JORRIN's ~~XXXXXXXX~~ position of the last meeting. (On 24 JAN 63, LITAMIL-9 said that JORRIN had received "recall orders". L-7 described SINOBAS as "vivo", "ningun bobo", "inteligente" "claro" and "sabe donde...". L-9 said that SINOBAS obviously has received orders from Havana because his position is well defined, clear. L-9 said SINOBAS' own words, more or less re his position at this mtg were: "Coger el poder por la fuerza a como de lugar. Una vez al poder se educan a las masas...".

170

2. L-9 met Jorge XROJAS Mendoza who told him that he felt it would be quite a while before Mexican Government gave permission to fly Ilushin planes to Mexico. ROJAS, who was "not under the collar as usual because of Mexico's position re Ilushins" said that the Britannias would be used to go to Europe, and the ^{light} Ilushins to make the Havana Mexico "run".

3. L-9 reported that Mauro XJIMENEZ Ugalde, Apartado 13659, Admon 45 Z.P. 1, was a protege of Teresa PROENZA and would probably go to Cuba soon. PROENZA ~~XXXXXXXX~~ paid for JIMENEZ schooling according to her own statement on 24 Jan 63.

4. On 21 Jan 63, Dolores XDE LA MORA ^{Zepeda} told L-9 that she was going to be given a diplomatic post in the next regime. She brought back a package for Alonso AGUILAR X. from Cuba. L-9 met her at the airport, where Andres XHENSTROSA and Renato XLEDUC were waiting for her ~~her~~. L-9 hopes to become friendly with DE LA MORA in the coming weeks. He believes she is "medio chiflado".

5. L-9 said that SHELLEY, fnu, a Mexican poet, probably of English parents was at that the IMCRC on 23 Jan. L-9 said that a diplomat from the British Embassy was there as was the American "spy", June XCOBB. On 24 Jan, PROENZA told L-9 that she saw the American "spy" at the Institute, i.e. June COBB.

6. Clara XPORCET de XGUERRERO left Mexico for Habana on 21 Jan 63. She told L-9 at the airport that she did not think it advisable for her husband, Javier XGUERRERO to go to Havana because the abstract painters are dominating the scene and they say that Mexican murals are out of date. ("No creo aconsejable que Javier vaya a Cuba. Los pintores abstraccionistas dominan y dicen que la pintura mural mexicana no tiene vigencia.")

7. Carlos XMARISTANY Sanchez. Cuban Amb in Holland, arrived in Mexico on 21 Jan 63. MARISTANY told SINCRAS and L-9 that all Ambassadors in Europe attended that Ambassadors' mtg in Havana except Harold GRAMATGES (check spelling), Cuban Amb in Paris.

8. L-9 said that Antonio "Nico" XGARCIA arrived on 21 Jan 63.

Memorandum for the Director

Subject: LITAMIL-9

On 3 Feb 63, I met LITAMIL-9 at rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED. Time: 1900-2015.

LITAMIL-9 reported as follows:

1. A cable arrived from Havana on 1 Feb 63 stating that the Casa de las Americas could not distribute prizes until Elias XANDINO, Mexican poet, arrived in Habana. Ramon SINOBAS told L9 to get in touch with NANDINGO but he was unable. L-9 told SINOBAS that he told NANDINGO to get in touch with the Embassy, i.e. he left a message to that effect. SINOBAS, aggrry at NANDINGO for not having called, told L-9 not to bother with him.
2. Caridad "Cachita" de ROJAS arrived in Mexico on 30 Jan 63 from Habana. She saw Teresa PROENZA but Teresa had not seen Raul ROARAS of the time "Cachita" left Habana. Cachita did not mention "Conchita" FERNANDEZ, i.e. whether her sister saw her.
3. On ~~XXXX~~ the night of 31 Jan 62, PUIG Abascal, fnu from the ONU arrived in Mexico. He left for Habana on 1 Feb 63. L-9 said he was very close mouthed, did not say anything of interest. He has been in the ONU for more than a year.
4. Two pouches arrived on 1 Feb 63 from Habana and one left Mexico for Habana.
5. L-9 went to the airport on 1 Feb 63 with Benigno XCASTELLAR. CASTELLAR, according to L-9, is very "touchy" and could be ~~XXXX~~ easily provoked, particularly at the airport. The Mexican officials nearly stopped him from going on the plane and afterwards when L-9 suggested he give the Mexicans cigars or something to get into their "good graces", CASTELLAR said: "No me interesa ganarme o caerle bien a toda esta gente".
6. L-9 saw Dr. Jaime XWOOLRICH again at the Embassy. He is married to Fanny XRAPEL, the Mexican painter. WOOLRICH told L-9 that PORTILLA, fnu in Cuba was the person who ~~XXXX~~ arranged for the Mexican doctors to attend the Congress, i.e. through WOOLRICH.
7. L-9 reported that Consuelo ESPERON is very interested in knowing who the doctors are who are going to the Medical Congress. L-9 assumes (and correctly so) that ESPERON wants the name to pass to LITAMIL-3.XXI. L-9 told ESPERON that he did not know the names, that ~~LITAMIL-3.XXI~~

(LIENVOY) 1

8. L-9 said that Dr. XICICERO, fnu, who ~~XXXXXXXXXXXX~~ would have been unable to attend the Congress when it was scheduled the last part of 1962 is now able to attend and will probably go to Havana in the near future. L-9 received this info from Dr. WODLRICH.
9. L-9 commented that several of the ~~XX~~ members of the Cuban Embassy staff remarked that the U.S. would be less interested in the Cuban problem with the De Gaulle "fiasco" on their hands.
10. L-9 provided copies of Revolucion, El Mundo, Hoy (1 Feb 63) also copy of Trabajo and booklet (prpp) entitled: La Revolucion Cubana y Los Ninos.

11. L-9 ~~XXXXXXXX~~ IDENTIFIED the following LIERODE photos:

DPS Agent - Name not known

Wife of Andres ARMONA Ramos

Wife of RAMOS Praslow

Son of Easbbio AZCUE Lopes - "Chevo" AZCUE

* Brazilian - Anxious go to Habana.

- * L-9 reported that a Brazilian (name not known) has been around the Embassy about a week trying to get a visa. The Brazilian said that he wants to go to Cuba to get married. SINOBAS is suspicious of Brazilian and can't understand why he did not get a visa in Brazil. In fact, SINOBAS would not give him a visa if he had his say. AZCUE is handling the case.

12. L-9 said that the person to whom SINOBAS sent telegram re his transfer is:

Ricardo X LARCON de Cuesada

Director of the Direccion de Politica
Regional II Dpto. "A"

13. L-9 said he would not call his sister-in-law until 5 Feb 63. He said that if something had arrived re his transfer on 1 Feb he would have excuse to stay another week because he was not informed until 4 Feb 63. ~~XXXXXX~~

14. L-9 discussed the visa problem of his brother in law and asked that I do best get him and mother visa and if possible payx for transportation. Both in Hava.

Regresan a Cuba Para no Estar 3 Años en la Cárcel

Cinco salvadoreños que permanecieron algunos días en Cuba, no podrán volver a su país, so pena de pasar de uno a tres años de prisión.

Esto fue lo que ocurrió ayer a dos señoritas y tres hombres de San Salvador, quienes ayer intentaron volver a su patria después de estar unos días en la isla cubana.

Susana Aparicio Gómez, Clara Lechuga, Felipe Gustavo Rubio, José Dmas Salas y Alfredo Acosta Díaz son los salvadoreños a quienes las autoridades de su país cierran las puertas.

Declararon ayer, en el aeropuerto, a donde llegaron en un "Britannia" de Cuba a de Atlántida, procedentes de La Habana, que el gobierno de su país acaba de dictar una orden en tal sentido y por ella los salvadoreños que visiten Cuba no podrán volver al país a menos que estén dispuestos a aceptar de uno a tres años de prisión.

Debido a la orden anterior, ellos quisieron que volvieran a La Habana en el mismo avión que viajaron.

Desertan en Irak dos Enviados Cubanos

BAGDAD, Irak, 3 de febrero. (AP)—El diario "Al Akhbar" informó que dos diplomáticos cubanos desertaron de sus puestos y huyeron a los Estados Unidos, donde pidieron asilo político.

Se trata de Orlando Chomar, encargado de negocios cubano hasta el mes pasado, y Huro Bell, tercer secretario de la legación, según el diario.

Chomar llegó aquí en diciembre de 1962, y Bell en abril último, desde La Habana. El periódico dijo que Chomar recibió un telegrama de La Habana, ordenándole que regresara a su país, pero que en lugar de ello huyó a los Estados Unidos con su esposa, su madre, y Bell y su esposa.

Subject: LITAMIL-9

On 18 January 1963, I met LITAMIL-9 at the rendezvous point and we drove to secluded section of town to hold mtg. NOSECURITY PROBLEMS NOTED. Time: 2230-2315

LITAMIL-9 reported as follows:

1. While L-9 was in the office of Ramon BINOBAS Casado, Cuban Charge, Manuel SANCHEZ entered and said that Hugo BELT, mulatto dip assigned to Geneva was ~~given~~ given 23 23,000 U.S. to "defect". SANCHEZ then commented that he never was a "revolutionary".

2. On 17 Jan 63, L-9 went to the Prensa Latina office to see Edmundo JARDON Arzate re Bolivian who trying to come to Mexico. JARDON was not in but L-9 had a chance to talk with Mario^X GIL, who was at the office. GIL told L-9 that Manuel^X MARCUE Pardanas went to see President LOPEZ Mateos re the case of Armando^X HARDY, Argentine, who was deported recently. GIL said that Pres. LOPEZ Mateos was "violento y terminante" in his mtg with MARCUE, saying " Me interesa su revista ni la leo". In addition, GIL told L-9 that Humberto ROMERO, Presidential Secretary, told MARCUE that "something could happen that would not be pleasant re ENEE Politica". ROMERO added that of course he wasn't in favor of such action but he insinuated that it very well could happen. ROMERO said that he had heard this from someone.

4. Maria Victoria^X DE LACRUZ, Mariacarmen^X OLIVERI and Teresa^X PROENZA went to Cuernavaca re Maria Elena TAMAYO "talk" on Cuba on 17 Jan 63.

One of PROENZA's sisters called the Embassy and L-9 answered the phone. PROENZA's sister asked for her and when L-9 said she had gone to Cuernavaca, the sister became perturbed and said that Teresa should not have gone, i.e. gotten mixed up in this thing.

5. L-9 recalled that among the statements made by SINOBAS on 16 Jan at the Circulo de Estudios was the following: "Pacifismo significa Revisionismo"

either L-9 one. L-9 is quite pleased with himself on this score because he feels that GARCERAN realizes now that he can't push L-9 around.

Handwritten note: *See page 10*

12. BRUNO-9 identified DAVID GARCERAN as DAVID GARCERAN, Russian wife of LEON GARCERAN, Guatemalan Communist and DAVID GARCERAN, Amr MICHELI's secretary at the United Nations in New York. The photos were provided by BRUNO-9 and were taken at the Cuban Embassy reception given JUAN SILVA recently.

13. L-9 said that he continues during the 10 "an "Study Circle" that the Cuban Embassy personnel should work hard to insure solidarity on the left, i.e. that all shades of the left should merge and work together. He cited the serious split brought about by the COT.

14. L-9 said that JOSE GARCERAN, who is quite vocal at all Cuban Embassy, as to others was tentative again on 13 Jan 61. L-9 said that while GARCERAN, the DAVID at the Embassy, was talking he kept looking at him (L-9) and L-9 became uneasy. L-9 described GARCERAN as a dangerous type because he is semi-integrated. The thought "a little knowing as a dangerous thing" that's true but still in that case, according to L-9. GARCERAN was among the 100 at the point part of the 10th's speech.

Memorandum for the Record

Subject: LITAMIL-9

On 20 Jan 63, I met LITAMIL-9 at the usual rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED. 1930-2015

LITAMIL-9 reported as follows:

1. Teresa PROENZA did not go to the lecture by Maria Elena TAMAYO in Cuernavaca as previously reported. PROENZA told L-9 she did not go because she felt it not wise.
2. Teresa PROENZA and Jorge ROJAS Mendoza went to great trouble to bring the nephew of Teresa PROENZA to Mexico recently; for instance they were able to pay for the trip with pesos cubanos. It now turns out that her ~~nephew~~ ^{sister, her husband} and children "took asylum in Mexico". They disappeared from PROENZA's house. The brother of Teresa ^{JORGE} and his wife left ^{PROENZ} Mexico for Havana on 18 Jan 63. (Caridad PROENZA and Alvaro PROENZA left Mexico via Cubana -LIFIRE B/Doc)
3. On 18 Jan 63, Ramon SINOBAS and L-9 to pick up Antonio "Nico" GARCIA Lara, who was scheduled to arrive. (He did not show up) At the last minute Teresa PROENZA joined them. At the airport, SINOBAS was very unhappy because when he tried to go aboard the plane (Cubana), an official stopped him saying: " Joven, usted no puede pasar." SINOBAS later told L-9 he would be glad to get out of Mexico - Ojala y pronto pueda abandonar este pais!
(COMMENT: L-9 said he believes SINOBAS now critical Mexico in front of him to soften blow transfer which expected)

Virginia PROENZA Proenza and her husband Luis GONZALEZ Garcia with their child, Guido M. GONZALEZ Proenza arrived in Mexico from Havana on 23 Dec 62 via Cubana (LIFIRE B/Doc)

4. Returning from the airport, SINOBAS and PRONEZA discussed Cuban Gov't negotiations with authorities of the Mexican Gov't re the use of Soviet Ilushin planes to replace the Britannia planes on the Havana-Mexico run. These ~~flights~~ flights would continue as Cubana de Aviacion flights. That is, the Cubans are negotiating for authorization to use Ilushins from Havana to Mexico. (COMMENT: L-9 believes that Mario TORRES Menier who arrived recently may be involved in these negotiations. L-9 recalled that one of the head men at S.C.O.P. (Aeronautico) is an intimate friend of TORRES and possibly this is TORRES contact.

5. L-9, on 18 Jan 63, went to the airport to meet three men arriving on Canadian Pacific from Japan. They were: Rene RODRIGUEZ, Cuban diplomat, Jose DIEGUEZ, Cuban diplomat, and a Jap diplomat. L-9 put them up in the Hotel Compostela. One of the Cuban dips left an aluminum valise at the Cuban Embassy because there were important papers inside, i.e. "material importante". Rolando CONDE Figueroa, Cuban employee at the Embassy drove the car. The three men are scheduled to leave Mexico on the next Cubana flight. The Jap has permission to remain in Mexico 5 days.

6. L-9, Rolando CONDE Figueroa, Maricarmen ~~XXX~~ OLIBARRI, Manuel Teresa PROENZA SANCHEZ Ramirez/and a few others people unknown to L-9 were at Eusebio AZCUE's home on 18 Jan 63. SANCHEZ and OLIBARRI with unknown people went to Acapulco. While at AZCUE's prior to the arrival of other guests, AZCUE told L-9 that he had asked Carlos LECHUGA to postpone his vacation (that is return to Cuba) for a couple of months. AZCUE said he had a great deal to do in these coming months and that he planned to return to Cuba "definitivamente" in 6 or 7

Ham

months. He said that his children are there and it is logical ~~XXXXXX~~ for him to be with them. L-9 said that he tried several ways to "hit un" a weakness of AZCUE but finds him "patria o muerte". He said that the only thing that seems to bother AZCUE is the "youth" (example- SINOBAS) in the Cuban Government, he cited the case of Andres ARMONA, who is having a hard time with SINOBAS. AZCUE said that he was very unhappy about the circular that SINOBAS sent around ~~re~~ visitors at the Emb and at the Consulate etc. AZCUE said that the C_nsulate is autonomous and I'll have my friends when I want them. ("El Consulado es autonomo y recibo en el mismo a mis amigos y companeros cuando me plazca"). L-9 said that AZCUE was under the weather a bit when he made this remark. AZCUE told L-9 that when he goes to Cuba he will ~~XXXI~~ tell Raul ROA that it is foolish sending "ninos insolentes como diplomaticos". AZCUE also remarked that when I'm in Cuba they won't dominate me; that this is the same as the counter-revolution.

7. Rolando ^XCONDE Figueroa told L-9 that it is necessary to get an Ambassador because SINOBAS "falta madurez.....".

8. AZCUE told L-9 that LECHUGA told him that he could not attend to the O.N.U. and the Embassy in Mexico at the same time. (COMMENT: Another indication that LECHUGA is not returning to Mexico as Amb.)

she will talk at the Guantanamo. L-3 not sure. SAUCHAS passed
by the Embassy on 16 Jan 63 to pick up some material on Cuba.

8. Amb Carlos ENCHUSA gave Teresa FROHNE the job of compiling
and editing the Bulletin that the Cubans are going to publish
in the United States. They are to be sent in Spanish here and
will be translated in New York.

9. Amb Carlos ENCHUSA had a note with Enrique JOHAN in which
he requested that L-3 get a map of Mexico for him from the USIA
United Nations office in Mexico and also obtain the book "Las
Memorias de La Revolución". L-3 went to USIA. She has one, they
did not have a copy of Mexico. L-3 asked that I help him find

On 5 Jan 63, I met LITAMIL-9 at the usual rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. L-9 went to visit ~~XIOMARA~~ Xiomara SANCHEZ Robert, former secretary of Amb PORTUONDO in Mexico. SANCHEZ told him Jacinto VAZQUEZ, Cuban dip, will replace Ramon SINCEAS in Mexico.
2. SANCHEZ told L-9 that Sra Gladys de LECHUGA will not go to Cuba under any circumstances.
3. SANCHEZ told L-9 that Amb Carlos LECHUGA and Ana Maria BLANCO were "la gran pareja", i.e. were hitting it off well together in Mexico.
4. SANCHEZ told L-9 that Margarita CASASUS de SIERRA, wife of Manuel J. SIERRA, writer and friend of Adolfo LOPEZ Mateos told her that the Mexican Gov't no longer looks on Carlos LECHUGA as the "fair haired boy". CASASUS is the author of a book entitled: Las Llaves Perdidas - U.N.A.M. 1961.
5. SANCHEZ told L-9 that Ana Maria BLANCO and Leovigildo FERNANDEZ were caught "en actitud inconveniente" in Havana prior to BLANCO's departure for Mexico.

According to SANCHEZ OLIVARES' wife wrote about the episode to her father who showed the letter to Raul ROA. Xiomara SANCHEZ said she heard about it 15 minutes after ROA saw the letter. SANCHEZ said it quite a scandal and it will be difficult for OLIVARES to return to Havana.
7. SANCHEZ told L-9 that there is a great deal of immorality going on in the Foreign Office and cited Nancy, Lnu as one of the "favorites."
8. SANCHEZ ~~commented~~ commented that in her opinion Raul ROA has lost his "olfato" and is making assignments poorly.

Subject: IRVING-9

On 19 Jan 68, IRVING-9 called and was scheduled for 2100. I picked him up at various point and we parked car in secluded area of the city. NO SECURITY PROBLEMS NOTED. Time: 2100-2215.

IRVING-9 reported as follows:

1. I-9 found the following note among Teresa FRONZA's papers, which she had left on his desk:

Handwritten: #117 69-12

WALTER WATTS - CIA
WALTER WATTS - CIA
WALTER WATTS - CIA
WALTER WATTS - CIA

WALTER WATTS - CIA
WALTER WATTS - CIA
WALTER WATTS - CIA
WALTER WATTS - CIA

I-9 said he copied the above word for word from FRONZA's note.

2. On 14 January 1968, FRONZA gave I-9 a New Year's greeting from Manuel IRIBO. I-9 believes he received the card because he was among those present at the Presidential Palace in early Jan 68.

3. I-9 overheard Teresa FRONZA tell Manuel IRIBO, now President of the EMORO to get in touch with Manuel IRIBO, Spanish writer in Mexico, re his cooperation with the EMORO. IRIBO smiled but apparently IRIBO said he was leaving shortly for the U.S. and would not be able to participate. In having the name of IRIBO, I-9 recalled that he had taken photographs of IRIBO which appeared in a book

written by George WATTS (CIA) titled: Manuel IRIBO - 1967.
Manuel IRIBO - 1967

Cecilia GIBERTI is married to the Spanish painter, Manuel IRIBO. See book for photos of IRIBO and Cecilia GIBERTI taken by I-9.

4. Manuel IRIBO is no worker and will only be able to handle the Latin American section of the EMORO. IRIBO said that "Bogotá" (Raymond BRINK) and the others would share the Directorship of the EMORO.

Handwritten: #117 69-12

6. L-1 said that DON LIND and YAZMINA are very nice and friendly. He also said that "Don Pepe", the director at the INIRO will not leave the area. They have stopped paying him and would like him to leave but he will not. It now appears that a lawyer will be necessary to get "don Pepe" out of the INIRO. He lives in the servants quarters.

8. On 18 Jan 59, Emmanuel GARDALLO, Mexican President of the INIRO and writer of books, is scheduled to leave for Havana. He will be one of the few people who will have an interview with Fidel CASTRO and also with Raul RZA. He will attempt to bring about an understanding and friendly relationship among Cuban and Mexican intellectuals. FROENKA and GARDALLO believe that this will be a very important undertaking even more important than that carried out at the Ambassadorial level. FROENKA added that it is very good that Emilian is in Havana because they will be able to talk about many things.

7. On 15 Jan 59, Ramon SIBRAS (name listed on credit to burn the books of Don Miguel Grau ("El Cero de Oro"), Carlos Manuel de Céspedes ("Historia Sin Hacer"), and Alberto Barrios ("El Sol y la Luna") books were issued. The three books were shown to be printed in Mexico in 1958 as part of a series of five books for distribution in Latin America. The other two are ... "El Mundo de la de Paris" by ... and "El Sol y la Luna" by Enrique BARROS. SIBRAS is Director of the INIRO.

MEMORANDUM FOR THE DIRECTOR

SUBJECT: SIMONS-9

On 17 January 1950, I met SIMONS-9 at the World
convention point and we went to lunch and finally each of the city
where the meeting was held. SIMONS-9 was somewhat nervous and said that
he felt that things were tightening up more and more at the Embassy
and it was necessary to be more security conscious than ever. SIMONS-9's
nervous state was undoubtedly the result of SIMONS-9's harangue during
the "Cercle de Estudios" meeting which was held from 1600 until
1800 that afternoon. Sims-9-1950.

SIMONS-9 reported as follows:

1. SIMONS-9 provided synopsis of SIMONS-9's remarks to "Cercle de Estudios" which

of "El Dia" giving an article recently that the article of the
"Second Declaration of Havana" was that it was necessary that copies
of the First Declaration of Havana as well as the Second Declaration
be sent to "El Dia" to be published as soon as possible. SIMONS-9
said it is necessary to keep these SIMONS-9's Declarations in the eyes
of the public as much as possible since there has been an extensive
copy on the part of other persons of SIMONS-9's Declarations
"not in sight".
3. SIMONS-9 says that there should be an attempt made on 18
January 50 to make sure that the SIMONS-9's are sent to
every last copy. He says that he is sure that on the flight
from Havana and that the SIMONS-9's are not in sight. SIMONS-9

He told L-9 that he was going to do his best to get away from the sectarismo which was ruining the IMCRC during 1962. L-9 agreed and told CARBALLO that he had always tried to convince ^{them} of this ~~XXX~~ but they never listened, i.e. those running the IMCRC.

10. LITAMIL-9 made no comment re "stink bombs" tossed by the LITAINIT team at the reception. The "stink bombs" were mentioned in the front page story re reception in Excelsior.

11. LITAMIL-9 gave me a copy of ^{EMILIO} CARBALLIDO's prize winning play, "Un Pequeno Dia de Ira". This play won the Casa de las America's contest as the best play ~~XXX~~ presented. 11 Jan 62

On 10 Jan 62, I met LITAMIL-9 at the usual rendezvous point and we drove to secluded area of the city. NO SECURITY PROBLEMS NOTED. Time: 2230-2315

LITAMIL-9 reported as follows:

1. L-9 was at the airport and met Amb LECHUGA, who arrived on Eastern Airlines. He was greeted fondly by his daughter who kissed him fondly and his wife who kissed him on the cheek. L-9 said that although he had heard on 9 Jan 62, that LECHUGA was not returning to Cuba on 11 Jan 62, LECHUGA himself told L-9 that he was leaving on 11 Jan 62. L-9 approached LECHUGA re his departure date because he wanted LECHUGA to take a gift to his sister, Mercedes, from L-9. Although L-9 noted no marital problem at the airport on 9 Jan 62, there was a notable seriousness on the part of Sra Gladys LECHUGA at the Embassy on 10 Jan 62. L-9 reported that after the wreath laying ceremony took place on the corner of Abraham Gonzalez and Morelos (re Jose Antonio MELLA), LECHUGA and Ramon SINOBAS left the area alone. Sra. LECHUGA, although asked to return to the Embassy ^{in his car} by Eusebio AZCUE, refused the offer and rode with Julio and Rolando CONDE Figueroa, the cook and his brother, who work at the Embassy.
2. L-9 said that Teresa PROENZA mocked the "title" - "Inspector de Embajadas" given to PANTOJA, fnu, who according to PROENZA, ^{is} ~~was~~ a secretary of Ramiro VALDES. (COMMENT: Airlist gives his name as Orlando TAMAYO Borbon - SEE: MEXI dated 11 Jan 62).

3. PROENZA told L-9 that in her opinion, she, L-9 and SINOBAS will be recalled. She said she did not like the idea of returning to Cuba. L-9 assured me, however, that she'll return without any fuss.

4. L-9 was ordered to the airport to meet Lillian ROCH, Cuban wife of diplomat in Brazil. ROCH, a true blue CASTRISTA, ~~is~~ ^{is} pregnant and is returning to Cuba on 11 Jan 62 to have her baby. ~~SEE~~ ^{NY-F} ~~preg-~~ ^{CIT CUBA} ~~NY-F~~ ^{NY-F}
(COMMENT: LIPIRE B/Doc) reports Lillian ROCH Gonzalez arrived Mexico on 9 Jan 62, 32 yrs old, married, carrying Dip PP 62/190. She is staying at the Hotel Compostela, according to L-9.

5. L-9 said that he heard PROENZA call the person who works with Andres ARMONA by the name of "Roli". On several occasions "Roli" appeared in LERODE photo coverage but neither LITAMIL-9 nor 7 were able to provide his complete name. It is now quite certain that "Roli" is Rolando ESTEVES, a friend of AMSTET-1 who has often mentioned him as helping out ARMONA. AM-1 described ESTEVES as a "pobre diablo". ^{JAN 63}

6. L-9 reported that Angel MARTINEZ Obando, Mexican, who is going to Cuba shortly was not given permission to send his clinical laboratory equipment by ship and so he will now try to send it by plane. MARTINEZ, ~~XXXXXXXXXXXX~~ ran a Lab on Marsellas 43, Mexico D.F. ^{CIT MEXICO}

7. L-9 said that merchandise which was purchased from Czechoslovakia is being detained in Dallas, Texas. The shipment is addressed to the Cuban Embassy in Mexico City. Nobody seems to know what the shipment contains but ~~XXXXXXXXXX~~ someone said something about name began DCS

CIT. MEXICO ⁷ AMÉRICO CITY

8. L-9 said he went to visit Raul KAMFFER on 10 Jan 62 and KAMFFER asked him about Silvia DURAN. L-9 said that obviously KAMFFER is aware of her scandalous affair with LECHUGA. ~~KAMFFER~~ KAMFFER, according to L-9, is well informed politically in view of his many leftist contacts at the Galeria which he owns. KAMFFER said that in his opinion Layaro CARDENAS was not fooled by anyone re his activity behalf of the Central Campesina Independiente (CCI). KAMFFER best described CARDENAS as "taimado".
9. On 10 Jan ³ 62, LITAMIL-9 went to see Analia MUNOZ to inform her that she has received a visa to visit Cuba. MUNOZ lives on Calzada Tacubaya 48-13.
10. L-9 identified the following LIERODE photos:
Federico ALVAREZ - Spaniard
Pedro LARA Munoz - Cuban dip.
11. On 10 Jan 62, Victor Federico MENDOZA, Mexican painter (artist) gave L-9 one hundred copies of the attached drawing to send to Cuba, where they would be distributed at the Congreso de las Mujeres. L-9 gave fifty to a Mexican woman who is leaving on 11 Jan and the other fifty will be sent by pouch.
12. L-9 gave me a volume of Jose Guadalupe POSADA's drawing which were printed under the auspices of Arcasio VANEGAS Arroyo, among others. VANEGAS gave L-9 three copies and is sending 100 copies to Havana.

- c. At the airport recently, CASTELLAR warned L-9 about the security of the pouch.

Memorandum for the Record

Subject: LITAMIL-9

On the night of 8 Jan 62, I met LITAMIL-9 at the usual rendezvous point and we parked in darkened area of city. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. Amb. Carlos LECHUGA Hevia was scheduled to arrive on 9 Jan 62 at 1400. L-9 said he received a call from SINCEBAS, who told him to be at the Embassy at 1300 as Amb was arriving.
2. Teresa PROCENZA told L-9 that she had been to the INOCRC on the afternoon of 8 Jan and convinced Silvia ^{XU} DURAN ~~HEVA~~ to resign as Director. PROCENZA said she hated to do it because she liked DURAN but added that it was best for the Revolution. PROCENZA said that DURAN put up a battle but that she finally gave into her wishes, i.e. to resign. L-9 took me to see the apartment of Silvia DURAN's mother, who lives at Rio Ebro 12. L-9 said that Silvia's parents have been divorced for many years and that Silvia is very close to her mother. The LITAMILs are going to put DURAN under surveillance during LECHUGA's stay in Mexico to see if they can get photos of LECHUGA and her together.
3. L-9 said that on 8 Jan 62, Ramon SINCEBAS Casado, Cuban Charge introduced him ~~HEVA~~ to Cuban, who arrived on 6 Jan 62 as "Inspector de Embajadas". SINCEBAS was with Benigno CASTELLAR and the "inspector" when the introduction was made. The "Inspector", whose name L-9 did not catch was described as about 25 years old, well built, white. The "Inspector" told L-9 that he had talked with Ramiro del Rio, (former G-2) who now working at the Cornado

Nacional de Cultura for about an hour, and El RIO had nothing but "bouquets" for L-9. SINOBAS told the "Inspector" that L-9 has many ~~XXXXXXXX~~ contacts "en la calle" etc. (COMMENT: "Inspector" is probably Orlando TAMAYO Borbon, Cuban who arrived on 6 Jan 62 and who gave the Cuban Embassy as his contact.)

4. See MEXI re comments on L-9's likely recall.

5. Rosario^{Mexican}/VAZQUEZ M.,/secretary at the Commercial Office (she "pitched" to no avail by LITALUS-2)dropped in to say goodbye to L-9 inasmuch as she had been "let go" by the Embassy. She had not pertinent remarks to make re release. L-9 asked for her phone number as he said he would like to have lunch with her some day. L-9 is fond of VAZQUEZ, who according L-2, is violently anti-U.S.

6. L-9 said he met Jose Luis/PARRA, former SecGen de Redactores, at Kekos on 8 Jan 62. PARRA told him that he wanted to go to Cuba but it "dangerous go there". L-9 said that he has known PARRA for quite some time, infact, he recalled that he invited Sub Sec Fcc. CHAVARRY to meet PARRA when the former visited Mexico a few years ago, i.e. after CASTRO took over. L-9 said that PARRA is unconditionally with the CASTRO regime. L-9 said that PARRA works for Universal.

8. L-9 said that Araucio/VANEZAS, Mexican, who helped CASTRO in Mexico during the Revolution was at the Embassy on 8 Jan 62 and again went over his role in the Rev in Mexico. VANEZAS told L-9 that he was disturbed because his name did not appear in the Boletin de la Embajada which published a story recently re CASTRO's activities in Mexico, VANEZAS told L-9 that he was the

MAN who gave men phys ed classes on Bucareli, that he took men
on hikes etc in Linda Vista. VASEGAS told L-9 that he was
leaving for Habana on 11 Jan 62.

Memorandum for the Record

subject: LITAMIL-9 (P-)

INDEX

On the night of 13 Dec 62, I met LITAMIL-9 at rendezvous point and meeting was held from 2300 to 0130 on 14 Dec 62. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 provided the following info:

1. Eusebio AZCUE Lopez, Cuban Consul, told L-9 that Petro LAHA MUNOZ, newly arrived Cuban dip., was going to replace Raulito PAEZ Perez, as code clerk in the Cuban Embassy. AZCUE also told L-9 that LAHA spent one year in Moscow and that his wife, Dorita ANTEPARA, a Spanish "nina", lived 20 years in the Soviet Union. (SEE MEX1: 2842).
2. Ana Maria BLANCO E., Ambassadorial Secretary and 1st Secretary at the Cuban Embassy was transferred to Canada without going to Mexico first. L-9 said that transfer was definitely based on conspicuous activities embassy re Amb LECHUGA. BLANCO told L-9 that she was going against her will and obviously not happy about the transfer.
3. Eusebio AZCUE told LITAMIL-9 that Manuel VEGA, Cuban G-2, is "las orejas del partido KKKKKKKK en la Embajada".
4. The brother and sister of Riomara SANCHEZ Roberts, former Cuban diplomat in Mexico, are in Mexico (were) en route to Jamaica. One of SANCHEZ sisters (possibly Raquel) said that Riomara wanted to come to Mexico with her mother but the Cuban Foreign Office would not give her a special passport. SANCHEZ wanted to come to Mexico on her vacation. (COMMENT: Carmen SANCHEZ Roberts arrived in Mexico from Havana en route to Jamaica)

5. Dr. Enrique CABRERA and his family are leaving shortly for Havana. They are taking their car to Veracruz for shipment to Cuoa. CABRERA's wife was extremely critical of the U.S. in her conversations with L-9.

6. L-9 ~~XXX~~ gave a "despedida" to Ana Maria ~~ELANCO~~ at his apartment on 8 Dec 62. SINOBAS told L-9 that he would not give permission to have it in the Embassy "baño las circunstancias". L-9 said that most of the Embassy personnel attended as well as other friends of ELANCO. SINOBAS arrived and asked L-9 for the guitar that he received from the Carlos PUEBLA group a few years back, when he SINOBAS, accompanied the group through Mexico and U.S. SINOBAS pointed out to L-9 that he had signed the guitar in a very complimentary manner re L-9. During the PUEBLA stay in Mexico, one of the guitars broke and L-9 went out and got another one which save the show etc. In gratitude the group gave L-9 the guitar and signed it etc.

cajón p'

7. L-9 said that Ana Maria ELANCO's mother has nephews in Brooklyn.

8. L-9 said that he has been asked to arrange the trip of Marion XNOYOLA to Cuba re his brother's death. During his conversations with NOYOLA, the latter told him that his brother told him during his last stay in Mexico that he heard RAMON ROA in the Foreign Office say that Marion GARCIA Inchaustegui, former UNO member, had become a "Cuban Stevenson", i.e. "Nos resulto un Stevenson criollo". He said that his brother was also present when Fidel CASTRO told a group of students that GARCIA Inchaustegui "estaba comiento basura" with ZORIN and not consulting with Cuba. That is GARCIA Inchaustegui was "free wheeling" and that's why he was recalled.

9. L-9 said that the Cuban plane scheduled to leave for Havana on 3 December was held over until 2100 on 4 Dec per orders of Raul ROA. ROA said the plane must wait for Agustin YASSELLS, Cuban courier, scheduled to arrive from New York. L-9 said that SINOBAS gave orders that YASSELLS was not to be left alone for a minute during his stay in Mexico. L-9, ^{Raulifo} RAUL PABZ, M. YERA, Ramon SINOBAS, Benigno CASTELLAN and Manolo SALCHEZ Ramirez met YASSELLS at the airport, took him to the Cuban Embassy and took him back to the airport. The group was especially close to YASSELLS while he was going through immigration. L-9 said he was obviously carrying papers of extreme ~~XXXXXXXXXX~~ importance.

10. L-9 said that the laboratory of Angel MARTINEZ Orando, Mexican bio chemist, has been packed and shipped to Veracruz. MARTINEZ's departure for Cuba still puzzles L-9. See previous memo. His address: Marsella # 49.

11. L-9 said that ^{ROJAS} ~~Man~~ ROJAS, son of Fernando ROJAS ^{Mendoza}, Cuban Mgr., is leaving for Cuba shortly. L-9 said that LEON ROJAS, (senior) is an enemy to him re political ideology. He said he rarely, if ever, talks politics. His only interest seems to be in his business, i.e. save civilians for Cuban Govt. L-9 said he constantly complains about Cuban Govt administration re Cubana de Aviacion and cited example of holding plane over for YASSELLS recently. On the other hand, L-9 said that fact he sending his son to Cuba at this time indicates he with the regime until ~~XXXXX~~ the end. L-9 said that on occasions he has noticed ROJAS talking with the pilots on the plane in a ~~XXXXX~~ manner which arouses suspicion of his activities. L-9 believes

INDEX

& make

Rojas

he possibly involved in smuggling activities such as those previously cited in memo re imprisonment Cuban pilots for this type of activity. L-9 is not able to state clearly the position of MOJAS. He said that although he has talked with him a great deal and knows him relatively well, he is a typical Mexican, and "disimula" ^(disguises) ~~XXXXXXXXXX~~ frequently.

12. L-9 reported that Carlos LECHUGA is expected to arrive about 22 Dec 62. He said that LECHUGA has reported to Havana that his wife is not in agreement with the Cuban Revolution. (COMMENT: LIENVOY indicates he ^{had} arrived about 30 Dec 62)

13. Silvia de DURAN, Mexican director of the IMCRC, went to the Cuban Embassy on 5 Dec with her mother. They were in the same car that DURAN ~~XXXX~~ was driving the day she visited LECHUGA at L-9's apartment. PROENZA remarked that DURAN's visit was ^{an} ~~kind~~ of cynicism. DURAN, according to L-9, is taking a completely different approach to the problem now than heretofore. She is now acting as though she had nothing to do with LECHUGA and is going to remain in her post as ~~XXXX~~ director of the IMCRC. She has convinced ~~LECHUGA~~ that she was not involved with LECHUGA. This puts María Dolores DE LA PENA out in the cold because she is now without a job and she is in poor financial straits. L-9 began to pull overposition of DE LA PENA and commented that it would be terrific to have her on "our side". He said that she had been to Cuba at least once and was obviously hard pressed to find a reason to believe she might be recruited. DURAN makes 500 pesos monthly as Director of IMCRC.

14. Teresa PROENZA told L-9 that in her opinion the U.S. Embassy has the tape of her conversations with Gladys LECHUGA and that she

copy to 1/1

copy to 1/1

copy to [unclear] project 1

feels like getting on the phone and saying that all this was said to "fool" the Americans etc. In other words, PROENZA would like to cover up what was said by making us think ~~XXXXXX~~ LECH's scandal was only for our consumption.

15. In regard to telephone taps, Maricarmen XOLIBARRI, Spanish employee in the Consulate, told LITAMIL-9 that she was sure that the Embassy was being tapped because Alfonso XESPINO told her that he saw tape recorders at the telephone company which were being used to "tap" Cuban Embassy lines.

16. L-9 said that Dr. XERARONITI, Mexican doctor who handles such medical care Cuban Embassy had a "despedida" for Ana Maria BLANCO the night after L-9 had his party. L-9 attended the affair at Revolucion 290-5 but it was a terrific disappointment as hardly anyone showed up. L-9 recalls only Carlos ^{D L LA} PALM Ramirez, the negro chauffeur, Raulito PALM Perez, and a few others.

17. L-9 said that the father and brother of the Chilean who was killed in the air crash in Peru went to Cuba re death.

18. L-9 reported that Manuel X SANCHEZ Ramirez, who was formerly employed in the area of the consulate and Commercial office is now working as the Arms secretary, i.e. he has replaced Ana Maria BLANCO. L-9 said he believes this is only ~~XXXXXX~~ temporary move but it not good because SANCHEZ is close mouthed and he does not have access to him as he did to BLANCO, of the opposite sex.

19. L-9 said that SOL ARGUEDAS was at the embassy and she is anxious to return to Cuba. She said that she planned on going to Acapulco for a rest and go to Cuba about the first of the year. L-9 characterized ARGUEDAS as a fanatical castrista. L-9 knows her well.

20. L-9 said that the Cuban Govt advised Jorge ESPRESATE, employee at the Imprenta Madero that he has two tickets for travel to Cuba. (COMMENT: ESPRESATE left for Cuba on [redacted]). L-9 said that ESPRESATE approached him re several speeches of Fidel CASTRO, which the Imprenta Madero wants to publish.

21. L-9 reported that Rudolfo XENIROS teaches at the U.S.A.M.

22. L-9 reported that Ramon SINOBAS' father was formerly a professor at the University of Salamanca in Spain. He left Spain during the Civil War. L-9 believes he is assigned to the Cuban Embassy in Paris but is not sure. L-9 said that he has noticed that SINOBAS is trying to get closer and closer to him re activities in the Embassy. He believes that SINOBAS believes that L-9 is the answer to many of the problems arising at the Embassy and therefore is beginning to "cut him in" on many of them. L-9 cited the fact that on 13 Dec 62, SINOBAS gave him the list of Mexicans who are XXXXXXXXXX invited by the Cuban Govt to attend the celebrations in Jan 63. This was quite a "break through" as it even put him ahead of PROENSA who would be the most logical choice to handle this type of thing. PROENSA, when she saw the list given L-9 said that she would handle the first three XXXXXXXXXX invitees, i.e. Rosario CASTELLANOS, Emilio CARRANZO, and Hector AZAR, because she knew them.

5/17/63

copy 11

she needed most. She is a real "Patria o Muerte" type according to L-9.

28. L-9 provided a copy of the latest Boletín de la Subcomisión No. 10, in which his picture appears several times. Also a copy of La Verdad Obrera, published by the Frente Obrero Comunista de México.

29. L-9 identifies the following from the LIEBOWITZ base:

Pedro LARA Muñoz

Ramon SIFONAS Casaco

Luis PRIETO

Rosario VAZQUEZ

Irina TRAPOTE VALDES

Ana Maria BLANCO Tatraue

Justo URBINA Gonzalez

Mgr of the Hotel Agnes (Yugoslav)

Maricarmen OLIVARI

Ignacio AGOSTA Lapunes

Victor TRAPOTE Mateo

Wife of Carlos ^{de la} PABE Ramirez

Marcelo POCOLOTTI *

Raoulio PABE Lopez

Manuel VEGA Lopez

L-9 said that POCOLOTTI is a chima Mexican-Italian painter who was recently in Moscow. He said that he lives with relatives who live over the Restaurant "Bottoms Up" on Melchor Ocampo. He said that POCOLOTTI's uncle lives at this address. He said that POCOLOTTI is a friend of the Cuban revolution. ~~XXXXXXXXXXXX~~

6P

On the night of 3 Jan 62, I met L-9 at the usual rendezvous point and we road around and later walked on side street during debriefing. NO SECURITY PRECAUTIONS WERE TAKEN. Time 2230-0030.

LITAMIL-9 provided the following information:
FIR 101-334249

1. L-9 said that Ramon SINOBAS Casado was delighted with the reception given by Pres LOPEZ Mateos on 3 Jan. at the Presidential Palace. SINOBAS told L-9, Andres ARMONA and Manuel SANCHEZ, who accompanied him to the Palace (SANCHEZ as chauffeur), that Pres. LOPEZ Mateos did not give him a chance to send greetings from the Cuban Revolutionary Gov't but rather interrupted HIMSELF to say "Trasmita mis saludos a Fidel CASTRO and Pres. SANCHEZ". SINOBAS said that in his opinion LOPEZ had prepared this reception and was waiting for him/. L-9 said that he noticed that most of the diplomats were merely shaking hands and saying a few words, however, in the case of SINOBAS he percolated with LOPEZ longer than most of the other diplomats. At any rate, SINOBAS was tickled pink HIMSELF by what LOPEZ Mateos told him.

2. On the way to the airport, ARMONA, who is a "diplomatic agent", told ARMONA and L-9 that the chance to take place in the Foreign Office would mean that they (ARMONA and L-9) would be treated as diplomats as such, i.e. while in Havana they would lose their diplomatic status. He said that L-9 would fall under the Ministry of Education, Cultural Section and would therefore be a diplomat only in a Foreign Post. The same with ARMONA, who falls under the Foreign Commerce Dept. L-9 said that ARMONA is always saying that

4. L-9 reported that SINOBAS told him that Manuel VEGA Ponce, Cuban G-2, is leaving for Havana on 6 Jan 62 and will remain in Havana 15-20 days. It is not known why VEGA is going to Havana.

5. L-9 reported that Cubana is not expected to fly until 6 Jan 62.

6. Leonardo ~~DEBEN~~ Carrera, Cuban resident in Acapulco, was at the Embassy on 3 Jan 62 and he told Teresa FREYTA that Leonard DEBZ, now working for Radio Habana, is from Acapulco. DEBZ also said that a Haitian, also connected with Radio Habana, is handling the French broadcasts. DEBEN gave a lot of land to the Cuban Gov't which he had in Acapulco. DEBEN wanted the Cuban Gov't to finance a school on the land. The Cuban Gov't, however, refused to build on his property and requested that this land be sold to buy a lot of land in another location. It is not known what level opened re this case.

Memorandum for the Record

SECRET

Subject: LITAMIL-9

On 21 Dec 62, I met LITAMIL-9 at usual rendezvous point and meeting was held on dark street in isolated area. RESECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. On 20 Dec 62, Eusebio AZCUE Lopez, Cuban Consul, told L-9 that in his opinion Vitor TRAPOTE Mateo, Spaniard, was mistaken in regard to FIDALGO, fnu, Spanish painter in Mexico. In AZCUE's opinion, FIDALGO is a counterrevolutionary. Apparently TRAPOTE thinks otherwise. This interesting in view of TRAPOTE's known connection with Cuban intel. FIDALGO has a Cuban via and is expected to leave for Cuba shortly.
2. L-9 said that Roberto LOPEZ, a Mexican banker, was also present at the SILVA Herzog reception on the night of 20 Dec 62. L-9 said Teresa PROENZA was quite pleased that LOPEZ attended the affair. L-9 said that ARELLANO, fnu mentioned in previous memo (21 Dec) is attached to the Foreign Office as well as a newspaper man for Novedades. L-9 said that PROENZA told him this and that explains why he had direct access to Jose GOROSTIZA per previous memo. (COMMENT: Francisco ARELLANO Belloc is an editorialist for Novedades and is probably ~~identical~~ identical with Arellano who attended SILVA affair.)
3. Alberto Manuel FERRER, Cuban dip, whose passport reads: "Mision Especial" left Mexico for Havana on 21 Dec 62 via Cubana.
4. The wife of Dr. Enrique CABRERA left Mexico for Havana on 21 Dec 62. Among other passengers were: Carmen COSGANA, wife of Gual Alberto BAYO Giroud, and Celia GIRONA, secretary of LEONORA at the ONU. L-9 said that the ~~wife~~ wife of Gual ALBA, fnu was at the air-

port to see Sra de BAYO off. Gral. X ALBA, fnu is Chief of Police
in Guadalaajara. On the way back to the Embassy the case of Neftali
ESPINOZA Lopez was discussed because he is being called to Oaxaca, his
home state to do military services. It was said that maybe Gral.
ALBA could get ESPINOZA out of military training. Apparently the
Embassy is very satisfied with ESPINOZA and hate to lose him if they
can help it. ESPINOZA is the messenger at the Embassy.

5. L-9 said that on 21 Dec 62, while on his way to see LOU BARDO
T., he saw the same chevrolet that belonged to the Cuban Embassy
with placas D-400. He said there were two very ~~KKK~~ suspicious
looking characters in the car and wondered whether or not this car
still belonged to the Cuban Embassy. He said he had not seen it
for some time around the Embassy yard.

6. L-9 said that the Cadillac now being used at the Cuban Embassy
formerly belonged to ^{fnu} SUAREZ Rivas, former Cuban Senator, who ~~KKK~~ is
now living in Mexico.

7. L-9 reported that according to Teresa PROENZA, Rosario X CASTELLANOS
and Hector X AZAR have refused to accept Cuban invitations to attend

Handwritten: Emilio CARBALLIDO
the 4th Anniversary celebrations in Habana. PROENZA said that
Emilio CARBALLIDO was undecided and would let her know. She did not
speak very optimistically about CARBALLIDO either. When PROENZA
told Ramon SINGBAS about CAST LLANOS and AZAR he remarked that ~~KKK~~
it not very important as they were invited to the Casa de las Americas.

8. L-9 said that a box of medicine was sent from Miami in early
November to Cuba via Mexico and it has not arrived yet. According to
L-9 the medicine is very important because a little boy is dying of
some strange malady and needs the medicine. On 21 Dec, L-9 went to

14-00000

customs office near SCOP to try and find box and XXXXX was told that there were 15 tons of material awaiting shipment to Cuba, most of which has been shipped in the last few flights. He said that about 6 tons remain. L-9 hopes that the medicine in which he is interested has been put aboard one of the recent flights.

9. L-9 said that on 21 Dec 62, he saw Manuel X SANCHEZ Ramirez, Cuban dip, open the pouches when they arrived at the Embassy, i.e. he has the key.

10. On 20 Dec 62, Jorge X ROJAS Mendoza, Mgr of Cubana, arrived from Havana. ROJAS borrowed 20 pesos from L-9 at the time. On 21 Dec ROJAS paid back L-9 and told him that Mexican authorities confiscated a book by Jose MARTI and other literature he was carrying with him when he arrived on 20 Dec. He was furious.

11. L-9 said that when Guillermo X LEON Antich returned from his "inspection tour" in S.A. and was in Mexico, he called L-9 aside and queried him re conditions in the Cuban Embassy. (November 62)

12. L-9 provided the following ~~XXXXX~~ newspapers, dated 21 Dec 62 which he got off the plane (Cubana): Hoy, El Mundo and Revolucion. Also the magazine Cuba.
