NARRATIVE COMMENTS

SECTION C

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

During most of the period reported on, Subject was concerned with administrative problems associated with the phase-out of the Station. Despite the consequent operational lull, Subject continued to maintain a satisfactory degree of morale in agents assigned him, worked up and implemented realistic training programs, and continued to develop excellent targets studies against the possibility of a policy change. In addition, important information collected locally by Subject on illegal activities of Cuban refugees was of great interest to other agencies offices in the area. Subject was the only Station source of such information which was acquired only because of Subject's ability to maintain rapport with agents, terminated during the period because of the cutback in infiltration operations.

It could also be noted as Subject finishes his long tour at this Station and prepares for his next assignment, that he is a thoroughly professional intelligence officer and is, in many ways, an outstanding one. Technically, he is an expert on infiltration tactics and, through his Special Forces experience, an expert on anti-guerrilla warfare as well. Just as important, is his ability to gain respect and rapport with foreign agents. He has an imaginative approach to operations, is resourceful in devising tactics, and determined in carrying out his assignments. He is a definite asset to WOFIRM.

Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper. During the period under review, Subject has continued to produce at his previous high level and he has planned and executed three intelligence collection operations against a denied area with the two teams under his supervision and direction. His leadership qualities have, to a large degree, enabled him to maintain his commando group morale at a high level under the difficult circumstances of enforced inactivity. Subject's indigenous agents respect him and are willing to follow his instructions to the letter. Subject's seemingly limitless resourcefulness, drive and initiative coupled with his demonstrated proficiency for this type of work mark him as one of the few persons known to the Rater who is ideally suited to this particular type of agent handling on a day-to-day, face-to-face basis.</p> <p>During the reporting period Subject has committed his four infiltration boat teams on a total of seven operations and excellent results have been realized. He has conducted extensive testing of equipment and techniques in support of Station requirements and Headquarters requests. His reporting after these field tests has shown that his reporting ability has improved to such a degree to warrant a rating of strong in this duty.</p> <p>He is cost and security conscious and has demonstrated his effectiveness in the use of personnel, equipment and operational funds. Subject has not had the benefit of formal language training and does not have a definitive language capability. In view of his long tenure of field assignments during his career with WOFAC, it is recommended he be given</p>

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

Subject has been under my supervision for approximately 6 months. During this period he has shown an outstanding proficiency in the supervision of his Commando Group. He is responsible for the logistical support, maintenance, planning and operations of the group and must also maintain their motivation and moral. As a result of the stand-down in PM activities at this Station, one of his major duties has been keeping his group motivated and happy. Subject has performed these tasks in a very professional manner; he has shown strong leadership qualities and a definite ability to adapt to difficult and frustrating changes in the operational climate. Subject has had the additional duty of handling an FI Agent for the Station. He has spent long hours on this activity and has shown that he is fully capable of broadening his scope of activities to other fields besides the supervision of a commando group. He is cost and security conscious and has shown that he is effective in the use of personnel, space, equipment and operational funds.

Section D., 3.

This is the third Fitness Report prepared on Subject since his assignment to this Station. The comments set forth on the two previous Fitness Reports by the Reviewing Officer and the Chief of Station are in the main still applicable. The Reviewing Officer has been most favorably impressed with Subject's performance in his present position. Subject has continued to perform his job in his usual competent, dependable and professional manner. The Reviewing Officer shares the Rating Officer's high opinion of Subject's performance and there is no doubt that Subject has contributed significantly to the Station's activities. Subject's over-all performance continues to warrant an evaluation of Strong.

Section D., 3.

The Reviewing Officer is familiar with Subject's performance based primarily on discussions with Subject and Subject's supervisor, detailed examination of Subject's operational plans, general observation of Subject during the past four years and a first hand knowledge of the results of operations conducted under Subject's guidance. Subject is a hard-working, dedicated officer who has a knack for getting things done in the operational field. Subject is exceptionally well qualified for the job he is doing. Additionally, Subject has a flair for getting along with the members of the Commando Group without losing objectivity. Subject's operational planning is sound and complete in all details. Subject is completely self-sufficient in operational command and agent relationship situations. Subject's performance at this Station clearly warrants an over-all evaluation of Strong.

<p><small>Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. His men respect him and follow his orders readily. He is resourceful, acts with initiative, and delegates responsibility. In his field he thinks clearly and is decisive and versatile in his actions. He is capable of handling larger units of personnel and assuming greater responsibility in the PM field. If he were required to accept duties of a broader nature in the intelligence field involving less supervision of his own activities, he would need to improve in the areas of written and oral expression and in his understanding of KUBARK requirements and responsibilities. In this regard he would need additional training and exposure to more extensive KUBARK fields as he has not had the opportunity for participating in such KUBARK activities. Subject does not have the proficiency of the language used.</p>

Continuation of FITNESS REPORT, Section D:

Subject is a well-qualified para-military specialist, who has fully mastered the tools of his trade. Subject applies all of his para-military knowledge in the performance of his current duties as the senior outside case officer for a thirty-man commando group, which is capable of carrying out a variety of different missions. These missions include caching operations, sabotage raids, tactical intelligence reconnaissance activities and contingency missions related to war plans. Subject is at his best in dealing with men and military equipment. Subject's major weakness is in records management and reports writing. Despite this minor weakness, Subject's over-all performance warrants an evaluation of Proficient.

Subject has the potential to train and operationally exploit para-military forces in units which have a T/O strength of not more than 60 men. Subject could command a conventional military formation at the battalion level. Subject is capable of mounting counter-insurgency operations with the use of forces up to battalion strength.

Subject's work comes to the attention of the Reviewing Officer on a bi-weekly basis.

Subject's future assignments should be in the para-military field. If Subject is to remain in operations in Latin America, he must be given an opportunity to study Spanish on a formal basis.

SECTION E

NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

As a former military officer, Subject is hard working and abundantly sincere in his efforts to fight Communism. His performance since Aug 1961 has not been at the top level of his capabilities for several reasons, not all of which are within his ability to overcome. Subject has had little clandestine training, and is therefore not always able to comprehend the intangible factors which prevent, delay and cancel operations. A further reason is the absence of military law as a basis for discipline for his men. Still another reason is the directive for only limited action with which he has had to live since August. This is merely to say that in a period of policy formation when the action forces have had to be held in limbo, he has not been at his best.

Subject's dealings with his agents have in turn been affected by his own frustrations. His inability to rationalize situations has resulted in obtuse explanations to them which have made them harder to handle. His reluctance to put things on paper has detracted from his performance and denied him the clarifying process which reporting provides. His security consciousness has been similarly affected by his frustrations.

Subject is in need of training in tradecraft and PM operations. His basic qualifications for PM Case Officer work are such that he can, with training, do a much better job. This combined with a program of concentrated action would undoubtedly bring out the best in him, which should be of real value to the Agency.

MEMORANDUM FOR : Director of Personnel

SUBJECT : CIARDS Retirement of Mr. Grayson L. Lynch,
GS-14, 805, on the Basis of Qualifying Domestic Service

1. This memorandum submits a recommendation for your approval in paragraph 4.

2. After more than twenty years of active military service, Mr. Lynch joined CIA in February 1951 to assist in operations against the Cuban target. He was awarded the Intelligence Star for his participation in the Bay of Pigs and related activities in the spring of 1961. Because of the sensitivity of his duties in behalf of CIA, his periods of foreign service were not recorded in the usual manner. From August 1961 until June 1968 he was intensively involved in the recruitment, training, administration and operational direction of a large number of agents as well as the planning and direction of operations into Cuba.

3. After reviewing his application for admission to CIARDS and corroborating statements from clandestine service officers acquainted with his work, the Clandestine Service Career Service Board concluded that Mr. Lynch's case merits a recommendation for approval. It is our view that the demands placed upon him were at least as a par with those borne by operations officers assigned overseas.

4. It is, therefore, recommended that Mr. Lynch be designated a participant in the CIA Retirement and Disability System on the basis of qualifying domestic service. If he is accepted for CIARDS, Mr. Lynch will apply for disability retirement.

MEMORANDUM FOR THE RECORD

SUBJECT : Grayton L. Lynch

REFERENCE: Mr. Lynch's memorandum to
Director of Personnel, dated
22 June 1971.

1. On the basis of what I can recall from the time I was connected with the Bay of Pigs activity and my years with WH Division thereafter, Mr. Lynch has stated his tasks correctly.
2. Since the issue is whether Mr. Lynch's service in Miami could be considered equivalent to that of an Operations Officer overseas, the following might be considered:

Mr. Lynch had to operate clandestinely.

He used pseudonyms, safesites for meetings, non-official cover.

He handled, trained and dispatched agents. He debriefed them. He worked with them side by side.

He worked long, irregular hours (days and nights) under unusual pressures and at personally inconvenient and unappealing sites.

Mr. Lynch was, during the Bay of Pigs period at least, in real personal danger. (Our case officers abroad do not often face such situations nor do they have to display such courage.)

3. In summary, Mr. Lych's tasks were professionally and personally more demanding than those of many of our Operations Officers abroad. He had to apply clandestine techniques and concepts in a highly volatile and difficult operational climate. To admit him to the CIA Retirement System seems justified.

SUBJECT : Inclusion in CIARDS - Grayson L. Lynch

1. Mr. Lynch's memorandum dated 22 June 1971 requesting that service at JMWAVE be considered as qualifying service under CIARDS has been reviewed by individuals familiar with his activities during the period noted. They state that his memorandum is factual and accurately represents the situation as it existed at JMWAVE.

2. The service described is considered comparable to that performed overseas. WH Division concurs in favorable action on his request should that be the recommendation of the Board.

MEMORANDUM FOR: Director of Personnel

SUBJECT : Recommendation for Approval of
Mr. Grayston L. Lynch as a Participant
in the CIA Retirement and Disability System

REFERENCE : HR 20-50

1. It is strongly recommended that Mr. Grayston L. Lynch be approved as a participant in the CIA Retirement and Disability System.

2. It is the opinion of the Special Operations Division that the duties performed by Mr. Lynch from the time he entered on duty in February 1961 until early 1968 meet the spirit and intent of the criteria for "qualifying service" as defined in HR 20-50b. The lone exception to these criteria is that Mr. Lynch was not "abroad" during the time involved except on a sporadic basis. This exception, however, was due completely to the geographical location of the area of operations. This location made it uniquely propitious to have Mr. Lynch assigned to and work out of a domestic base. There is no question, however, that Mr. Lynch's service was in the conduct and support of covert operations which required continuing practice of security and tradecraft procedures and which included, from time to time, hazards to his life and health. It is also believed that Mr. Lynch would be at a disadvantage in obtaining other employment because of the sensitivity of his past service as well as the dearth of requirements for his peculiar background, skills and knowledge.

3. On the basis of the above and Mr. Lynch's unique personal record, it is believed that his service during the described period is certainly equivalent to if not in excess of the requirements for "creditable service abroad" and that if it had not been for a geographical accident, this service would have been performed as

part of an assignment abroad within the fullest meaning of the definition contained in the referent regulation. Therefore, approval of Mr. Lynch's request for designation as a participant in the CIARDS on the basis of service performed between 1961 and 1968 is not only strongly recommended but is requested as the grant of an entitlement fully earned by a very deserving employee.

MEMORANDUM FOR: Director of Personnel

SUBJECT : Request for Designation as a Participant
in CIARDS--Mr. Grayston L. Lynch

1. It is requested that domestic service reflected in the following paragraphs be approved as qualifying service for the CIARDS and that I be designated as a participant in the system.

2. I entered on duty with the Agency on 10 February 1961. I was sent TDY immediately to New Orleans, Louisiana and from there to Key West, Florida to prepare WII Division agent assets for operational missions. On 28 March 1961 I departed Key West, Florida aboard a covert Agency ship bound for Nicaragua where I engaged in the preparation of Agency vessels and assets scheduled for operations into Cuba. On 13 April 1961 I departed Nicaragua via an Agency vessel for the 17 April 1961 landing operation in the Bay of Pigs, Cuba. I was assigned as the Case Officer for the Agency command ship, Cuban Brigade Headquarters, and the Underwater Demolition Team (UDT) element. I participated in armed action both at sea and on shore during the four days of the invasion attempt and, per direct instructions from the DCI, engaged in a series of covert landings and operations into Cuba for several days following the invasion landing. I returned to Headquarters on 29 April 1961.

3. In August 1961 I was assigned PCS to JMWAVE at Miami, Florida as a Paramilitary Operations Officer. From my arrival in August 1961 until July 1965 I served under commercial cover outside the station, intermittantly using my home and various safehouses as "ad hoc" offices. All contact with the station was by telephone and/or personal meetings prearranged with station personnel. These personal contacts were either at my home, in safehouses, or at other meeting places deemed appropriate. During this period I was responsible for the recruitment, training, administration and operational direction of a very large group of Agents. This entailed numerous clandestine meetings, both day and night, with these Agents. Since they were in various stages of training, assessment or preparation for an operation and were located throughout Dade and Monroe counties in

Florida, I was required to drive an average of 3000 miles per month to provide the necessary handling and support. The major training exercises were as follows:

- a. Three black flights to ISOLATION for periods of one to three weeks duration during which time I was required to remain in the black training areas as handler for the Agents.
- b. One three day trip to Lake Worth, Florida during which I conducted the ground phase of parachute training for 26 Agents and arranged for civilian instructors and planes for two parachute jumps per man.
- c. Two black flights to Camp McCall, North Carolina to conduct parachute training for 36 Agents, during which time, as Chief Instructor, I made two parachute jumps.
- d. Two black flights to the Ranger Training Center at Eglin AFB, Florida for additional parachute, commando and guerilla warfare training for 38 Agents. Both trips were of two weeks duration each and again, I made two parachute jumps.
- e. Four black flights to Fort Stewart, Georgia for training in weapons and tactics for 38 Agents. Training was conducted with all weapons from the .45 calibre pistol up to and including the 4.2 inch mortar. Demolition and sabotage training including night and day tactical exercises using live ammunition and explosives were also conducted. Each exercise lasted from five to 15 days.
- f. Eight training exercises from three to seven days duration each were conducted in and around the Everglades National Park and the Marquesas Keys in Florida.
- g. Over 70 mission rehearsals of two or three days duration conducted in the Florida Keys.
4. In addition to the above training exercises I planned and directed 115 actual operations into Cuba during this period. This involved the isolation of a five to 25 man team in a safehouse for three days to two weeks preparing for an operation and remaining with them day and night until they were launched. It also involved receiving the team at the conclusion of the mission and again holding them in a safehouse for a two day debriefing period.

5. In 1965 I set up an office in Ferriss, Florida, under commercial cover, to administer the Agent group. I remained in this office conducting operations and training as before until April 1966. My office was moved into the JMWAVE Station at that time, but I remained under commercial cover and my duties continued to be the same.

6. During the time I was assigned to JMWAVE I was required to participate in numerous voyages aboard Agency ships into international waters. Many of these were near to and into denied waters. I was also required to participate in several search and rescue aircraft flights of long duration over international water, near and into denied areas.

7. It is my belief that my activities and duties from August 1961 to June 1968 were of the types normally found only in overseas clandestine activities for which the five year CIARDS "creditable service abroad" requirement was intended. I am available for further explanation or clarification if any of the above information is required, or if confirmation of my service by other Agency personnel is needed, I submit the following names of knowledgeable individuals:

- a. Gerald Droller, DDP/NSP
- b. Robert Ortman, WH/COG
- c. SOD/CE
- d. William Broe, C/WH

8. In view of the facts presented above, I request to be designated a participant in the CIA Retirement and Disability System and will apply for disability retirement when my participation is approved.

AGENCY

14 JUN 1973

Mr. Grayston L. Lynch is a Career Agent who entered on duty into the Agency in February 1961 and served in New Orleans, Louisiana and Key West, Florida preparing WII Agent assets for operational assignments. In March 1961 he left Key West, Florida aboard a covert Agency vessel for Nicaragua where he assisted in the preparation of Agency vessels and assets scheduled for operations into Cuba. In April 1961, he left Nicaragua on a Agency vessel to participate in the landing operations in the Bay of Pigs, Cuba. He was ~~also~~ involved in armed action both at sea and at shore during the four days of the invasion attempt and, from direct instructions from the DCI, engaged in series of covert landings and operations into Cuba for several days following the invasion landing. For this action Mr. Lynch ~~was~~ received the Intelligence Star. Mr. Lynch subsequently served as a paramilitary operations officer at Miami, Florida until approximately June 1968. During this period he participated in numerous clandestine activities including agent training, parachute training, weapons training, ^{He also} planned and directed 115 actual operations into Cuba.

In the course of these earlier operational assignments, Mr. Lynch ~~has~~ developed a psychosis which will not permit him to travel by air at all nor by overland means for any lengthy period of time.

This has resulted in a medical hold being placed on Mr. Lynch for any overseas assignment PCS or TDY. Since he is uniquely a field special operations officer there are literally no departmental duties to which he can be assigned. Since there is no suitable assignment available for Mr. Lynch it is necessary to terminate Mr. Lynch's contract as a Career Agent. Since he is eligible for Involuntary Retirement under CLARDS, Mr. Lynch has made application for retirement effective 10 September 1971. In view of Mr. Lynch's age, specialized skills, long service in a uniquely sensitive area, and peculiar contribution to the Agency's mission it is believed that a termination bonus at the time of his retirement is fully warranted.

Mr. Lynch is currently the equivalent of a GS-14, step 5 with an annual salary of \$23,591. The proposed \$10,000 termination bonus represents, therefore, less than 42% of his annual salary or approximately 5 months pay. In connection with this, it should be noted that if he were being terminated rather than retiring, he would be entitled by virtue of the provisions of his contract to 90 days notice which would equal approximately \$6,000 at his current rate of pay in salary alone. Additional fringe benefits would increase this figure.

MEMORANDUM FOR: Chief, SOD/SS/Personnel

SUBJECT : Mr. Grayston Lynch

1. Assuming no interruptions or changes of assignment or status in the interim, Mr. Lynch will complete his currently scheduled Spanish language training in mid-April 1971. Between now and then it is understood that he will--on his own initiative and with whatever assistance and encouragement we can properly provide--make an effort to overcome his phobia of flying and thereby, in due course, qualify medically for TDY or PCS overseas field duty.
2. In view of Mr. Lynch's past history, however, we cannot assume that he will be successful or will even actively press to overcome his problem. In spite of his career agent status and his operational performance (Intelligence Star), we cannot, in all conscience, carry him on SOD contract rolls indefinitely in an unproductive capacity. He has completed all of the advanced and refresher operations training necessary to qualify for assignment now. He has not adapted well nor has he been receptive to the kinds of headquarters duty assignments open to him. He is a field parasilitary officer.
3. It is prudent, therefore, to begin contingency planning now for his appropriate retirement and outplacement into a job which will offer him both security and personal satisfaction. His Spanish language training should enlarge his horizons and opportunities. We can predict he will not, at least at first, take at all kindly to the idea of retirement and relinquishing his Agency association. He is emotionally involved, and identifies himself as an Agency career field operations officer.
4. Please acquaint C/CSPS and DDP/JO with the background of this case, and together with them begin now to plan for this contingency.

MEMORANDUM FOR THE RECORD

SUBJECT: Retirement Annuity
Mr. Grayston Lynch

1. Retirement Operations Division of the Office of Personnel (Linda Birch) provided the following computations for a proposed annuity for Mr. Grayston Lynch if he retired on the dates indicated. These figures were computed on 30 October 1970 and were based on the following:

	<u>31 Dec 1970</u>	<u>30 April 1971</u>
AGE (DOB: 14 June 1923)	47 years, 6 mts.	47 years, 10 mts.
CREDITABLE SERVICE (Including S/L)	31 years, 8 mts.	32 years
HIGH AVERAGE (3 Years)	\$19,655	\$20,261
BASIC ANNUITY: Per Annum	\$ 9,979	10,478
Per Month	832	873
BASIC ANNUITY REDUCED FOR SURVIVOR:		
Per Annum	9,251	9,700
Per Month	771	808
SURVIVOR ANNUITY: Per Annum	5,488	5,763
Per Month	457	480

2. The above annuity would be recomputed when Mr. Lynch becomes 62 years old. This recomputation is required to drop off post 1956 military service which applies to Social Security eligibility. Subject has no choice in this matter if he is eligible for Social Security benefits. If he is NOT eligible for Social Security benefits then the military service will remain creditable toward his Civil Service retirement annuity. The recomputed annuity would be as follows:

BASIC ANNUITY: Per Annum	\$ 8,695	\$ 9,145
Per Month	725	762
BASIC ANNUITY REDUCED FOR SURVIVOR:		
Per Annum	8,096	8,502
Per Month	675	708

EYES ONLY
SECRET

14-00000

SURVIVOR ANNUITY:	Per Annum	\$ 4,792	\$ 5,030
	Per Month	399	419

3. It should be noted that the entire annuity at either time is reduced 2% per year for each year Mr. Lynch is under 55 years of age. This amounts to a total reduction of approximately 15%.

MEMORANDUM FOR THE RECORD

SUBJECT: Grayston Lynch

1. Mr. Lynch reported to C/SOD/Pers for interview on 5 December 1968. JMWAVE officials had notified him of the medical decision and the purpose of this visit to arrange for a six month interim assignment period while he undergoes appropriate treatment in Miami. We discussed the terms of the agreement which was made part of memorandum of agreement and was signed by Mr. Lynch and C/SOD/Pers. *(attached)*
2. Mr. Lynch visited WH Division for discussions regarding the interim assignment with Dave Philips, Cuba Desk. According to Lynch there was some difference of opinion about the job at this point as to whether he'd be working for JMCOBRA or for Cuba Desk. He discussed this again with WH officials who he says agreed that he would work on a project for Mr. Philips unless Mr. Esterline had something specific he needed him to do. A message was to be sent out to this effect by WH Division.
3. Mr. Redmond of Agent Panel and Mr. Pollock SAS/OP were advised of status of this case but did not need to see Mr. Lynch unless he wished an interview. Pete Gaughan and Dr. Robinson of OMS were contacted and Dr. Robinson provided the names of three cleared consultants in Miami area for Mr. Lynch's referral. Mr. Lynch had a brief interview with Mr. Holcomb to let him know that arrangements for the six month interim assignment had gone well, he understood the terms of the agreement, and hoped to return in six months qualified for full duty including overseas and flying. He then took care of his accountings in SOD/E&F and departed for the drive back to Florida.
4. Mr. Lynch appeared to be in good spirits on this visit. He seemed to understand fully the terms of the six month agreement and expressed appreciation for being given this period of time to prove himself qualified for continued employment. However, he was left with no doubt of our intentions to terminate his contract at the end of the six month

MEMORANDUM OF AGREEMENT

SUBJECT: Temporary Assignment -
Mr. Grayston Lynch

1. As a result of his recent fitness for duty physical examination, it was determined that Mr. Lynch is qualified only for domestic assignments not involving flying. This decision means that Mr. Lynch is not currently qualified to perform the duties required of him under the IUJEWEL Program. These duties involve primarily overseas assignments and require flying both as the normal means of transportation to and from areas of assignment and as an integral part of his job concerned with training and conduct of airborne operations.

2. Since Mr. Lynch is not qualified to perform the duties required of his position at this time or for the indefinite future, three courses of action have been considered as follows:

a. Termination of contract under the 90-days notice clause of his contract.

b. Initiation of action for disability retirement.

c. Approval of a 6-month domestic (temporary) assignment while Mr. Lynch pursues appropriate treatment to determine whether his current disability is temporary.

3. In recognition of Mr. Lynch's long period of dedicated service to the Federal Government and this Agency, it has been agreed to offer him the 6-month interim assignment as per paragraph 2.(c) above under the following conditions:

SECRET

- a. That an appropriate domestic assignment is available.
 - b. That he pursues appropriate treatment during the 6-month assignment period.
 - c. That Mr. Lynch report for another medical evaluation at the end of the 6-month assignment to determine whether he is qualified for full duty including overseas assignments involving flying.
4. It is further agreed that if, at the end of the 6-month period, Mr. Lynch is not found qualified for full duty including overseas assignments involving flying, action will be initiated to terminate his contract employment as in paragraph 2.(a) or (b) above.

Dear Gray,

We have received a call from Training about a tape recorder which they believe you still may have - a small cassette type which was issued to you while you were in language training.

If you still have the recorder, would you please ship it to Betty Weyland at the above address. If you turned it in, would you let me know when and where so I can pass on the information to Training?

Hope you are enjoying life and lots of sunshine.

Sincerely,

1. Mr. Lynch called to advise that he was still in the local area and ask if he could pick up his annuity check and change his forwarding address and banking instructions, as he was no longer going to go to Tampa, Florida. He said he was buying part interest in a boat and had rented an apartment in Key West, Florida and would be living and working there. In this respect he wanted to know if he should not have a change in his cover status from "open" to "under cover" because of his "new" location.
2. Mr. Frank Stewart was advised of the change of Mr. Lynch's plans and his inquiry regarding a change in cover status. Mr. Stewart (SCD/Security) subsequently advised that Mr. Lynch would remain "open" and that he, Mr. Stewart would call Mr. Lynch and brief him on the subject.
3. Inquiry on Mr. Lynch's behalf into the other questions led to the following:

a. Mr. Paul Seidol, OP/Retirement Division, the officer who processed Mr. Lynch's retirement, is the appropriate local contact for Mr. Lynch to have to handle any problem with his retirement or his annuity payment. In this respect Mr. Seidol suggested that his telephone number be given to Mr. Lynch for this and future inquiries, so long as Mr. Lynch was in the local area. Otherwise, Mr. Lynch has been given correspondence instructions. Mr. Seidol's telephone number was then given telephonically to Mr. Lynch with instructions to call for arrangements regarding his annuity check, banking instructions, change of address, etc. Mr. Lynch acknowledged this instruction.

Dear Mr. Devuono:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 November 1967.

It has been mutually agreed by both parties that said contract will be terminated on or about 10 September 1971, at which time you will be involuntarily retired, due to the absence of any immediate or foreseeable work assignment for which you qualify.

You are herein authorized a taxable terminal payment of \$10,000 to assist you in resettling and retraining for another occupation. Said payment will be payable as of the effective date of your retirement.

Mr. Lynch telephoned today and advised that he did not want his termination bonus to be held for payment in Calendar Year 1972 as agreed upon, but would like to have it payed at the time of his retirement. I pointed out that this would result in a good tax bite, but Gray stated that he would need the money at the time of retirement and would just have to sustain the additional tax.

Mr. Lynch also asked if he could obtain an advance on his salary of about \$500 as his salary checks were mailed to a bank in Florida and he had exhausted his supply of ~~cash~~ checks because he had thought he would have left the area by now. He was advised that this could be done but that it would take a memo from him to the Director of Finance. He stated that he would come to the office on 16 July to prepare the memo. He should be sent to C/SOD/RAF to initiate the memo and the action to obtain the advance on his salary.

MEMORANDUM FOR : Director of Personnel

SUBJECT : CIARDS Retirement of Mr. Grayston L. Lynch,
GS-14, SOD, on the basis of Qualifying Domestic Service

1. This memorandum submits a recommendation for your approval in paragraph 4.

2. After more than twenty years of active military service, Mr. Lynch joined CIA in February 1961 to assist in operations against the Cuban target. He was awarded the Intelligence Star for his participation in the Bay of Pigs and related activities in the spring of 1961. Because of the sensitivity of his duties in behalf of CIA, his periods of foreign service were not recorded in the usual manner. From August 1961 until June 1968 he was intensively involved in the recruitment, training, administration and operational direction of a large number of agents as well as the planning and direction of operations into Cuba.

3. After reviewing his application for admission to CIARDS and corroborating statements from Clandestine Service officers acquainted with his work, the Clandestine Service Career Service Board concluded that Mr. Lynch's case merits a recommendation for approval. It is our view that the demands placed upon him were at least on a par with those borne by operations officers assigned overseas.

4. It is, therefore, recommended that Mr. Lynch be designated a participant in the CIA Retirement and Disability System on the basis of qualifying domestic service. If he is accepted for CIARDS, Mr. Lynch will apply for Disability retirement.

MEMORANDUM FOR: Director of Personnel

SUBJECT : Recommendation for Approval of
Mr. Grayston L. Lynch as a Participant
in the CIA Retirement and Disability System

REFERENCE : HR 20-50

1. It is strongly recommended that Mr. Grayston L. Lynch be approved as a participant in the CIA Retirement and Disability System.
2. It is the opinion of the Special Operations Division that the duties performed by Mr. Lynch from the time he entered on duty in February 1961 until early 1968 meet the spirit and intent of the criteria for "qualifying service" as defined in HR 20-50b. The lone exception to these criteria is that Mr. Lynch was not "abroad" during the time involved except on a sporadic basis. This exception, however, was due completely to the geographical location of the area of operations. This location made it uniquely propitious to have Mr. Lynch assigned to and work out of a domestic base. There is no question, however, that Mr. Lynch's service was in the conduct and support of covert operations which required continuing practice of security and tradecraft procedures and which included, from time to time, hazards to his life and health. It is also believed that Mr. Lynch would be at a disadvantage in obtaining other employment because of the sensitivity of his past service as well as the dearth of requirements for his peculiar background, skills and knowledge.
3. On the basis of the above and Mr. Lynch's unique personal record, it is believed that his service during the described period is certainly equivalent to if not in excess of the requirements for "creditable service abroad" and that if it had not been for a geographical accident, this service would have been performed as

part of an assignment abroad within the fullest meaning of the definition contained in the relevant regulation. Therefore, approval of Mr. Lynch's request for designation as a participant in the CLARIS on the basis of service performed between 1961 and 1968 is not only strongly recommended but is requested as the grant of an entitlement fully earned by a very deserving employee.

MEMORANDUM FOR: Director of Personnel

SUBJECT: Request for Designation as a Participant
in CIARDS--Mr. Grayston L. Lynch

1. It is requested that domestic service reflected in the following paragraphs be approved as qualifying service for the CIARDS and that I be designated as a participant in the system.

2. I entered on duty with the Agency on 16 February 1961. I was sent TDY immediately to New Orleans, Louisiana and from there to Key West, Florida to prepare WH Division agent assets for operational missions. On 28 March 1961 I departed Key West, Florida aboard a covert Agency ship bound for Nicaragua where I engaged in the preparation of Agency vessels and assets scheduled for operations into Cuba. On 13 April 1961 I departed Nicaragua via an Agency vessel for the 17 April 1961 landing operation in the Bay of Pigs, Cuba. I was assigned as the Case Officer for the Agency command ship, Cuban Brigade Headquarters, and the Underwater Demolition Team (UDT) element. I participated in armed action both at sea and on shore during the four days of the invasion attempt and, per direct instructions from the DCL, engaged in a series of covert landings and operations into Cuba for several days following the invasion landing. I returned to Headquarters on 29 April 1961.

3. In August 1961 I was assigned PCS to JMWAVE at Miami, Florida as a Paramilitary Operations Officer. From my arrival in August 1961 until July 1965 I served under commercial cover outside the station, intermittently using my home and various safehouses as "ad hoc" offices. All contact with the station was by telephone and/or personal meetings prearranged with station personnel. These personal contacts were either at my home, in safehouses, or at other meeting places deemed appropriate. During this period I was responsible for the recruitment, training, administration and operational direction of a very large group of Agents. This entailed numerous clandestine meetings, both day and night, with these Agents. Since they were in various stages of training, assessment or preparation for an operation and were located throughout Wade and Monroe counties in

SECRET

Florida, I was required to drive an average of 3000 miles per month to provide the necessary handling and support. The major training exercises were as follows:

a. Three black flights to ISOLATION for periods of one to three weeks duration during which time I was required to remain in the black training areas as handler for the Agents.

b. One three day trip to Lake Worth, Florida during which I conducted the ground phase of parachute training for 26 Agents and arranged for civilian instructors and planes for two parachute jumps per man.

c. Two black flights to Camp McKall, North Carolina to conduct parachute training for 36 Agents, during which time, as Chief Instructor, I made two parachute jumps.

d. Two black flights to the Ranger Training Center at Eglin AFB, Florida for additional parachute, commando and guerrilla warfare training for 38 Agents. Both trips were of two weeks duration each and again, I made two parachute jumps.

e. Four black flights to Fort Stewart, Georgia for training in weapons and tactics for 38 Agents. Training was conducted with all weapons from the .45 calibre pistol up to and including the 4.2 inch mortar. Demolition and sabotage training including night and day tactical exercises using live ammunition and explosives were also conducted. Each exercise lasted from five to 15 days.

f. Eight training exercises from three to seven days duration each were conducted in and around the Everglades National Park and the Marquesas Keys in Florida.

g. Over 70 mission rehearsals of two or three days duration conducted in the Florida Keys.

4. In addition to the above training exercises I planned and directed 115 actual operations into Cuba during this period. This involved the isolation of a five to 25 man team in a safehouse for three days to two weeks preparing for an operation and remaining with them day and night until they were launched. It also involved receiving the team at the conclusion of the mission and again holding them in a safehouse for a two day debriefing period.

5. In 1965 I set up an office in Perrine, Florida, under commercial cover, to administer the Agent group. I remained in this office conducting operations and training as before until April 1966. My office was moved into the JM WAVE station at that time, but I remained under commercial cover and my duties continued to be the same.

6. During the time I was assigned to JM WAVE I was required to participate in numerous voyages aboard Agency ships into international waters. Many of these were near to and into denied waters. I was also required to participate in several search and rescue aircraft flights of long duration over international water, near and into denied areas.

7. It is my belief that my activities and duties from August 1961 to June 1968 were of the types normally found only in overseas clandestine activities for which the five year CIARDS "credible service abroad" requirement was intended. I am available for further explanation or clarification if any of the above information is required, or if confirmation of my service by other Agency personnel is needed, I submit the following names of knowledgeable individuals:

- a. Gerald Droller, DDP/NSP
- b. Robert Ortman, WH/COG
- c. SOD/GB
- d. William Bros, C/WH

8. In view of the facts presented above, I request to be designated a participant in the CIA Retirement and Disability System and will apply for disability retirement when my participation is approved.

The Director of Central Intelligence has determined that in order to qualify for designation as a participant in the CIA Retirement and Disability System, an employee must have signed a written obligation to serve anywhere and at any time according to the needs of the Agency in addition to meeting other specified criteria.

I heroby declare my intent to comply with this requirement as a condition to my being considered for designation as a participant in the CIA Retirement and Disability System.

In making this declaration, it is understood that the Agency will consider my particular capabilities, interests, and personal circumstances.

MEMORANDUM FOR HUSKARD

SUBJECT: Mr. Graydon L. Lynch

As of 29 May 1971 Mr Lynch was accredited with the following leave balances:

Annual Leave	-	376 hours
Sick Leave	-	340 hours

If Mr. Lynch's application for CIARDS and his application for Disability Retirement under CIARDS were all processed and awaiting approval, he could go on sick leave as of close of business 2 July to exhaust all sick leave and then all excess annual leave prior to retirement. He would retire under these circumstances, if approved as of COB 6 October 1971. (This date was computed by payroll based on the following assumptions; 1). He would take no leave between now and 2 July, 2). He earned 26 days leave per year, 3). He had a leave ceiling of 360 hours.

AC/SOD/Personnel

1st Increment

Mr. Lynch will not be permitted to process all the paperwork for his pending retirement and then depart the area. Retirement Operations Division/OP will not accept his application for CIARDS retirement until he has actually been accepted into CIARDS, nor will they initiate a request to the OES for a medical survey until an application has been submitted for Disability retirement, nor will they submit a request for medical survey under Civil Service and then convert to CIARDS. Concurrently, OES will not review their requirements on Mr. Lynch prior to receiving a request from ROD/OP. Since neither Retirement Ops Div/OP nor OES will take action pending resolution of Mr. Lynch's participation in CIARDS I advised him we would be unable to hit the 2 July target date for him to commence his leave in preparation for retirement. He ~~not~~ stated that

this was all right with him. Therefore, I am scheduling the following procedure:

As of 25 June 1971, Mr. Lynch's signed application for participation in GIBBS, Form 3100 and Service Agreement accompanied by AC/SOD's recommendation was hand carried to CSIC for Board action. AC/SOD also added a note on the routing sheet requesting that the request receive every consideration on an expedite basis.

When the above application is approved, Mr. Lynch should be scheduled for a retirement interview with Mr. Paul Seidel to make application for Disability retirement and be scheduled for any physical examination or medical interview required.

Following the above, Mr. Lynch could commence his leave and proceed to Florida pending the outcome of his application for Disability Retirement. When approved he would continue to utilize his sick leave and excess annual leave until it was expired. The retirement would then become effective.

In an interview with Mr. Lynch on 15 June 1971, the C/SOD/SS and the AC/SOD/Pers discussed the possibility of obtaining ~~an~~ a Termination Bonus in the amount of \$10,000 payable on retirement with Mr. Lynch. This was because of Mr. Lynch's unique situation regarding his service and career with the Agency. It was pointed out that this was definitely not the normal ~~proachurak~~ procedure, but was based purely on Mr. Gray's status as a Career Agent and the unusual aspects of his termination. It was agreed that although Mr. Gray would become eligible for this bonus, if we were able to get it approved, as of the date of his retirement, we would not make payment until ~~six~~ Calendar Year 1972 in order to give Mr. Gray benefit of the tax break resulting from the delayed payment. Mr. Gray agreed to all of the above provisions without qualification.

Mr. Gray was instructed to maintain constant contact with Maritime Branch — at least check with them twice a day to ascertain if there were messages or requirements for his presence or appointments scheduled for him. He agreed to this as he does not have a phone at home and there is no other positive means to contact him. SOD/Personnel is to leave any message necessary for him with the Secretary/Maritime Branch for delivery. (If no other contact possible, try informally through Jerry Sohl.)

MEMORANDUM FOR THE RECORD

SUBJECT: Mr. Graydon L. Lynch

The undersigned talked with Subject on 14 June in regards to his future. I told him Mr. Drollor did not have the authority to authorize "absence from duty for up to a year" as was stated to Mr. Lynch. I told him SOD will take the proper action through the Agent Panel to try and find "a retirement assignment" for him in the Miami area. This action will probably take a few weeks and he will be kept informed of the progress. He was quite understanding and accepted the above with little comment.

FOREIGN LANGUAGE APTITUDE TESTING RESULTS

NAME Frank Sinatra De Vito
DATE 13 August 50 IR 11/1/50

Since many things other than aptitudes enter into the determination of training course performance, in any class of students there will usually be some whose performance will be better than would be expected from their test scores, just as there will likely be some whose performance is poorer than expected. STRENGTH OF MOTIVATION, PRIOR EXPERIENCE WITH A FOREIGN LANGUAGE, and other factors should be considered in selecting people for language training and in interpreting language training results. For example, the number of languages previously studied or learned and the amount of academic and non-academic language-learning experience are factors not measured by the tests but are indicative of probable success in learning a foreign language. Whether such experience was in the same language as the one to be studied or in a different one is, of course, an additional relevant factor.

MEMORANDUM FOR THE RECORD

Subject: Mr. Grayston Lynch

It was determined that no action would be taken on this case until after the first of the year (1971) at which time Mr. Lynch will be advised by C/SOD/Personnel that he will be made available for a suitable operational assignment, most likely overseas, unless he opts to apply for disability retirement.

If Mr. Lynch opts to apply for disability retirement he will be continued in his present assignment pending approval of his retirement.

If Mr. Lynch chooses to be shopped for a field assignment, SOD will initiate action to locate such a position. When found, Mr. Lynch will be processed for the assignment. Should he fail to be medically approved, action will be taken to obtain his retirement for medical reasons. Should an assignment not be forthcoming by April 1971, a medical disposition for overseas planning purposes (General) will be requested.

The purpose of the above scheduled action is to either find a suitable assignment for Mr. Lynch or to effect his disability retirement on either a voluntary or involuntary basis.

COURSE OBJECTIVES - CONTENT AND METHODS

CS Records I (Introduction to Records) is intended for Operations Officers and intelligence and clerical assistants who support operations through any form of records activity. It reviews the records mission of the CS and examines the logic and structure of the system itself. The responsibilities of CS personnel to the system, and the services provided by the different elements of the system, provide the central theme of the course. Students are familiarized with methods of input, maintenance and retrieval of information, and in disposition, disposal and destruction of the records themselves. The course includes an introduction to the various machine programs associated with the records system, and outlines the management cycle by which the system is controlled and modified.

DATES OF COURSE: 30 March - 10 April 1970

A. COURSE OBJECTIVES

1. This course is designed primarily for either a case officer who expects to surge and manage an audio surveillance operation, or for those who have related responsibilities, i.e., desk officer and physical security officers.
2. Although the course provides a basic familiarization with audio devices the primary emphasis is on the collection of target data, planning the operation, locating a listening post, supporting the entry, exploiting "the take", and the orderly termination of the operation once it has achieved its usefulness. In short, managing an audio operation from inception to termination.
3. The course provides a basic knowledge of "quick plant" devices to permit the exploitation of certain targets of opportunity. The same devices could be concealed and used for "carry in" devices.
4. Finally, the course provides instruction in the field school maintenance of listening post equipment, so that an operation can continue without the constant presence of an audio technician.

MEMORANDUM FOR: Chief, Special Operations Division

SUBJECT : Maritime Branch Nominee for the Special Operations Division's Historical Program

REFERENCE : Chief, Special Operations Division Memorandum dated 24 December 1969. Subject: Historical Program

1. Considering the current manpower shortages and relative inexperience in the Maritime Branch, I recommend that only one quarter man year be devoted to the Historical Program in calendar years 1970-71. If and when officers report on board who have the unique or special knowledge required to write histories, then these personnel will be assigned this task and a subsequent increase in man years available will be made.

2. I nominate Mr. Grayston L. Lynch to write histories in CY 1970-71. This officer combines the unique knowledge of first hand operational experience with the qualities of a good narrative writer.

1. CONTENTS OF REF DISCUSSED WITH DEVUONO WHO REACTED VERY STRONGLY. ALTHOUGH INFORMED THAT CABLE DID NOT REJECT CLAIM, DEVUONO CLEARLY ANTICIPATES THAT REJECTION WOULD COME FOLLOWING DISCUSSIONS AT HEADQUARTERS. DEVUONO STATED THAT THE BOARD HAD ALL THE FACTS, THAT HE COULD ADD NOTHING TO WHAT HAD BEEN WRITTEN AND THAT "HQ'S DISCUSSIONS" WAS EUPHEMISM FOR REJECTION.

2. DEVUONO HAS SUFFERED LOSS OF PERSONAL PROPERTY BEFORE AND DOES NOT FEEL THAT HE WAS PROPERLY COMPENSATED. HE CITES MANY OF THE DIFFICULTIES THAT HE ENCOUNTERED DURING AND AFTER THE BAY OF PIGS WHEN MANY OFFICERS MADE EXTENSIVE PROMISES WITHOUT AUTHORITY OR ABILITY TO FOLLOW-THROUGH. AT PRESENT DEVUONO SCHEDULED TO GO TO LAOS LEAVING HIS FAMILY IN THE JMWAVE AREA. IT DESIRABLE THAT DECISION THIS CLAIM BE MADE SOONEST.

SECTION C		NARRATIVE COMMENTS	
<p>Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.</p> <p>During most of the period reported on, Subject was concerned with administrative problems associated with the phase-out of the Station. Despite the consequent operational lull, Subject continued to maintain a satisfactory degree of morale in agents assigned him, worked up and implemented realistic training programs, and continued to develop excellent targets against the possibility of a policy change. In addition, important information collected locally by Subject on illegal activities of Cuban refugees was of great interest to other agencies offices in the area. Subject was the only Station source of such information which was acquired only because of Subject's ability to maintain rapport with agents, terminated during the period because of the cutback in infiltration operations.</p> <p>It could also be noted as Subject finishes his long tour at this Station and prepares for his next assignment, that he is a thoroughly professional intelligence officer and is, in many ways, an outstanding one. Technically, he is an expert on infiltration tactics and, though his Special Forces experience, an expert on anti-guerrilla warfare as well. Just as important, is his ability to gain respect and rapport with foreign agents. He has an imaginative approach to operations, is resourceful in devising tactics, and determined in carrying out his assignments. He is a definite asset to WOFIRM.</p>

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

During the period under review, Subject has continued to produce at his previous high level and he has planned and executed three intelligence collection operations against a denied area with the two teams under his supervision and direction. His leadership qualities have, to a large degree, enabled him to maintain his commando group morale at a high level under the difficult circumstances of enforced inactivity. Subject's indigenous agents respect him and are willing to follow his instructions to the letter. Subject's seemingly limitless resourcefulness, drive and initiative coupled with his demonstrated proficiency for this type of work mark him as one of the few persons known to the Rater who is ideally suited to this particular type of agent handling on a day-to-day, face-to-face basis.

During the reporting period Subject has committed his four infiltration boat teams on a total of seven operations and excellent results have been realized. He has conducted extensive testing of equipment and techniques in support of Station requirements and Headquarters requests. His reporting after these field tests has shown that his reporting ability has improved to such a degree to warrant a rating of strong in this duty.

He is cost and security conscious and has demonstrated his effectiveness in the use of personnel, equipment and operational funds. Subject has not had the benefit of formal language training and does not have a definitive language capability. In view of his long tenure of field assignments during his career with WOFAC, it is recommended he be given

SECTION C NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

Subject has been under my supervision for approximately 6 months. During this period he has shown an outstanding proficiency in the supervision of his Commando Group. He is responsible for the logistical support, maintenance, planning and operations of the group and must also maintain their motivation and moral. As a result of the stand-down in PM activities at this Station, one of his major duties has been keeping his group motivated and happy. Subject has performed these tasks in a very professional manner; he has shown strong leadership qualities and a definite ability to adapt to difficult and frustrating changes in the operational climate. Subject has had the additional duty of handling an FI Agent for the Station. He has spent long hours on this activity and has shown that he is fully capable of broadening his scope of activities to other fields besides the supervision of a commando group. He is cost and security conscious and has shown that he is effective in the use of personnel, space, equipment and operational funds.

BRIEF FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

Graysten L. Lynch, Captain, U. S. Army (retired), Career Agent,
DDP/CA Staff, GS-13 Equivalent.

Recommended for Intelligence Star

Captain Lynch was employed by another government agency prior to the Cuban invasion. During the preparations for the Cuban invasion, Captain Lynch was granted Agent status with CIA with the understanding he would return to his parent agency at the completion of the project. The Board recommends that he be awarded the Intelligence Star for his activities under fire on 16-17 April 1961. He personally led the beach reconnaissance party on the night of 16 April and succeeded in placing beach markers in preparation for the landing. On 17 April, his ship was besieged by an air attack. He was successful in leading the convoy to a point off the beach, during which time gunfire from his vessel destroyed two of the attacking aircraft. During the period 22-24 April, Captain Lynch led a team of three back to the objective area and rescued nine survivors of the invasion forces.

MEMORANDUM FOR: C/WH/B&F

SUBJECT : Federal Income Taxes
Irving G. DEVUONO (P), Contract Employee

1. During his recent visit to Headquarters, DEVUONO raised questions concerning his Federal income tax returns and interest allegedly due for income received during calendar year 1962. He stated he had filed [redacted] returns for 1961 and 1963 and that he would file a [redacted] return for 1964. He had previously been advised that he owed interest on his 1962 income in the amount of \$165.54. He stated that this was not correct as the verbal instructions given him by Mr. Robert Bladergroen of OGC were followed by him when he filed his 1962 [redacted] return. According to DEVUONO, Bladergroen discussed tax matters with him during a visit to JMWAVE sometime in April 1963.

2. As I was not previously acquainted with the facts in DEVUONO's case, I did not attempt to judge it nor to promise him that it could be resolved to his satisfaction. I did, however, inform him we would investigate the matter and would officially advise the Station of the decision. Therefore, please initiate appropriate action with the [redacted] tax people and the Office of General Counsel (Mr. Bladergroen) to set this matter at rest. Informally, Bladergroen informs me that he recalls his conversations with DEVUONO and that DEVUONO either did not understand his instructions or chose to disregard them. I believe Mrs. O'Leary and at least one other member of her staff with whom DEVUONO consulted during his visit can assist in resolving this matter. I do not find any correspondence in his Personnel Folder other than a copy of a cable, IN 57726, dated 12 June 1963, bearing on this Subject.

TO : Lynch, Grayston L. DATE: 22 JAN 1964
 Thru : Recorder, Honor and Merit Awards Board
 FROM : Security Advisor, Honor and Merit Awards Board
 SUBJECT: Lynch, Grayston L. - Personnel Matter
 (Award Recommendation)

1. The Office of Security has been advised that you will be a recipient of an honor award in the Headquarters Building in the near future. This memorandum is designed to alert you to the security implications of receiving this award. As must be obvious to you, your role with the organization has been one involving very sensitive operations and projects calling for extraordinary security precautions. You will be expected to continue this kind of exacting security orientation in all dealings you may have with the outside world regarding this award.
2. First, the organization's security policies require that the number of persons on the outside learning of an award be limited. In your case, such persons should be limited to those in your immediate family.
3. Secondly, you are asked to scrupulously avoid releasing or cooperating in the release of any publicity regarding the award to public information media such as radio, television or the newspapers. This award should never be mentioned in the presence of any reporter or representative of any public information media.
4. After receiving your award you will be asked to return it together with any accompanying papers to the Secretary, Honor and Merit Awards Board, for safekeeping. When the cover and security factors requiring secrecy about your connection with CIA are no longer operative these award materials will be returned to you.

SUBJECT : Alias Documentation for Irving C. DEVUONO (P)

REFERENCES: : Memo to C/COVER dated 23 May 1963
Memo to C/PE dated 18 July 1963

1. Irving C. DEVUONO has used the alias George Lee in the local area. The circumstances which required the use of this alias is as follows:

DEVUONO, accompanied by the Real Estate Officer from the Cover Branch, under the alias Gregory Williams, went to ISLAMORADA in April 1963 to determine the suitability of S/H 177 for the AMLILAC Group. It was not anticipated at that time that DEVUONO would be required to use his name with the owner, Eddie Sweeting. However, arrangements for the S/H were made on the spot and the name George Lee given as the occupant of the house.

2. If possible it is requested that alias documentation be established in the name of George Lee. This is not an absolute requirement, however, and a registered alias could be assigned.

MEMORANDUM TO: Chief of Station, JMWAVE
VIA : DCOS/OS
FROM : Chief, Finance, JMWAVE
SUBJECT : Tax Problem of Irving G. DEVUONO

While on TDY at Headquarters, the writer conferred with the Head of the [redacted] Tax Unit on the subject problem. The writer was informed that the [redacted] Tax Unit is not able to accept and forward a [redacted] return for the year 1962 for the subject individual since a Form 1099 had been issued. It was further stated that the Internal Revenue Service, while performing a service last year (tax year 1961) of this nature, would not under any circumstances permit a person and/or persons receiving a Form 1099 or W-2 to [redacted] Return for such reported income. Therefore, it appears all avenues of escape for Irving G. DEVUONO have been closed and he should file an amended return for Tax Year 1962 to include the KUBARK income reported on Form 1099.

MEMORANDUM FOR : Irving C. DEVUONO
SUBJECT : Letter of Instruction

1. This memorandum is to confirm your appointment as Chief, AMLILAC and to provide you with instructions for the direction of that group.
2. The mission is to adapt current assets into a force which can enter the target area by sea or air to conduct reconnaissance, caching, sabotage, raids and/or guerrilla warfare support operations.
3. The organizational concept to be followed is that of small teams which can function independently or in combination and entirely under indigenous leadership. All personnel should be fully qualified in basic paramilitary skills and should be physically and mentally prepared to mount operations on short notice. Airborne capabilities will be developed when facilities necessary for training become available.
4. The standards for members of the group should be constantly upgraded by culling of members who become marginal or who do not develop as expected. Recruitment of promising new members will be dependent on the needs of the station based on policy directives. Priority should be given to sabotage training to permit the mounting of a sabotage program at the earliest possible moment. Coincidentally, planning and thought should be given to the topics of cover, recruitment, training and establishment of those facilities necessary for a rapid expansion of the group if a full scale operational program should be developed. Also, the force should be identified to the primary exile authority as a non political and independent body which is unilaterally engaged in the overthrow of the existing regime. The tempo of training should be maintained at a level sufficient to assure the continual proficiency of the group in all categories of activity in readiness for the order to mount a full scale program with all teams participating simultaneously. Readiness will not itself be justification for operations.

5. Your staff must be organized to permit close contact with team members so as to assure control over them and at the same time provide full security for the existence of your organization. It must also provide security for the planning of all activities in such a way as to assure the compartmentation of staff and team personnel associated with the different categories of operational activity.

6. The following guide lines are provided for the organization:

a. The size and military nature of the force require that the highest possible standard of security be maintained for all personnel and activities. Specifically, the scope should not be comprehended by team members, and compartmentation by teams should be practiced to the maximum.

b. Should, if possible, be composed of men who have no dependents.

7. The following tasks should be undertaken immediately:

a. Continue development of cover for all personnel, their absences, injuries, deaths.

b. Continue the development of concepts to provide for training, during active and inactive periods, transportation to training and staging areas and safehouse utilization.

c. Continue to devise procedures for handling and storage of classified material, arms and equipment.

d. Establish standards for recruitment, discipline, chain of command and security.

Subject: 1962 Income Tax for Irving C. DEVUONO

1. The subject person has submitted the attached memorandum which outlines his objection to paying the self-employment social security tax under the proviso of being self employed. Unfortunately the subject's contract contains the following proviso:

Paragraph 8(d): From the salary paid pursuant to this contract these shall be deducted the appropriate rate percentage (presently 6½%) for deposit and eventual crediting to the Civil Service Retirement Fund. When circumstances of your cover warrant or require contributions to social security such contributions will be at your expense and you will not be reimbursed therefor by the Government.

TO : COJ
FROM : IRVING C DEVUONO
SUBJECT : INCOME TAX

I was sent to this Station in Aug 61 and was given a [] briefing at Headquarters before I left in which I was told that since I was paying into a retirement fund of this organization that they would no longer withhold Social Security from my pay. In late 61 I was notified that they were refunding to me all money withheld for income tax up to that time and that I would have to file on the inside and to start withholding my own taxes. This was done and I was told by this station to file the [] return with them and to file an [] return on my Army retirement pay. This I did for the year 1961. I was also told by BOB the tax man to file this years return the same way. I made my own tax withholding during 1962 and have the money to cover the taxes, but now I am told that because someone made a mistake and mailed both me and the IRS a form 1099 on my 1962 pay that now I must file an [] return. This now will cause me to pay \$225.00 selfemployment tax ^{and} will make me liable to a 6% penalty for not filing an estimated return quarterly. Since I would not have had to pay these extra taxes if the mistake in mailing the form 1099 had not been made and since I did everything in this matter that the station wanted me to do I do not feel that this extra cost should be ~~paid~~ ^{request} by me. I feel this is penalizing me for someone elses mistake. I ask that this matter be reconsidered and that I be informed as to how I should file my 1962 tax return and that I also be told how this years withholding is to be done.

MEMORANDUM FOR THE RECORD

SUBJECT: Transfer of Irving C. DEVUONO to the AMLILAC Group

1. On 15 March 1963 a meeting was held at [redacted] in order to advise both Irving C. CADICK and Irving C. DEVUONO as to the latter's transfer from the AMTABBY group to the AMLILAC group. In attendance at this meeting were Stanley R. ZANKA, CADICK, DEVUONO and the writer.
2. ZANKA initiated the discussion by stating that the 15th would be DEVUONO's last day with CUSOG and that he should take care of any accounts outstanding and complete processing out of CUSOG. DEVUONO was advised he would be contacted by WALTUCK later in the day in reference to his next assignment.
3. CADICK was then advised he should plan a caching operation during the month of April. The exact location, weight and contents of the cache would be passed to him the afternoon of the 15th. CADICK requested that a boat, the Squall King, with which a great deal of training had been accomplished be permitted to go on this caching operation. ZANKA agreed that security wise the use of an organic AMTABBY boat might be worthwhile. CADICK will include the use of the Squall King in the operational plan which he will submit this coming week.
4. This meeting broke up at 1130 hours, 15 March 1963.

SPECIAL NOTE

Fitness Reports must be prepared with due regard for security considerations. For example, in the case of administrative and support personnel and others whose duties do not in themselves reveal sources of information and methods of operation, it is normally expected that a complete and realistic statement of specific duties may be reported in Section B. However, the nature, source, purpose or disposition of information or operations will not be included. On the other hand, the position titles and description of specific duties of certain other employees may jeopardize security and should not be fully reported on this form. In these cases, general statements of specific duties will be included in Section B indicating the level of responsibility.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

Subject has shown a decided proficiency in the supervision of the type of unit for which he has responsibility. His men respect him and follow his orders readily. He is resourceful, acts with initiative, and delegates responsibility. In his field he thinks clearly and is decisive and versatile in his actions. He is capable of handling larger units of personnel and assuming greater responsibility in the PM field. If he were required to accept duties of a broader nature in the intelligence field involving less supervision of his own activities, he would need to improve in the areas of written and oral expression and in his understanding of KUBARK requirements and responsibilities. In this regard he would need additional training and exposure to more extensive KUBARK fields as he has not had the opportunity for participating in such KUBARK activities. Subject does not have the proficiency of the language used.

Continuation of FITNESS REPORT, Section D:

Subject is a well-qualified para-military specialist, who has fully mastered the tools of his trade. Subject applies all of his para-military knowledge in the performance of his current duties as the senior outside case officer for a thirty-man commando group, which is capable of carrying out a variety of different missions. These missions include caching operations, sabotage raids, tactical intelligence reconnaissance activities and contingency missions related to war plans. Subject is at his best in dealing with men and military equipment. Subject's major weakness is in records management and reports writing. Despite this minor weakness, Subject's over-all performance warrants an evaluation of Proficient.

Subject has the potential to train and operationally exploit para-military forces in units which have a T/O strength of not more than 60 men. Subject could command a conventional military formation at the battalion level. Subject is capable of mounting counter-insurgency operations with the use of forces up to battalion strength.

Subject's work comes to the attention of the Reviewing Officer on a bi-weekly basis.

Subject's future assignments should be in the para-military field. If Subject is to remain in operations in Latin America, he must be given an opportunity to study Spanish on a formal basis.

1. Headquarters officers in charge of arranging the award ceremony are reluctant to initiate any arrangements without more information regarding the urgency indicated in Reference. The fact that we reminded them that it had been a year since the award was authorized had little effect.

2. Are there any plans in the future to send Irving C. DEVUONO to Headquarters? If so, then with several days advance notice of such a trip arrangements for the ceremony could be initiated.

3. It also would be helpful to indicate whether DEVUONO will bring his family and anticipate a large ceremony or whether he would prefer a smaller, more intimate group gathered in the Director's Office.

SUBJECT: Housing Allowance
ATTN : Chief/Support, JMWAVE

1. The writers' contract, as Career Agent, states in Para 4: "Allowance: You will be entitled to: (a) living quarters allowance in conformance with applicable government regulations. You may be provided quarters by your cover facility or the government and, in such event, you will not be entitled to the living quarters allowance herein indicated.

(b) Cost of living allowance in conformance with applicable government regulations including, but not limited to, a post allowance or an equalization allowance in lieu thereof, a supplementary post allowance, a transfer allowance, a basic service transfer allowance, an education allowance, and a separation allowance."

2. It appears clear to the writer that any housing allowance which applies to staffers also applies to the writer. This would then necessarily have to commence at the same time for both types in order to be equal.

3. It is requested the writers' housing allowance be timed to commence on the same date as the Staffers in order to comply with the intent of the contract.

TO : COS, JMWAVE
FROM : Chief/CUSOG *Irving G. Cadick*
SUBJECT: Fitness Report, Devuono *Joseph L. Lynch*

1. The subject report being due, the writer is the only person observing DEVUONO's work and has statements and commendations which should be reflected in his fitness report. The contents of this memorandum will be established in DEVUONO's file in other form at later date by the writer.

2. DEVUONO has completed one year with CUSOG. In this period he has shown a complete and practical knowledge of paramilitary techniques and tactics. This knowledge is born of experience and application. His application of this knowledge for KUBARK has resulted in visible progress in the technical abilities of CUSOG personnel.

3. He has shared CUSOG responsibilities of organization, administration and operational preparation in a manner to follow out KUBARK practices to its credit.

4. He carries out clear instructions to the letter, reflecting a military background.

5. Contrary to observances noted in a previous fitness report DEVUONO has been found to be anything but naive in his dealings with PBRUMENS during the period observed.

6. His administrative and accounting procedures within CUSOG are in order.

7. Hesitating to call them weaknesses, the writer must state that DEVUONO's entire experience with KUBARK has been field experience, usually far out on a long string of contacts into a KUBARK installation, a fact which has prevented a look at any of the administrative side of paramilitary as conducted by KUBARK.

s e c r e t

-2-

14 February 1963

8. This man has good potential for helping KUBARK's paramilitary effort, which potential will be more effective when he has been schooled in the terminologies and peculiarities of paramilitary KUBARK-style. It is recommended a tour by DEVUONO where such schooling can be conducted as on-the-job training would most bring out this potential.

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

As a former military officer, Subject is hard working and abundantly sincere in his efforts to fight Communism. His performance since Aug. 1961 has not been at the top level of his capabilities for several reasons, not all of which are within his ability to overcome. Subject has had little clandestine training, and is therefore not always able to comprehend the intangible factors which prevent, delay and cancel operations. A further reason is the absence of military law as a basis for discipline for his men. Still another reason is the directive for only limited action with which he has had to live since August. This is merely to say that in a period of policy formation when the action forces have had to be held in limbo, he has not been at his best.

Subject's dealings with his agents have in turn been affected by his own frustrations. His inability to rationalize situations has resulted in obtuse explanations to them which have made them harder to handle. His reluctance to put things on paper has detracted from his performance and denied him the clarifying process which reporting provides. His security consciousness has been similarly affected by his frustrations.

Subject is in need of training in tradecraft and PM operations. His basic qualifications for PM Case Officer work are such that he can, with training, do a much better job. This combined with a program of concentrated action would undoubtedly bring out the best in him, which should be of real value to the Agency.

MEMORANDUM FOR: Chief, WH/4

SUBJECT: Project ZEPHYRUS Reports.
William Robertson - Graydon Lynch

REFERENCE: Memo from Chief, CA/PAC to Chief, WH/4,
1 June 1961, Subject: Assignment of
Robertson and Lynch to WH Division.

1. Paragraph 9 of Reference requested that CA/C/PAC be kept informed of the standard of performance, and of the acquisition of additional capabilities by either training or experience, of Robertson and Lynch during the period of their assignment to WH Division.
2. As Robertson and Lynch ~~now~~ have been employed operationally by WH/4 for a period of six months, and as they are the first to have been engaged under the new ZEPHYRUS program, it would be appreciated if we could have reports from Chief, WH/4 on these men at an early date. In addition to the data required on regular Fitness Reports, we are interested particularly in knowing from WH/4:
 - a. How these men are being used, i.e., whether they are engaged in operations, training, planning, etc.; and the extent to which this has been exclusively in the field of PH activities.
 - b. If engaged in agent operations, whether they are employed as singleton agents, principal agents, recruiters, etc.
 - c. The degree and general location of their possible exposure to hazardous duty, if any.
 - d. The degree to which they may have been compromised in terms of personal security, if at all, and the general location where this may have happened.
 - e. Any new skills they may have acquired either by training or experience.

SECRET

3. Also, since CA/PMG has ultimate responsibility for these ZRJAEL personnel after their operational usefulness to WH Division has ended, it would be very helpful to us in planning the future conduct of the ZRJAEL program if occasionally we could have a report directly from each of these men personally, giving us their own appraisal of their current utilization. In this regard we would appreciate your views as to whether this would be feasible, within the bounds of operational security, and whether it could best be accomplished by requesting written reports, or by oral de-briefings when these men are in the Washington area.

TO : Irving C. DEVUONO
Thru : Recorder, Honor and Merit Awards Board
FROM : Security Advisor, Honor and Merit Awards Board
SUBJECT: Award Recommendation

DATE: 10/16/61

Ref : Recommendation for Honor or Merit Award, dated 16 October 1961

1. In the reference DEVUONO is recommended for an honor or merit award. It is noted the reference states he is currently in the field.

2. If the award is granted, the following security measures are recommended:

a. The award should be retained within Headquarters until such time as DEVUONO returns to Headquarters on a permanent change of station and security/cover considerations permit the release of the award to him. There would, of course, be no objections to informing him of the granting of the award by use of Agency secure channels.

b. Prior to DEVUONO's receiving physical possession of the award he should be instructed there are no objections to his showing the award to his immediate family and his associates in the Agency but that he should not release or cooperate in releasing any publicity regarding the granting of the award.

MEMORANDUM

SUBJECT: Policy Concerning Guests at Award Ceremonies

1. The Office of the Director has determined that when inviting guests to award ceremonies, the Agency will be as liberal as possible within the bounds of available space and security considerations since one of the purposes of an award ceremony is to let the family, friends, and associates of the recipient know that he has been honored.

2. In implementing this policy the points listed below will be guiding criteria:

a. Any Agency employee who is a friend of a recipient may come to the ceremony, up to the limit of space available, if the recipient asks that he be present.

b. Any Government employee (who is not employed by the Agency but who is witting of the recipient's employment) can come so long as there are no operational security reasons that would make his presence inappropriate.

c. Any friend who is not employed by the Government may be invited only if it is obviously desirable (Example-- A very close old friend who stood in the relationship of "family" to the recipient when subject had no immediate family). Friends who are not employed by the Government normally would be discouraged.

MEMORANDUM FOR: Chief, Western Hemisphere Division

SUBJECT: Recommendation for Awards, Cases of Mr. William Robertson
and Mr. Grayson Lynch

1. The purpose of this memorandum is to recommend cash awards for subject employees.

2. In recent paramilitary operations against Cuba, Mr. Lynch and Mr. Robertson served as operations officers of the Central Intelligence Agency vessels *MS/AR* and *BAHAMA J* respectively. Both of these employees, in the course of extremely hazardous operations, repeatedly exposed themselves to fire by opposing land, sea and air forces. Their fearless and skilled leadership enabled indigenous forces to conduct an amphibious landing under the most difficult conditions, and their courageous determination to keep their vessels in position to support the operations, although under heavy air attack, was in keeping with the best traditions of the American people at war. Furthermore, their repeated landings, in person, on a hostile shore for the purpose of rescuing Cuban survivors of the invasion force, was a demonstration of extraordinary valor. Their exemplary conduct throughout the combat action was above and beyond the call of duty.

3. Military personnel performing in combat in such a manner would be eligible for the highest decorations for heroism.

4. In view of the extraordinary heroism displayed by Mr. Robertson and Mr. Lynch, I strongly recommend that they be awarded an appropriate commutation, and, in addition, a cash bonus award of five thousand dollars (\$5,000.00) each.

MEMORANDUM FOR: Chief, CA/PMC
ATTENTION : Ernest F. Fox
FROM : Deputy Director of Security
(Investigations and Operational Support)
SUBJECT : S-14114
#189184

1. Reference is made to the memorandum dated 12 May 1961 in which a covert security clearance was requested to enable utilization of Subject as a Career Agent, serving as a paramilitary specialist in any area that is needed. Subject will aid in providing senior paramilitary support for Agency activity under Project ~~TOP~~JEWEL.

2. This is to advise that a covert security clearance is granted for the use of the Subject, as described in your request as set forth in paragraph 1, above.

3. Subjects of covert security clearances are not to represent themselves as, nor are they to be represented as, employees of CIA.

4. Your attention is called to the fact that a covert security clearance does not constitute complete compliance with the provisions of CIA Regulation 10-210. Therefore, if you should desire at a later date to change the status or use of this individual, a request for clearance to cover any proposed change should be submitted to this office.

5. This clearance becomes invalid in the event the Subject's services are not utilized within six months of the date of this memorandum.

MEMORANDUM FOR: Chief, WH/4

SUBJECT: Assignment of Robertson and Lynch to WH Division

1. This is in response to your oral request for the transfer or assignment of Robertson and Lynch from this Staff to WH Division.
2. These employees were recruited as Career Agents under CA/PMG Project ZRJEWEL, and therefore are to be administered in accordance with the terms of this Project.
3. Under the terms of Project ZRJEWEL, CA/PMG is responsible initially for their selection and recruitment, and subsequently for their training and developmental assignments until they are transferred to an existing operational project under jurisdiction of an operating division.
4. Selection and recruitment involves complete processing to contract status under provisions of HB 20-1000-1, and requires also:
 - a. Security Clearances
 - b. Medical Clearances
 - c. Provision of Cover
 - d. Financial Briefing
 - e. Assessment and Evaluation
5. Training and development requires that subjects be provided tutorial or group training, according to their individual needs, to qualify them as senior PM officers capable of serving overseas as

SECRET

case officers, instructors, advisers, or consultants; and capable of developing indigenous forces, directing operations, and personally participating in operations. The training envisioned normally would include, but not be limited to:

- a. Language aptitude testing and subsequent language training.
- b. Clandestine tradecraft.
- c. Paramilitary operations training.
- d. Covert Action Operations training and CI Familiarisation.

6. Although both subjects are now under contract, as of this time, of all of the above-mentioned items of processing, training and development, the following yet remains to be done:

Robertson - medical clearance, provision of cover, financial briefing, Spanish language aptitude test and Spanish language training, Clandestine refresher training as deemed advisable.

Lynch - provision of cover, financial briefing, assessment and evaluation, language aptitude test and possible language training, and all basic Clandestine Operations training.

7. Project ZR JEWEL further provides that administrative responsibility for these employees including compensation, operational security, etc. will be transferred to the Operating Division for such periods of time as the employees are under the jurisdiction of the Division for operational duties. For administrative purposes, it is suggested that WH Division assume these responsibilities for both Robertson and Lynch as of 1 June 1961.

8. One of the major considerations in the contract employment of these two officers has been that their lack of association with the Agency, thus far, permits their operational utilization in circumstances

SECRET

SECRET

where staff employees cannot participate, and their long range continued employment is, to a certain extent, dependent on their being able to maintain this posture. It is requested, therefore, that you take every reasonable precaution to maintain their 'desirable' status.

9. Since the CA Staff will once again become responsible for these officers whenever such time may come that you no longer have a requirement for them, it would be very much appreciated if this office would be kept advised as to their standard of performance, acquisition of additional capabilities, by either training or experience, and we should be consulted before any changes or amendments are made in their contracts which might become commitments to be assumed by the CA Staff.

Mr. ~~XXXXXXXXXX~~

Dear Mr. ~~XXXXXX~~:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 10 February 1961, as amended. Effective February 61, said contract, as amended, is hereby terminated by mutual consent of the parties thereto and in lieu thereof the following agreement is substituted.

The United States Government, as represented by the Contracting Officer, hereby contracts with you for your services as a Career Agent under the following terms and conditions:

1. Status. Your status is that of a Government employee under contract and, as such, your rights and benefits are governed by the provisions of this agreement. It is specifically understood that you are not entitled to rights and benefits pertaining to appointed staff status, except as provided herein.

2. Cover. In the performance of your services hereunder, you will act under cover suitable to conceal your relationship with the Government. It is expressly understood and agreed that any and all documents which you may execute in the course of such cover employment are subordinate to this agreement and any contradiction in terms which may in any way amplify, extend or restrict your rights and/or obligations hereunder shall be resolved by this agreement which shall always be dominant.

3. Compensation and Taxes. For your services as a Career Agent, you will be compensated at a basic salary of ~~\$11,000~~ ^{\$11,155} per annum. You will be entitled to a post differential in conformance with applicable Government regulations. In addition you will be entitled to authorized overtime, within-grade promotions and legislative pay adjustments in substantial conformance with rules and regulations applicable to Government appointed personnel. Payments will be made as directed by you in writing in a manner acceptable to the Government. Money paid you directly or guaranteed by the Government under this paragraph constitutes income for Federal tax purposes. You will be advised as to the method to be followed in reporting and paying such taxes. The method as well as the procedures used by this organization to implement its tax reporting responsibilities will be based primarily upon cover and security requirements. Unless precluded by such requirements, taxes will be withheld therefrom and submitted by this organization.

4. Allowances. You will be entitled to: (a) living quarters allowances in conformance with applicable Government regulations. You may be provided quarters by your cover facility or the Government and, in such event, you will not be entitled to the living quarters allowances herein indicated.

(b) Cost of living allowances in conformance with applicable Government regulations including, but not limited to, a post allowance or an equalization allowance in lieu thereof, a supplementary post allowance, a transfer allowance, a home service transfer allowance, an education allowance and a separation allowance.

SECRET

5. Travel. You will be advanced or reimbursed funds for travel and transportation expenses for you, your dependents, your household effects and your personal automobile to and from your permanent post of assignment, and for you alone for authorized operational travel. In addition you will be entitled to storage of such household and personal effects as are not shipped, in conformance with applicable Government regulations. Upon the completion of each two (2) years of successful overseas service under this contract, you may be authorized travel expenses for you and your dependents from your permanent post of duty overseas to your place of recorded residence in the United States and return travel expenses to your permanent post of duty overseas. You will be entitled to per diem in lieu of subsistence in the course of all travel performed hereunder and, when authorized, for you alone while on temporary duty away from your permanent post of assignment. All travel, transportation and per diem provided for under this paragraph must be properly authorized, and expenses incurred hereunder are subject to payment and accounting in compliance with applicable Government regulations or according to the established policies of your cover facility, whichever is directed by the Government.

6. Operational Expenses. You will be advanced or reimbursed funds for necessary operational expenses including, but not limited to, entertainment and the purchase of information, as specifically approved by the Government or your cover facility. Such funds will be subject to payment and accounting in compliance with applicable Government regulations or according to the established policies of your cover facility, whichever is directed by the Government.

7. Repayment. It is recognized that your failure to account for or refund any monies advanced you hereunder shall entitle the Government to withhold the total amount of such indebtedness or any portion thereof from any monies due you under the terms of this contract in such manner as it deems appropriate.

8. Benefits. (a) You will be entitled to death and disability benefits equal to those authorized under the Federal Employees' Compensation Act, as amended. Claims by you, your heirs, or legal representatives under this paragraph will be processed by this organization in accordance with its procedures in such manner as not to impair security.

(b) You will be entitled to the continuance of pay and allowances in a manner similar to that set forth in the Missing Persons Act (50 U.S.C.A., App. 1001-1015).

(c) You will be entitled to sick and annual leave equal to and subject to the same rules and regulations applicable to Government staff employees. Such annual leave may only be taken at times and places approved in advance by appropriate representatives of the Government.

(d) From the salary paid pursuant to this contract there shall be deducted the appropriate rate percentage (presently $8\frac{1}{2}\%$) for deposit and eventual crediting to the Civil Service Retirement Fund. When circumstances of your cover warrant or require contributions to social security, such contributions will be at your expense and you will not be reimbursed therefor by the Government.

(e) (1) This organization is authorized to pay the cost of necessary hospitalization and related travel expenses for illness or injury incurred by the U.S. Citizen full-time Career Agent in the line of duty while permanently assigned abroad.

(2) This organization may pay certain necessary costs of hospitalization and related travel expenses for illness or injury incurred by the dependents of a U.S. citizen full-time Career Agent permanently assigned abroad, while they are located abroad.

It is understood and agreed that the eligibility and extent of the participation by you and your dependents in the above medical programs will be in conformance with the rules, regulations and policies of this organization in effect at the time an illness or injury is incurred, that all claims will be submitted only to this organization and that adjudication of such claims by this organization shall be final and conclusive.

(1) You are herein authorized to apply for enrollment in a health insurance program for certain selected Career Agents in this organization, subject to all the terms and conditions of that program. If accepted, this organization is presently authorized to bear a portion of the premium cost, you will bear the remainder. Your financial contribution will be effected either by payroll deduction or by direct remittance at periodic intervals to be established by this organization.

9. Offset. Any and all compensation, allowances or other benefits (including benefits in kind) received from or through your cover activities will be used to offset amounts due you under this contract and will reduce accordingly the Government's direct payment obligation hereunder. Sums so offset are payment by the Government under this contract and for purposes of Federal income taxation. You will report every four (4) months during the term of this agreement all benefits received from or through your cover activities and, if such benefits exceed those due you under this contract, the report will be accompanied by said excess amount, which you hereby agree is the sole property of the Government. Failure to submit timely reports and, as appropriate, excess payments, may result in suspension of any payments due you hereunder. As an alternative to the above, the Government may at any time exercise its basic right to require payment over to it of the emoluments received by you from or through your cover activities which would otherwise be offset as described above. In such cases the Government will pay directly to you the emoluments called for by this contract.

10. Execution of Documents. If, in the performance of services under this contract, you assume the custody of Government funds or take title of record to property of any nature whatsoever and wherever situate, which property has in fact been purchased with monies of the U.S. Government, you hereby recognize and acknowledge the existence of a trust relationship, either express or constructive, and you agree to execute whatever documents may be required by the Government to evidence this relationship.

11. Instructions. Instructions received by you from the Government in briefing, training or otherwise are a part of this contract and are incorporated herein, provided that such instructions are not inconsistent with the terms hereof.

12. Unauthorized Commitments. No promises or commitments pertaining to rights, privileges or benefits other than those expressly stipulated in writing in this agreement or any amendment thereto shall be binding on the Government.

13. Secrecy. You will be required to keep forever secret this contract and all information which you may obtain by reason hereof (unless released in

SECRET

writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations.

14. Term. This contract is effective as of March 1961, and shall continue thereafter for an indefinite period unless sooner terminated:

- (a) Upon ninety (90) days' actual notice by either party hereto, or
- (b) Upon actual notice to you in the event initially required medical and security requirements for this contract cannot be met, or
- (c) Without prior notice by the Government, in the event of a breach of this contract by your violation of the security provisions hereof or by your otherwise rendering yourself unavailable for acceptable service.

In the event of voluntary termination on your part or termination for cause by the Government while you are on an overseas assignment under this contract, you will not be entitled to the return travel expenses to the United States as set forth in paragraph five (5) above. Termination of this agreement will not release you from the obligations of any security oath you may be required to take.

MEMORANDUM FOR THE RECORD

SUBJECT: Contract Negotiations with Mr. Grayston L. Lynch

1. After discussing the proposed contract for Mr. Lynch with Messrs. Earman, Collins, Barnes, King, Esterline, and others and obtaining their agreement that the proposed contract was a fair one, I met with Mr. Lynch on the morning of 24 May 1961. I outlined, in detail, to him at that time the many advantages accruing to him through the new contract over the previous contract. Mr. Lynch stated that he had not been fully aware of these benefits, that he was afraid he had given the wrong impressions to us with regard to his salary demands, and that he would be glad to sign the contract as offered.
2. Mr. Lynch signed the contract later in the morning.
3. I also had advised Mr. Lynch that Colonel King and Mr. Esterline had been requested to look into the possibility and desirability of obtaining for him a bonus award because of his services on the Project. I told him that they had agreed to look into this, that no promises could be made, and that any such award was a matter entirely outside the scope of his contractual arrangements and employment by this Staff.
4. I then called Mr. Earman and advised him of the above. Mr. Earman indicated that he was sure the Director would be very pleased to hear that a suitable agreement had been reached, but that the Director also would undoubtedly raise the question of the bonus award at some future date. I, therefore, undertook on behalf of Mr. Earman to re-raise the question of the award with Mr. Esterline early in the week of May 29, 1961.

GRAYSTON L. LYNCH - COMPARISON OF CONTRACTS

1. TYPE OF CONTRACT

a. Under his present contract LYNCH is serving as a Contract Employee.

b. The new contract would make him a Career Agent. Under R 20-1000, a Career Agent is an individual who has demonstrated his operational value to the Agency over a period normally of not less than three years for U.S. citizens. LYNCH has served with the Agency only for a period of about three months.

2. COMPENSATION

a. Rate of pay under present contract is \$9,500 per annum, plus a post differential in accordance with regulations.

b. New rate of pay would be \$11,000¹⁵⁵, plus post differential, plus in-grade promotions and legislative pay adjustments effecting Government personnel.

3. ALLOWANCES

a. Present contract does not provide for any special allowances.

b. The new contract provides for (1) living quarters allowances, and (2), cost of living allowance including but not limited to, a post allowance or equivalent, supplementary post allowance, transfer allowance, home service transfer allowance, education allowance, and separation allowance.

4. TRAVEL

a. Present contract pays cost of operational travel, plus per diem in lieu of subsistence.

b. New contract pays cost of operational travel and per diem, plus: (1) cost of PCS travel and transportation for dependents, household effects and automobile; (2), storage of household and personal effects not shipped; and (3), after two years overseas, all travel for self and dependents from duty station to home residence and return to duty station.

5. OPERATIONAL EXPENSES

a. Present contract authorizes operational expenses as specifically approved.

b. New contract expands this to include operational entertainment and purchase of information.

6. BENEFITS

a. Present contract provides death and disability benefits under Federal Employees Compensation Act, and benefits under the Missing Persons act; and states that Social Security deductions will be withheld by the Government.

b. New contract provides for these same benefits; but would make deductions for the Civil Service Retirement Fund instead of the Social Security. In addition the new contract provides for, (1) Sick and Annual leave equal to that of Staff employees; (2), cost of hospitalization and travel for illness or injury incurred in line of duty, while PCS abroad; (3) cost of hospitalization and travel of dependents while abroad; and (4), authorization to apply for enrollment in the Agency health insurance program.

7. TERM

a. The term of the present contract is for one year, subject to termination upon 30 days notice.

b. The new contract is for an indefinite term, subject to termination upon 90 days notice.

8. SPECIAL BONUS

a. There is an Amendment to the present contract, dated 2 May 1961, and made retroactive to cover the period 28 March thru 22 April 1961, only, which authorizes a bonus of 40% of normal monthly compensation while LYNCH was serving aboard ship involved in clandestine maritime activity.

b. There can be no provision in any new contract for declaring a bonus for unforeseen future activities.

9. COMMENT

a. During our first discussions with LYNCH 10 May 1961, on the question of salary, he stated that he would not accept a new contract at the rate of pay (\$9,500) of his present contract, because the Director had promised that he would receive more; however, he would not give us a figure that he would accept. Before the new contract was written he was told that it would be for \$11,000, and he voiced no objection. After the contract was written and presented to him for signature, he stated that he wanted \$12,500, plus "hazardous duty pay", and that he wanted to take the contract to the Director for review.

b. At the time of his retirement, LYNCH was an Army Captain with 20 years service, and I understand that he was in jump status. Remuneration for this service was about \$9,425 per annum, including all allowances. His present retirement pay is \$281 per month, or \$3,372 per year, and I understand that he would be authorized to retain this in addition to all pay and allowances received from an Agency contract.

SUBJECT : Recall of Captain Rydberg
and Mr. Lynch for further
Testimony

1. Mr. Eduardo Garcia, owner of the ships used in the JMATE operation, has requested a \$250. bonus for each of the men employed by him. This is consistent with the bonus arrangement for all Cubans participating in the operation.
2. Chief, WH Division, has approved the payment of such a bonus to all Garcia personnel, except the survivors of the Rio Escondido. He is withholding approval for these personnel, pending a further investigation into alleged mutinous acts by the survivors, while aboard the Elagar. He has requested that additional information on this subject be obtained from both Captain Rydberg and Mr. Lynch.
3. It is requested that you contact Captain Rydberg and Mr. Lynch, and have them return to Washington at their earliest convenience for the purpose of giving further testimony in this regard.

MEMORANDUM FOR THE RECORD

SUBJECT: G.L. Lynch - ZRJEWEL

1. Lynch called today at 1200 noon. He said that he wanted to let me know that he was back, and to find out what had been done about his contract.
2. I told him that I had heard nothing since he had left. I said that before he left we had rather leaned over backwards to write a contract for him which he had not accepted; that instead he had taken the matter to the Director, and that I had then been requested to deliver a copy of the contract to the Director's office which I had done. I said that I had then acted as a messenger boy only, and had not discussed the matter at the Director's office, nor heard anything about it since.
3. Lynch said that he could fill me in from there. He said that at the Director's office the contract had been turned over to the Director's Executive Officer who was to review it and recommend a salary figure. Lynch said that he had agreed to accept whatever figure the Executive Officer recommended, and was told to call CA/C/PMG/Mr. Cox on his return.
4. I asked Lynch where he could now be reached, and he said that he was at Bob Moore's office on X-8912.

NOTE:

Since his precipitate meeting with the Director about 1730 hours on 16 May 1961, Lynch has not been heard from. Presumably he returned to his home in Fayetteville, North Carolina.

On 18 May 1961, CA/PME had calls from the office of both WH/4 and C/WH asking if we knew of Lynch's whereabouts, and whether we had a record of his Fayetteville address. The answer to both questions was negative. Subsequently his address was located in files and WH was informed.

It is recognized that your failure to account for or refund any monies advanced you hereunder shall entitle the Government to withhold the total amount of such indebtedness or any portion thereof from any monies due you under the terms of this contract in such manner as it deems appropriate.

5. Benefits. (a) You will be entitled to death and disability benefits equal to those authorized under the Federal Employees' Compensation Act, as amended. Claims by you, your heirs, or legal representatives under this paragraph will be processed by this organization in accordance with its procedures in such manner as not to impair security.

(c) The United States Government will withhold from the compensation due you under this contract, social security deductions in

conformance with the Social Security Act of 1935, as amended, and the procedures of this Organization (presently 3% on the first \$4800). For reasons of security, all inquiries concerning your relationship to the Social Security system shall be made directly to this Organization, and in no event may any such problem be presented by you or on your behalf to any representative of the Bureau of Old Age and Survivors Insurance unless authorized by this Organization.

5. Funding. If necessary to protect the security of this arrangement, monies due you hereunder may be funded in other than a direct manner. It is understood and agreed that any monies so funded constitute payment by the Government in satisfaction of its obligations under this agreement.

7. Execution of Documents. If, in the performance of services under this contract, you assume the custody of Government funds or take title of record to property of any nature whatsoever and wherever situate, which property has in fact been purchased with monies of the U. S. Government, you hereby recognize and acknowledge the existence of a trust relationship, either express or constructive, and you agree to execute whatever documents may be required by the Government to evidence this relationship.

8. Secrecy. You will be required to keep forever secret this contract and all information which you may obtain by reason hereof (unless otherwise instructed by an authorized Government representative), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations.

9. Instructions. Instructions received by you from the Government in briefing, training or otherwise are a part of this contract and are incorporated herein, provided that such instructions are not inconsistent with the terms hereof.

10. Unauthorized Commitments. No promises or commitments pertaining to rights, privileges or benefits other than those expressly stipulated in writing in this agreement or any amendment thereto shall be binding on the Government.

11. Term. This contract is effective as of 11/26/1961, and shall continue thereafter for a period of one (1) year unless sooner terminated:

(a) Upon thirty (30) days' actual notice by either party hereto, or

14-00000
Subject to the availability of appropriations, this agreement may be extended upon notice from the Government. Termination of this agreement will not release you from the obligations of any security oath you may be required to take.

MEMORANDUM FOR: Chief, WH/4

SUBJECT: Assignment of Robertson and Lynch to WH Division

1. This is in response to your oral request for the transfer or assignment of Robertson and Lynch from this Staff to WH Division.

2. These employees were recruited as Career Agents under CA/PNG Project PRJEWEL, and therefore are to be administered in accordance with the terms of this Project.

3. Under the terms of Project ZRJEWEEL, CA/C/PNG is responsible initially for their selection and recruitment, and subsequently for their training and developmental assignments until they are transferred to an existing operational project under jurisdiction of an operating division.

4. Selection and recruitment involves complete processing to contract under provisions of HB 20-1000-1, and requires also:

- a. security clearances
- b. Medical Clearances
- c. provision of cover
- d. Financial Briefing
- e. Assessment and Evaluation

5. Training and development requires that subject be provided tutorial or group training, according to their individual needs, to qualify them as senior PM Officers capable of serving overseas as case officer, instructors, advisers, or consultants; and capable of developing indigenous forces, directing operations, and personally participating in operations. The training envisioned normally would include, but not be limited to:

- a. Language aptitude testing and subsequent language training
- b. Clandestine tradecraft
- c. Paramilitary operations training
- d. Covert Action Operations training and CI Familiarization

6. Although both subjects are now under contract, as of this time, of all of the above mentioned items of processing, training and development, the following yet remains to be done:

Robertson : Medical clearance, provision of cover, financial briefing, Spanish language aptitude test and Spanish language training, Clandestine refresher training as deemed advisable.

SECRET

COPY

Lynch - provision of cover, financial briefing, assessment and evaluation, language aptitude test and possible language training, and all basic Clandestine Operations training.

7. Project ZRISWELL further provides that administrative responsibility for these employees including compensation, operational security etc. will be transferred to the Operating Division for such periods of time as the employees are under the jurisdiction of the Division for operational duties. For administrative purposes, it is suggested that WH Division assume these responsibilities for both Robertson and Lynch as of 1 June 1961.

8. One of the major considerations in the contract employment of these two officers has been that their lack of association with the Agency, thus far, permits their operational utilization in circumstances where staff employees cannot participate, and their long range continued employment is, to a certain extent, dependent on their being able to maintain this posture. It is requested, therefore, that you take every reasonable precaution to maintain their "deniable" status.

9. Since the CA Staff will once again become responsible for these officers whenever such time may come that you no longer have a requirement for them, it will be very important that the office would be kept advised as to their standard of performance, acquisition of additional capabilities, by either training or experience, and we should be consulted before any changes or amendments are made in their contracts which might become commitments to be assumed by the CA Staff.

SUBJECT: LYNCH, Grayston L.

Per telephone request of Helen Ingraham/CI Staff, IR on Grayston L. Lynch is forwarded. I saw subject 2 November 1960 when he came in to follow up on his application dated 4 January 1960 when he was interviewed by Mr. Neil Doherty, then Chief/DRB. Subject returned to the United States in July 1960. He had served as Team Leader with the Laos Army where he ran a training center in PAO Vientiane. I told him Mr. Moore was working on something for him and that if it developed, he would be contacted. That was my last contact with Mr. Lynch.
