**SUBJECT: Referrals Under the JFK Assassinations Records
Collection Act of 1992**

Dear John,

As I mentioned over the telephone, we have uncovered one more document requiring CIA review which I am enclosing. Hopefully this will be the last one.

I am also returning to you CIA's referral under the Act to HDR of August 23, which John Glennon has reviewed. As you can see by his note, he completed it several days ago, and I forgot to pass it on to you when you were over the other day. John Glennon has indicated one document for postponement. Although I am returning it to you with the rest at this point, I have passed a copy of it on to the reviewers in Diplomatic Security, who are coordinating a response with CA. I will call you when I get an answer from them. If they decide to release it, we would then have to obtain a concurrence from FBI.

Thank you again for your prompt action in reviewing our request. I will be getting back to you on the DS answer after I return on October 7.

Sincerely,

Nina J. Noring,

RELEASE OF INFORMATION

**SUBJECT: Referrals Under the JFK Assassinations Records
Collection Act of 1992**

Dear John,

I have found one more document that requires CIA review, the attached memorandum from the Deputy Director for Plans to the Director of INR, September 2, 1966 (State ID No. 17-228). The document was reviewed by the Department's Mandatory Review staff who indicated postponement of release under 1C of Section 6 of the JFK Act. Mandatory review also indicated that the document should be reviewed by CIA.

Please let me know CIA's decision on the status of this document. If there has been prior release or if CIA now has no objection to its release, I will convey this information to our Mandatory Review staff.

Sincerely,

Nina J. Noring,

Dear Nina:

Thank you for the background on "Roger Channel" from your FAM. We will discontinue deleting this designator except where the specific use of it might compromise something else we need to protect.

I am returning to you herewith the two documents from the Department of State collection of President John F. Kennedy assassination records that you sent me on 8 November. We have identified those passages we want to continue to protect with yellow highlighting and paper clips. In the State cable from Mexico City of 28 November 1963, we are asking for the deletion of "Roger Channel," in this case because DO chooses to protect the fact that Ambassador Mann used this channel to keep readers of this formerly very sensitive cable to a minimum. We concur with your other three deletions and your reasoning for them (though the third of these is clearly State's to call). On the 17 May 1957 Ops Memo from Brussels, we are asking for two deletions to protect our presence in Brussels at that time.

Thank you for the opportunity to review this material for CIA interests. If we can be of any further assistance, please let us know.

Sincerely,

Dear Nina:

I am returning to you herewith the documents from the Department of State collection of President John F. Kennedy assassination records which I had begun to review in your office on 27 September. Of the 77 documents in your two accompanying lists, we have released in full--or indicated no objection to release in full--49.5, and we have indicated deletions of still sensitive CIA information (really minimal) in 25.5. This leaves two in your list (both on page three) which are technically missing from the package, but I am sure these are just different readings of message numbers or dates. You will see right away where they fit.

Thank you for the opportunity to review this material for CIA interests. If we can be of any further assistance, please let us know.

Sincerely,

Dear Nina,

This is a response to your letters of 30 September and 27 October 1993 and 31 January and 25 February 1994, enclosing material for CIA review under the John F. Kennedy Assassination Records Collection Act of 1992. This collection comprises seven documents (plus four duplicates), with a total of 40 pages. In all but two of the documents, CIA is asking for postponements of some passages under the terms of §§ (1) (A), (1) (B), (1) (C), and (4) of Section 6 of the Act. These passages are marked in yellow highlighting. For those passages marked off by red or black ink brackets, but without yellow highlighting, CIA has determined that said passages may be released under the terms of the Act.

I apologize personally for the inordinate delay in getting these documents back to you.

Sincerely,

John S. Carver

Dear Ms Filjegovic:

We are returning herewith the documents from the Bureau of Diplomatic Security of the Department which we were asked to review for coordination last year. Mr. Henry Cohen, DS/POC/FOIA, hand-carried this package to us; I understand Mr. Cohen has since retired from the Department.

We count 90 documents (252 pages) in this package. The Historical Review Group of CIA has determined that 47 of these documents may be released in full, as far as CIA equities are concerned. We are asking for postponements of some passages in the remaining 43 documents under the terms of §§ (1) (A), (1) (B), (1) (C), and (3) of Section 6 of the JFK Assassination Records Collection Act of 1992. These passages are marked in yellow highlighting.

We apologize for the delay.

SUBJECT: Compliance with the JFK Records Collection Act

Our records indicate that on 8/26/93, we referred one document to you for review under the JFK Assassination Records Collection Act of 1992 (copy of referral memo attached). Although all other CIA referrals have been returned to us, we are unable to locate your response on this document. We assume that since it was sent to you separately, it may have been misrouted either in our office or yours.

Therefore, we are sending you another copy of Department of State record number 1191000310151 and ask that you review your information outlined in red. If a determination is made that information should be withheld, please provide justification of postponement of its release based on the provisions of Section 6 of the Act. Once you have completed your review, please return the information to: Kathleen Siljegovic, DS/PPB/PAD - 5th Floor, Bureau of Diplomatic Security, 2121 Virginia Avenue, N.W., Washington, D.C. 20522-1003. If we can be of any assistance, please contact Alice Ritchie at (202)663-0333.

Dear Mr. Harrelson:

In compliance with the John F. Kennedy Assassination Records Review Act, the enclosed documents from the holdings of the John F. Kennedy Library are being submitted to your agency for further declassification review under the Act. These documents have been reviewed by the John F. Kennedy Assassination Records Review Board during their visit to the Library from June 17, 1996 through June 21, 1996. Please note that these documents are not being submitted under a mandatory declassification review request. These documents are donated historical materials, therefore Freedom of Information Act and Privacy Act exemptions may not be cited.

We request that your agency review the documents and advise the Library of your review decision. In your response to the Library, please indicate which documents may be released in whole or in part. If portions of a document are exempt from declassification, please enclose a copy of the document with the portions to be excised clearly marked.

If, following your review of the documents, you determine that there are any other agency(ies)' interests represented in any of the documents, we would appreciate your forwarding them, along with your review decision, to the appropriate agency(ies) for further review.

Upon receipt of all agency responses, the Library will make any released documents available for research use.

Please contact me if you have any questions concerning the enclosed materials.

Sincerely,

Dear Miriam:

Recently during a conversation with Bob Skwirot of the ARRB staff, I mentioned the 8 documents from NARA's Warren Commission collection that I had sent to CIA for rereview in October 1995 (memorandum attached). Bob said that CIA had already rereviewed various versions of Slawson's report and he subsequently sent me the attached sheets that show final action and the CIA's RIF numbers. However, he only sent me the final text of the 55-page version. At any rate, I was wondering if there is anything more than CIA might supply in response to the October 1995 request.

Sincerely,

CIA HAS NO OBJECTION TO
DECLASSIFICATION AND/OR
RELEASE OF CIA INFORMATION
IN THIS DOCUMENT

Dear Miriam,

I am enclosing 42 documents relating to U.S. relations with Cuba for CIA review that come from the files of the former Coordinator for Cuban Affairs (Lot 66D501). The Assassination Records Review Board (ARRB) has determined that this lot file is covered by the 1992 legislation and should be reviewed according to its precepts. CIA previously reviewed 7 of these documents (11-22A; 11-26; 11-27; 11-38; 11-48; 11-49; 11-50) for Foreign Relations of the United States, 1961-1963, Vols. X and XI, Cuba and released them in part. We have marked the excisions previously made by CIA on each document. State has no objection to the release of these documents in full except for the excisions indicated in documents 11-26 and 11-27.

The remaining 35 documents are numbered: 11-1; 11-3; 11-5; 11-6; 11-8; 11-9; 11-10A; 11-11; 11-11A; 11-12; 11-12A; 11-13; 11-16; 11-19; 11-22B; 11-22C; 11-23; 11-23A; 11-23B; 11-24; 11-28; 11-33; 11-37; 11-55; 11-57; 11-59; 11-61; 11-62; 11-64; 11-65; 11-69; 11-71; 11-72; 11-73; 11-74. Department of State excisions are indicated in documents 11-11; 11-11A; 11-12A; 11-13; 11-22B; and 11-55.

These documents, which we have downgraded to Secret, were taken from the Top Secret portion of the lot file. The week after next I will be sending you an additional group of documents from the Secret portion of this lot file for review under the Act. I will be away from work the week of April 21 but return to my regular Tuesday to Thursday schedule the week of April 28. My phone number remains 202-647-8799.

10. Memorandum From the Central Intelligence Agency Project Officer for Operation Mongoose (Harvey) to the Chief of Operations, Operation Mongoose (Lansdale)

Washington, October 8, 1962.

SUBJECT

Sabotage of Cuban-Owned Ship

1. It is requested that you present the following proposal to the Special Group (Augmented) for policy approval.

2. Policy approval is requested to permit the sabotage of Cuban-owned vessels wherever and whenever secure access to them can be attained, normally this will be in non-Bloc ports. Attacks against the Cuban-owned ships must be considered essentially as attacks against targets of opportunity in the sense that in most cases there will be little advance information prior to the arrival of the ship in a non-Bloc port and the duration of the port call will be limited.

3. The following specific types of action are contemplated:

[13 paragraphs (40 lines of source text) not declassified]

6. It is necessary to submit the request for policy approval in a somewhat more general form than usual to permit us to take advantage of targets of opportunity as they occur. In most cases we will not have sufficient advance notice of the arrival of the ship or have sufficient access to the ship to permit the preparation and submission of detailed individual approval requests in advance. In every case where time and circumstance permit, specific proposals will be submitted to the Special Group (Augmented) for approval. Any case involving unusual operational or security risks will be submitted in advance for Special Group (Augmented) approval.

7. Later we will submit requests for policy approval of actions against other ships supplying Cuba.

NOTE FOR THE RECORD

SUBJECT: Review of JFK Documents from State which were also the Subject of FRUS Volumes X and XI on Cuba

1. State Department forwarded a letter w/attachments dated 18 April 1997 (copy attached) indicating that seven of the enclosed documents forwarded for JFK review were also the subject of previous Agency reviews for the FRUS volumes on Cuba. The document numbers listed in the letter were numbered for the JFK review. I located the first document as already sanitized and published in Vol. XI. I phoned Nina Noring of State to see if she could give me the corresponding FRUS numbers which are listed below:

<u>JFK No.</u>	<u>Doc Date</u>	<u>Doc Type</u>	<u>FRUS Vol.</u>	<u>FRUS No.</u>	<u>Previous Treatment</u>
11-22A	8Oct62	Memo	XI	CU II 16	GIP

11-26	31May62	Memo	X	CU 281	GIP*
11-27	17May62	Report	X	CU 279	GIF**
11-38	25Jul62	Note w/ report	X	CU 297	GIP*
11-48	1Aug62	Report	X	[See note below]	
11-49	31Aug62	Memo w/ report	X	CU 329	GIP***
[NOTE: 11-48 and 11-49 consist of a different version of the same report; 11-49 has a covering memo. State could not identify a FRUS number for 11-48.]					
11-50	12Sep62	Memo	X	CU 348	GIP***

* E93-0062 (rereview).

** E92-0493.

*** I could not locate any information on documents CU 329 and CU 348. Susan Weetman from State phoned with the following concerning our FRUS review: CU 329 was forwarded to State sanitized on 20 July 1992; additional information released and forwarded to State on 5 July 1994; the 5 July 1994 determinations were reaffirmed (sustained) in a 6 November 1995 letter to State. CU 348 was forwarded to State sanitized on 5 July 1994 with those determinations reaffirmed on 6 November 1995.

2. Volume XI has already been published so any decisions made with respect to the JFK review will not influence the FRUS release.

3. Per conversations with Susan Weetman on 16 May 1997, Volume X is scheduled to be published in June 1997; all release decisions concerning the FRUS Vol. X documents are firm and cannot be changed. Therefore, any JFK review of these documents will not influence the FRUS release.
