There are several cases in this report where only the month and year are given for the date of activity or date information was furnished by source. This was done only in those cases where, after careful consideration, it was determined necessary in order to fully protect a valuable source which might otherwise be compromised if specific dates were recorded. This system was utilized mainly where information was developed through an anonymous source or through conversation between one individual and the source.

The pretext mentioned in this report under residence was a phone call by SA ROBERT L. NOEL to ROSSEN's residence under the guise that the caller wanted to talk to JOHN ROSSEN. A woman identifying herself as Mrs. JOHN ROSSEN, confirmed the fact that Mr. ROSSEN lived at this address but was not at home at the time the call was made.
